Recognition Day At S. High Is Told By Bob Goldstein

Amidst the welcoming return of South High's first All-American Recognition Day, honoring South's 1956-57 basketball team, was held recently in the South High School auditorium.

Frank Howard, possibly the greatest athlete ever to come out of South, addressed the basketball team, faculty and students, who packed the 1200-seat auditorium. Well-schooled in the art of public speaking, and mixing in some homespun philosophy, he had no trouble making a big hit with the audience. Since his graduation from South in 1954, the keenly-polished Mr. Howard has accomplished feats that would be the envy of almost any athlete in America's colleges.

Starting with his entrance into OSU in 1954, he has led the freshmen team in scoring, ranked second in scoring in his first year of varsity competition, and led all scorers and rebounders this past year on the Buckeye basketball team. As a fitting climax, "Chico" is co-captain-elect, along with Jim Laughlin, of next year's Ohio State cage club.

The main theme of the newly-organized Recognition Day was to pay tribute to the 1956-57 Bulldog cage squad. Coach John Colmery emceed the presentation of awards to the players and capably handled the eight-minute film strip on some of this past year's highlights. The film included some scenes at the Bulldogs' away games at Middletown, Lima, Springfield and Steubenville.

First year letters were awarded to Ken Fowler, Darrel Henkel, Tom Bolen, Ray Johnson and the hard-working student manager, Bob Reall. For earning a second-year letter in basketball, medals were awarded to Hal Ward, the Canines' lone berth on the All-City squad. Captain Ron Allen, and Don Dicke (Priscilla Dicke, Don's sister, accepted the award for Don). This year's only three-year letter winner was George Devlin. For his outstanding work in three years on the Blue and Gray Varsity, George received a gold ball.

The outgoing Captain Ronnie Allen made a brief talk on the accomplishments of this year's team. Ron had the privilege of announcing next year's co-captains, Ken Fowler and Tom Bolen.

Fowler, as his coach remarked, "made a great adjustment this year," to become the Bulldogs' traditional take-charge guy. His brilliant play all season long was mysteriously overlooked as Kenny was conspicuously excluded from the All-City dream team. Tommy Bolen, who will serve with Fowler as captain was awarded the acolade of honor that few sophomores achieve. This indicates the high esteem that his teammates hold for it.

Capt. Ron Allen received the most valuable team player award to mark the third year in succession that South's basketball captain has received this award. Darrel Henkel was the recipient of the most valuable substitute award. Co-captain-elect Ken Fowler was named the Bulldogs' free throw champion for this past season.

Recognition was also accorded the six varsity cheerleaders: Marianne Zehler, Phyllis Lusch, Connie Miller, Millie Lowe, Wanda Kinnaird and Irene Bray. Departing baseball Coach Dale Helmick was also given his just and overdue recognition. Bob Fearing, who will replace Helmick as baseball coach, talked a few minutes on his reserve co-champions, who tied North for the City League Reserve crown.

Coach John Colmery closed out the highly successful assembly by giving a brief but concise resume of next year's schedule. Once again the Bulldogs will face some of Ohio's perenially toughest teams. Heading the list will be the fabulous Middletown Middies, who at this time are well on their way to their second consecutive state title. Outside of the Middletown trip there will be journeys to Portsmouth and Mansfield, but the Springfield Wildcats will play at South. Next year the Bulldogs will face the City League's newest entry on two different occasions. Eastmoor's Rams will be South's opponent in a two-game home-and-home series.

Joint Commission Checks, Then Continues Enviable Indorsement Of Hospital

An organization with a big name recently put its seal of approval on the South Side's own hospital—Mercy Hospital, that is. The organization is known as the Joint Commission On Accreditation of Hospitals, and its business, or responsibility, is to keep out of the approved circles any hospital failing to live up to the standards set for accredited hospitals.

Mercy Inspected

Recently this Joint Commission, to shorten its name for convenience, visited Mercy Hospital, where members checked every detail of the operation of the hospital, to satisfy the stated purpose of the commission—to improve the quality of care in hospitals.

To accomplish this, a standard is set for the required quality of patient care and then hospitals are invited to care for the sick to meet or surpass those standards by improving services or facilities.

Physical Plant

The physical plant — that is, the buildings, the equipment, and the nurse-power, and the people who take care of the physical properties — all come under the inspection of representatives of the commission. Personnel requirements include a superintendent trained and experienced in hospital administration — plus a "feeling" for those who enter the doors of the hospital for treatment. The medical staff may be insufficient; then there can be no accreditation. The same applies to clinical labor, and the spirit of devotion and capacity in the nursing staff come under inspection.

Technical

Technicians come within the investigation made by the representative of the commission, and these, with nurses, administrators, all must measure up to the standards set by the Joint Commission On Accreditation, and the hospital had better meet the requirements, or off it goes from a mighty important rating without which a hospital cannot fulfill its highest aims.

Mercy Measured Up

Mercy measured up. It met every requirement. From Superintendent Beard on down the list of employees there was great satisfaction when the commission announced that Mercy Hospital continued on the list of accredited hospitals.

Much has been done to make those responsible happy, it was said. That's so because in 1953, a year after Mercy's rehabilitation had started, a survey was made by the commission resulting in the accreditation being given to the hospital. Those people taking care of that hospital are determined to keep Mercy so modern in service and care that accreditation will continue to mark Mercy as "one of the best."

A film, "Children's Play," will be presented. Posters will be on display to demonstrate children's activities. There will also be hobby displays by several students of Southwood School. A discussion period led by Miss Joy Garrison, assistant director of physical health and safety education, will follow.

Preceding the afternoon meeting Mrs. Elmer Marte, president, will hold a board meeting at 10 a.m. At 12 o'clock noon Miss Ruth Chapman, the teaching staff, and room mothers will be honored guests at a pot-luck luncheon.

The massed choir of 60 voices is under the direction of E. Carroll Schick, director of music at Hope Church. Soloists for the cantata have been selected from the massed choir. It was stated that the cantata is open to the public without restriction.

Recognition Day At S. High Is Told By Bob Goldstein

Amidst the welcoming return of South High's first All-American Recognition Day, honoring South's 1956-57 basketball team, was held recently in the South High School auditorium.

Frank Howard, possibly the greatest athlete ever to come out of South, addressed the basketball team, faculty and students, who packed the 1200-seat auditorium. Well-schooled in the art of public speaking, and mixing in some homespun philosophy, he had no trouble making a big hit with the audience. Since his graduation from South in 1954, the keenly-polished Mr. Howard has accomplished feats that would be the envy of almost any athlete in America's colleges.

Starting with his entrance into OSU in 1954, he has led the freshmen team in scoring, ranked second in scoring in his first year of varsity competition, and led all scorers and rebounders this past year on the Buckeye basketball team. As a fitting climax, "Chico" is co-captain-elect, along with Jim Laughlin, of next year's Ohio State cage club.

The main theme of the newly-organized Recognition Day was to pay tribute to the 1956-57 Bulldog cage squad. Coach John Colmery emceed the presentation of awards to the players and capably handled the eight-minute film strip on some of this past year's highlights. The film included some scenes at the Bulldogs' away games at Middletown, Lima, Springfield and Steubenville.

First year letters were awarded to Ken Fowler, Darrel Henkel, Tom Bolen, Ray Johnson and the hard-working student manager, Bob Reall. For earning a second-year letter in basketball, medals were awarded to Hal Ward, the Canines' lone berth on the All-City squad, Captain Ron Allen, and Don Dicke (Priscilla Dicke, Don's sister, accepted the award for Don). This year's only three-year letter winner was George Devlin. For his outstanding work in three years on the Blue and Gray Varsity, George received a gold ball.

The outgoing Captain Ronnie Allen made a brief talk on the accomplishments of this year's team. Ron had the privilege of announcing next year's co-captains, Ken Fowler and Tom Bolen.

Spring means many things—
Robins, flowers, budding
trees, Forsythia—
but, above all, it usually
makes us feel young at
heart. Believe me, that's the
way I felt the day
I visited the 34 stores
at Central Point. The weather
was ideal and the center
electrified — a hub of
activity with everyone in the
center busy as bees in a
molasses barrel, unpacking
Spring Surprises.
If you're ready to take
a tour, let's go — Fashions
are my weakness too.
There are so many breath-
taking fashions for
women and children
in a complete range of
sizes and colors such as
the high fashion shades—
Wisteria, pink cloud,
heavenly blues, yellow
fluff, surf green, muted gray
and those in ever popular
blacks and navys. Matching
accessories and shoes
were also spotlighted.
You'll find many of these
fashions which are advertised
in national magazines for
the career girl or home-
maker at Central Point.
If your talent is designing
or dressmaking, you'll find all
the items you need to
complete an ensemble, plus
sewing equipment.
Fashion is a man's world,
too — That's what I
observed behind the scenes.
Everything the well-groomed
man or boy wears can be
found at Central Point.
Now let's turn our thoughts
to outdoor living. If you
are itching to work in
your garden, as I am,
you will find the very
latest equipment, from those
ever-popular
green thumb gloves to high
powered lawn mowers.
If you wish to pursue
your hobby, be it home
decorating, fishing, tennis,
baseball, golf, swimming,
playing hi-fi records,
or perhaps you are planning
to buy new household or
garden furniture, then shop
Central Point — they have
anticipated your every need.
Mom, I'm hungry, are cer-
tainly familiar words,
hope you won't mind but we
just have to stop at
one of the two
very fine restaurants at
Central Point. While waiting
for our order to be served,
I checked over the number
of stores I had visited
and did you know Central
Point has everything
for everybody. Yes, there's
a Beauty Shop, Laundromat,
Shoe Repair, Savings & Loan
Company, Insurance Com-
pany, Post Office,
Optometrist, Dry Cleaner,
Bakery, Poultry Store, Wine
Store, Carry Out,
Accountant, 5 & 10, Jeweler,
Drugs, Junior Depart-
ment Store and a Bank.
We're ready to wind up
the tour; before we do,
let's do our marketing. There
are two very fine Super
Markets at Central Point and
a shop that specializes in
meats. These stores make
meal planning easy. You'll
find nationally advertised
brands of canned and
frozen foods, top quality
meats and the freshest
produce on the market plus
many Gourmet items
for those special parties.
Now it's time to go
home. Although I had a very
busy day, I enjoyed shop-
ping at Central Point. No
need to dress up, I
wore casual clothes and flats.
The children enjoyed the trip,
(no baby-sitting fees) and
next time we will bring Daddy
because all stores are open
every nite, Monday through
Saturday, until 9:00 P.M. and
there is free parking
for 2500 cars.
Why don't you make it
a point to shop at
the "Point"?

Cordially,
Jerry Kaye

Fabrics Look Airy, Feature Easy Care

The fragile appearance of so many of this spring's fashions is delightfully deceptive because, more often than not, they are as easy to care for as they are good to look at.

This is mainly due to the development of many new blends of natural fibers with synthetics and to new processing for natural fibers such as cotton.

Notable are cottons processed for easy washing and minimum ironing and blends of Dacron-and-cotton. Novelty sheers, such as nylon chiffon, look as airy as spun sugar but can be washed easily, thanks to the use of synthetic yarns.

Blends of silk and synthetics give the high-fashion look of silk plus easy care.

Wallpaper Is Fresh In Color

New fashions in wallpapers are beautifully vital.

Colors are clear and fresh. There are more light backgrounds with two or more pastel colors brought into focus by the addition of a sharp accent color, used sparingly.

Textures show an international flavor. Some look like finely woven grass cloths; others, such as an Oriental Shoji screen effect, have a see-through quality; while still others give a woven wood effect or simulate silk-like weaves of the Far East.

Scenic-type wallpapers have a wider range of subjects — among them, Oriental effects, French Provincial cafe scenes, hunting scenes, seascapes, Pennsylvania Dutch and New England scenes. All are widely spaced on light backgrounds.

Florals have a livelier, more imaginative look than in the past.

Stripes in varying widths, often in one color and white or tone-on tone, make beautiful backgrounds for pictures and are so versatile they can be used with modern or traditional furnishings.

Small all-over wallpaper patterns, such as geometrics or neatly-spaced flowers and fruits, are liked.

CAPS GOING STRONG

Caps continue to show an upsurge in sales. Smartly styled in worsteds, flannels and tweeds, they reflect the ivy influence with back buckles, belted with either leather or matching material. Wide and narrow stripes and solid colors predominate.

Recognition Day At S. High Is Told By Bob Goldstein

Amidst the welcoming return of South High's first All-American Recognition Day, honoring South's 1956-57' basketball team, was held recently in the South High School auditorium.

Frank Howard, possibly the greatest athlete ever to come out of South, addressed the basketball team, faculty and students, who packed the 1200-seat auditorium. Well-schooled in the art of public speaking, and mixing in some homespun philosophy, he had no trouble making a big hit with the audience. Since his graduation from South in 1954, the keenly-polished Mr. Howard has accomplished feats that would be the envy of almost any athlete in America's colleges.

Starting with his entrance into OSU in 1954, he has led the freshmen team in scoring, ranked second in scoring in his first year of varsity competition, and led all scorers and rebounders this past year on the Buckeye basketball team. As a fitting climax, "Chico" is co-captain-elect, along with Jim Laughlin, of next year's Ohio State cage club.

The main theme of the newly-organized Recognition Day was to pay tribute to the 1956-57 Bulldog cage squad. Coach John Colmery emceed the presentation of awards to the players and capably handled the eight-minute film strip on some of this past year's highlights. The film included some scenes at the Bulldogs' away games at Middletown, Lima, Springfield and Steubenville.

First year letters were awarded to Ken Fowler, Darrel Henkel, Tom Bolen, Ray Johnson and the hard-working student manager, Bob Reall. For earning a second-year letter in basketball, medals were awarded to Hal Ward, the Canines' lone berth on the All-City squad, Captain Ron Allen, and Don Dicke (Priscilla Dicke, Don's sister, accepted the award for Don). This year's only three-year letter winner was George Devlin. For his outstanding work in three years on the Blue and Gray Varsity, George received a gold ball.

Lengths Are News In Daytime Gloves

Longer lengths for daytime wear come to the fore in new gloves although the classic shortie continues important. The longer gloves are liked to accent slim lines and to wear with capes or bracelet length sleeves.

Included are gloves which reach midway between wrist and elbow, eight-button elbow lengths and 12-button above-elbow styles, the latter often daintily shirred, jeweled or embroidered.

Newsmaking, too, is the wide range of color in washable Launder-Leather gloves. These gloves, in washable kidskin, pigskin or suede, display variations on every color of the rainbow, plus neutral hues.

Brother and sister dress up for spring. Brother's suit features contrasting jacket, trousers, while sister wears a print dress and solid-color coat with high-placed back bow. Both of linen-weave rayon.

Outer Styles Are Inspiration For Spring Under-Fashions

With the basically narrow, eased silhouette in fashion prominence, new foundation garments are designed to make all the many variations of slender styles wearable and becoming to the majority of figures.

Long brassieres, high girdles and one-piece garments are the leading contenders for under-fashion honors.

The long brassieres, more often than not, fasten in front. Thus they're easy to put on, and afford the smooth back line required by many slim dresses and skirts.

The pegged skirt, seen in Flemish or Dutch Boy styles, observes this back slimness and eases softly in front. Since it starts from a flat midriff and tapers narrowly over the thighs, midriff and thigh control may be indicated.

Foundations meet the need, molding the midriff by extending two to three inches above the waist, and slimming the thighs by fitting long on the body.

Some girdles take special note of thigh control with panels of rigid fabric or doubled elastic from the fullest curve of the hip to the base of the garment.

The corselet, a new-found favorite of the slender woman and the old standby of the mature figure, is seen more often in all-elastic versions.

Starting with sheer cup sections to lift the bosom, it molds midriff, waist, hips and thighs with one unbroken sheath of light yet persuasive stretch fabric. Backs are low and straps are detachable, to suit the dress neckline as well as the dress line.

A low backline marks many of the newest foundations, for both sheath and bouffant outer fashions now frequently have low-cut backs. These low back foundations are available with or without straps, in white, black or a pastel, and in the form of bandeaus, long line brassieres, bra-lettes and corselets.

Brassieres and corselets with rounded cups lift the bosom and shape it gently, for a definitive line under cocoon capes and other fashions that fit close to the figure. Lace, satin and embroidered fabrics make new brassieres pretty and feminine as well as functional.

Color also figures in foundations, with pastels favored.

Benua, Features Latest In Ivy League Styles

The newest creations in Ivy League styling for Spring are now available at Tom Benua, Men's Furnishing Center at Central Point. Sport coats, jackets, trousers and shirts in long and short sleeves, all feature the latest in styling.

And for those warm Summer days ahead, there's suits by Northwool. Benua also features nationally known Jarman Footwear and Mallory Hats.

Soft Hues Cue New Stockings For Accessory Role

Taking their cue from spring fashion and color preferences, hosiery stylists have designed new stockings as costume accessories in soft pale hues and color blends.

To harmonize with navy costumes, there are nylons in Wedgewood grays and smoky blue grays.

For the beige family, hose take a new color slant. Hosiery beiges have been blended with warm color tones—rosy beige, cream, gold or apricot beige, and — very new — gray beige.

Nylons in gray tones have also been color warmed. They range from misty pearl grays through pink, blue and mauve grays and grays with a touch of violet or newly-tinged opalescence.

For the high-fashion violet family, nylons show a variety of delicate, fresh looking mauve beige, mauve taupe, rose and pink mauves, lavender and violet shadings.

Joint Commission Checks, Then Continues Enviable Indorsement Of Hospital

An organization with a big name recently put its seal of approval on the South Side's own hospital—Mercy Hospital, that is. The organization is known as the Joint Commission On Accreditation of Hospitals, and its business, or responsibility, is to keep out of the approved circles any hospital failing to live up to the standards set for accredited hospitals.

Mercy Inspected

Recently this Joint Commission, to shorten its name for convenience, visited Mercy Hospital, where members checked every detail of the operation of the hospital, to satisfy the stated purpose of the commission—to improve the quality of care in hospitals

To accomplish this, a standard is set for the required quality of patient care and then hospitals are invited to care for the sick to meet or surpass those standards by improving services or facilities.

Physical Plant

The physical plant — that is, the buildings, the equipment, and the nurse-power, and the people who take care of the physical properties — all come under the inspection of representatives of the commission. Personnel requirements include a superintendent trained and experienced in hospital administration — plus a "feeling" for those who enter the doors of the hospital for treatment. The medical staff may be insufficient: then there can be no accreditation. The same applies to clinical labor, and the spirit of devotion and capacity in the nursing staff come under inspection.

Technical

Technicians come within the investigation made by the representative of the commission, and these, with nurses, administrators, all must measure up to the standards set by the Joint Commission On Accreditation, and the hospital had better meet the requirements, or off it goes from a mighty important rating without which a hospital cannot fulfill its highest aims.

Mercy Measured Up

Mercy measured up. It met every requirement. From Superintendent Beard on down the list of employees there was great satisfaction when the commission announced that Mercy Hospital continued on the list of accredited hospitals.

Much has been done to make those responsible happy, it was said. That's so because in 1953, a year after Mercy's rehabilitation had started, a survey was made by the commission resulting in the accreditation being given to the hospital. Those people taking care of that hospital are determined to keep Mercy so modern in service and care that accreditation will continue to mark Mercy as "one of the best."

Southwood's Year End Is Presaged

Mrs. Ray E. Conkle, parent-education chairman of Southwood School PTA, has announced that Mrs. Chester E. Metzler will preside at the fourth and final Parent Study group meeting to be held Wednesday, Apr. 17, at 1:30 p.m. in the school auditorium. The topic will be "Children Need Time of Their Own."

A film, "Children's Play," will be presented. Posters will be on display to demonstrate children's activities. There will also be hobby displays by several students of Southwood School. A discussion period led by Miss Joy Garrison, assistant director of physical health and safety education, will follow.

Preceding the afternoon meeting Mrs. Elmer Marte, president, will hold a board meeting at 10 a.m. At 12 o'clock noon Miss Ruth Chapman, the teaching staff, and room mothers will be honored guests at a pot-luck luncheon.

Three Choirs In Easter Cantata

The combined choirs of the Good Shepherd Lutheran Church, Hope Lutheran Church, and St. Paul's Lutheran Church will present J. H. Maunder's "Olivet to Calvary," a sacred cantata recalling the incidents in the last days of the Saviour's life on earth. It will be presented in the Hope Lutheran Church, 820 Lilley-av, Palm Sunday evening at 7:30.

The massed choir of 60 voices is under the direction of E. Carroll Schick, director of music at Hope Church. Soloists for the cantata have been selected from the massed choir. It was stated that the cantata is open to the public without restriction.

Ancient Spot Hikers' Goal

The Central Ohio Hiking Club will celebrate its twenty-first anniversary by repeating its first hike around the scenic Jacob's Ladder and Riven Rock near Lancaster, Apr. 14. All old and new hikers will be welcome, it was stated, and are requested to meet at the YMCA at 1:30 p.m.

The club was organized in 1936 and preparations are being made for the 21st annual banquet at the YMCA on Apr. 23, with Janet Schmidt in charge of arrangements.

Council Meets

The regular meeting of the Council of South Side Organizations is scheduled for Thursday, Apr. 11, at 7:30 p.m. at the South Side YMCA, 864 S. Third-st. Jim Wagner, secretary, said business of big importance will be presented.

Cantata To Be Sung Thursday

The annual candlelight Communion service will be held next Thursday evening at 8 p. m. at Central Community Church, 72 E. Mound-st. The Chancel Choir will sing "The Seven Last Words Of Christ" by Dubois, with Rev. Rudy H. Thomas giving a brief meditation on each "word." Dr. C. Thomas Bar will be the guest director and Mrs. Louise Chambers and Jack Pryer will be the guest soprano and tenor soloists respectively. Grover Baber, director of music of the church, will sing the baritone solos. James T. Watt will be at the organ.

New Style Afoot

For casual wear (at left) a butter-soft glove leather moccasin; for dress and informal wear (at right) a tapered-toe, two eyelet blucher in embossed broadtail kid leather.

Brown and white shoe (at left) in highly polished smooth brown leather and white buck; (at right) a low-cut, high-tongue slip-on in the continental manner, in grained and smooth leather.

Two new casual models for spring: (at left) a combination smooth and textured leather slip-on; (at right) a Kiltie wing tip in brushed leather.

Ivy League look for boys appears in oxford cloth dress shirts, teamed with narrow, solid-color knit ties and pants with back strap. Shirts display trend to short, button-down collar with back button. Box-pleated back is another Ivy League touch.

Little boy fashions this spring are junior chips off the Ivy League block.

For jackets, slim stripes in such rich color combinations as red and gray, brown and black and yellow and brown dominate the little boy scene. Close seconds are glen and madras plaids and manly houndstooth checks.

Whatever the pattern, jackets are Ivy-League-styled.

Teamed with the jackets are solid-color coordinated pants in short or long lengths, and often with back straps and buckles.

Bermuda shorts are popular, while striped knickers provide a new note.

A three-piece set, consisting of sports coat, gabardine slacks and a bulky pullover with continental collar trimmed to match the slacks, makes a particularly good-looking outfit.

Tweed is a favored fabric for little boys. Besides lightweight wools, many of the tweeds are cotton, silk or synthetic blends.

Gray pin-striped flannel and rayon flannel are two other handsome spring suitings.

Highlighting many garments is the silky look. Silk or rayon threads are woven through woolen, blended and cotton fabrics, giving a smooth, decorative appearance to little boys' spring clothes.

SCIENCE SCORES AGAIN

Scientists have now developed processes which permit woolen sweaters and sport shirts to be washed with a minimum of matting or shrinking. Just be sure to read washing directions carefully and never use boiling water.

Medium Tones Seen In Hats

Men's hats this spring will be mainly in medium shades. Grey and brown colors will be dominant although shades of green are due to enjoy more popularity than in many a year. Mixtures will challenge solid colors for the favor of buyers.

Many novelties have come into the hat fabric picture, including a "crushable" fur-nylon blend felt number, but felts will not be budged out of their Number One spot.

The recent highly favored "flat-top" model, however, may have passed its zenith and may be replaced this spring by the variation of the pork-pie model with the pre-blocked crown known as the "tight telescope" and the new drop-tip felts.

Hat shapes are growing narrower and narrower, with brims no wider than 1⅝ inches no longer considered a rarity.

COAT CUES

Back interest details make this season's crop of young coats especially attractive.

Handbags Are Good Matches For Costumes

Handbags are perfect costume coordinates this season. They're flat, for becoming wear with full capes and cape-like fashions, and soft in look, for harmony with softly pleated, tucked or draped costumes.

Shapes are simple, with the elongated square or elongated rectangle predominating.

Trim is planned to emphasize the shape. This means a simple frame in gold, silver or leather, and a simple closing. Small tabs, bands or insets of contrasting leather texture and trapurto work are also in order.

The range of leather textures for daytime handbags is wider than ever. There are deep-grained broadtail (especially new in spring colors), soft-grained or pebbly calf, fine fibered and petal-smooth calf with a high sheen and, for casual wear, an extra- plushy reverse calf.

Pale beiges and grays are leading colors.

Spring suburban living accents the importance of the sport jacket. Shown here, at left, in a soft brown and white wool tweed with side vents and slanted pockets; at right, an olive green, tan and white jacket in soft wool shetland, with four-button closing and tan suede trim on the flapped pockets.

Easy Curves, Tapered Line Now Appear

It's a wonderful spring for suits, with many styles to choose from. Ease is the prevailing theme as the slim-line suit gives way to a softer, more fluid silhouette.

Jackets make use of rounded shoulder lines as they gently taper to waist length, giving only the merest hint of fitted curves to the silhouette. To carry out the balance, skirts make use of open pegged pleating, creating the rounded hip effect with gentle tapering to reed-slimness at the bottom.

Detachable capelets, a new and important role in spring suit fashions, add to the rounded grace of the silhouette. The influence of Diors magnet or "Dutch Boy" look combining top and bottom symmetry, is in evidence throughout the spring line of suits.

While the pegged, pleated or "Dutch Boy" skirt is one of this spring's most important suit-skirt fashions, the eased slim line in skirts is also obtained by the side draped skirt, the tunic skirt, and the panel back skirt.

On the fuller side, all-around knife or pressed box pleats, and the bell skirt featuring open, unpressed pleats play a significant role.

The emphasis on eased skirts calls most naturally for the short and — to retain the fluid grace of the silhouette — the oh, so lightly fitted jacket.

Other jacket lengths range from waist to hip-bone length. Styles include the bloused back, belted or tied at the waist, and the box jacket, as well as the semi-fitted silhouette."

Hinted at in fall fashions and now reaching fashion's forepoint are the suit capes, three-quarter length oval capes which replace the jacket, detachable elbow length capes which complement the jacket, and hip length cocoon and full capes.

Shapes, Trims Give Distinction To Belts

Narrow belts in unusual shapes and wider ones with decorative accents add drama to spring outfits.

In the first category are belts with scalloped edges and belts dipping from high in front to low in back. Others are interwoven bands of leather.

Girdle-like belts in suede or kid, for evening, are often draped, tucked or pleated, and usually have giant jeweled buckles.

OFFER BEAUTY

Purse size containers of perfume now offer beauty of design as well as convenience.

APPLYING MURALS

"Do-it-yourself" wall murals are hand-painted on washable canvas. They're pre-pasted in back and ready to sponge and apply quickly.

Joint Commission Checks, Then Continues Enviable Indorsement Of Hospital

An organization with a big name recently put its seal of approval on the South Side's own hospital—Mercy Hospital, that is. The organization is known as the Joint Commission On Accreditation of Hospitals, and its business, or responsibility, is to keep out of the approved circles any hospital failing to live up to the standards set for accredited hospitals.

Mercy Inspected

Recently this Joint Commission, to shorten its name for convenience, visited Mercy Hospital, where members checked every detail of the operation of the hospital, to satisfy the stated purpose of the commission—to improve the quality of care in hospitals.

To accomplish this, a standard is set for the required quality of patient care and then hospitals are invited to care for the sick to meet or surpass those standards by improving services or facilities.

Physical Plant

The physical plant — that is, the buildings, the equipment, and the nurse-power, and the people who take care of the physical properties — all come under the inspection of representatives of the commission. Personnel requirements include a superintendent trained and experienced in hospital administration — plus a "feeling" for those who enter the doors of the hospital for treatment. The medical staff may be insufficient; then there can be no accreditation. The same applies to clinical labor, and the spirit of devotion and capacity in the nursing staff come under inspection.

Technical

Technicians come within the investigation made by the representative of the commission, and these, with nurses, administrators, all must measure up to the standards set by the Joint Commission On Accreditation, and the hospital had better meet the requirements, or off it goes from a mighty important rating without which a hospital cannot fulfill its highest aims.

Mercy Measured Up

Mercy measured up. It met every requirement. From Superintendent Beard on down the list of employees there was great satisfaction when the commission announced that Mercy Hospital continued on the list of accredited hospitals.

Much has been done to make those responsible happy, it was said. That's so because in 1953, a year after Mercy's rehabilitation had started, a survey was made by the commission resulting in the accreditation being given to the hospital. Those people taking care of that hospital are determined to keep Mercy so modern in service and care that accreditation will continue to mark Mercy as "one of the best."

Southwood's Year End Is Presaged

Mrs. Ray E. Conkle, parent-education chairman of Southwood School PTA, has announced that Mrs. Chester E. Metzler will preside at the fourth and final Parent Study group meeting to be held Wednesday, Apr. 17, at 1:30 p.m. in the school auditorium. The topic will be "Children Need Time of Their Own."

A film, "Children's Play," will be presented. Posters will be on display to demonstrate children's activities. There will also be hobby displays by several students of Southwood School. A discussion period led by Miss Joy Garrison, assistant director of physical health and safety education, will follow.

Preceding the afternoon meeting Mrs. Elmer Marte, president, will hold a board meeting at 10 a.m. At 12 o'clock noon Miss Ruth Chapman, the teaching staff, and room mothers will be honored guests at a pot-luck luncheon.

Three Choirs In Easter Cantata

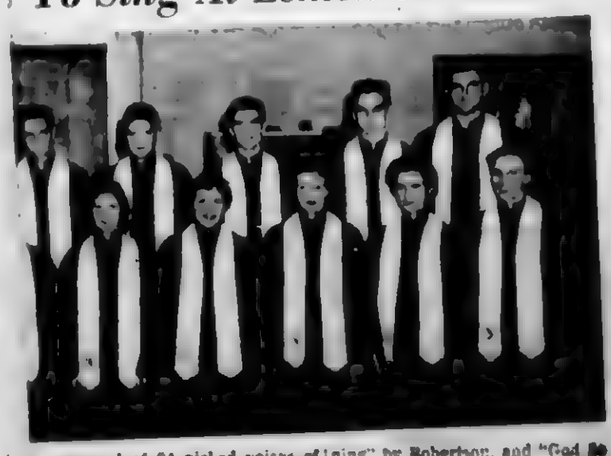
The combined choirs of the Good Shepherd Lutheran Church, Hope Lutheran Church, and St. Paul's Lutheran Church will present J. H. Maunder's "Olivet to Calvary," a sacred cantata recalling the incidents in the last days of the Saviour's life on earth. It will be presented in the Hope Lutheran Church, 820 Lilley-av, Palm Sunday evening at 7:30.

The massed choir of 60 voices is under the direction of E. Carroll Schick, director of music at Hope Church. Soloists for the cantata have been selected from the massed choir. It was stated that the cantata is open to the public without restriction.

Ancient Spot Hikers' Goal

The Central Ohio Hiking Club will celebrate its twenty-first anniversary by repeating its first hike around the scenic Jacob's Ladder and Riven Rock near Lancaster, Apr. 14. All old and new hikers will be welcome, it was stated, and are requested to meet at the YMCA at 1:30 p.m.

The club was organized in 1936 and preparations are being made for the 21st annual banquet at the YMCA on Apr. 23, with Janet Schmidt in charge of arrangements.



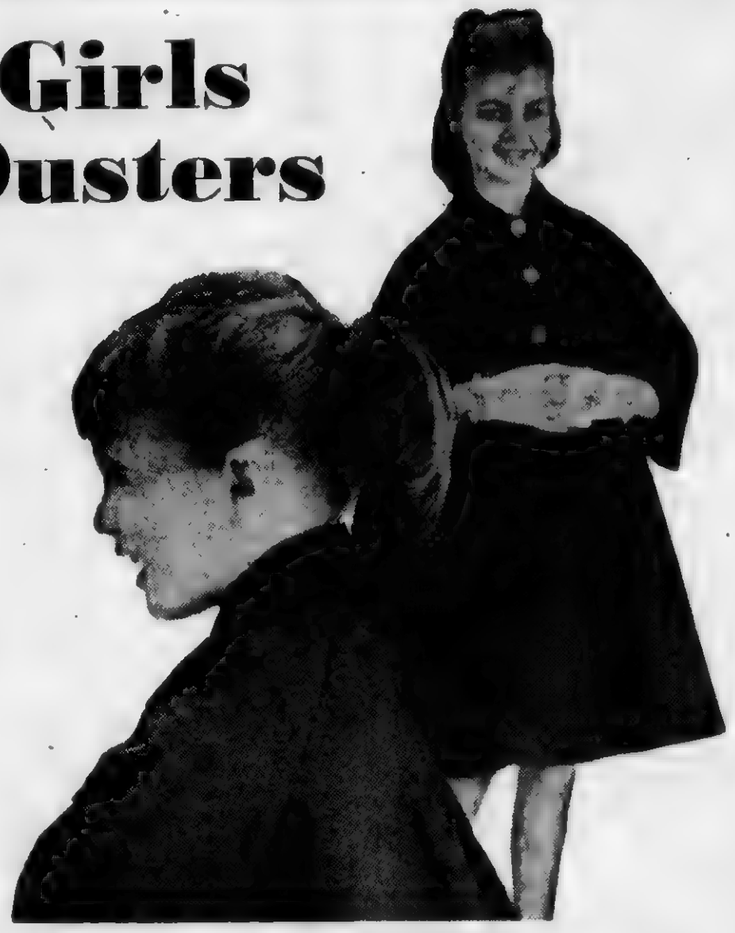
Council Meets

The regular meeting of the Council of South Side Organizations is scheduled for Thursday, Apr. 11, at 7:30 p.m. at the South Side YMCA, 864 S. Third-st. Jim Wagner, secretary, said business of big importance will be presented.

Cantata To Be Sung Thursday

The annual candlelight Communion service will be held next Thursday evening at 8 p. m. at Central Community Church, 72 E. Mound-st. The Chancel Choir will sing "The Seven Last Words Of Christ" by Dubois, with Rev. Rudy H. Thomas giving a brief meditation on each "word." Dr. C. Thomas Bar will be the guest director and Mrs. Louise Chambers and Jack Pryer will be the guest soprano and tenor soloists respectively. Grover Baber, director of music of the church, will sing the baritone solos. James T. Watt will be at the organ.

To Sing At Lenten Services



composed of 24 picked voices of Miss Winchester's choir. They will sing "A Legend" by Tschaikowsky, "All in the April Evening" by Robertson, and "God So Loved the World" by Stainer.

Recognition Day At S. High Is Told By Bob Goldstein

Amidst the welcoming return of South High's first All-American Recognition Day, honoring South's 1956-57 basketball team, was held recently in the South High School auditorium.

Frank Howard, possibly the greatest athlete ever to come out of South, addressed the basketball team, faculty and students, who packed the 1200-seat auditorium. Well-schooled in the art of public speaking, and mixing in some homespun philosophy, he had no trouble making a big hit with the audience. Since his graduation from South in 1954, the keenly-polished Mr. Howard has accomplished feats that would be the envy of almost any athlete in America's colleges.

Starting with his entrance into OSU in 1954, he has led the freshmen team in scoring, ranked second in scoring in his first year of varsity competition, and led all scorers and rebounders this past year on the Buckeye basketball team. As a fitting climax, "Chico" is co-captain-elect, along with Jim Laughlin, of next year's Ohio State cage club.

The main theme of the newly-organized Recognition Day was to pay tribute to the 1956-57 Bulldog cage squad. Coach John Colmery emceed the presentation of awards to the players and capably handled the eight-minute film strip on some of this past year's highlights. The film included some scenes at the Bulldogs' away games at Middletown, Lima, Springfield and Steubenville.

First year letters were awarded to Ken Fowler, Darrel Henkel, Tom Bolen, Ray Johnson and the hard-working student manager, Bob Reall. For earning a second-year letter in basketball, medals were awarded to Hal Ward, the Canines' lone berth on the All-City squad, Captain Ron Allen, and Don Dicke (Priscilla Dicke, Don's sister, accepted the award for Don). This year's only three-year letter winner was George Devlin. For his outstanding work in three years on the Blue and Gray Varsity, George received a gold ball.

Men's Spring Shoes Show A Soft Glow

Men's shoes this spring are going to shine—but with a soft glow that comes from the leather itself rather than from polish applied to it. The gleaming leathers will harmonize with the luster in suits of silk and man-made fibers.

Lightness and trim lines in shoes will be highlighted in tropical leathers. These leathers which cut the weight of shoes by a third, made their first appearance last spring and their popularity reached landslide proportions by summer.

This year, since they fit in with the fashion trend by making possible a dressier, finer looking as well as more comfortable shoe, the are expected to be a practically unanimous choice in all types of men's shoes.

The gleam in the season's shoes will mean an emphasis on high-polished smooth leathers with a natural gloss accentuated by hand-rubbing. It doesn't mean, however, that textured leathers, which have won a deserved popularity, will now take a back seat. They'll be seen more than ever, both alone and in combination with smooth leathers, but they'll be soft-grained and will have a bright finish.

Tropical suedes, too, will continue in prominence. The suede and smooth leather combination for town may be rich and glossy or dull-finished for contrast.

All-suede casual and dress-casual shoes, on the contrary, will be rough-textured with a long, plushy nap.

In shoes for town, leading colors will be black, medium tan, teak brown, London tan, cardeu and dark maple. The mid-low oxford of three-to-four-eyelet height with a medium-broad toe will prevail.

Teener Shoes Go Elegant for Spring

Teen-age feet are going elegant for spring.

Flats and casuals, long favored as teen footwear, are newly shapely, and elegantly trimmed with all the finesse of an evening slipper.

Chief colors are the beige to brown range, with brilliant orange and green shades as well as black and white, alone or combined.

Softer leathers are featured, and leather linings are a part of the color effect. Often, the linings are brighter than the shoes.

Leathers range from punched pigskin, pebbly grained leather and suede for sportier types to glove-tanned leather, polished and slashed calf and patent—both smooth and newly textured.

Shiny black patent with white broadtail-grained leather looks particularly effective.

Toe shapes range from the slightly rounded to the longer "sharpened" toes to the squared-off one. There are flared demi-tongues, fringed kiltie tongues and finger-gored ones. Many flats have huge pilgrim buckles.

Wedges, too, have gone dressy, appearing in printed leather and white smooth or crushed leather with gold trim.

'Wash-Wear' Togs Bigger Than Ever

Wash-and-wear togs are expected to be bigger than ever in men's wear this spring and summer. Made in cords, seersuckers and suits resembling tropical worsteds, they will come in a wide range of light, medium and dark shades. Construction has been improved, and some blends weighing as little as 5½ ounces a yard are being used.

Newly introduced in this field are the "automatic wash-and-wear" suits for which it is said that the only effort needed to keep one trimly pressed and fresh is the energy it takes to place it in the automatic washer and modern tumble dryer. These suits are reported ready to slip on, neatly pressed, when they emerge from the dryer.

Attractive patio serves as family's outdoor living room. Smart, comfortable furniture, like this innerspring folding chaise lounge, and barbecue equipment, such as a portable smoke grill, are both important. Patio meals can be facilitated by preparing food in advance and storing it in freezer or refrigerator, in waxboard containers.

Outdoor living is easy and elegant, too, when it centers around a well-planned, thoughtfully-furnished patio. An enclosed court, a terrace or a corner of the lawn can serve as a patio, and the choice of furniture is equally flexible.

Styles range from classic to modern, with emphasis on comfort. Every type of outdoor furniture has its special advantages.

Spun aluminum tubular furniture, with plastic covered innerspring cushions or plastic webbing, offers the benefits of light weight and easy care.

Wrought iron furniture makes a more formal arrangement, and is also adaptable for indoor use. Wood furniture blends well with an outdoor setting. Tubular steel furniture is liked for its durability and contemporary design.

Furniture with enameled steel frames tends to modern design and usually has the added advantage of economical price.

Since barbecue equipment is equally varied, the type of cooking to be done should determine the choice. A simple rack over a charcoal bed is sufficient for hamburger and hot dogs.

Joint Commission Checks, Then Continues Enviable Indorsement Of Hospital

An organization with a big name recently put its seal of approval on the South Side's own hospital—Mercy Hospital, that is. The organization is known as the Joint Commission On Accreditation of Hospitals, and its business, or responsibility, is to keep out of the approved circles any hospital failing to live up to the standards set for accredited hospitals.

Mercy Inspected

Recently this Joint Commission, to shorten its name for convenience, visited Mercy Hospital, where members checked every detail of the operation of the hospital, to satisfy the stated purpose of the commission—to improve the quality of care in hospitals.

To accomplish this, a standard is set for the required quality of patient care and then hospitals are invited to care for the sick to meet or surpass those standards by improving services or facilities.

Physical Plant

The physical plant — that is, the buildings, the equipment, and the nurse-power, and the people who take care of the physical properties — all come under the inspection of representatives of the commission. Personnel requirements include a superintendent trained and experienced in hospital administration — plus a "feeling" for those who enter the doors of the hospital for treatment. The medical staff may be insufficient; then there can be no accreditation. The same applies to clinical labor, and the spirit of devotion and capacity in the nursing staff come under inspection.

Technical

Technicians come within the investigation made by the representative of the commission, and these, with nurses, administrators, all must measure up to the standards set by the Joint Commission On Accreditation, and the hospital had better meet the requirements, or off it goes from a mighty important rating without which a hospital cannot fulfill its highest aims.

Mercy Measured Up

Mercy measured up. It met every requirement. From Superintendent Beard on down the list of employees there was great satisfaction when the commission announced that Mercy Hospital continued on the list of accredited hospitals.

Much has been done to make those responsible happy, it was said. That's so because in 1953, a year after Mercy's rehabilitation had started, a survey was made by the commission resulting in the accreditation being given to the hospital. Those people taking care of that hospital are determined to keep Mercy so modern in service and care that accreditation will continue to mark Mercy as "one of the best."

Southwood's Year End Is Presaged

Mrs. Ray E. Conkle, parent-education chairman of Southwood School PTA, has announced that Mrs. Chester E. Metzler will preside at the fourth and final Parent Study group meeting to be held Wednesday, Apr. 17, at 1:30 p.m. in the school auditorium. The topic will be "Children Need Time of Their Own."

A film, "Children's Play," will be presented. Posters will be on display to demonstrate children's activities. There will also be hobby displays by several students of Southwood School. A discussion period led by Miss Joy Garrison, assistant director of physical health and safety education, will follow.

Preceding the afternoon meeting Mrs. Elmer Marte, president, will hold a board meeting at 10 a.m. At 12 o'clock noon Miss Ruth Chapman, the teaching staff, and room mothers will be honored guests at a pot-luck luncheon.

Three Choirs In Easter Cantata

The combined choirs of the Good Shepherd Lutheran Church, Hope Lutheran Church, and St. Paul's Lutheran Church will present J. H. Maunder's "Olivet to Calvary," a sacred cantata recalling the incidents in the last days of the Saviour's life on earth. It will be presented in the Hope Lutheran Church, 820 Lilley-av. Palm Sunday evening at 7:30.

The massed choir of 60 voices is under the direction of E. Carroll Schick, director of music at Hope Church. Soloists for the cantata have been selected from the massed choir. It was stated that the cantata is open to the public without restriction.

Ancient Spot Hikers' Goal

The Central Ohio Hiking Club will celebrate its twenty-first anniversary by repeating its first hike around the scenic Jacob's Ladder and Riven Rock near Lancester, Apr. 14. All old and new hikers will be welcome, it was stated, and are requested to meet at the YMCA at 1:30 p.m.

The club was organized in 1936 and preparations are being made for the 21st annual banquet at the YMCA on Apr. 23, with Janet Schmidt in charge of arrangements.

Council Meets

The regular meeting of the Council of South Side Organizations is scheduled for Thursday, Apr. 11, at 7:30 p.m. at the South Side YMCA, 864 S. Third-st Jim Wagner, secretary, said business of big importance will be presented.

Cantata To Be Sung Thursday

The annual candlelight Communion service will be held next Thursday evening at 8 p. m. at Central Community Church, 72 E. Mound-st. The Chancel Choir will sing "The Seven Last Words Of Christ" by Dubois, with Rev. Rudy H. Thomas giving a brief meditation on each "word." Dr. C. Thomas Bar will be the guest director and Mrs. Louise Chambers and Jack Pryer will be the guest soprano and tenor soloists respectively. Grover Baber, director of music of the church, will sing the baritone solos. James T. Watt will be at the organ.

To Sing At Lenten Services

composed of 24 picked voices of Miss Winchester's choir. They will sing "A Legend" by Tschaikowsky, "All in the April Evening" by Robertson, and "God So Loved the World" by Stainer.

Obi-wrap sash gives spring fashion's favored high-waisted look to this youthful, full-skirted shirtdress with pretty bow at collar. The cotton fabric, with attractive print-striped pattern, is processed for easy care, requires little or no ironing.

For good sports to mix and match are spring separates of cotton madras. Solid color sleeveless blouse and slim skirt can be worn together, are shown here teamed with full skirt and scoop-necked blouse in a multi-color stripe—another good twosome.

Imported handbag fashion, handcrafted in Valencia, Spain, is of reverse calf with 18 carat gold-plated trim, full leather lining.

FOR TEEN-AGER

For an "extra" hat, teens' spring favorite is a hat of printed silk, pique or organdy with a matching fabric scarf.

Length Is Varied For Junior Formals

Formals for juniors display variety in length as well as style this spring. There's new emphasis on floor lengths and in-between lengths.

Juniors like the new look of slim-skirted formals ending about eight inches from the floor. There's interest, too, in irregular hemlines, high waistlines marked with bands, roses and floating panels, and the back-moving overskirt treatment for slender formals.

Soft, lady-like styling in such light, airy fabrics as chiffon, silk organza lace, eyelet are favored.

Neater Neckties Due For Spring

The trend in neckwear toward more restrained patterns becomes more pronounced for spring, reflecting the renewed interest in pattemed fabrics for men's suits and shirts.

Many light ground colors will be shown in a new neckwear and there will be more interest in whites and silvers.

Reps and foulards will remain favorites with Ivy League partisans. Some bolder patterns will be available to complement some of the new dark suits.

Bow ties will enjoy their usual warm weather revival. The narrow shape will continue to lead the field with little or no indication of any widening.

Fabric interest will be in typical summer silks and cottons, and there should be more interest in blends of silk and cotton.

Recognition Day At S. High Is Told By Bob Goldstein

Amidst the welcoming return of South High's first All-American Recognition Day, honoring South's 1956-57' basketball team, was held recently in the South High School auditorium.

Frank Howard, possibly the greatest athlete ever to come out of South, addressed the basketball team, faculty and students, who packed the 1200-seat auditorium. Well-schooled in the art of public speaking, and mixing in some homespun philosophy, he had no trouble making a big hit with the audience. Since his graduation from South in 1954, the keenly-polished Mr. Howard has accomplished feats that would be the envy of almost any ahlete in America's colleges.

Starting with his entrance into OSU in 1954, he has led the freshmen team in scoring, ranked second in scoring in his first year of varsity competition, and led all scorers and rebounders this past year on the Buckeye basketball team. As a fitting climax,"Chico" is co-captain-elect, along with Jim Laughlin, of next year's Ohio State cage club.

The main theme of the newly-organized Recognition Day was to pay tribute to the 1956-57 Bulldog cage squad. Coach John Colmery emceed the presentation of awards to the players and capably handled the eight-minute film strip on some of this past year's highlights. The film included some scenes at the Bulldogs' away games at Middletown, Lima, Springfield and Steubenville.

First year letters were awarded to Ken Fowler, Darrel Henkel, Tom Bolen, Ray Johnson and the hard-working student manager, Bob Reall. For earning a second-year letter in basketball, medals were awarded to Hal Ward, the Canines' lone berth on the All-City squad, Captain Ron Allen, and Don Dicke (Priscilla Dicke, Don's sister, accepted the award for Don). This year's only three-year letter winner was George Devlin. For his outstanding work in three years on the Blue and Gray Varsity, George received a gold ball.

The outgoing Captain Ronnie Allen made a brief talk on the accomplishments of this year's team. Ron had the privilege of announcing [illegible] tain

Fabrics For Home Display Richness In Wide Variety

Home fabrics display spring's look of elegance, with new fibers, blends and synthetics adding both to their richness and quality of service.

Accent is on color and texture. Light, clear tones, beautiful flower shades and iridescent colors are the most popular.

Gleaming metallic threads add interest to an almost endless variety fo fabrics — linens, laces, ribbons, strawcloths, silks, burlaps, tweeds, cottons, sheers, blends and many more.

Floral prints are favored with new emphasis on fernery and leaves. There is a wide variety of contemporary patterns and provincials and many inspired by the splendor of the Orient.

Using fabrics as wall-covering is attracting new interest. There is also an increased use of matching wallpapers and fabrics, synchronizing fabrics with carpets, and companion cloths for "mix-match" decorating.

DECORATE SHADES

Many window shades now have rich textures and decorative cordings for both room and street sides. Those in multi-color weaves harmonize easily with a variety of room settings and drapery colors.

SLEEVES 'GO SOFT' IN NEWEST STYLES

Sleeves have "gone soft" this spring in keeping with the generally softer dress silhouette of the season. One favored treatment is the bloused or balloon effect, achieved through lantern shapes with fullness starting directly at the shoulder line.

FAVORED FASHION

Juniors favor Tyrolean separates in coordinated colors.

Simplicity Keynotes Headgear For Teens

Simplicity stars in teen hats for spring.

Lightweight straws, felts and synthetics flatter young heads in pastels, white or natural shades, and are seldom trimmed with more than a grosgrain band ending in a bow or streamer.

For dress-up, teen hats sometimes take a flower wreath or nosegay.

To accomplish this, a standard is set for the required quality of patient care and then hospitals are invited to care for the sick to meet or surpass those standards by improving services or facilities.

Physical Plant

The physical plant — that is, the buildings, the equipment, and the nurse-power, and the people who take care of the physical properties — all come under the inspection of representatives of the commission. Personnel requirements include a superintendent trained and experienced in hospital administration — plus a "feeling" for those who enter the doors of the hospital for treatment. The medical staff may be insufficient: then there can be no accreditation. The same applies to clinical labor, and the spirit of devotion and capacity in the nursing staff come under inspection.

Technical

Technicians come within the investigation made by the representative of the commission, and these, with nurses, administrators, all must measure up to the standards set by the Joint Commission On Accreditation, and the hospital had better meet the requirements, or off it goes from a mighty important rating without which a hospital cannot fulfill its highest aims.

Mercy Measured Up

Mercy measured up. It met every requirement. From Superintendent Beard on down the list of employees there was great satisfaction when the commission announced that Mercy Hospital continued on the list of accredited hospitals.

Much has been done to make those responsible happy, it was said. That's so because in 1953, a year after Mercy's rehabilitation had started, a survey was made by the commission resulting in the accreditation being given to the hospital. Those people taking care of that hospital are determined to keep Mercy so modern in service and care that accreditation will continue to mark Mercy as "one of the best."

Metzler will preside at the fourth and final Parent Study group meeting to be held Wednesday, Apr. 17, at 1:30 p.m. in the school auditorium. The topic will be "Children Need Time of Their Own."

A film, "Children's Play," will be presented. Posters will be on display to demonstrate children's activities. There will also be hobby displays by several students of Southwood School. A discussion period led by Miss Joy Garrison, assistant director of physical health and safety education, will follow.

Preceding the afternoon meeting Mrs. Elmer Marte, president, will hold a board meeting at 10 a.m. At 12 o'clock noon Miss Ruth Chapman, the teaching staff, and room mothers will be honored guests at a pot-luck luncheon.

It will be presented in the Hope Lutheran Church, 820 Lilley-av, Palm Sunday evening at 7:30.

The massed choir of 60 voices is under the direction of E. Carroll Schick, director of music at Hope Church. Soloists for the cantata have been selected from the massed choir. It was stated that the cantata is open to the public without restriction.

Sheath Lines Are Seen In Spring Shoes

The shoe sheath — newest fashion trend in women's shoes since high buttons went out of style—dominates the passing scene below the ankle this spring.

It's an artfully designed pump, closed up front and back, with tapered toes for a slender look, and it's crafted in every leather imaginable — smooth, suede, grain, patent.

Shoe colors are light neutrals such as dove gray, sandbark and nougat beiges; new pastels such as primrose yellow and bubble blue; or strong-rich shades such as flight blue, orange and turquoise.

Touches of white add a special freshness.

Textures show brightness, for grainy as well as smooth shoe leathers come in lustered or highly polished finishes, and suedes are short-napped with a rich gloss.

Guild patent, newly grained or familiarly smooth, is much in evidence, in black or color, alone or in combination with shiny calf or kid, or colored suede.

Casual shoes and spectators have taken to leather linings in checkered, striped, swirled, floral and lace-like web designs of many colors brighter than the shoe itself.

Toes are pointed in many different manners. Flats may have a blunted point or a point like a wide "V."

Most daytime shoes have moderately pointed toes of varying length, while late day and evening shoes come to a long, elegant, sharpened point.

Shape of the toe helps determine that of the heels, with points of varying degrees taking the sharp stiletto, the delicately rounded mid-heel or the low Louis.

Even stacked leather heels on flats are related to the elongated shape of the toe.

The classic pump silhouette is varied by such devices as tongues in petal shapes, laced "weskits," straps over the instep (lower than last year), spat effects and the new low-cut designs on the toe.

Delicate To Elegant Is Range Of Jewelry For Spring Season

Jewelry displays two distinct spring looks, one light and delicate, the other bulky and elegant in the Edwardian manner.

Pastel colors are an important part of the delicate look. Mauve tints are popular, along with such flower shades as soft blue, pink, yellow and green.

Spring flowers inspire many new jewelry designs as well as colors, even to the use of more green foliage effects.

Also contributing to the delicate look are the increased use of crystals, frosty shimmering beads in iridescent tones, jet iris and aurora stones. White and gold combinations continue in popularity.

Rope necklaces are enjoying a revival and look especially new in crystals of varying sizes and combinations of clear and pastels.

Among the leading bulky and elegant styles are enamel bracelets shaped like wide cuffs, gold Edwardian-type chain bracelets and neckwear with pendant balls of flowers, chunky stones set in burnished gold and bead necklaces with center pendants and gold filigree.

COMPACT NEWS

Unusual design for compacts and cigarette cases features free-hanging stones that look light and airy and tinkle delicately in motion.

Costume Comes Into Its Own As Important Spring Fashion

The costume has really come into its own as a top fashion this spring, and costumes with capes are the newest and most important of all. Short jackets of all types and full-length coats, often with short sleeves or sleeveless, offer other popular variations of the ensemble look.

Capes for costumes range from the very brief to seven-eighths three-quarter and full lengths. Of special interest are the cocoon shapes, narrower at the bottom than the top.

One of the most popular costumes is that of the semi-fitted jacket that just hits the top of the hipbone over a pegged-skirt dress. Another is the Eton or bolero jacket over a dress with printed bodice and cummerbund. The "complete look" through coordination of fabrics is highly favored.

In general, semi-fitted, short jackets over softened sheath dresses are the rule. Blouson jackets of all types are big favorites. Popular back treatments include cape backs and mock boleros. An interesting variation is the "capelero," a cross between the cape and the bolero. Other boxy jackets come just down to the waistline or flare out above it.

Many of the companion dresses feature empire bodices of silk or chiffon in colors or prints to match the linings of capes or jackets worn over them. This idea also extends to woolen coats lined in chiffon to match companion chiffon dresses. Another favorite combination is pastel chiffon shirtwaist dresses under coats of matching pastel tweed.

The influence of capes is seen in ensembles with jackets that look like capes, little capelets or cape-back jackets and cocoon-like wrap coats. Capes add a costume look to suits and companion skirts and blouses, as well as dresses. Blouse-back boleros and seven-eighth tunics are further interesting new versions of the costume.

Recognition Day At S. High Is Told By Bob Goldstein

Amidst the welcoming return of South High's first All-American Recognition Day, honoring South's 1956-57 basketball team, was held recently in the South High School auditorium.

Frank Howard, possibly the greatest athlete ever to come out of South, addressed the basketball team, faculty and students, who packed the 1200-seat auditorium. Well-schooled in the art of public speaking, and mixing in some homespun philosophy, he had no trouble making a big hit with the audience. Since his graduation from South in 1954, the keenly-polished Mr. Howard has accomplished feats that would be the envy of almost any ahlete in America's colleges.

Starting with his entrance into OSU in 1954, he has led the freshmen team in scoring, ranked second in scoring in his first year of varsity competition, and led all scorers and rebounders this past year on the Buckeye basketball team. As a fitting climax, "Chico" is co-captain-elect, along with Jim Laughlin, of next year's Ohio State cage club.

The main theme of the newly-organized Recognition Day was to pay tribute to the 1956-57 Bulldog cage squad. Coach John Colmery emceed the presentation of awards to the players and capably handled the eight-minute film trip on some of this past year's highlights. The film included some scenes at the Bulldogs' away games at Middletown, Lima, Springfield and Steubenville.

First year letters were awarded to Ken Fowler, Darrel Henkel, Tom Bolen, Ray Johnson and the hard-working student manager, Bob Reall. For earning a second-year letter in basketball, medals were awarded to Hal Ward, the Canines' lone berth on the All-City squad. Captain Ron Allen, and Don Dicke (Priscilla Dicke, Don's sister, accepted the award for Don). This year's only three-year letter winner was George Devlin. For his outstanding work in three years on the Blue and Gray Varsity, George received a gold ball.

The outgoing Captain Ronnie Allen made a brief talk on the accomplishments of this year's team. Ron had the privilege of announc[illegible]

Principal Explains TB Script Contest

South claimed six of last year's 20 semi-finalists and one of the six final winners. The group is pictured at a recent meeting to discuss details of the current project, which ends Apr. 27.

Joint Commission Checks, Then Continues Enviable Indorsement Of Hospital

An organization with a big name recently put its seal of approval on the South Side's own hospital—Mercy Hospital, that is. The organization is known as the Joint Commission On Accreditation of Hospitals, and its business, or responsibility, is to keep out of the approved circles any hospital failing to live up to the standards set for accredited hospitals.

Mercy Inspected

Recently this Joint Commission, to shorten its name for convenience, visited Mercy Hospital, where members checked every detail of the operation of the hospital, to satisfy the stated purpose of the commission—to improve the quality of care in hospitals.

To accomplish this, a standard is set for the required quality of patient care and then hospitals are invited to care for the sick to meet or surpass those standards by improving services or facilities.

from... QG's NOTES

W. J. Treece, executive director, Franklin County Society for Crippled Children, said a few days ago that there is a South Side boy who waits for some charitably inclined person to supply a folding wheel chair with leg rests, and a hydraulic lifter is needed for a Whitehall boy. Here's hoping! He also said that one of the most frequently needed items is a hospital bed and "it seems that I never have one on hand when a request comes in for one." Again, hoping!,

Take It Away

Yes, I must take away the post of "safety director" from our good friend Otto Meier. It was just a week ago, while he was in California, that I put him into the Safety Director's office in a news story about plans for reducing accidents and danger of accidents on Bruck-st and on streets crossing Bruck. Sorry, Otto, but maybe it was because you're such a darned nice fellow.

Delightful

The South Side Leader has helped materially in making the 1957 Heart Fund drive a success, by making the public aware of the need for research and education in the field of heart and circulatory diseases.

At the same time, you have pointed up the work of the Central Ohio Heart Association and assisted in enlightening your readers on the current information concerning their hearts.

The many volunteers who have planned and carried this drive to its successful conclusion join me in expressing to you our deep gratitude.

Thank you from all of us, Jeanne James, executive secretary, Central Ohio Heart Association.

Southway Unit No. 144 of the American Legion Auxiliary has changed its second meeting in April due to Good Friday falling on that day. It will be Friday, Apr. 12, at 8 p.m., at the post home, 874 S. High-st.

Business meeting with Mrs. John Joyce presiding.

'Jolly Four' Entertain

Residents of Franklin County Home were entertained recently by the "Jolly Four"", a small group finding pleasure in helping others, it was stated by a sponsor.

Music, instrumental and vocal, ranged from "Turkey in the Straw" to the classics, spokesman for the "Jolly Four" said. In addition to the music, Linda Lou Johnson presented acrobatics which seemingly pleased the aged folk in the home.

Others in the group are Dorothy Calvert, Noel Cardwell and Pete Kocsis.

SPRING

Spring's just around the corner;
I saw her yesterday
For such a fleeting moment
I could not bid her stay.

Her coat was bright and shining
And I heard her sing—
She looked just like a robin
But I know that it was Spring!

UNSOLVED MYSTERY

A boy with freckle-dotted cheeks and nose
Grins back at me from out the misted past.
His knickers (new or old) then brought me woes—
The buckle on one leg alone, held fast!
What magic did that small boy's pantaloons
Contain, that one leg always seemed to be
In place? (I have not thought, for many moons,
Of that unanswerable childhood mystery.)
What let the other leg escape the grips
Of tightened buckle? How I used to send
His negligence, but he would purse his lips
And whistle off-key tunes, quite gay and bold.
Today I smile, remembering my frown
As I recall that aggravating lad
Who wore one up; the other down
And' chuckle at annoyance I once had

Mail—From a friend who lived in Chicago most of her life and recently moved to Washington . . . May I brief you on why we wanted to live in this great West? We felt the daily pace was taking too much from us. Out here where we can look at mountains and the far expanse of space, we have a feeling of permanence. My husband and I stand and just look at the Rockies. We know they have endured for ages and ages and that the whims and wars of the world cannot change them. There is a nearness to God here that we never experienced before" . . . From a reader: "I read about your granddaughter's being mine. My granddaughters (twins) are nine too and I often wonder what this old world will be like when they are our age. I'm sure it will be a better place because these youngsters of ours are going to demand a settlement of some of these trifling squabbles, domestic and international. I believe in the youth of today and I believe they will solve their problems in a wiser manner than we have tried to solve ours—by war" . . . From my favorite shut-in: "We could hear reverberations from the Mardi Gras clear over here (Mobile, Alabama,) and it must have been a grand affair. The nurses here say that by next year I should be able to attend in person and not get my accounts second-hand. That is probably wishful thinking for they want to get rid of me. Or maybe it's spring hope springing from their hearts for me. I don't know. Speaking of spring, of course we have gotten used to it down here—we have had it quite a while now."

Father's Lessons
(Isa. 43:2 and Psalms 18:19)

To know the Father's sure guidance comes only by way of "all things" working together.

Sometimes God has to force us out of our hiding place so He can get us into a useful position

When we get a gift we want from the Master Teacher, give God the advertisement. He likes to display His talent through us — so be a willing channel for His Glory.

The solution of a tough problem is God's business. Let us learn to make a clear distinction between what is our business and what is God's. Then let us learn to hand over to Him the part we can't do

When you've done your very best and yet everything is still out of order, listen to God's voice. The battle is the Lord's — He will supply the help for your needs.

Do your very best and then do what is harder yet — Stand still, and see the Glory of God's master plan go into effect.

We can do the possible, and then God takes over and does the impossible.

Attend the Church of your choice.

A new chemical, Amino Triazole, now is available for controlling poison ivy and horse nettles in orchards, say Ohio Agricultural Experiment station horticulturists.

If both sides make you laugh, you are broad-minded.

WOULD YOU TRY THIS TEST IN YOUR WASHER?
1. Wash a load of dirty greasy work clothes or old rags. Borrow some if necessary.
2. Do NOT clean out tub when finished!
3. Put in your most expensive dainty silk or nylon garment.
If you own a Westinghouse Laundromat have no fear, because it's self cleaning! If you own a Center Post Agitator Washer, better peek in the tub before putting in that dainty garment!!
THOUSANDS OF "SAND TESTS"
ARE BEING PERFORMED DAILY BY
WESTINGHOUSE LAUNDROMAT OWNERS
Many homemakers have been doing "sand tests" in their Westinghouse Laundromat for the past 10 to 12 years. Of course, they aren't putting in two cups of sand like Mrs. Wilson did but their children's clothes have been contributing sand, grit and grease just the same. The sand in Mrs. Wilson's "sand test" merely represents the flow of dirty water as it drains out of the washer. The patented Westinghouse Revolving Agitator drains the dirty water, sand, grit and grease away from the clothes and down the drain. Old fashioned centerpost agitator washers must strain the water through the clothes and redeposit sand and lint on the newly washed clothes.

Versatile Teacher Has Nine Alma Maters; More To Come

RELAXED Glen Bittner believes that controlled informality permits a closer relationship between teacher and students.

Glen S. Bittner, teacher at the George C. Beery Junior High School on Lockbourne-rd, must really have been impressed when he heard that old saying, "you never get enough learning."

Certainly, something must have inspired this young teacher in his drive for education. To date he has attended seven colleges and universities, and is now preparing to enter another.

A native of Columbus, Bittner received a bachelor's degree in music from Ohio State University. Since then he has attended Fordham University, Boston College, Imperial Valley College, San Diego State College, Long Beach State College, and is now enrolled at Capital University. This summer he will enter Ohio University at Athens.

Language Master

Among subjects and courses of study he has mastered are: music and vocal music, Latin, Greek, German, French, Italian, Spanish, Lithuanian languages, piano and pre-ministry.

At the completion of his present course of studies, he will have accumulated certificates for teaching elementary education, history, social studies, English and music. He now teaches English and social studies.

A man with an insatiable curiosity, Bittner collects books in droves. Although teaching, his first love, and studies absorb much of his time, he manages to include several hobbies in his interests. An excellent pianist, he is often found playing the school instrument after classes.

Loves Opera

In addition to books and music, Bittner enjoys opera and theatrical work. In 1948 and 1949 he operated his own professional musical comedy company, "Theater Productions, Inc." staging many plays at the Hartman Theater. He spent the summer of 1953 in Maine with a light opera company, and while attending various colleges, participated in campus theatrical productions.

A veteran of World War II, Bittner served in the signal corps and was an aviation cadet. He lives at 436 Vermont-pl.

INSPECTION STAMP

The U.S. inspection stamp on food indicates that a trained federal inspector has checked the food and found it wholesome.

State's NROTC Unit Cruise Plans Set

Cruise BRAVO will commence June 10 from Norfolk, where 2085 NROTC midshipmen will board a battleship and eight destroyers, for a cruise off the west coast of South America

Cruise CHARLIE, will get underway in Norfolk on July 8 for Quebec, Canada.

Gremlins

When Tom Sharp, Leader display advertising manager, turned his back last week, one of those little devils referred to, as a rule, by printers as Gremlins jumped into the advertisement of Clock Carry-Out, 639 E. Livingston-av, darted a quick glance around to be sure no one was watching . . . and you know what? The Gremlins grabbed the address, which is given two or three lines above, and threw it away. Mr. Sharp remembers seeing a smirk on their faces a bit later, but the Leader was printed before he realized the meaning of their smirks. Anyway, Clock Carry-Out is across the street from the firehouse. The address is 639 Livingston-av.

'Stage Door' Is Theatrical Conveyance For South High's Annual Presentation

South High School will present its senior play, "Stage Door," Apr. 12, at 8 p.m. in the school auditorium.

"Stage Door" is a comedy by Edna Ferber and George S. Kaufman, and it concerns a group of young girls who have come to New York to study acting and find jobs. The scene is Mrs. Orcutt's boarding-house, where the hopes and ambitions of sixteen young women are revealed in scenes of entertaining comedy. Contrasted with this are the cases of the girl without talent and the elderly actress whose days are over; but the central plot has to do with courageous Terry Randall, who fights against discouragement to a position in the theatre where we are sure she will conquer. One of her fellow aspirants gives up in despair, one gets married, and one goes into pictures, but Terry, with the help of idealistic David Kingsley, sticks to her guns. Color and contrast are offered by Mattie, the maid; Frank, her husband; a few young men callers, a movie magnate, and young Keith Burgess, the playwright who "goes Hollywood."

The play is being directed by the dramatics coach, Don Phillips. Some members of the case are, Mrs. Orcutt, Charolette Jenkins; Keith Burgess, Tim Hepner; Jean, Sallie Jester; Terry, Pat Hoover; Olga, Anette Lustig; David Kingsley, Dan Cassell; Judith, Jo Haley; Kaye, Donna Miller; Susan, Nancy Tipton; Big Mary, Connie Miller; Adolph Gretzl, Bruce Gischel.

Tickets are 60 cents per person and may be purchased from any dramatics student or at the door the night of the play.

Mar. 30, the Hamilton Township High School Concert Band entered the district band contest held at Central High School in Columbus.

They received a superior rating which qualifies them to enter in the state contest to be held at Ohio State University, Saturday, Apr 27.

Panthers Pushed Taffy With More Success Than In Gray-Y Basketball

The Southwood Panthers were participants in the South Side Branch YMCA Gra-Y Basketball leagues, where, it was said, a willingness to play and plenty of height made the Panthers a constant threat throughout the season. The club made up for not winning the basketball championship by being the leading city club in taffy sales for World Service. From left to right they are, back row, Mr. Eggleston, Philip Ikehorn, Bob Cossin, Jan Wisecarver, Dave Mouser; front row, Keith Bradley, Steve Toth, Jim Ellis. Club advisor is Al Eggleston.

Miss Bausch, Parsons Branch Library, Tells Of Thrilling Books On Shelves

We would like to invite our patrons to come and see the interesting bead work collection now in our display case. The collection was loaned to us by Mrs. Ernest Ocker of 777 Siebert-st. Some of the items are Mrs. Ocher's own handiwork and others are from her antique collection. The beads used in these antique pieces are so tiny they can scarcely be seen. These tiny beads cannot even be purchased today. There are samples of bead knitting, bead crochet, bead embroidery on net, paste beads (made from flower petals), Indian bead work, and many others. Persons interested in handcraft won't want to miss seeing this.

New Books

Following are some of our recent books which we think you will enjoy.

"Face of a Hero," by Pierre Boulle. A second's hesitation, a single lapse in judgment, a lack of courage necessary to admit, not guilt, but fault; these combine to compel Jean Berthier, a prosecutor hitherto unflinching in his devotion to justice, to obtain the conviction of a young man who may be innocent. The result? Berthier, the incorruptible prosecutor, is hailed as a hero. The tension increases steadily to the very last page.

"The Magnificent Three," by Grace Petticlere. "The Magnificent Three" are the great Christian virtues, faith, hope, and love, or they are the three characters who dominate this extraordinary novel of the early Christian church. Prisca Acilius, the red-headed noblewoman who dreams of the cleansing and restoration of Rome: Aquila, a young student in love with her; and the Apostle Paul, who floods the dreams of these two with the irresistable voice and message of a new faith. Paul dies, but his great converts, Presca and Aquila, rescue his writings and out of the flames of Rome the immortal words of the New Testament rise as an unconquerable power.

"Twilight for the Gods," by Ernest Gann. Now Gann has written the novel of them all, a magnificent story that does for sailing men and the sea what "The High and Mighty" did for the planes and the men who fly them. This is the story of the sailing vessel Cannibal and the passengers and crew on her last and most tempestuous voyage. Date was Oct. 12, 1927. The Cannibal left the South Seas port of Sieve with a handful of passengers apd a load of copra, and set her course firmly toward Mexico. In the swift weeks that follow, you come to know her passengers and crew as intensely real people at a peak moment of crisis. A very moving story of heroism and disaster with a climax that is in every way inevitable and right.

"The Priest," Joseph Caruso. At the bedside of a dying fisherman, Father Scarpi hears a confession of a murder for which another man stands convicted. The priest feels bound to save the condemned man's life, at the same time preserve the seal of the confessional. The two drives are not compatible. His search for justice brings on a deep crisis of faith. A powerful novel whose strength lies in the priest's human involvements and internal struggle.

Non-Fiction

"The Complete Book of Low Low Calorie Cooking," by Levinson. This book anskers the dieters' most important question—how to prepare food that tastes good, but is not fattening. There are recipes for everything you want to cook, even cake, pies and puddings. Learn how to lose weight and eat tasty dishes at the same time.

"What to Say and How to Say It For All Occasions," by Belson. Nearly everyone is called upon at some time or another to prepare a speech or compose other material to be spoken, read, or used in his club, school, community center, religious groups, or other group activities. Here is excellent help for you, speeches and remarks for occasions such as presentations, introductions, installation ceremonies, congratulatory messages, appeals for funds, retirement speeches, etc.

"How to Make the Most out of Your Job" by Eugene Carr. Skill and talent on a job are not enough. This book discusses in a practical, down-to-earth manner the other factors that affect your job and how they must be integra ed with your skill and ability in order to achieve greater success and happiness.

'Out Accidents' In Kimble Plant

"No accident month," an annual campaign conducted in all Owens-Illinois Glass Co. plants, started Apr. 1 at the Columbus Kimble Plant, 711 Southwood-av.

This year's campaign will be the fifth in which Owens-Illinois people will attempt a 30-day period without a lost-time accident. There are approximately 30,000 Owens-Illinois employees in 30 plants all over the country involved in this safety drive.

Spearheading the local effort, which consists of a "play poker for safety" contest, a "mystery man hazard hunt" contest, and the use of signs and displays in the plant, is Safety Director Ray Leddy, 494 Reinhard-av, and some 30 plant safety committeemen and women.

The Columbus plant, which is the sixth largest manufacturing concern in Columbus, employing about 1300 people, manufactures glass television picture tube bulbs.

Heyl Leopards High In Taffy Sale

The Heyl Leopards were members of the South Side Branch YMCA Gra-Y basketball league. The Club has recently done a good job selling taffy for World Service and is now looking forward to softball. From left to right, back row, Karl Mills, James Edwards, Carl Chalfon, Marshall Martin; front row, left to right, Kenny Mills, Rocky Roshon, James Robinson, Mark Berst.

Superior Rating

The South High School Band received a superior rating in the Central District Class A band contest held Mar. 30 at Central High School. This rating now makes the band eligible for the state contest to be held Apr. 27 at Newark. Three Class A bands received ratings of I: Linden McKinley, Lancaster and South.

The required number for the state contest is the Hansel and Gretel Overture by E. Humperdinck. The band must also play two selective numbers for the contest. — Dick Evans, Reporter.

'Age' Club List Rises; 30 In Now

The Schiller Park Golden Age Club will hold its regular meeting next Tuesday at 1:30 p.m. in the Schiller Recreation Center. This group, which was organized less than a month ago and started out with 10 members, now has grown to a membership of about 30 people. There are several husband-wife combinations in the club.

A part of next week's meeting will be taken up with a hat-making contest. Various materials will be furnished from which the participants will be asked to design and make a hat. These original creations will then be modeled in an "Easter Parade" and a prize will be awarded to the person with the most original design.

Membership in the Schiller Park Golden Age Club is still open and any man or woman in the "golden age of life" is welcome to attend, the management stated. Interested persons may call the center, HI. 4-7282, for further information.

CARD OF THANKS

We wish to express our heartfelt thanks and sincere appreciation to our relatives, friends and neighbors and employees of the city of Columbus, especially those in the Division of Water, for their kindness, sympathy and beautiful floral offerings; to Rev. Walter Peters for his consoling words; Graumlich and Son for their ambulance service and Cook and Son for their kind assistance at the recent death of our beloved husband and father, Marshall Haughn. The many cards, calls and letters were a great source of comfort to us.

Laura Haughn,
Barbara Hain
and Family.

Camp Fire Birthday Party

Left to right are Horizontal Club girls singing the Horizontal oath. Front row, Betty Skobrak, Emma Tillet, Linda Junk, Betty Straub; back row, Sally Paulus, Carol Murphy, Nancy Murphy, Mary Beth Whitacre, Priscilla Dicke, Patty Bryant.

Some of the scenes at the Southeast Campfire District annual birthda party at Barrett Jr. High School Tuesday, Mar. 26. The 47th birthday theme is "Together We Make Tomorrow." Master of Ceremonies William Ourselor told us the way he got the job for the evening was because his wife was party chairman and a Blue Bird leader; his daughter, Lydia, 14, a Horizontal girl; Beverly, 10, a Camp Fire Girl; Donna, 8, a Blue Bird, and Jerry, 13, a curtain puller.

There were approximately 350 parents, friends and girls attending and the entertainment was furnished by the girls. Groups participating were Mrs. Chilton, Mrs. Ball, Mrs. Conkle, Mrs. Ware, Mrs. Harris, Mrs. Weaver, Mrs. Ourselor, Mrs. Carroll, Mrs. Skobrak, Mrs. Jordan, Mrs. McCleary, Mrs. Althen, Miss Julbelt, and Mrs. Barber.

GADABOUT

(Continued from Page 3)

Schiller Park, honored all the members who have April birthdays. Yesterday's conclave at Dayton was the "fourth annual "Grandma's Day" and honor guests were Mrs. Marie K Brown, national founder of the organization and Mrs. Sylvia Stalcup, national president.

Just can't let April pass without sending the best of wishes to Laura Lenox, who had an Apr. 6 birthday.

Apr. 13 will be the wedding anniversary of two young couples in this area, as Father Time flips the calendars in years to come. Virginia Lee Evans, 833 E. Whittier-st, and J. Vernon Decham of Michigan, will exchange their vows in St. John's E&R Church at 7:30 this Saturday. Miss Evans is a public school teacher. Mr. Deehan is attending Capital University, the alma mater of his bride-to-be. Also exchanging vows this Saturday are Betty Jean Scaggs, South Solon, O., and Raymond Webster, 1965 Deshler-av. Both young folks are employes of the Yardley Plastics Co.

The Ryan family, 816 S. 17th-st, are anxiously awaiting the 15th of the month to get here, for on that day their son and his family will arrive to spend the Easter vacation with his Columbus relatives. The Junior Doonald Ryan family resides in Washington, D.C

WSCS circles of Thurman Avenue Methodist Church to meet within the week are Mary Circle which meets at noon-day for a dessert luncheon. Hostesses are Effie Whiteside, Carrie Hootman and Zelma Quinn. Susannah Circle will meet Apr. 16 at the church, following Holy Week services.

Bead 8 of Our Lady of Mercy will meet Apr. 17 in the home of Pauline Straub, 859 Fairwood-av, at 8 p.m.

South High School PTA executive board will hold its April meeting next Tuesday the 16th, at 1:30 p.m. Southwood Parent Education Group will meet at the school on April 17, for a pot-luck luncheon. The execlutive board will hold its meeting at 1:30 p.m. the same day.

Hope Evangelical Lutheran Church was the scene of the Mar. 17 wedding of Helen Patricia Longworth, 1185 Linwood-av, and Charles Robson, 302 E. Mithoff-st. Both young folks are South High School graduates and Mr. Robson is a senior at OSU. The Robsons now reside at 949½ Livingston-av.

Had occasion to chat with a very interesting gentleman last week, one who is an authority on all sorts of "Ohioana." The gentleman was Mr. Cotner and he had a message for all South Siders, 60 or older, who would like to make new friends and find interesting things to do. On Tuesday, April 2, the Golden Age Club was formed at Schiller Park, and Mr. Cotner is the temporary chairman. There will be no regular dues as such, but free-will offerings will take care of whatever expenses might occur. It is planned to have meetings twice a month, held as potlucks. Mr. Cotner said the main goal of the group is to get our mature citizens together in fun and fellowship, to combat the loneliness of those whose families are grown and on their own. The next meeting of the group is at Schiller Park Tuesday, Apr. 16, at 1 p.m. Mr. Cotner invited ye Gadabout to be a guest and we thank him for his kind invitation.

Wedding congratulations will be in order for Nellie Waters, 852 S. Front-st, and Lewis Kackley, 575 Gilbert-st, after tomorrow, Apr. 12. The two South Side residents will exchange their vows in Grace Lutheran Church. They will reside at 686 Stanley-av after the ceremony.

Don't seem to find any more items to write about, so will close this week's stint with the reminder that the phone number is still HI. 4-1051. (It's been a busy "outgoing" one recently, for which we'll apologize, but do call anyway It might be open for a change!) Til next week

THE GADABOUT

Pfc. James Moore Is Coming Home

Pfc. James T. Moore, 23, son of Mr. and Mrs. James Moore, 254 Hanford-st, is returning to Columbus after 18 months of active duty with the 85th Infantry Regiment in Bamberg, Germany. Pfc. Moore completed his basic training at Fort Riley, Kansas.

In Germany, he became a regular guard on the regiment football squad. Also while he was overseas he was able to visit Ireland, the birthplace of his parents.

The returning soldier is a 1952 graduate of St. Mary's High School and attended Capital University. He was an employe of the Kimble Glass Company prior to his army duty.

Sgt. Kramer In Pistol Matches

Army Sergeant First Class Otto H. Kramer Jr., whose wife, Vivian, lives at 517 Miller-av, recently participated in the Southern Area Command Pistol Matches in Munich, Germany.

Sergeant Kramer, an instructor with the U. S. Army Engineer School in Murnau, represented the Garmisch sub-area in the event.

A veteran of 15 years of Army service, the sergeant was stationed at Fort Leonard Wood, Mo., before arriving in Europe in July, 1956. He has also served in the Far East.

The sergeant holds the Bronze Star Medal. His mother, Mrs. Emilie Kramer, lives on Rt. 1, Marion, Ind.

In Ohio the average operating farmer is approaching his 51st birthday. More than 6 in 10 farmers already have celebrated their 45th birthdays. 4 in 10 are past 55 and 2 in 10 are past 65.

Good Speech

Many poo-hoo good speech, on the theory, maybe, that understanding is a sign of sissyness. However, they should remember that speech allowing intelligent communication between peoples was the foundation of civilization. Good speech is the difference between civilization and uncivilized life. Most people can be measured by the degree of their interest in good speech.

Let's Stay Clean

It cannot be successfully controverted that the community is in need of "Clean-up," such as is being announced in today's South Side Leader. There may be some who do not know they have need of clean-up. Most people know when clean-up is needed. Some forget and let it slide until a never-reached "convenient day." Credit is due Steelton Merchants and, particularly, the Council of South Side Organizations, for their sponsorship of the clean-up program. Think I'll stay where I'm not likely to be caught during the period under discussion. When the clean-up campaign is over, let's start another, right in our yards, and keep things clean throughout the year. That's GOOD citizenship.

Are They "Daffy"?

Daffydills, I mean. Here it is on a Sunday afternoon, cool—pshaw! it's cold —and the pretty yellow flowers stand up bravely to the tip of the tale of Winter as it dashes onward to where it goes out . . . It may stay away, too, for I have many pretty flowers a-coming when Old Sol is given

The 'Little Dog Laughed' Intrigues St. Mary Group Developing Play

Working on plans for the play to be produced by the senior class of St. Mary High School are, left to right, Kay Kaiser, Leona Saurer, Phil Palumbo, John Knadler and Jeannette Heinmiller.

"The Little Dog Laughed" is to be presented at Mohawk School auditorium Friday, Apr. 26. Curtain time is 8 p.m. Admission price is 50 cents per person. The complete cast is as follows: Laurie Huntington, a sophomore, home from college, Kay Kaiser; Sidney Huntington, her father, normally jocular, Phil Palumbo; Martha Huntington, her mother, charming, but anxious, Donna Leddy; Wally Huntington, her brother, content with the world, John Knadler; Mrs. [illegible], the maid, Leona Saurer.

Joan Wood, Wally's one-and-only, Toni Gasbarro; Lillian Wood, Joan's mother, Betty Croyle; Ted Wood, Joan's father and Sid's business rival, John Rogers; Mark Bradford, Joan's cousin and medical student, Jim Ferstl; Horation P. Honeywell, Gus' boy friend, Bill Camboni; Plus Dottie Hilsheimer, Donna Gugliematto, Rosalyn Brake, Jeanette Heinmiller, and Maryann Nehr as guests at Martha's tea Patty Maloney, Linda Quickert, years squad, was the only Bulldog standout, as the senior shortstop banged out two hits and drove in all of his teams runs. Ed Saunders started the game for South, but lasted only a few innings, being knocked out of the box in the Terrier big third inning. Chris Scheiderer relieved Saunders on the mound, but didn't fair much better. However, his jinx on Don Laird, the Terrier shortstop, was still in effect. Scheiderer silenced the bat of Laird four times. Last year the Aquinas clean-up hitter had trouble hitting the right-hand offerings of Scheiderer.

Mentel, "the king of the hill," sent 16 Bulldogs back to their bench after they witnessed three perfect pitches sail across the plate.

The Bulldogs take on West's Cowboys Friday in what is supposed to be a pretty even match.

Rev. Sutorius To Speak

Rev. Carlton Sutorius, pastor, Emanual Lutheran Church, will be guest speaker at the Livingston-av Parent Education Study meeting, Thursday, April 25 at 7:30 p.m. Parents are invited to come and take part in the discussion of "Lasting Lessons in Spiritual Values." The meeting is being planned by Mrs. John Dethloff.

Mrs. Williard E. Miller, publicity chairman, announced that leaders hope parents will attend with the purpose of taking part in the discussion. Refreshments will be part of the social period following the meeting, Mrs. Miller said.

Job's Daughters Meet April 24

Eastern Star and Masonic Night of Job's Daughters, Bethel 5, will be held Apr. 24, at 7:30 p.m. at South Gate Masonic Temple. The meeting is open to all Eastern Stars and Masons, publicity chairman Judy Spurgeon, 1683 Kossuth-st, announced.

John L. Seaman has recently been installed as associate guardian of the Bethel. Carol J. Miller is honored queen.

In Training

Army Srgt. 1/c Gordon R. Longmire, son of Mr. and Mrs. Emerson Longmire, 500 Deshler-av, recently participated with the 8th Infantry Division in "Lion Noir," a two-week field training exercise in Western Germany.

Sergeant Longmire, a clerk in the division's 8th Signal Company, entered the Army in 1945.

Mrs. Robert Frost, 708 Whittier-st, has been named South area chairman for the 1957 United Appeal, according to Mrs. Jack N. Taylor, chairman of the newly-formed "residential division."

Formerly called the "Women's Division," the area of solicitation has been expanded to include the entire county area, rather than just within the city limitations. Solicitation in county areas has been covered in previous campaigns by the "County Division," which was recently disbanded. Mrs. Taylor said she expects there will be more than 7,000 women recruited to cover the entire Franklin County area.

In the 1956 campaign, Mrs. Taylor said, the women's division was one of three divisions going over its quota with a total of 101 per cent.

Mrs. Frost was vice-chairman of the South Area last year and has also worked as a captain and a major in previous campaigns. She is also a past member of the Benjamin Franklin Guild. Women who want to work in this area on the campaign can contact Mrs. Frost at HI. 3-5392, she said.

Begins Season

After postponing the first league game on Apr. 9, the South Side Branch YMCA Gra-Y Softball Leagues opened Thursday, Apr. 11.

All of the teams looked good for the beginning of a season in which "spring practice" has been practically obsolete.

The Siebert Scorpions won their first game of the season by defeating the Southwood Eagles. "Mickey" McDaniel and Ron Skeen helped the hard-hitting Scorpions with some good pitching. The Eagles played a fair game behind the leadership of Bob Cossin, but were not yet good enough to win.

The Southwood Panthers helped make up for the Eagles' losses by beating the Stewart Indians. Southwood did most of its scoring in the first two innings with the help of Jan Wisecarver's home run with two men on base. Stewart showed some fair hitting, but looked weak in the field. Jerry Kehlmeier hit a home run for the Indians and showed some good fielding along with Joey Poeschel.

Lincoln Park was bound to win as the Scarlets played the Grays. Doug Carrol and Mike Rodgers showed some good hitting and excellent fielding to help the Grays come from behind to beat the Scarlets.

Sportsmanship was very good for all teams as the Thursday League got underway. Many spectators were out to see the game and take advantage of the weather. Lincoln Park Grays 10, Lincoln Park Scarlets 6; Southwood Panthers 14, Stewart Indians 2; Siebert Kool Kats 15, Southwood Eagles 6.

Concert Ahead

The South High School music department will present its annual spring concert Friday, Apr. 26, in the school auditorium. Tickets will go on sale soon and may be purchased from any member of the music department for 50 cents, it was announced.

Standing, left to right, are Jim Wagner, Mayor M. E. Sensenbrenner and Tom Sharp discussing the recent letter sent out by the Mayor, following the theme outlined by the Council of South Side Organizations to "clean-up" and "paint-up." Sharp and Wagner are on the committee planning the week-long observance in the South Side.

• • •

The Council of South Side Organizations announced this week that it will again sponsor the annual Clean-Up, Paint-Up, Fix-Up, program in the South side. The organization has declared that this program is one which every South Side resident can enthusiastically support.

In recent years the Council has started the program off with a parade, but this year, due to city restrictions on marching on crowded streets, the council decided to sponsor a section in the South Side Leader next week calling attention to this program and assisted by local merchants in the area, arrange for weekly news spots to be broadcast over the radio and TV to distribute printed material showing ways of accomplishing the beautification of the South Side.

Mayor Favors

Mayor M. E. Sensenbrenner has publicly stated that he congratulates the Council for carrying on this program for the past three years and he hopes that they will continue to do so to the improvement of the area and the city.

"Columbus needs a good scrubbing," the mayor said, speaking of the drive, and "this is more than a one-man task and too large for just a small group. It requires the concentrated efforts of all." The mayor continued, "Frequently a growing boy neglects to wash behind his ears. Our city is like that. We need a month dedicated to 'clean-up, paint-up, fix-up time.' Our results can be astounding." He added, "Pittsburgh and Indianapolis have successfully conducted similar campaigns, and many more cities could be cited as examples. We can do it too."

More Information

The mayor's letter invited the civic leaders to attend a meeting to effectuate the talk and the planning, it was stated. The South Side has supported the program three years, and further steps are expected.

A special section will appear in the South Side Leader next week.

Heyl Parent Education Group Dated

Heyl Avenue Parent Education Group will meet April 25 for a special meeting, Mrs. Bill Jacks, publicity chairman has announced.

Mrs. Richard Yantis, chairman of the group, will play the Christopher Records, sex education records directed at parents of children from pre-school through high school age.

Weight-Lifters To Have Their Day At Schiller

The state weight-lifting tournament will be held at Schiller Recreation Center Sunday, Apr. 28, according to a statement at the Center. The Schiller weight-lifting club will be represented in this meet by several members headed by Gary Grimm, who in past meets won quite an umber of points.

The tournament is open to anyone interested in weight-lifting, and entry blanks are available at Schiller Center. Persons wishing to enter the meet should contact LeRoy Wise, athletic director at Schiller.

City May Purchase Fairwood Area For Park

At a Tuesday meeting of the City Park Commission, it was recommended that the city buy the wooded area of Fairwood-av immediately south of Wesleyan Press, running east from Fairwood-av to the railroad. This area comprises approximately 26.80 acres.

It was stated that the condition of the area now land, bounded north and west by light industry, south by recently developed single-family residences; East by N&W Railroad and Franklin County TB Sanitarium. The area has a total of 216 trees six inches in diameter or over, having value for park use.

Some of the disadvantages listed were that Fairwood-av is part of the major street plan and that the land will require sub-drainage.

This land has been recommended by the Council of South Side Organizations for use as a park site.

Legislation for the purchase of this land is expected to be presented to City Council next Monday evening.

81 Years' Volunteer Service To South Side YMCA Recognized At Banquet

Pictured above are veteran advisors of the South Side Branch YMCA Marion Township Council who received special recognition at the Council's recent 23rd annual athletic banquet.

Richard Gray, president of the Council, presented YMCA pins and gave special appreciation recognition on behalf of the participants of the South Side YMCA Marion Township Athletic Leagues to the honorees at their banquet held in Marion-Franklin High School cafeteria.

Total years of "devoted and unselfish service" by six advisors totaled 81 years, it was said. Left to right, they are Herman Kuehn with 21 years of service; Bill Houghton, eight years; Tillie Houghton, eight years; Wilma Fisher, 10 years; George Fisher, 17 years; and Joe Di Giola, 19 years.

C. L. Dumaree, a member of the board of management of the South Branch YMCA, gave the main address of the evening.

Larry Lupfer was toastmaster of the program which was opened with invocation by Diane Nippert. Charles Boren welcomed the guests to the program while group singing was led by Herbert Germain, Barrett Jr. High instrumental instructor.

Jack and Gene Speakman rendered several numbers to provide special music for the affair.

Elmer Becker, a member of the South Side YMCA Amerigo Club, made the "Sportsmanship" and "Championship" presentations.

Kit Edwards gave the closing benediction.

'Age' Club List Rises; 30 In Now

The Schiller Park Golden Age Club will hold its regular meeting next Tuesday at 1:30 p.m. in the Schiller Recreation Center. This group, which was organized less than a month ago and started out with 10 members, now has grown to a membership of about 30 people. There are several husband-wife combinations in the club.

A part of next week's meeting will be taken up with a hat-making contest. Various materials will be furnished from which the participants will be asked to design and make a hat. These original creations will then be modeled in an "Easter Parade" and a prize will be awarded to the person with the most original design.

Membership in the Schiller Park Golden Age Club is still open and any man or woman in the "golden age of life" is welcome to attend, the management stated. Interested persons may call the center, HI. 4-7262, for further information.

Had occasion to chat with a very interesting gentleman last week, one who is an authority on all sorts of "Ohioana." The gentleman was Mr. Cotner and he had a message for all South Siders, 60 or older, who would like to make new friends and find interesting things to do. On Tuesday, April 2, the Golden Age Club was formed at Schiller Park, and Mr. Cotner is the temporary chairman. There will be no regular dues as such, but free-will offerings will take care of whatever expenses might occur. It is planned to have meetings twice a month, held as potlucks. Mr. Cotner said the main goal of the group is to get our mature citizens together in fun and fellowship, to combat the loneliness of those whose families are grown and on their own. The next meeting of the group is at Schiller Park Tuesday, Apr. 16, at 1 p.m. Mr. Cotner invited ye Gadabout to be a guest and we thank him for his kind invitation.

Wedding congratulations will be in order for Nellie Waters, 852 S. Front-st, and Lewis Kackley, 575 Gilbert-st, after tomorrow, Apr. 12. The two South Side residents will exchange their vows in Grace Lutheran Church. They will reside at 686 Stanley-av after the ceremony.

Don't seem to find any more items to write about, so will close this week's stint with the reminder that the phone number is still HI. 4-1051. (It's been a busy "outgoing" one recently, for which we'll apologize, but do call anyway it might be open for a change!) Til next week

Good Speech

Many poo-hoo good speech, on the theory, maybe, that understanding is a sign of sissyness. However, they should remember that speech allowing intelligent communication between peoples was the foundation of civilization. Good speech is the difference between civilization and uncivilized life. Most people can be measured by the degree of their interest in good speech.

Let's Stay Clean

It cannot be successfully controverted that the community is in need of "Clean-up," such as is being announced in today's South Side Leader. There may be some who do not know they have need of clean-up. Most people know when clean-up is needed. Some forget and let it slide until a never-reached "convenient day." Credit is due Steelton Merchants and, particularly, the Council of South Side Organizations, for their sponsorship of the clean-up program. Think I'll stay where I'm not likely to be caught during the period under discussion. When the clean-up campaign is over, let's start another, right in our yards, and keep things clean throughout the year. That's GOOD citizenship.

Are They "Daffy"?

Daffydills, I mean. Here it is on a Sunday afternoon, cool—pshaw! it's cold —and the pretty yellow flowers stand up bravely to the tip of the tale of Winter as it dashes onward to where it goes out . . . It may stay away, too, for I have many pretty flowers a-coming when Old Sol is given

The 'Little Dog Laughed' Intrigues St. Mary Group Developing Play

Working on plans for the play to be produced by the senior class of St. Mary High School are, left to right, Kay Kaiser, Leona Saurer, Phil Palumbo, John Knadler and Jeannette Heinmiller.

"The Little Dog Laughed" is to be presented at Mohawk School auditorium Friday, Apr. 26. Curtain time is 8 p.m. Admission price is 50 cents per person. The complete cast is as follows: Laurie Huntington, a sophomore, home from college, Kay Kaiser; Sidney Huntington, her father, normally jocular, Phil Palumbo; Martha Huntington, her mother, charming, but anxious, Donna Leddy; Wally Huntington, her brother, content with the world, John [illegible], Mrs. "Gus" Curtis, Leona Saurer.

Joan Wood, Wally's one-and-only, Toni Gasbarro; Lillian Wood, Joan's mother, Betty Croyle; Ted Wood, Joan's father and Sid's business rival, John Rogers; Mark Bradford, Joan's cousin and medical student, Jim Ferstl; Horation P. Honeywell, Gus' boy friend, Bill Camboni; Plus Dottie Hilsheimer, Donna Guglielmatto, Rosalyn Brake, Jeanette Heinmiller, and Maryann Nehr as guests at Martha's tea Patty Maloney, Linda Quickert,

years squad, was the only Bulldog standout, as the senior shortstop banged out two hits and drove in all of his teams runs. Ed Saunders started the game for South, but lasted only a few innings, being knocked out of the box in the Terrier big third inning. Chris Scheiderer relieved Saunders on the mound, but didn't fair much better. However, his jinx on Don Laird, the Terrier shortstop, was still in effect. Scheiderer silenced the bat of Laird four times. Last year the Aquinas clean-up hitter had trouble hitting the right-hand offerings of Scheiderer.

Mentel, "the king of the hill," sent 16 Bulldogs back to their bench after they witnessed three perfect pitches sail across the plate.

The Bulldogs take on West's Cowboys Friday in what is supposed to be a pretty even match.

Rev. Sutorius To Speak

Rev. Carlton Sutorius, pastor, Emanual Lutheran Church, will be guest speaker at the Livingston-av Parent Education Study meeting, Thursday, April 25 at 7:30 p.m. Parents are invited to come and take part in the discussion of "Lasting Lessons in Spiritual Values." The meeting is being planned by Mrs. John Dethloff.

Mrs. Williard E. Miller, publicity chairman, announced that leaders hope parents will attend with the purpose of taking part in the discussion. Refreshments will be part of the social period following the meeting, Mrs. Miller said.

Job's Daughters Meet April 24

Eastern Star and Masonic Night of Job's Daughters, Bethel 5, will be held Apr. 24, at 7:30 p.m. at South Gate Masonic Temple. The meeting is open to all Eastern Stars and Masons, publicity chairman Judy Spurgeon, 1683 Kossuth-st, announced.

John L. Seaman has recently been installed as associate guardian of the Bethel. Carol J. Miller is honored queen.

In Training

Army Sgt. 1/c Gordon H Longmire, son of Mr and Mrs Emerson Longmire, 300 Deshler-av, recently participated with the 8th Infantry Division in "Linn Noir," a two-week field training exercise in Western Germany.

Sergeant Longmire, a clerk in the division's 8th Signal Company, entered the Army in 1945.

[illegible]-st, has been named South area chairman for the 1957 United Appeal, according to Mrs. Jack N. Taylor, chairman of the newly-formed "residential division."

Formerly called the "Women's Division," the area of solicitation has been expanded to include the entire county area, rather than just within the city limitations. Solicitation in county areas has been covered in previous campaigns by the "County Division," which was recently disbanded. Mrs. Taylor said she expects there will be more than 7,000 women recruited to cover the entire Franklin County area.

In the 1956 campaign, Mrs. Taylor said, the women's division was one of three divisions going over its quota with a total of 101 per cent.

Mrs. Frost was vice-chairman of the South Area last year and has also worked as a captain and a major in previous campaigns. She is also a past member of the Benjamin Franklin Guild. Women who want to work in this area on the campaign can contact Mrs. Frost at HI. 3-5392, she said.

Begins Season

After postponing the first league game on Apr. 9, the South Side Branch YMCA Gra-Y Softball Leagues opened Thursday, Apr. 11.

All of the teams looked good for the beginning of a season in which "spring practice" has been practically obsolete.

The Siebert Scorpions won their first game of the season by defeating the Southwood Eagles. "Mickey" McDaniel and Ron Skeen helped the hard-hitting Scorpions with some good pitching. The Eagles played a fair game behind the leadership of Bob Cossin, but were not yet good enough to win.

The Southwood Panthers helped make up for the Eagles' losses by beating the Stewart Indians. Southwood did most of its scoring in the first two innings with the help of Jan Wisecarver's home run with two men on base. Stewart showed some fair hitting, but looked weak in the field. Jerry Kohlmeier hit a home run for the Indians and showed some good fielding along with Joey Poeschel.

Lincoln Park was bound to win as the Scarlets played the Grays. Doug Carrol and Mike Rodgers showed some good hitting and excellent fielding to help the Grays come from behind to beat the Scarlets.

Sportsmanship was very good for all teams as the Thursday League got underway. Many spectators were out to see the game and take advantage of the weather. Lincoln Park Grays 10, Lincoln Park Scarlets 6; Southwood Panthers 14, Stewart Indians 2; Siebert Kool Kats 15, Southwood Eagles 6.

Concert Ahead

The South High School music department will present its annual spring concert Friday, Apr. 26, in the school auditorium. Tickets will go on sale soon and may be purchased from any member of the music department for 50 cents, it was announced.

Standing, left to right, are Jim Wagner, Mayor M. E. Senschenbrenner and Tom Sharp discussing the recent letter sent out by the Mayor, following the theme outlined by the Council of South Side Organizations to "clean-up" and "paint-up." Sharp and Wagner are on the committee planning the week-long observance in the South Side.

• • •

The Council of South Side Organizations announced this week that it will again sponsor the annual Clean-Up, Paint-Up, Fix-Up, program in the South side. The organization has declared that this program is one which every South Side resident can enthusiastically support.

In recent years the Council has started the program off with a parade, but this year, due to city restrictions on marching on crowded streets, the council decided to sponsor a section in the South Side Leader next week calling attention to this program and assisted by local merchants in the area, arrange for weekly news spots to be broadcast over the radio and TV to distribute printed material showing ways of accomplishing the beautification of the South Side.

Mayor Favors

Mayor M. E. Senschbrenner has publicly stated that he congratulates the Council for carrying on this program for the past three years and he hopes that they will continue to do so to the improvement of the area and the city

"Columbus needs a good scrubbing," the mayor said, speaking of the drive, and "this is more than a one-man task and too large for just a small group. It requires the concentrated efforts of all." The mayor continued, "Frequently a growing boy neglects to wash behind his ears. Our city is like that. We need a month dedicated to 'clean-up, paint-up, fix-up time.' Our results can be astounding." He added, "Pittsburgh and Indianapolis have successfully conducted similar campaigns, and many more cities could be cited as examples. We can do it too."

More Information

The mayor's letter invited the civic leaders to attend a meeting to effectuate the talk and the planning, it was stated. The South Side has supported the program three years, and further steps are expected.

A special section will appear in the South Side Leader next week.

Heyl Parent Education Group Dated

Heyl Avenue Parent Education Group will meet April 25 for a special meeting. Mrs. Bill Jacks, publicity chairman has announced

Mrs. Richard Yantis, chairman of the group, will play the Christopher Records, sex education records directed at parents of children from pre-school through high school age.

Weight-Lifters To Have Their Day At Schiller

The state weight-lifting tournament will be held at Schiller Recreation Center Sunday, Apr. 28, according to a statement at the Center. The Schiller weight-lifting club will be represented in this meet by several members headed by Gary Grimm, who in past meets won quite an umber of points.

The tournament is open to anyone interested in weight-lifting, and entry blanks are available at Schiller Center. Persons wishing to enter the meet should contact LeRoy Wise, athletic director at Schiller.

City May Purchase Fairwood Area For Park

At a Tuesday meeting of the City Park Commission, it was recommended that the city buy the wooded area on Fairwood-av immediately south of Wesleyan Press, running east from Fairwood-av to the railroad. This area comprises approximately 26.80 acres.

It was stated that the condition of the area is low land, bounded north and west by light industry, south by recently developed single-family residences; East by N&W Railroad and Franklin County TB Sanitarium. The area has a total of 216 trees six inches in diameter or over, having value for park use.

Some of the disadvantages listed were that Fairwood-av is part of the major street plan and that the land will require sub-drainage.

This land has been recommended by the Council of South Side Organizations for use as a park site.

Legislation for the purchase of this land is expected to be presented to City Council next Monday evening.

81 Years' Volunteer Service To South Side YMCA Recognized At Banquet

Pictured above are veteran advisors of the South Side Branch YMCA Marion Township Council who received special recognition at the Council's recent 23rd annual athletic banquet.

Richard Gray, president of the Council, presented YMCA pins and gave special appreciation recognition on behalf of the participants of the South Side YMCA Marion Township Athletic Leagues to the honorees at their banquet held in Marion-Franklin High School cafeteria.

Total years of "devoted and unselfish service" by six advisors totaled 81 years, it was said. Left to right, they are Herman Kuehn with 21 years of service; Bill Houghton, eight years; Tillie Houghton, eight years; Wilma Fisher, 10 years; George Fisher, 17 years; and Joe Di Gioia, 19 years.

C. L. Dumaree, a member of the board of management of the South Branch YMCA, gave the main address of the evening.

Larry Lupfer was toastmaster of the program which was opened with invocation by Diane Nippert. Charles Boren welcomed the guests to the program while group singing was led by Herbert Germain, Barrett Jr. High instrumental instructor.

Jack and Gene Speakman rendered several numbers to provide special music for the affair.

Elmer Becker, a member of the South Side YMCA Amerigo Club, made the "Sportsmanship" and "Championship" presentations.

Kit Edwards gave the closing benediction.

'Age' Club List Rises; 30 In Now

The Schiller Park Golden Age Club will hold its regular meeting next Tuesday at 1:30 p.m. in the Schiller Recreation Center. This group, which was organized less than a month ago and started out with 10 members, now has grown to a membership of about 30 people. There are several husband-wife combinations in the club.

A part of next week's meeting will be taken up with a hat-making contest. Various materials will be furnished from which the participants will be asked to design and make a hat. These original creations will then be modeled in an "Easter Parade" and a prize will be awarded to the person with the most original design.

Membership in the Schiller Park Golden Age Club is still open and any man or woman in the "golden age of life" is welcome to attend, the management stated. Interested persons may call the center, HI. 4-7262, for further information.

We wish to express our heartfelt thanks and sincere appreciation to our relatives, friends and neighbors and employees of the city of Columbus, especially those in the Division of Water, for their kindness, sympathy and beautiful floral offerings; to Rev. "It may not be known by many citizens of Columbus not familiar with the nature of farming that the early time, or Daylight Savings Time, severely affects working time on the farm and very frequently disrupts the farm routine. This is true not only in managing the planting and harvest, but in securing the necessities of food, clothing, supplies, equipment, banking and participating in social and other relationships.

THE RESURRECTION

Warm breezes of spring have melted the snows of winter
And warmed the earth to stir and enter
Into new life to awaken the tiny seeds
To send forth sprouts to fill life's needs
Little green shoots are stretching up:
Soon they'll be dandelion and buttercup
And all the flowers that give us beauty
To cheer us on our paths of duty.
Some will grow to sustain life:
To give us strength for our daily strife.
For spring is the time of year
When everything is reviving here
Warm spring air and gentle breezes
Call to us as nature pleases
With verdure growing toward the sun
For spring is the time of the Resurrection

PONTIUS PILATE TO HIS WIFE:

You warned me that this Man was innocent.
I knew about the dreams that terrified
And would not let you rest—when darkness cried
Aloud to you, and you said "Oh, repent.
My lord, your judgment!" Would that I had bent.
Before it was too late my pompous pride!
Would I had never seen Him crucified.
He had no fault. Such hours as I have spent!
I held unquestioned power to change His fate
But feared that I be called not Caesar's friend.
Almost I envy the poor thief that lies
With broken bones, whose trusting at the end
Won him the promise that a blessed estate
Awaited him that day in Paradise

EASTER SERMON

Here is a young man who was born in an obscure village, the child of a peasant woman. He grew up in another village. He worked in a carpenter shop until he was thirty, and then for three years he was an itinerant preacher. He never wrote a book. He never held an office. He never owned a home. He never had a family. He never went to college. He never put his foot inside a big city. He never traveled 200 miles from the place where he was born. He never did one of the things that usually accompany greatness. He has no credentials but himself.

While he was still young the tide of public opinion turned against him. His friends ran away. He was turned over to his enemies. He went through the mockery of a trial. He was nailed to a cross between two thieves. While he was dying his executioners gambled for the only piece of property he had on earth, and that was his coat. When he was dead he was laid in a borrowed sepulchre. Nineteen centuries have come and gone, and today He is the central figure of the human race and the leader of the column of progress. I am far within the mark when I say that all the armies that ever marched, and all the navies that ever sailed, and all the parliaments that ever sat, and all the kings that ever reigned, put together, have not affected the life of man upon this earth as has that One Solitary Life.

S. Hi '32 Class Sets Renuion

"Depression" graduates, or the South High School Class of '32, will have its first reunion since graduation in 1932, according to an announcement by Ken Goodman, 1133 S. High-st, who is publicity chairman for the reunion.

An active organization has been built up as an assurance that the reunion will be a huge success, Goodman said. The affair will be held in two sections. The first section a banquet, will be held in South High School building lunch room at 6:30 p.m. May 17, the announcement indicated. The banquet will be served amid familiar surroundings, it was stated, and then the class will move on to another location for dancing, refreshments and a period of renewing old friendships. Before going to the second phase, however, a short program will be presented under the guidance of Ben Gertner.

Widespread

Members of the 1932 class have "dispersed throughout the United States and several are in foreign countries," Goodman said. However, he said, more than 75 per cent of the class has remained in Franklin County.

Death has taken approximately 25 members of the class, the statement said, and 30 others have not been traced. The committees in charge of arrangements indicate that they are making plans for a happy evening for the members of the class close enough to attend the first class reunion. Committee members are these, it was stated:

THOUSANDS OF "SAND TESTS"
ARE BEING PERFORMED DAILY BY
WESTINGHOUSE LAUNDROMAT OWNERS

Many homemakers have been doing "sand tests" in their Westinghouse Laundromat for the past 10 to 12 years. Of course, they aren't putting in two cups of sand like Mrs. Wilson did but their children's clothes have been contributing sand, grit and grease just the same. The sand in Mrs. Wilson's "sand test" merely represents the flow of dirty water as it drains out of the washer. The patented Westinghouse Revolving Agitator drains the dirty water, sand, grit and grease away from the clothes and down the drain. Old fashioned centerpost agitator washers must strain the water through the clothes and redeposit sand and lint on the newly washed clothes.

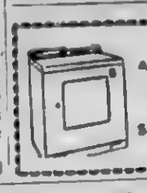
'Go' Signal Ready For 'Babe Ruths'

George Shadwell, secretary of the Swan Club, has announced the first meeting of the season to prepare for the year's baseball program. The date for the meeting has been set for Friday of this week at 7:30 p.m. in the Swan downstairs dining room.

The purpose of the meeting, Shadwell said, is to organize the 1957 "Babe Ruth" baseball club. Last season the "Babe Ruth" team was the city and district champion and was runner-up in the state tournament

Boys 13, 14, and 15 years of age interested in joining the team for this year should call Carl Haag, 2753 Eastminster-rd, telephone No. BE, 5-7838, and attend the meeting tomorrow (Friday) evening.



It is reported that Earl Haag and Harry Lamberson will coach the "Babe Ruths" again this year. Lunch and light refreshments will be served at tomorrow evening's meeting.

We are inclined to agree with the Connecticut newspaper which affirms that Barnum never said of suckers, "One is born every minute." The great showman seldom was guilty of an understatement.

Center To Open Earlier One Day

Schiller Recreation Center will open at 12 o'clock noon Monday, when opportunity for boys and girls to work on arts and crafts projects will be available. The game room also will be open, as will be free play volleyball in the gymnasium.

This opening time will hold good for this Monday only, since school will have a vacation that day.

FILTER-FLO® AUTOMATIC WASHER

*2 WASH SPEEDS!
*2 SPIN SPEEDS!

NO LINT FUZZ ON CLOTHES... A full tub of wash water circulates and filters at the rate of six gallons a minute. Before lint can settle on your clothes, it is caught in the removable filter. Sand and soap scum are removed automatically... your clothes wash clean, white and bright.

TO SUIT ALL TYPES OF WASHABLE FABRICS you have the choice of two wash speeds and two spin speeds. At the touch of the fingertip selectors, you get the right combination of wash action and spin speed for the regular family wash or special fabrics that need gentle care.

YOU GET ALL THESE EXTRA CONVENIENCE FEATURES, TOO...

- Over 50% more clothes capacity than many other automatics.
- Water Saver offers a saving of over 20 gallons of water on small loads.
- Your choice of usual warm water rinse or an economical cold water rinse.
- Famous G-E 5-Year Warranty.

Easter Egg Hunt Scheduled For Major Areas In South Side This Saturday

Livingston Park

The Council of South Side Organizations will again co-sponsor, with the Ohio State Journal, the seventh annual Easter egg hunt for boys and girls eight years of age and under. The event will start at 9 a.m. Saturday, Apr. 20, at Livingston Park. More than 250 prize eggs ranging in value from 10c to $5 will be hidden by the "Easter Bunny." The Council of South Side Organizations will again supply many additional non-prize eggs, so that all who participate in the egg hunt will be able to find some Easter eggs. Only one prize egg per child will be allowed, so that more children will be able to find prize eggs. There will also be two areas, one for five-year-olds and under and one for six, seven and eight-year-olds

Jerry Feddersen, chairman of this event, will be assisted by the following committee members from the Council of South Side Organizations: C. L. Lansenmayer, Edward Brand, Carl Beyer, Lyle Cameron, Howard Henry, Harold Willison, Jim Wagner, Ed Cobourn, Harvey Simonton and "Cap" Hoover.

The home economics department of South High School will again prepare and decorate the eggs provided by the Council, while Mrs. Ruth Storch, 790 Stonest, a volunteer church and youth leader, will again provide hot coffee and doughnuts for the committee.

This year Boy Scouts from Troop and Post No. 77 of St. Paul Evangelical and Reformed Church will assist the Council under the leadership of Scoutmaster Grant Martin, Jerry Fedderson said.

Steelton Merchants

President Tom Sharp of the Steelton Merchants announced that once again the organization will give full support in sponsoring the annual Easter Egg Hunt at Lincoln Park. In conjunction with the Ohio State Journal this Saturday, members of the Steelton Merchants will distribute and hide the eggs. All children below the age of eight are eligible to attend and join in the egg hunt. Youngsters seeking and failing to find a prize egg will receive a dandy egg. Some child will win five dollars.

The Steelton Merchants' members participating in this program are Co-Chairmen George Horvath and Ernie Barta, Quentin Contosta, Howard Hoermle, Bill Fritzius, Sam Skunza, Tony Rappold and Tom Sharp.

The egg hunt will start at 9 o'clock this Saturday morning.

Schiller Park

The annual Easter egg hunt at Schiller Recreation Center will be held Saturday, Apr. 20, at 9 a.m. Children eight years and under will have an opportunity to hunt for more than 2,000 eggs, of which 500 will be prize eggs with a cash value of from 10 cents to five dollars.

This year the maximum age limit has been set at eight years, a Center statement said. The statement also said the children will gather in the Recreation Center building and be divided into the following age groups: five years and under will meet in the gymnasium; six, seven and eight-year-olds will assemble in the auditorium and receive instructions as to which area of the park in which they are to hunt.

At 9 a.m. a signal will be given for the hunt to start, continuing for about 45 minutes, after which the children finding prize eggs will return to the gymnasium to be awarded the prize according to the color found.

The hunt is co-sponsored by the Ohio State Journal, the Southeast Lions Club, and the Columbus Recreation Department, the two former groups each furnishing 250 of the prize eggs.

COMMUNITY LOYALTY

.....You'll Always Find It Here!

STEPS of PROGRESS

This is one of a series of messages designed to point out why this community is truly a wonderful place in which to live. Reflecting the steps of progress in our area, these advertisements are sponsored by local business and professional men who are appreciative of the loyalty, cooperation, and patronage of the loyal citizens whom they serve. Each message is a tribute to a group or organization having complete faith and confidence in the future progress of this community.

EVERY community should have a spirit of loyalty and pride on the part of those citizens who consider it their home. Unfortunately, some communities do not recognize this civic obligation. We are fortunate! Our community has a sense of loyalty that is unusual. Our people are loyal to each other, to their business firms . . . to their community . . . they believe their wants can be adequately taken care of right here in our own area. Our people are loyal to their churches . . . their schools . . . their organizations of all kinds. They believe, and rightly so, that truly here live the finest people in the world . . . people who love their neighbors, who will aid them when needed. Our people have confidence in each other and trust in the judgment of others. Our people believe in their professional men and in the firms with whom they do business. They believe that here things and products and services and courtesies and personal attention are just a little better than anywhere else.

That's why our people have a sense of community loyalty. Certainly, we can point with pride to our citizens who have such justifiable faith in those around them.

This community will always be progressive and neighborly because its people have faith and loyalty in each other and in the community in which they live. We, whose signatures appear on this page, are grateful for the loyalty of our friends. We are proud to be a part of this community.

Twig 31 of Children's Hospital will hold the annual Easter flower sale today, tomorrow and Saturday at the Majestic Paint Center, Parsons and Whittier-sts, and at Zollinger's Pharmacy, 1015 E. Whittier-st. Two community residents are co-chairmen of the project. The women are Mrs. Charles Motter, 1108 Thurman-av, and Mrs. John Oyler, 1433 Linwood-av.

Two April birthdays we don't want to forget are those of Dorothy Whitacre and Ted Day.

April PTA meetings are circled for today in two school districts: Heyl Avenue and Livingston Avenue Schools. Heyl members will elect officers today as the main business of the 1:30 p.m. meeting. Fourth, fifth and sixth grade pupils will entertain. Tea and a social hour will follow the meeting. The pupils of Livingston Avenue school will present a talent show for PTA members this evening at 7:30. A short business meeting will precede the show.

Eight years of married life was achieved yesterday by Don and Mary LaRue, so congratulations, Don, and how do you stand him, Mary? (It's all right, we've been trading insults for years and years.)

Guild 33 of South Methodist Church meets at 10 a.m. in Henderson Hall today.

Two friends have birthdays on very special days this year. So congratulations to Clem Fisher on a Good Friday birthday and to Beth Edwards, whose birthday will arrive on Easter this year.

Don't forget, the May primary will soon be upon us. In addition to the list of candidates on the slate, you will be able to cast your vote for or against the proposed daylight savings time. Remember, if you didn't vote and the outcome is other than you desired, you shouldn't gripe!

Small fry birthdays . . . Nicholas Contosta, 1407 Bruck-st, Apr. 23; Michael Jones, 268 Moler-st, Apr. 10; Billy Mongold, 1423 S. High-st, Apr. 18; Susan Shrider, 184 Morrill-av, Apr. 15; Mary Newkirk, 56 W. Moler-st, Apr. 21; Mary Tobias, 74 E. Woodrow-av, Apr. 24; Danny Morris, 1646 S. High-st, Apr. 20; Julia Keefer, 195 E. Morrill-av, Apr. 18; Carol Hickman, 74 Frebis-av, Apr. 19; Rita Embrey, 1743 S. High-st, Apr. 24, and Sandy Leonard, 515 Forest-st, Apr. 16.

The Columbus Grandmothers' Club will hold a bake sale this Saturday at 960 S. Parsons-av. The committee in charge is composed of Mrs. Ann Regner, Mrs. Edward Lavilette, and Mrs. Clarence Boyd.

Well-known to many South Siders is Les Grissom, as he is employed at a local plant, so we'll include news of the "Hilltopper" this time. Les was scheduled to enter St. Anthony Hospital last Monday. Ironically he spent last year's Easter holiday in a hospital, too, so if he's apprehensive about the Easter season in years to come, who can blame him?

Thinking of hospitals reminds us that our father, G. E. LaRue, is still in "precarious waters" down Florida way. As feared, he had a malignancy and the biggest portion of his stomach has been removed. Do send him a card, won't you? He'll get it if addressed to Trailer Haven, Melbourne, Fla.

Two area women will be hostesses to their Cloverleaf clubs today. They are Mrs. Emil Rueckel, 1374 Lockbourne-rd, who will entertain Leaf 1 members at the Virginia Hotel at 11:30 a.m., and Mrs. Karl A. Moeller, 494 Hanford-st. Hostess for Leaf 20, at the 12:30 p.m. luncheon in the Sky Room.

Get well wishes are in order for Mrs. Mason, mother of Paul Mason. Mrs. Mason was recently hospitalized, but we hope she's home by now.

The young folks of the Southwood Church of Christ are endeavoring to raise funds to finance a trip to Oregon this summer, since they'd like to attend a convention there. Towards this end they're sponsoring a spaghetti dinner on May 18. We shall be telling you about it weekly, lest our 18 and 15-year-olds lock the door on us! The choral group of the C. E. has been quite busy, too, for on our calendar we see they sang at Jacksonville, O., on Sunday, at Norton Church of Christ on Tuesday, and in Chillicothe on Wednesday. (It always strikes our funny bone to write of things in the past tense when they've not happened! We write on Monday, all the time remembering it's Thursday before you read it.)

The South Unit of the League of Women Voters will meet next Tuesday, Apr. 23, in the home of Mrs. Paul Lenox, 411 S. Sixth-st. Mrs. D. D. Wickens is the discussion leader and Mrs. R. E. Robertson is the resource. The meeting time is 8:15.

A worker's noon day lunch should sound appealing to teachers, workmen and housewives deep in housecleaning, don't you think? The place to take advantage of such an offer is the Gates-Fourth Methodist Church next Thursday, Apr. 25. The women of Ruth Circle, WSCS will be serving from 11:30 to 2. For $1 this is the menu: Chicken and noodles, green beans, cole slaw, bread and butter, home-made lemon or strawberry chiffon pie, and coffee. The women are stressing the fact that it is a "workers'" lunch, so don't feel obligated to get all "spuzzed" up to come. Just bring a good appetite!

Belated anniversary greetings to Geneva and Clint Thompson, who added a year to their married life on April 8.

Congratulations to Randall Near's South High musicians, who garnered their share of "I" ratings last Saturday in the state examinations.

Guess that's the end of this week's stint . . . phone number remains HI. 4-1051 and we remain . . .

Dottie and Lou Whitacre of the Whitacre Floral Co., 158 Southwood-av, took us on a "tour" of their "flowerland" the other day. They showed special arrangements of their Easter achievements—beautiful, but beyond the imagination of the reporter. There seemed to be unlimited varieties of flowers and plants.

Free delivery is provided on certain types of their flower products and Whitacre is also a member of the "Flowers By Wire" organization.

Visitors to the Easter beauties will be welcomed by the Whitacres.

Clean-Up, Paint-Up Has Wide Support

Pictured is a characteristic junk pile close to homes in one section of the South Side. While this yard features wrecked motor vehicle parts, others yield garbage and many kinds of refuse.

Clean-up Week is expressive of the determination to be rid of eyesores and disease breeding spots.

Signs of widespread interest in the Clean-Up, Paint-Up Week rapidly built up with the dawning of the week and activities tending to make the people conscious of the need for cleaning up a lot of places in the South Side, according to groups interested in establishing a new record in cleaning up the community.

"Hideous Spot"

Many reports came to The South Side Leader of "raw" spots in the area, some reportedly being dangerous to the health of people having to live near by. One of the "hideous" spots in the area is shown in the accompanying picture, and, as a woman neighbor of the ugly spot said, "Goodness knows what will happen as this condition goows worse and worse." She expressed the hope that "somebody" could do something to have the filth, rubbish and wornout vehicles cleaned out and removed from the neighborhood.

Power Behind It

This year, it was said by a number of people who welcomed the move to clean and paint, "it seems that with all these important organizations back of the movement, it should take hold and become a regular part of our program to keep our communities clean and free of disease- breeding conditions." The organizations referred to, it was said, are the Council of South Side Organizations, Steelton Merchants, plus full cooperation from numbers of individuals and small groups.

Shows Support

With today's issue of The South Side Leader, it will be seen that a great many business people have contributed their support by taking space in the special section of the Leader, to back up the efforts to make the community clean and keep the community clean. This support for the clean-up movement will be seen coming from great industry and all sizes of business.

One of the most-spoken-about things in the program is the quietness with which business people have attacked the problem through advertising in the special section. They want to have a cleaner area and a more valuable area, and, one said,

Citizens Pass Petitions To Halt Housing Project

Action was voted last Friday by the Fairwood-Innis Association and Marion-Franklin Citizens Association to circulate petitions seeking a referendum on the rezoning ordinance permitting a housing project at Fairwood-av and Innis-av.

William Neno, co-chairman of the petition committee, said approximately 6000 signatures are needed, and petitions are being distributed throughout the city by circulating teams. Chairman of the petition committee is Joseph DeHays.

Target of the petitions is an ordinance passed by Columbus Council, Apr. 8, to provide for rezoning of approximately 35 acres from residential and manufacturing to apartment status for construction of the 385-unit Terrace Garden project.

The project is to be used for relocation of persons displaced in slum clearance and expressway clearance areas.

Common Pleas Judge Myron Gessaman Friday dismissed a request by property owners in the area for a temporary restraining order to halt rezoning on the grounds that council made an incorrect reference in the ordinance to the type of zoning existing in the area. This later was corrected before council's vote on the issue.

Attorney John B. Albers then went to Judge William Bryant of the 10th District Court of Appeals to determine whether a temporary restraining order could be issued there. Following a conference, Judge Bryant decided Judge Gessaman was correct in ruling that grounds were insufficient for allowing injunction.

Petition committee heads report that favorable progress is being made by circulating teams.

Heimandale PTA

The next regular meeting of the Heimendale PTA will be held Thursday, Apr. 26, at 7:30 p.m., according to Mrs. John Painter, president, and Mrs. Tom Simmons, publicity chairman.

The election of officers will be held at that time. Refreshments will be served after the meeting.

White Elephant

Household articles and clothing will be featured at a white elephant sale at Clair Chapel Methodist Church, 295 Barthman-av, Saturday, Apr. 27, beginning at 8 a.m., according to Mrs. Mary M. Jenkins, chairman, who said proceeds of the sale will be used for the building fund.

Three South Side men have been named as officers of the General Memorial Day Committee at the committee's first annual meeting in April. They are Charles Ochs, 320 Donaldson-st, chairman; Charles Collins, 121 E. Whittier-st, vice-chairman; and Frank C. Kunz, 797 S. Sixth-st, secretary.

Leroy Gill, past commander Southway Post American Legion, was named parade marshal for the annual Memorial day parade to be held Thursday morning at 9 o'clock, May 30, which will be held on Broad-st from Washington-av to the Broad-st bridge.

Scavenger Hunt

Coming "to give a hand" in the revival are John Robinson of Huntington, W. Va. who will preach nightly during the series of services; and two Kansans, who are scheduled to be here for musical contributions to the evangelistic campaign. They are Calvin and Marjorie Jantz, Ottawa, of the Sunflower state.

Although the present building was erected and occupied in the spring of last year, the congregation, formerly on the corner of Forest and S. Parsons, has grown steadily, with many accessions to the church membership.

Planned by the Teen-Age Club of Schiller, the dance will feature the music of Bob Rockey's Orchestra and an intermission show of center talent. The orchestra is furnished through the courtesy of the Columbus Federation of Musicians, Local 103.

Admission is free, it was stated, and the affair is open to all residents of the community.

Accredited Home Newspapers Accepts Hartley Publications

The Hartley Newspaper Group including The Hilltop Record, South Side Leader, West Side News and all editions of the Rural-Urban News have been voted into membership of Accredited Home Newspapers of America, Inc., according to Eric Smith, executive secretary of the national trade association of city and suburban weekly and semi-weekly newspapers, with offices in Washington, D.C.

AHNA's membership includes approximately 200 community newspapers throughout the United States. Applicants for membership must undergo a rigid investigation. To maintain membership a paper must submit a sworn statement of its average circulation for a six-months period twice a year, and adhere to the association's code of regulations governing ethical newspaper operations.

As a member of AHNA, Hartley Newspapers will be listed in the association's annual Rate and Data Guide which is published to furnish advertisers complete details on member-peppers, including certification of circulation.

Mrs. Robert Grate and Jack Lane, co-chairmen, announce that the pizza may be eaten at the church or for carry-out. Tickets are $1 and can be obtained from any member of the class.

Met Star Coming To S. High; Free Concert

The Columbus Maennerchor, for more than 100 years providing fine singing and free concerts, has prepared a "special musical treat" for its South Side friends and neighbors and for those in Hamilton Township and the former Marion-Franklin Township, according to Lee Dunkel.

Mildred Miller, young Metropolitan Opera star, will be presented in a free concert Saturday, May 4, at 8:15 p.m. in South High School auditorium.

Maennerchor President Andy Holzapfel stresses that the concert is free and open to the public and said "We are especially anxious to have our South Side friends present along with the various singing societies and church choirs."

He said the Maennerchor is glad to present the talented Miss Miller to Columbus, despite the considerable expense involved, as its contribution toward helping to stimulate the appreciation of good music.

Success in Europe

Miss Miller was born in Cleveland and graduated with honors from the Cleveland Institute of Music. After some work at the New England Conservatory, she went to Europe, where she achieved her first successes. She sang in Italy and was engaged for a full season by the Stuttgart State Opera. During a guest appearance in Munich, Rudolf Bing, general manager of the Metropolitan Opera, invited Miss Miller to sing for him. He immediately offered her the contract which brought her back to the United States.

She made her debut at the Metropolitan in "Figaro" in 1951 and was hailed as a big success by the New York music critics.

Featured

Since that time she has been featured on four of the five opening nights she has been with the Metropolitan, has conducted annual concert tours, and has appeared on radio and television, notably the "Telephone Hour" and the "Voice of Firestone."

For her May 4 appearance at South High, Miss Miller will sing a number of German folksongs and arias from the "Barber of Seville" and "Carmen." Her accompanist is Theodore Schaeffer.

50 Damenchors

Also on the program will be the new 25-piece Maennerchor orchestra, members of a German singing society from Cleveland, the Maennerchor's male chorus of 80 voices, and the Damenchor (lady singers) of 50 voices. A number by the mixed chorus of 130 voices, with Miss Miller as soloist, also will be presented.

The orchestra and the choruses are under the direction of Prof. I. A. Leinheuser, who has directed Maennerchor musicians and singers since 1930.

Brotherhood

Washington Avenue Evangelical UB Church Brotherhood will meet at the church, 359 Markison-av, at 7:30 p.m. Thursday, May 2, according to an announcement by Pastor Boyd C. Rife.

Church Softball League Scheduled To Begin May 6

The South Side Branch YMCA Church Leagues are scheduled to begin the week of May 6, providing the Southwood diamonds are in usable condition. Girls' junior and intermediate leagues organized with a total of 30 teams participating.

Sportsmanship is to be graded by the coaches of each team as they rate their teams and the opposing team following each game. Trophies will be presented to the teams from each league which have collected the most votes due to their clean play, team cooperation, and "will to win" throughout the season.

Ready to Start

The Girls' League is ready to start the Tuesday League with teams from Oakwood Methodist, St. Leo, Southwood Church of Christ, Thurman Avenue Methodist, Corpus Christi, St. John E&R, St. Paul E&R, and Gates Fourth Methodist. League play will consist of one complete round and then dividing into A & B divisions.

The number of teams in the Junior League calls for two nights. Monday night teams are Thurman Avenue Methodist, Washington Avenue EUB, Livingston Methodist and Oakwood Methodist. Wednesday has Oakwood Methodist, St. Paul E&R, St. Leo, St. John E&R, St. Paul Lutheran, Gates-Fourth Methodist, Emmanuel Lutheran and Ohio Avenue EUB competing. Because of the small Monday League, the teams will play two rounds, while the Wednesday teams play one. Further play of the teams will be decided later in the season.

Thursday night play will see teams from St. Paul E&R, Hungarian E&R, Livingston Methodist, St. Paul Lutheran, South Methodist, Oakwood Methodist, Emmanuel Lutheran, St. John E. & R, Southwood Church of Christ, and Washington Avenue EUB. Because of the overflow of teams, one game will be held on Monday

Newly Formed Civic Planners Elects Officers; Make Plans

CIVIC PLANNERS—Newly elected officers of the "Marion-Franklin Citizens Association" are shown at a recent unofficial meeting to map activities of the association. Left to right, Merrill Wood, Joel Snyder, William Hackett, Jr., Jack Schoonover, Robert L. Kelley, William Neno and Ralph White. Not present were Joseph DeHays and Leo Gaffin.

The newly organized "Marion-Franklin Citizens Association" elected officers at the first regular meeting held recently at M-F High School, and chose the name of the organization by popular vote.

Officers elected were Jack Schoonover, president; William Neno, vice-president; Joel Snyder, secretary; Robert L. Kelley, treasurer; Joseph DeHays, Leo Gaffin, William Hackett, Jr., Ralph White and Merrill Wood were made trustees of the group.

Formerly holding the office of president in the Smith Road PTA, the Marion Township Citizens Association and the Booster Club, Schoonover has long been active in school and community affairs. After being elected by this group as its president, he stated his determination to cooperate with city officials in planning orderly development in the recently annexed territory.

Emphasizing the need for a strong citizens' organization to represent South Side and former Marion Township residents, Schoonover announced that a membership drive for the new association would be launched May 15.

"South Side and Marion Township residents have been too conservative in expressing their opinions regarding public affairs," Schoonover affirmed.

"If we are to substantially contribute to our community, we cannot afford to remain complacent or aloof of affairs which vitally affect our community," he said.

"To be recognized as valued citizens, we must show our desire to share in the responsibilities of good government and assume an active role in the planning of our tremendous potential."

Schoonover added his group intends to join the Council of South Side Organizations as part of their program of community participation.

Next public meeting will be held May 16 at Marion-Franklin High School.

Merchant's Death May Be Prelude To Store Closing

A large Parsons-av mercantile business is expected to go on the block as a result of the death of a long-time local business man. Apparently there has been no definite determination whether the Peer Store, at 1906 Parsons-av, will be sold as a going business, sold in bulk, or through other means of liquidating the business conducted by Aaron Peer until his death last week.

Although it was not possible to reach some one acknowledging authority in the premise, a relative told the Leader reporter that the business will not re-open under its recent ownership name.

Asked whether that meant that the store would be sold as "a going business," the relative, in a telephone conversation, said there would be no re-opening of the store, and then implied that the merchandise might be sold to some one who would open a "new" store or move the merchandise out and away.

No Close-Out

To a question whether there would be a close-out sale, the informant denied that such a sale is possible — that there is no one to conduct it, and, it was stated, Nathan Peer, brother of the deceased, had no interest in the business and has no authority in the circumstances, and that "everything is in the hands" of the deceased's attorney.

Aaron Peer, 66 who owned and operated Peer Store for a number of years, died Apr. 16 after an illness. He was a member of Agudas Achim Congregation, Masonic Order, York Lodge, B'nai B'rith, and Zionist Organization.

Survivors are his brother, Nathan, 76 N. Edgevale; three sisters, Mrs. Rachel Kartum of Tel Aviv, Israel, Mrs. Libby Begun and Mrs. Harrette Matz both of New York City; a number of nieces and nephews.

Services were held at Snider Memorial Chapel, with Rabbi Samuel W. Rubenstein and Cantor Philip Gellman officiating. Burial was in New Agudas Achim Cemetery.

Southwood Women Sharpen Wits For Old West Evening

THE CAST: Left to right, Miss Ruth Chapman, Mrs. Elmer Marte, Mrs. Paul Mason, Mrs. Delbert Dreizigacker, Mrs. Charles Dayton.

In the "Chuck Wagon" a supper will be served, beginning at 5 p.m. There will be a "Trading Post," "Bar 'S' Mine," "Dude Shop," "General Store," "White Elephant Round-Up," "Wrangler's Snack Bar," "Prairie Dog Stand," "Bar 'S' Water Hole," "Gypsy Gulch," "Ma's Needle Work Corral," "Sweet Shop," "Salted Snow Stand," "Cane Lasso," "Circle's Rodeo," "Cake Promenade," "Gold Rush."

"Shorty's talent round-up," featuring the children, parents, and teachers of Southwood, will be presentd in the school auditorium.

The Gadabout

Priscilla LaRue Lenox
HI. 4-1051

Since Easter is still fresh in our minds, here's an item that is amusing, though the youngster involved has reason to think otherwise. Susan Jean Belcher, 788 Columbus-st, has found the last two Easter seasons a little aggravating. This year and last, she WASN'T in the Easter parade, for measles are not considered the proper kind of decoration. However, the ten-year-old has an adult sense of humor, and here is her parody on "Peter Cottontail" (I've copied her spelling too, as we enjoyed that also):

"Here comes Peter Cottemart, hoppin' down the sickness trail; Bringen baskets full of germs for you and me. He's got many colds for you, he even has a little flew, and if you want a headache, he'll come thru. He's got hoopen cough for Tommy and a pain for sister Sue; an operation for your Mommy, maybe one for Daddy too. Now if you ever see this guy don't you look up to the sky or he'll stick penicellin into you." Susan's paternal grandparents, Mr. and Mrs. Floyd T. Belcher, live at 467 Markison-av.

Cloverleaf 2, of St. Anthony's Hospital, will meet Apr. 30, at 8 p.m., in the home of Mrs. Fritz Metzger, 1222 S. 22nd-st.

PTA time this week poses quite a problem in the Lenox abode for both of "our" schools are meting the same evening . . . hope that dilemma isn't too widespread! Albeit, here is the week's list of meetings, and both are scheduled for this evening. Southwood members will be addressed by Mr. Oliver Gedeist, editor of the South Side Leader, whose topic will be "What Can the Press Do to Promote Safety?" The session in the school auditorium gets underway at 8 p.m.

In South High School, at 7:45 p.m. PTA members will listen to Dr. Floyd Faust, minister of the Broad Street Christian Church, whose topic will be "The Answer to the Alcoholic Problem." Virgie Dean, PTA juvenile protection chairman, will moderate a panel discussion.

Three Parent Education groups also have sessions today with members of the Reeb Avenue School getting an early start. Their 9:45 meeting will be an informal discussion "What Grandparents Are For." Two grandparents have been invited as resource persons. The Livingston Avenue Study Group meets this evening at 7:30. Rev. Carlton Sutorius of Emmanuel Lutheran Church will be the guest speaker. The discussion will be "Lasting Lessons in Spiritual Values." At Stewart-av the parent-education group will elect officers at their 7:30 meeting. A play, "Scattered Showers" will be given by Mrs. George McGrew, Mrs. Harold Poeschal and Mrs. Wayne House.

It's a pleasure to send the best possible wishes to two fine people like Josephine and Leonard Farnsworth for "celebrating" days that occur in April for them. Josephine had a birthday this recent Tuesday, and she and Leonard will achieve their 33rd year of wedded life Apr. 26. The Farnsworths live at 1821 Oakwood-av.

Not too many birthdays on our "kiddy" list today . . . Beverly Reed, 368 Sheldon-av, May 1; Jerry O'Connor, 1305 City Park-av, Apr. 26; and Stephen Schneider, 358 Frebis-av, Apr. 29.

Southway Unit No. 144, Legion Auxiliary, is sponsoring a euchre party this evenin, at 8, at the Post Home, 874 S. High-st. In charge of arrangements are Mrs. John McCoy, Mrs. John Joyce, and Mrs. Harold Backus. Tickets may be purchased at the door.

White Cross Guild 22, of Thurman Avenue Methodist Church meets at 10 this morning in Henderson Hall.

Lana and Darrell Itskin, 1713 S. Third-st, had a pleasant nine-day vacation trip to Florida, arriving home on Easter. They visited relatives in Ft. Myers, and toured the state generally.

Our sympathy to the family of Sarah Gibbs, recently deceased. Another sorrowful item is about a former Columbus resident, Jane Ann Gibbons, Jane, a 12-year-old who was living in Hamilton, was the unfortunate victim of a drowning accident.

As promised, here is our reminder of the Workers noon-day lunch to be held today at Gates-Fourth Methodist Church, from 11:30 to 2. For $1 this is the menu: chicken and noodles, green beans, cole slaw, bread and butter, home-made lemon or strawberry chiffon pie and coffee. The women of Ruth Circle, sponsors of the lunch, emphasize the "workers" part of the luncheon title, so feel free to "come as you are," be you man, woman or youngster.

Heartfelt thanks from the Gadabout for all the cards sent to her father, in Florida. He's making improvement, thank heavens!

Mrs. Jessie Kinser, 1858 Wager-st, is on our ailing list today. She is in Room 460, Grant Hospital and we hope you'll put her on your "card" list.

Longing for a glimpse of the "good old days"? Well, here's a possible solution: Folks attending this Sunday night's services at Southwood Church of Christ will be attired in old-fashioned clothes. This is the third "Old Fashion" night. Another item from their bulletin tells us that the Fidelis Class will have a pot-luck meeting Saturday, April 27, at 6:30 p.m. Dessert will be furnished by Margaret Coffman and Jo Farnsworth.

If you're an eligible voter do not forget the May primary is coming soon, so be sure to vote.

A South High graduate, Roger Charles Bickel, will be exchanging his wedding vows this Saturday, Apr. 27. His bride-to-be is Martha Irene Kerr of Dearborn, Mich.

Don't forget the South High School Alumi reunion, May 17. The program is definitely aimed at bringing back memories of high school days, so be prepared for nostalgia. All talent is drawn from the alumni ranks. It would be impossible to have every year represented, naturally, but an effort has been made to span the years since the Ann-st plant has been in operation. We'll be telling you more about the reunion in the next three weeks, so be prepared!

Guess that's the end of our notes . . . last time we looked the phone was still HI. 4-1051, so try it's "ringing" ability by phoning us your news item. Till next time, then, tis

South High Teacher Joins TB Script Writing Contest

Miss Doris Singer, above, left, teacher at South High School, and Miss Julie Warner, 1182 Kelton-av, are pictured as they discuss the "TV Spotlights TB" script-writing project sponsored by the Tuberculosis Society, Columbus Art School, and WBNS-TV. In the contest a student writes a 20-second television spot on tuberculosis and illustrates it with a slide. Six winners are chosen and their work will be shown on WBNS-TV all summer. A two-day all-expense plane trip to New York City, where visits are arranged to the National Tuberculosis Association and CBS studios, are awarded to the top student and his teacher-adviser. A $350 art scholarship, based on art ability alone, is an additional bonus. Project deadline is Apr. 27. Miss Warner was first prize winner in the Society's TB school press project, announced in February.

'Smoke Bomb' Is City Law Violation

Columbus Fire Prevention Bureau has announced in a statement that the so-called "spark plug bomb" and the "smoke bomb" now being sold in some local novelty stores have been classified as fireworks and possession of either of the items is called a violation of city ordinances, and possessors of such items are violators and subject to penalties.

Penalties for possession, it was stated, are not more than $100 for the first offense, and, for each subsequent offense, not more than $500 or not more than three months' imprisonment, according to a decision from the city attorney's office to Fire Chief Walter G. Strickfaden.

Community House Report On Year's Work; Elect

Reading from left to right are the recently elected officers of St. Stephen's Community House: standing, Steve McDonald, William J. Santonich, house director, and William Brinkman; seated, left, William Bighouse and Thomas Duckworth.

William Bighouse was elected chairman of the board of St. Stephen's Community House for 1957-58 at a recent meeting of the board. Other officers elected with him are Thomas Duckworth, vice-chairman; Steve McDonald, secretary; William Brinkman, treasurer. These, it was said, succeed Quintin Contosta, Joseph Ardner, William Bighouse.

Work of the organization was presented in the following summarization of a report dealing with the House:

Busy Schedule

During 1956 St. Stephen's Community House, which is located at 379 Barthman-av, served more than 600 children, aged six to 18, by providing classes in cooking, art, leatherwork, painting, basket weaving, wood-working, and ceramics. It sponsored a regular dance for teen-agers and entered teams in three community basketball leagues that played regular weekly games. It provided free play activities for about 200 children with the average number using the facilities being about 150 children and teen-agers daily. Its football teams and baseball teams played regularly during the season, giving an opportunity for boys and girls to learn the fundamentals of these sports.

To Camps

During the summer the agency sent needy children through the various camps of our city. It also provided outside activities such as swimming, picnics, trips to the zoo, Griggs Dam, Madison Lake, and various other places that provide recreation.

Outside adults groups also use facilities of the building as a meeting place and for special social activities.

During the last few months St Stephen's Community House, inoculated over 1200 children for polio.

Other members of the advisory board are Quintin Contosta, Ervin Aschner, Robert Bender, William Hoermle, Msgr. William E Kappes, Frank MacDonald, Bernard Karner, Rev. Frank Riehl, Samuel Skunza, Miss Angeline Yurjako, and Mrs. Julius Vargo.

William Santanich is director of the Community House and is assisted by John Maloney, Judy Stattmiller, Raymond Thomas, Carol Leddy, Dorothy Spensor, and by eight volunteers from the College of St. Mary's of the Springs.

Just One Installment

Want to break yourself of the "installment buying" habit? Buy where you can afford full price easily—from the advertising pages in this newspaper. Where else can you buy a living room suite and platform rocker for $25 as advertised by Mrs. Grover Ore, 636 S. Harris-av? Get into the "one installment" habit by shopping in this newspaper.

EDWIN C. RALPH

Edwin C. Ralph, age 94, who made his home with Mr. and Mrs. Joseph Fine, 478 E. Whittier-st, and who died Apr. 21, was buried Tuesday in Greenlawn Cemetery after funeral services at Graumlich & Son Funeral Home. There are no survivors.

Confirmation

Rev. Paul C. Kaefer, pastor, has announced that the following boys and girls will be presented to the congregation of St. Paul Evangelical and Reformed Church Sunday morning, Apr. 28, at 10:30: Paula Price, Patricia Williams, Linda Leslein, Dorothy Nelson, Darlene Aller, Carol Davis, Nancy Parker, Carolyn Lutz, Marc Borst, Walter Dupler, Ronald Coverdale, Charlene Borst, Nancy Frye, Judy Park. These boys and girls will be confirmed on May 5, the pastor said, and will take their first Communion on Pentecost, June 9.

James H. Hoffa, ninth vice-president, International Brotherhood of Teamsters: "We're not just one of those creampuff unions."

Little Jets To Organize

Little Jet League baseball registration blanks will be available this week in all Columbus schools for 8-12 year-old boys who want to play baseball in this summer program conducted by the Columbus Recreation Department. The registration blanks should be taken home, filled out and returned to the school by Wednesday, May 1, it was stated.

Boys who take part in this program are under supervision, receive instruction, and all will have an opportunity to play baseball.

In addition to the leadership, facilities and equipment furnished for this program by the Recreation Department, civic and fraternal organizations provide T-shirts for the boys playing in the various leagues. Last year's sponsors included Agonis, Sertoma, Dispatch, Southeast Lions, Hilltop Lions, Hilltop Kiwanis, Northern Kiwanis, Milo-Roc-Mendel, St. Clair A.C., Elks Lodge No. 37, Northern Lions, Eastern Kiwanis, Cavaliers' A.C., Gems A.C., and United Commercial Travelers.

Team organization will take place during the week of June 10 at various playing areas. The schedule will be announced later.

Last year there were 1,875 boys playing on 125 teams throughout the city in this popular program.

Model Club Grows At Roosevelt Jr.

By Patty Craig

At the beginning of the second semester at Roosevelt Jr. High, teacher Clyde Battin started a model club. About 30 boys joined the club. The model club was so popular that half of the boys wanting to join were turned away. Mr. Battin explained that the boys would build model ships, airplanes, cars, and other kinds of models.

George Thompson, one of the boys in the model club, is building a hospital ship called the Haven; Jim Martin is building a ship called the Constitution. Jack Grodner is making a wooden tug boat. William Green is making a wooden P-T boat and Buchanan Miles is making a wooden speed boat. Larry Moseley has just finished making a Sherman tank. They have nicknamed it Black Magic. Jerry Hall is very proud of his Air Force Jet F-89 Scorpion which he has just finished making.

Wallace Rueckel is making a 155 MM cannon, better known for its nickname, Long Tom. The president of the club is Jerry Hall and the secretary is Mike Zimmerman.

ARTHUR DRAUDT

Arthur Draudt, 62, of 1321 Franklin-av, died Friday, Apr. 19. He was proprietor of Art's Grill. The deceased is survived by a sister, Miss Esther Draudt; several cousins also survive. Funeral services were held Tuesday, Apr. 23, at Schoedinger's State-st Chapel. Burial was in Green Lawn Cemetery.

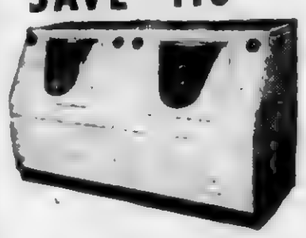
WOULD YOU TRY THIS TEST IN YOUR WASHER?
1. Wash a load of dirty greasy work clothes or old rags. Borrow some if necessary.
2. Do NOT clean out tub when finished!
3. Put in your most expensive dainty silk or nylon garment.
If you own a Westinghouse Laundromat here's no fear, because it's self cleaning!
If you own a Center Post Agitator Washer, better post it in the tub before putting in that dainty garment!!

THOUSANDS OF "SAND TESTS" ARE BEING PERFORMED DAILY BY WESTINGHOUSE LAUNDROMAT OWNERS



Many homemakers have been doing "sand tests" in their Westinghouse Laundromat for the past 10 to 12 years. Of course, they aren't putting in two cups of sand like Mrs. Wilson did but their children's clothes have been contributing sand, grit and grease just the same. The sand in Mrs. Wilson's "sand test" merely represents the flow of dirty water as it drains out of the washer. The patented Westinghouse Revolving Agitator drains the dirty water, sand, grit and grease away from the clothes and down the drain. Old fashioned centerpost agitator washers must strain the water through the clothes and redeposit sand and lint on the recently washed clothes.

Boat Patrol Selling Tags

Many central Ohio boat owners are making unnecessary trips to Ohio Division of Park's Columbus offices in attempt to obtain boat and motor licenses. All boat and motor licenses necessary to legally operate a boat on state lakes are on sale at lake patrol offices. This is done so that lake patrolmen may check boat dimensions upon sale of boat licenses.

PHEASANT PROGRAM

The Ohio Division of Wildlife has announced that May 1 is the deadline for sportsmen's clubs wishing to apply for pheasants under the 50-50 pheasant program.

Sportsmen's organizations wishing to take part in this project can get application forms and additional information from the local game protector or the district wildlife office.

Clean-Up—

(Continued from page 1)

"you can't have it without spending some money for it and working for it."

The Best Way

Leaders of the program for a cleaner, brighter area of the city see future values in making the area as clean as it can be—as it ought to be, it was said. One said that it was fortunate that the Leader had available a special section so the story of the community's needs in clean-up and painting-up could be told and remembered.

In addition to the civic-mindedness of these business people, they also want to sell more merchandise. It was, then, a happy meeting of a need and an opportunity — need for telling of a cleaner community and an opportunity to offer values which make the public feel happy about bargains and keeping things clean.

Keeping At It

Suggestions have been made that the public shall become conscious of uncleanness and unneatness in the community and that the proper authorities shall have their attention directed to flagrant violations of sanitary and safety rules as a contribution to the welfare and health of all of the area.

Merchants, Industry

Merchants, industry, businesses — these have joined hands in sponsoring the special section of The South Side Leader today so the story of uncleanness and unneatness could be told with an appeal to all the people to join hands and do something about it. In their advertising in the special Leader section, are many items readers will need at once. Other items will be heeded within time. Individuals, families, can show appreciation by checking the merchandise or service they offer, and let them know that their contribution to the success of this program for the benefit of the community is appreciated.

He Is So Right

At this time, Tom Sharp, Leader advertising manager, came along and peeked at the copy then asked "Will you please tell them that these advertisers have the best for less or at right prices and that the neighbors and friends should drop in to see these merchants and do some highly valuable shopping for themselves?"

Tom's advice is mighty good.

OG's NOTES

Horses! Horses! Horses!

In this age of gasoline power and speeding demons called automobiles, there is afforded a little glen of joy from the "ancient" past where the horse holds sway and he struts his stuff unworried about smells exhaust pipes around him—where he can again be similar to "Old Dobbin" hitched to a shay. It's the Horse Show I'm talking about—yes, the four-legged reminders of enormous changes in habits in the span of a medium oldster's life and it's in a hurry we are to meet the horses in the first show of the season set for Saturday, May 4 and Sunday, May 5, in the Coliseum at the fair grounds. It's afternoon and evening 1 to 5:30 p.m. Hello, Horse, please look for the fellow with the gray hair over in the right corner who's greeting you and maybe we both can conjur up an idea of the worlds before and after now. Right now, happy running and showing!

The following was taken from the Hilltop Record and other papers of the Hartley organization. It appeared in the publisher's own column in his several newspapers, and it is made available to you through this medium.

There Is An Election Next Tuesday

Next Tuesday is election day—primaries that is—at which time six candidates for city council are to be nominated from seven seeking the posts.

In the race for city auditor John H. Price incumbent Republican is being opposed by Hilltopper Ronald E. DeVore while one candidate seeks the Democratic nomination.

The only issue is that of the proposed amendment to the city charter to provide daylight savings time from the last Sunday of April until the last Sunday of September.

It is apparent that there is little interest in the election outside the daylight savings time issue.

In any event, you owe it to yourself to take advantage of your right of expression and go to the polls next Tuesday.

The Gay Philosopher says: "A lot of us would have been better off today had our ancestors been a little more careful about the practice of thrift."

Why Not Let People Decide?

Quite a word battle has been going on for some time regarding the matter of "Pay as you go television." We believe it should have a trial run.

A lot of the glamour of television has worn off and perhaps due to the fact that so many of the commercials have been so very corny.

Pay television could perhaps be piped into homes for a very

Roosevelt Jr. Program Cast Upon High Plane

Under the intriguing title of Moonlight and Roses' students of Roosevelt Junior High School promise to put their spring festival in a highly musical way the press representative said in reporting on the program.

The musical organizations of the school have combined their efforts to create "an evening of music" according to the press agent, who is doing a good job.

The time for the program has been set for this Thursday evening, 8 p.m. and tomorrow Friday evening, at the same hour according to the statement announcing the show.

Miss Shirley Groom and Robert Hicks will direct the musical program both evenings, it was stated. Both also indicated that the Roosevelt musical contingent has developed "a very high type of entertainment for this occasion."

Involved in the program are the old and the new, it was stated, with seemingly an inclination toward heart throbs of the past with, however, sufficient of the new and snappy to satisfy ardent admirers of the present-day music makers.

One of the outstanding events will be as illustrated in the picture above, under which are given the names of the music makers.

Marion Township Residents Fear Rent Project Will Devaluate Homes

By John McPeek

Residents of the Fairwood-Innis area in the former Marion Township district fear that the proposed multi-million dollar Terrace Gardens apartment project to provide housing for displaced persons in slum clearance and expressway programs will cost home owners in the area hundreds of thousands of dollars.

Sponsored by Harold F. Zieg construction on the 385 unit apartment project is slated to start this spring with completion scheduled for Oct. 1. Designed as a low-cost rental project, it is being constructed under a finance program provided for by FHA Sec. 221 of the 1956 Housing Act.

In interviews conducted by this newspaper, residents of the disputed area unanimously expressed fear that the housing project will cost home owners thousands of dollars in property devaluation. Home owners in the area also expressed bitterness about city officials and planners ignoring their objections and suggestions. They feel strongly that they should have a voice in the development of their section.

Many of those interviewed said there are other places in the south section of Columbus with available tracts of land where the project would be a "neighborhood betterment."

Henry Gall of 1402 Smithard has lived in the area for 44 years and said: "The location of this housing project in this area will be a detriment and will lower property values tremendously. I believe that the type of development we've had here in recent years has made for a nice community. Most of the homes in the immediate area are modest but nicely cared for. They represent everything that most of these people have on earth. These people can't afford a loss in property value. It isn't fair, I don't care what anybody says."

Paul Stecker of 1880 Fairwood said, "The Goodale slum area is ranked number three in vice and crime in the city of Columbus. By moving the people from that area here they are

FAMILIES throughout the Fairwood-Innis area are looking into the future and asking themselves, "What effect will an apartment project have in our neighborhood?" Many feel that property values will drop.

Coach Charlie Kaiser Gets Plaque At Honor Banquet

—Photo by Chuck Toth

Charlie Kaiser, at left, coach of all athletic teams at St. Leo's School, is shown receiving a plaque during the appreciation banquet given in his honor last Thursday evening in the school cafeteria. Jack Kaiser, at right, Charlie's brother, was selected to present the plaque because he played on Charlie's first football team back in 1919.

Charlie not only coached the boys and girls of St. Leo's for 38 years, but for 30 consecutive years has coached the Aragon football teams.

Many boys have played for Charlie over the years and each will tell you that he is a "great guy." It was from these boys that the idea of presenting Charlie a plaque originated. The inscription on it reads, "For outstanding leadership to the Community and many years of service rendered since 1919 to the boys and girls of St. Leo's and the Aragons."

Lot's of items today, so be prepared

Two items that were accidentally overlooked last week will receive top billing in this edition . . . The Moose entertainers, tireless bringers-of cheer to so many hospital patients, entertained at the Benjamin Franklin Hospital last Thursday. Rev. Paul Kaefer went along and we're sure he helped the patients' morale greatly The Entertainers will be going to Chillicothe Veterans' Hospital on Decoration Day and July 4 (We've seen this group in action and it is heart-warming to see the happiness they bring)

Our other item was about the birthday of Floyd Belcher, 467 E. Markison-av . Floyd's birthday was Apr. 26 so we hope he had a happy one.

Two little ones who made their debut recently and coincidentally are the "second-bundles from the stock" in their respective home.

Mr. and Mrs. William Taylor, 661 Siebert-st, welcomed little Stephen on Easter Sunday. at White Cross Hospital Stephen was a whopping eight pounds nine ounces, so he's likely to be a football player. 15 or 16 years from now Mr and Mrs. Ronald Cook, 1413 S Sixth-st, now have a little sister for their son, Steve The little girl made her debut on Apr 23, in Doctor's Hospital

Our hospital list for today just contains one male, but we're happiest when none of our friends and neighbors are on the list. Paul Baughman, 1575 S. Sixth-st was scheduled for surgery this past Monday He is in University Hospital, should you have a cheery card you'd like to send.

Birthday greetings to May Dell whose natal day will be this Sunday, May 5

WSCS groups of Oakwood Methodist Church that meet within the week are Jessie Lee Circle, May 8 1 p.m., in the home of Mrs. George Howard, 605 Carpenter-st; Bethlehem Circle May 8, for a 12:30 ca-serole luncheon at the church; Marcy Circle 8 p.m. on May 8, Mrs Donald Hochuli, 977 Siebert-st, hostess

Miss Mary Harrison 1362 Whittier-st, had a pleasant early spring vacation and travelled approximately 6 000 miles during the three weeks' cruise Miss Harrison was on a Caribbean cruise, visiting 10 ports-of-call in the West Indies, Canal Zone and South America. She was aboard the SS Homeric

May 4 seems to be a popular wedding date for several St. Mary's graduates, so years of happiness are wished for them, as they start on a new phase of life this Saturday. Congratulations to Elizabeth Louise Miesse, 344 Moler-st and 1st Lt. Maurice Cea, Lockbourne Base who exchange vows in St Leo's Church

Howard Baumann, 1420 S Fifth-st, a St Mary's grad will exchange his vows in St Peter's with Mary Elizabeth Schirtzinger, 729 New York-av. Corpus Christi Church will be the scene of the wedding for two St. Mary's Agnes Walter, 1231 S. Ohio-av, and James Joseph Segbers, 435 Guernsey-av. St. Mary's graduate Paul Kerscher, 944 Heyl-av, and Joan Marie Wilson, 953 Hart-rd, will be married in Holy Family Church.

Believe it or not, Ye Gadabout has been watching Romper Room frequently . . . Donna Marie LeRue has been on these past two weeks! so we've been hearing stories and playing games et al right along with the kiddies Okay so we're in our second childhood but isn't it fun?

Mrs Louis Kah, 1010 S 22nd st is the general chairman of the Columbus African Violet Show that will be held at the Morehouse-Fashion Co May 6 and 7 Mrs Kah's co-chairman is Mrs Graycee Baumunk.

Small fry birthdays . . . Jan Theado 165 Frebis-av, May 5; Carol Botts, 343 Southwood-av, May 5; Ronnie Carter 1408 S Fifth-st, May 8, Donna Fellure 1653 S Fourth-st May 4; Robert Martindill, 378 Morrill-av May 5; Robert Hodge, 68 E Woodrow-av May 3, and John Moore, 250 E Jenkins-av, May 7

A word of reminder . . . the May primary is coming soon so don't forget to vote. Remember, in this great country of ours we use ballots, not bullets, to get the things we want from our government. See you at the polls?

Here's an item received too late for last week's edition, but we still want to honor the couple mentioned Mr. and Mrs. Christion Gerhardt, 683 Siebert-st, celebrated their 47th wedding anniversary Apr 20, so belated congratulations to them They are both ailing so remember them, won't you?

Trudeau Guild 25's "kiddy" population increased by two last Saturday, Apr. 20, when the Lockowskys and Wagonbrenners added a girl and boy, respectively. It was the third child for Ida and Bernie Lockowsky, 766 Gilbert-st, and the first-born for the Wagonbrenners Both youngsters made their debut in St Ann's hospital, so got to visit back and forth occasionally.

Us people who are afflicted with the malady known as "meaning to"! We'd been meaning to visit Mr. and Mrs. Charles Tyack for so long, and now it's too late as far as Mr. Tyack is concerned. He will be missed for he was so full of quiet good humor and always so gentle.

This Saturday at 7.30 p.m. Patricia Ereane Hinson, 181 Maplewood-rd, will exchange wedding vows with Phillip Meteer, 88 Maplewood-rd. The wedding will take place in the Reeb Avenue Church of Christ in Christian Union.

The Winx Club, South High Alumni of a year or so ago recently gave a shower for Alma Schwarz, who will become Mrs. Robert Kochensparger on May 5

Tomorrow will find parents and children both quite active in annual school affairs in two schools that we know about. (As a matter of fact, this evening too for at least one of the schools.) Barrett Jr High students will be participating in their annual variety show this evening and tomorrow evening at Southwood School. The PTA members will be busy with the annual spring carnival tomorrow from 5 to 9 p.m. The affair will have a western theme, and will feature such things as a chuck wagon supper, Shorty's Talent Round-Up, trading post, dude ranch, general store, snack bar, white elephant, and needle work stands. (Guess we'll be in Gypsy Gulch doing our handwriting stint)

Patrons of the Markham Theatre are missing a familiar face these days for well-liked Harvey Kimberly is now on the rement list.

Trudeau Guild 10 meets May 8 in the home of Virginia Leonard, 515 Forest-st. The election and installation of officers will be the major portion of the business meeting.

Grace Sayre 520 Hinman-av. is in the convalescent stage of recovery, after spending three weeks in Grant Hospital. Mrs Sayre's daughter, Mrs. J O Brouillette, of Louisiana, flew here to be with her mother for ten days. Mrs. Paul Cherryholmes of La Grange, Ky., spent a month at the Hinman-av residence, but has now returned home

Natural Gas
Travels Farther These Days

Not so long ago your natural gas supply lay practically in your back yard.

Today, much of the natural gas you find so useful in your home travels thousands of miles from the Southwest. Over seventy-five per cent of the gas served to you through Columbia Gas System companies comes from Texas or Louisiana.

It makes a four-day trip smoothly and dependably through miles and miles of huge steel arteries—the pipelines that spread northward from the Gulf Coast. Columbia Gas System companies now take gas from five cross-country pipelines and relay it to you through a network of distribution systems.

And today natural gas goes farther in more ways than one—when you use modern, efficient appliances for this most modern, most efficient fuel.

Observe 28th Anniversary

Martin Luther Evangelical Lutheran Church will celebrate the 28th anniversary of the dedication of the church Sunday, May 5, according to an announcement by Pastor Henry F. Oestreich.

It was on May 6, 1929, that the congregation dedicated this present house of worship, according to Pastor Oestreich. Pastor George Schuster began and organized Martin Luther Church during his student days at Capital University Seminary, the present pastor said. It was under the leadership of Prof. Edward C. Fendt that the dedication was accomplished.

The work of the congregation has continued since that time Rev. Oestreich said, and "has given further impetus with the coming of many displaced persons into this area. From its beginning this congregation has done bi-lingual work, services being conducted in both English and German.

Dr. Krodel

Dr. Gerhard Krodel, professor at Capital University, will be the speaker at this year's anniversary services. Dr. Krodel received his education in Germany and during the past five years has been preaching and teaching here in this country. Dr. Krodel served a congregation in New York before coming to Capital University.

Martin Luther Chancel Choir will sing two anthems for this service and members of this choir will be awarded choir pins for the year.

Ham Dinner

After the services, a ham dinner will be served by the ladies of the congregation when adults pay $1.25 each and the children 60 cents per plate.

Each person attending the anniversary dinner will receive a special card bearing in color Luthers' emblem on one side and the story of the seal on the opposite side.

Marion Township—

(Continued from Page 1)

exposing our families and children to very grave dangers."

"So far," Stecker continued, "this area has remained free of multiple dwellings. There are very few rental properties and I feel that we, who have invested our savings and life's work in our homes, should have a definite say in how our area is developed. I know that most of us want our neighborhood to remain single dwellings."

Ralph P. Butler of 1747 Fairwood-av said, "In the past the mayor of Columbus has talked about blighted areas in Marion Township, but already one of the expressway projects has resulted in an 'eye-sore junk yard' moving into one of our cleaner sections. Why don't they put these things in areas where they belong, near other business and industrial sections.

"Another thing, why should millions of taxpayers' dollars be invested in an FHA project obviously lacking public transportation. Private investors consider transportation vital to apartment projects. The nearest transportation point to this proposed project is more than a mile away. And I believe that the developer's statement that a shuttle bus would serve the area is without foundation, since according to Sec. 221 of the Housing Act of 1956, the developer is finished with the project when construction is completed."

James O. Hiler of 1881 Fairwood-av said "I bought my home in a section which I thought had a future, but if we home owners can't help develop the section I see no future here and my investment is worthless. There are other places in South Columbus for such a project, why should they pick on one of the few areas left for single dwelling development."

Official's View

Lawrence M. Irvin, director of the city's Slum Clearance and Rehabilitation Commission, told civic leaders last week at the first annual Community Services Institute at the Southern Hotel, that the project will improve values of the area.

"The proposed Terrace Garden project in the Innis-Fairwood area will improve values for two reasons," he declared.

"First, additional community facilities such as a sub-trunk sewer which will be constructed will enable further development of the area.

Second, 'quality' people will be moving into the homes. They will be good, hard working people who can afford medium rents — who have stability."

Officials have estimated that 10 000 families in all projects ultimately will be displaced, and that the situation will become more critical as the slum clearance and expressways program advances.

Citizens Act

Petitions seeking a referendum on the rezoning ordinance permitting the apartment project are currently being circulated by members of the Fairwood-Innis Association and the Marion-Franklin Citizens Association.

William Neno, co-chairman of the petition committee, said approximately 6000 signatures are needed and petitions are being distributed throughout the city by circulating teams.

Neno stated that very favorable progress is being made by the petition teams.

Attractive Window Display Part Of H&S Hardware Annual Operation

Heil and Scheiderer Hardware, 1683 Parsons-av, has placed in the store's window an intriguing display of fishing goods, enhanced by professional-like but actually home made replica of the old grist mill and paddle wheel, with pond complete with fishermen and real fish. This unusual display was arranged by Everett Meaker, employee of Heil and Scheiderer Hardware in his spare time, to better portray the full story that Heil and Scheiderer is completely capable of outfitting every sportsman with the gimcracks of his sport. The paddle wheel in this display is operating continuously with water traveling over it and back into the small pond. There are several small fish in the pond and two fishermen, with, as usual, nothing on their lines. Heil and Scheiderer Hardware carries a full line of hardware needs, plus fishing and hunting supplies and several famous-name paints and painters' supplies. Locally owned and operated, they cater to pleasing their friends and customers.

Makers Publish Btu Ratings For Air Conditioners

Twenty-two of the leading manufacturers of room air-conditioners are now publicizing the Btu cooling ratings of their products, in accordance with the recommendation of the Air-Conditioning and Refrigeration Institute.

A Btu in cooling parlance is "the amount of cooling capacity required to lower the temperature of a pound of water by one degree."

The householder will now be able to learn the "ARI-Btu-per-hour rating" of room air-conditioners, and thus make valid comparisons with respect to this important factor.

A bus will be furnished by the Columbus Recreation Department.

FULL LENGTH MIRRORS

Full-length mirrors are almost a "must" in the modern home; usually they are placed in the doors on bedroom and coat closets, where they facilitate "last minute check-ups" of attire by family and guests.

Garage Wall Often Steals Costly Heat

If your house has an unheated, attached garage, the wall between it and living areas of the house may be robbing you of expensive heat during the winter months. This is an area where insulation is frequently neglected. Heat escapes through this big gap in the insulation barrier and is wasted outside.

Heat often is wasted in similar fashion when living quarters are built above the garage, as they are in many split-level homes. If the garage ceiling is not insulated, heat gets away and floors are cold in the upstairs rooms.

Home-owners usually can stop heat loss in the garage area by installing mineral wool insulation themselves, using batts or blankets and a few ordinary tools.

Home-owner installs mineral wool insulation batt between studs in wall separating attached garage from living area. Batt is wdged tightly into place, and vapor barrier flange is stapled to studs on each side.

The batts and blankets go in place easily between studs on the garage side of the wall and between joists in the garage ceiling.

In homes where garage walls and ceilings have been enclosed with wallboard, plaster, or some other finishing material, mineral wool can be blown in by an insulation cotractor, forming a eight, effective barrier against heat loss.

The mineral wool also helps keep the house cooler during the hot summer months, since it blocks the passage of heat from the outside to the inside, too.

Power Tools Rentable By Day Or Week

Many a "home handyman" would be more inclined to tackle certain major repair or remodelling projects, if he had the necessary power tools to make such jobs less laborious and time-consuming.

Yet, if he does not expect to use the special tool involved beyong the project currently contemplated, he may not wish to make the necessary outlay for its purchase. In this case, an investigation of local sources and rates for power tool rental may well prove worth while.

In much the same manner as floor-finishing machines, wallpaper steamers and the like are available for rental from hardware stores, paint stores and building supply dealers, a wide variety of power and special purpose machines can usually be hired by the day or week, often from one of these same sources, or in other cases from special tool- renting companies.

South Side Man Is High At OSU

Ronald E. Gaiten, 19 E. Stewart-av, represented the South Side in achieving all-A rating for work done in the winter quarter, according to information released by the University office. Gaiten is among eight other Columbus students in the college of engineering.

CHANGE IN SCENE

If your bathroom has a cold, unfriendly look, try paneling it with wood, suggests the National Lumber Manufacturers Association. Wood paneling will kill the chill and make your bathroom seem warm and cheery. You can seal the pores of the wood against moisture by applying a water-repellent resin finish.

STRAIGHT LINES

The fashion news in virtually all appliances is the new "straight line look." Refrigerators of 1957, for instance, have clean, straight lines and flat planes, different from anything seen in refrigerators up to now. Nothing bulges or protrudes from the top, back or sides, which makes it easy to achieve the "built-in-look" without built-in expense.

The first Mother's Day was proclaimed officially by Woodrow Wilson on May 9, 1914. It was originated by Miss Anne Jarvis at the close of the century when she arranged a memorial service for her mother and asked everyone attending to wear a white carnation, her mother's favorite flower. This custom spread until it became the general practice to honor not only the dead, but also living mothers. Today on the second Sunday in May, we wear flowers, colored for the living and white for the dead, and also give plants and flowers to living mothers.

There will be many new mothers this May 12th — congratulations to Mr. and Mrs. Lee Fuller (girl), the Gene Kirkmans (boy), the Al Petrys (girl), the Tom Duckworths (boy), the Carl Arnolds (girl), the Ronald Cooks (girl), the Marvin Goldtarbs (girl) and to the Kenneth Steinmetz (boy). Get well wishes to Mrs. Joseph Housberger, Mike Dixon, Cliff James, Eula Cochran, Owen Heery, Mrs. Mabel Looker and Mrs. John Smith.

Order your Mother's Day flowers now. City-wide delivery. If you want to send flowers to Mother out-of town, give us your order early — orders received before Wednesday, May 8, will be sent free of telegraph charges.

Philhips, chairman of the Franklin County Chapter of the National Foundation for Infantile Paralysis. Mrs. Powell has been active in the women's division of the March of Dimes for many years. Since the start of the Mothers' March, she has moved up through the ranks, serving first as a neighborhood contact mother.

GADABOUT

Shirley McCaffrey certainly got in the swing of activities at Grove City School, for she is to be one of the leads in the high school play, given this week.

Get well wishes to Sara McAllister a 1956 South High grad, who has been on the ailing list.

Golden wedding congratulations to Mr. and Mrs. Noah Bohner, 1410 Deshler-av, who achieved the half-century mark on Apr 23. An open house on Apr. 28 celebrated the memorable occasion.

Birthday greetings to two young friends, Bobbi Lynn Thompson on May 8 and Pam Leist on May 9.

Beck Street School will hold its Spring Festival May 10, so if you live in that area, be sure to plan to attend. We'll be able to tell you more fully about the plans after we've talked with our informant, for we want to give only the facts, ma'am, only the facts. (Television has invaded the "cliche" field, hasn't it?)

Don't forget the spaghetti dinner sponsored by the "Christian Crusaders," a group of young folks endeavoring to raise money to attend a convention in Colorado. It will be Saturday, May 18, at the Woodmen of the World Hall, 588 S. Third-st, from 5 to 8 p.m. Adult portions cost $1 each and children's portions 50c each. That's where our family will be eating that evening; hope yours will be, too.

Today is the wedding anniversary of Glenna and Dale Edwards, 66 E. Innis-av. Wishes are for a real fine one, Edwards.

And now to the affair that has been No. 1 in our life for lo, these past three months. It is the South High Alumni Reunion to be held on May 17 at the school. We'll just go all out and let you graduate South High-ers in on all that the entertainment committee has been doing. The grave illness of our father has made some changes in our original plans, that of having two separate programs for the two sections. (Did not want to impose on anyone else, should they unexpectedly have to take over for two members of the entertainment committee.) This change of plans should really be even more interesting, for now everyone will be on the complete panorama of the school's past 27 years. The program definitely is aimed at stirring remembrances, reminding us of our high school days. To help set the mood, there will be such alumni as Abe Dworkin, the Gail brothers, Harriet Siefert Borror, the Findley twins, Marilyn Day, Chestora Dellenbach and Mary Ann Caine, Fred Renault, Sara Jester, the Huskey combo, the Byrd sisters, Walter Corey, Sharon Watters, Dick Mincer plus sports figures. (Don't want to do all our "naming" in one week.)

Much research has been done to get data on events that took place in the school's history so as to further stir memories. John Sittig, of the Columbus Public Schools, will assist in the technical coordination, and don't forget the well-known masters and mistress of ceremonies, Russell Canter, Nita Hutch and Bob Dean, with Don LaRue as general m.c. Don't forget, the reunion has other aims too, such as renewal of friendships with former classmates. The dues help to procure equipment for the school and scholarships for worthy students. So you see, your interest in your high school is a very desirable thing. Do plan to attend, won't you? Let's snow Helen Denney under, with our reservations.

Well, this blistered finger got a good workout today, and nothing makes us happier than to have lots to write about. (Blistered our finger by giving our bull-fiddle a work-out at Indian Lake last Saturday. Just to show you we can "take it" as well as gently twit our friends, we'll tell you of an amusing incident that happened at the dance. Years of playing the bass in those pretty-but-not-substantial evening slippers will cause a little discomfort when we stand for hours at a time. Such a moment arrived last week, so we thought to correct it. It would have been fine but there we were, pretty dress, flowers in our hair, etc., when they turned the spotlight on, and like diddle-diddle dumpling John in the nursery rhyme, we stood with one shoe off and one shoe on! More fun!

HI. 4-1051 rang wonderfully well last week, so keep it up, won't you? Till next edition, then, 'tis

In Passing

By Esther Weakley

THE MYSTERY OF SUFFERING

Man sees a body struggling with pain;
God sees a spirit growing strong again.
Man sees but weakness; God sees new power:
A saint is learning patience with every weary hour.

Man sees but sickness and counts the healing slow;
God is rejoicing to see a loved one grow.
Man sees days wasted; God counts them gain
For faith as sweet as childhood is growing out of pain.

Man feels a sorrow rising in his breast:
God in His wisdom leads into rest.
Man sees the present; God sees the goal
And by a seeming bondage, is setting free a soul.

Man in his blindness would keep all pain away;
God in His mercy allows it on our way.
Man seeks our comfort; God seeks our good.
How precious are His dealings when rightly understood!

Teasing Poet For Summer?

When the little tykes in the picture saw the camera man planning for "the shot" in Schiller Park, they made a dash to get in the picture, which they did, as you see. Maybe they were asking the famed poet's spirit to bring quickly the play days of summer again.

Can Be Economical To Heat Small Ranch-Style Home

When a family buys a small, ranch-style, home, one thing they generally expect is that its compact, all-on-one-floor arrangement will make the house easy and economical to heat.

Many ranch-home owners, however, have been surprised to discover that they were paying fuel bills as high or higher than their friends and neighbors with larger homes. Investigation usually has shown the trouble to be lack of insulation.

As shown in the "profile" drawing of a typical ranch home, insulation should be installed in the complete perimeter (heavy line) of the living quarters to be most effective.

Heating and insulation engineers usually recommend two inches of mineral wool for the floors (1), if the house is built over a crawl space, or a special band of slab insulation for homes built on a concrete slab. A three-inch thickness is recommended for the walls (2), and at least four inches of mineral wool is needed between the joists above the attic ceiling (3).

When mineral wool is installed according to these recommendations, fuel bills can be reduced as much as 50 per cent, and the house will be more comfortable during all seasons of the year.

Owners of existing ranch-style houses that are not insulated generally can do part of the insulating job themselves. They can install batts or blankets of mineral wool in the attic and in the floor above the crawl space. An insulating contractor can blow mineral wool into the walls.

WATCH YOUR GRADES

Some home handymen make the mistake of buying the highest grade of lumber for jobs on which lower grades would do. If you choose the right grade for the right use, you can often make your lumber dollar go twice as far.

School Enrollment Rises Evenly Over 10-Year Span

Some statistics recently came to the Leader office from the Columbus Board of Education indicating the stableness of the number of enrolled pupils in elementary and secondary schools in the area over a 10-year period.

It was pointed out that there exists a closeness in the several schools' annual increase since the figures for 1947 were compiled. South High is a good example. There is an average increase of 14 students annually from the beginning year up to and including last October.

Attention was called to the similarity of a number of other schools in the area, but, generally, the relative increase has been true of most of the other schools in the list.

He is currently offering a free gas can with each power mower sold, and is now engaged in a large scale sale of all types of mowers, either riding, hand, gas or electric. Gra-Y Leagues Finally Starts Softball Season

Rainy weather took a breather last week enabling the South Branch YMCA Gra-Y Leagues a chance to get a taste of what is yet to come.

After two weeks of postponement, the Tuesday League finally squeezed in some well-played softball Deshler was very impressive as it beat the Reeb Shooting Stars 23 to 3. The Lions had poise and confidence through out the whole game, along with some skill from Terry Treneff and Paul Dolby that completely tied the hands of the "Shooting Stars." Good play by Doug Anderson was a bright spot for Reeb.

Sure of Win

Heyl was assured of a win as the Leopards played the Buckeyes, the Buckeyes coming out on the best end of the line. Jerry Gibbs and Don Lanfear sparked the Buckeyes with some good hitting and team spirit, while Rocky Roshon and the rest of the Leopards fought to the end.

Livingston took the lead in the first inning and went on to win as the Beck Bulldogs could not catch the Wildcats. Theil Geddes provided some good batting and fielding to help the Wildcats' cause.

The Thursday League showed a bad day all around for Southwood, as Lincoln Park defeated both teams. The Lincoln Park Scarlets measured off the Southwood Eagles with Joe Middendorf and Jerry Sopher sparking the Scarlets. On another diamond the Southwood Panthers dodged the hits as the Lincoln Park Grays beat them 14 to 1. Mike Rodgers and Bill Elliott starred for the Grays while Dave Mouser and Jan Wisecarver looked good for the Panthers. Siebert handed the Stewart Indians their second defeat of the season by winning a 13 to 5 decision. Mike Richard and Ron Skeen played a good game for the Kool Kats and Eddie Derenberger played a good game for Stewart.

Scores

Tuesday League

Livingston Wildcats 6, Beck Bulldogs 2.

Mother and Daughter Communion

Mothers and daughters of the June graduating class will be the guests of honor at the annual mother-daughter Communion breakfast Sunday, May 5, after the 8:30 a.m. Mass at St. Leo's Church.

The event is an annual affair of the Altar-Rosary Sodality and Parish Council of Catholic Women at St. Leo's. At this breakfast the $100 scholarship that the society grants annually will be awarded to a girl of this year's graduating class.

Novel feature of the breakfast is that it will be served by the good men of the parish.

Mrs. Grace Phillips, chairman of the breakfast arrangements, has announced the following committee: Mrs. Ollie Lauber, Mrs. Dorothy Scanlan, Miss Gertrude Hummell, Mrs. Frank Kraus, Mrs. Henry Webb, and Mrs. Robert Eberts.

Mrs. Ray Phillips, HI.4-5978, was announced as the source for reservations and information.

Spring Dance Set For May 4

Mrs. Andrew Hritz, Jr., 480 E. Hinman, has announced a spring dance at W.O.W. Hall, 120 Willow-st. Saturday evening, May 4, from 7 o'clock until midnight.

Miladinov Bros. Tamburica Orchestra will supply music for the occasion, it was announced. Refreshments and homemade pastries will be available, it was stated.

Mrs. Hritz said the dance is not restricted—it is open to the public.

Man writes to keep something alive. The Columbus Public Library stores his writings and makes them easily available to its patrons.

Siebert Plans Its Spring Festival; Date: May 10

Siebert School will hold its annual spring festival at the school on May 10, from 5 to 9 p.m. Supper will be served all evening, while snacks, pop stands, and ice cream will be outside.

A wide variety of games will be offered, it was said, such as cake walk, make-up room, bazaar table, home-baked goods, white elephant.

Square dancing is planned later in the evening in the auditorium, plus other added features.

All board members, teachers, and added help from parents will be on hand all evening to make it a pleasant time and lots of fun for all attending, Mrs. Ralph Skeen, publicity chairman, said.

"Tickets," she said, can be purchased from all board members at school during noon hour all next week and at the door the night of the festival at five cents each, it was said.

S. Hi Reunion

South High School will hold the annual alumni reunion Friday, May 17, according to a report from the school. This year the entertainment will be divided into two shows, it was said, one for the alumni who graduated before 1940 and another one for those who graduated after this date. The time not used in attending one's specified variety show will be used as a visiting period to meet and talk with former friends and associates of South High.

The reunion will be held at the school and admission price will be $1 per person.

SOME RUGGED INDIVIDUALS

have gotten out of the habit of attending church, but when their children become four years of age they want them to start to Sunday School, and at eight years want them trained and guided under the influence of the YMCA.

And there is where we start in with our trained staff prepared to teach your boy how to work and play with other boys of his age. To learn good sportsmanship as well as to develop his mind and muscles.

Many a boy has learned fundamentals in the Y which will carry him to great heights in business and profession.

The Y needs a fine new building. We need a Lift. Let us tell you how you can assist in carrying on our great program either with current gifts or with a bequest.

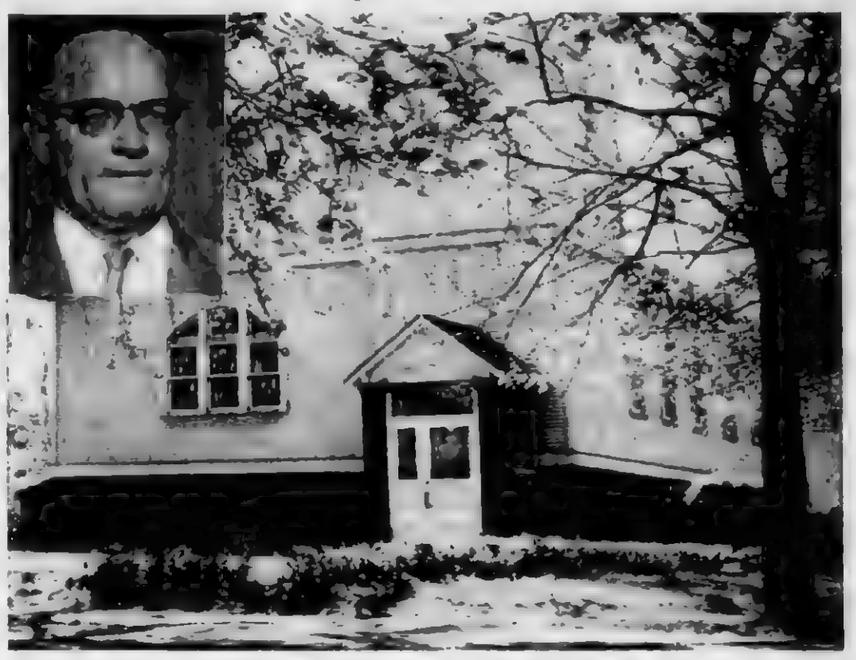
Mercy Clinic To Help In Fighting Virus, Bacteria

Superintendent Charles B. Beard of Mercy Hospital has announced a clinic for the care and handling of food under the supervision of the Columbus Board of Health. Following closely upon the highly successful polio vaccinations, a program has been set up, the superintendent said, to assist all who handle food in learning essential facts about dangers coming from improperly handling of food.

Dr. Ollie M. Goodloe, city health commissioner, has arranged for his department to "conduct a highly informative and interesting clinic on the proper handling of foods and drinks in the home," Superintendent Beard said.

It was suggested that churches and clubs and other groups serving dinners should send representatives to attend, so these may learn how to guard against infection by combatting virus and bacteria.



The first presentation is scheduled for May 21, the superintendent said, at 1 o'clock, continuing for one hour, until 2 o'clock. Lecturers will be Dr. Joseph H. Drayer, deputy health commissioner, Columbus Department of Health, and Health Commissioner Dr. Ollie M. Goodloe, Columbus Department of Health.

The lectures will be given in the hospital conference room, Superintendent Beard said. The second lecture is scheduled for May 28.

Martin Luther E. L. Church Observes 25th Anniversary Of Its Dedication

Martin Luther Evangelical Lutheran Church which has just observed the 25th anniversary of the dedication of the church was founded to serve the people who had originally come from Siebenburgen, Rumania. There were a goodly number of such living in the South Side of Columbus. At the beginning of the church there were some 70 who were interested, but then this number was reduced considerably when the work was no longer carried forward.

The first vestry consisted of the following members: John Schuster, secretary; John Biessell, treasurer; George Sollner and John Goebbel, elders; Michael Tinnes, George Krautner, Martin Weber, Michael Schlecht and George Gotzmeister, trustees.

The minutes of the congregation were written in German for the early years of the congregation's history. Brotherhood, Luther League, Ladies Aid, were organized soon after the congregation was established.

The years of the depression were serious years in the life of the congregation. It was during this time that the services of Professor E. C. Fendt as pastor enabled the work to be continued. Familar names on the various minutes during the 1930's were: Both, Biessell, Schenk, Weber, Schuster, Salzer, Noesner, Goebbel, Sollner, Seigel, Schmidt, Kroner, Kocher, Rosenthal.

John Goebell Jr. was in charge of building of the church and was ably assisted by the people of the congregation. The Ladies Aid was active in the preparation and serving of dinners in order to meet the indebtedness of the congregation.

As the years progressed the need for the German services became less needed and the number present gradually declined. Since 1949 a steady influx of displaced persons has increased the need for the German language at the services and at present the congregation is larger, as far as the German-speaking people are concerned, than it has ever been. While many will soon learn the English language and will be able to converse in English to a certain extent, the desire for German services will continue for some time. It is hoped that new activity and stimulus may be forth coming as we work and meet together. At present more than 350 members are affiliated with the congregation.

The men on the vestry at the present are Michael Schmidt, Jr. secretary; Clarence Ulrich, recording financial secretary; George Schmitt, treasurer; Charles Miller, Johann Junk, elders; Richard Quainteance, Charles Wemlinger, Stephen Gramlet, Martin Scholtes, deacons; Clarence Gleich, Michael Hendel, Alfred Allert, Fred Kreutz, Jr., Karl Mueller, trustees. Mrs. Richard Brown is president of the women of the church; Miss Catherine Both is president of the Luther League; Walter Theiss is superintendent of the Sunday school.

Teachers of the Sunday school are Mrs. John Anthony, Mr. and Mrs. Clarence Gleich, Mrs. Glenn Fulton, William Mercer, Clarence Ulrich, Pastor Oestreich.

Petitioners Halt City's Rental Plan

Opponents to the city's Fairwood Innis Housing project scored a temporary victory Tuesday . . . with protest petitions bearing 7657 signatures.

The petitions, containing, almost 3000 more names than required, will delay the project until, at least, Aug. 18.

City council is now faced with the alternative of either repealing the ordinance passed last month to rezone the property or of scheduling a special election at an estimated cost of $50,000.

Ten days are allowed the city clerk to validate petition signatures. If the signatures are sufficient, Council has 30 days in which to repeal the ordinance or call a special election, not later than Aug. 18.

The city's project would permit construction of 11 buildings containing 385 apartment-type low rental units at Fairwood and Innis-avs. According to Lawrence Irvin, city slum clearance director, this would open up houses for persons being displaced by the Sandusky-st leg of the expressway.

Attorney James B. Albers, chairman of the Fairwood-Innis Association, said, "It should be obvious that those opposing this project are not a small, localized neighborhood group as has been stated. Our petition signers are from all over the city."

Good Weather Aids Gra-Y League In Catching Up

Thanks to the good weather, the South Side Branch YMCA Gra-Y softball leagues are midway through the season. Barring rain, make-up games will be completed in time for the regular season's ending.

Monday of last week saw three games of the Thursday Leagues made-up to put their league back to the regular schedule. Stewart lost to the Lincoln Park Scarlets by a score of 9 to 0, the score not giving credit to some fine play by the Indians. Jerry Sopher and Gary Christian again played fine games for the Scarlets. Another game showed the red-hot Siebert Kool Kats take a close one from the Southwood Panthers 6 to 3. Ted Selvege did a fine job for the Kool Kats, while Keith Taylor played a good game both ways for the Panthers. The Lincoln Park Grays continued on the victory path as they squeezed by the Southwood Eagles 7 to 3 on errors and a home run by Doug Carroll. Glenn Goldsberry and Tom Flockin played good ball for the Eagles.

Regular Play

Back to the regular league play, Tuesday was the scene of some high scoring, with heavy hitting action. The Beck Bulldogs won their first one by taking the Heyl Leopards with some heavy hitting in the second inning. Ray Grey and Bill Hoover put some good play toward a winning cause, while Jim Edwards and Freddie Tomlinson did likewise for a losing one. After winning their first game, the Livingston Wildcats came up on the short end in their second game, losing to the Deshler Lions. Dave Oly and Carl Robertson turned in a brilliant two-way show for the winners, and Al Turos did a good job for the Wildcats. The Heyl Buckeyes won a real close one from Reeb 10 to 8, with Gary Kipp and Gary McCoy leading the Bucks to victory. "Whitey" Ford(not the New York Yankee) and Tom Lutz gave good showings for the Shooting Stars.

Thusrady brought six greatly improved teams to play at Southwood. Both Lincoln Park teams continued to show good play by winning their games. The Scarlets overpowered the Southwood Panthers in a close game, with Joe Middendorf blasting a home-run and delivering some good pitching. Harry Kirby and Keith Taylor played some heads up ball for the Panthers. The Lincoln Park Grays squeezed by Siebert 5 to 3 in one of the best games of theh season.

Stewart continued to improve and had good hitting in spurts, but lost to the Southwood Eagles, who showed some better fielding. Stan Webb and Gary Kunz showed improvement for the Indians and Keith Bradley did a good all-around job for the Eagles.

Tuesday Scores

Deshler 11, Livingstno 0.
Beck 14, Heyl Leopards 10.
Heyl Buckeyes 10, Reeb 8.

Thursday Scores

Lincoln Park Scarlets 8, Southwood Panthers 5.
Southwood Eagles 10, Stewart 6.
Lincoln Park Grays 5, Siebert 3.

Spring Play At Schiller Is Readying

The dramatic club of Schiller Recreation Center has announced that its spring play at Schiller will be "Little Women" from the book of the same name.

Members of the cast have been working for quite a while on the play in preparation for the setting of the date for the presentation, it was stated at the center.

Miss Ruth Levin, Schiller dramatics coach, is directing the preparations for the play. Miss Levin, a graduate of Ohio State University in speech and dramatics, has had much experience in theatrical work, it was said, and the spring play is expected to be largely patronized.

Youngsters To Get Chance To Place Free Want Ads

Boys and girls, 16 years of age or younger, here's something that's free for just you!

This newspaper is offering each of you the chance to advertise in the classified section of this newspaper — free. Now you can let employers know that you're available for part-time or summertime work, you can trade something you no longer need for something you need very much, you can sell your bicycle or other possession, or you can advertise to buy something second-hand.

Each year this newspaper offers thousands of boys and girls a chance to learn about the big results want ads can bring. There are only a few simple rules.

1. Only boys and girls 16 years of age or under may submit free want ads.

2. They must contain not more than 20 words, including your name, address or phone number.

3. Name, age, address or phone number must be listed or ad cannot be accepted.

4. No ads will be accepted by telephone. They may be brought to the Hartley Newspapers office, The South Side Leader at 1542 Parsons-av, or mailed to the same address.

5 All ads must be received by May 20, 12 noon.

6 The newspaper has the right to edit or reject any ad.

Instrument Classes To Be Held This Summer In City's High Schools

For the sixth consecutive year, Columbus Public Schools will offer a summer instrumental music program, Kenneth R. Keller, director of music education, announced today.

Students in grades five through 12 — including those who will enter the fifth grade in September — are eligible, Keller said. Classes will be held at all eight of the city's public high schools beginning June 17, including, of course, South High School and Marion-Franklin. Students in grades five through nine will attend classes through Aug. 9. Students in grades 10 through 12 will attend two sessions, from June 17 through July 26 and from Aug 19 through Aug. 30.

Keller explained that classes will be offered for students who are already taking instruction on a band or orchestra instrument. Classes for beginners will be scheduled at each of the eight centers if possible.

According to Keller instruction will not be offered on plucked string instruments, the piano, or accordion.

Although tuition will not be charged, each pupil will have to buy the book to be used. A rental fee of $2 will be charged for the use of a school-owned instrument. Keller said that school-owned instruments will not be available to fifth and sixth grade beginners. He advised such pupils to rent or purchase an instrument from one of the music stores in Columbus.

Registration blanks are available in each of the city's 101 schools. Deadline for enrollment is May 20.

Keller emphasized that the summer program is not in any way designed to replace private music lessons.

St. Mary PTA End's Year With Dance

St. Mary School PTA will have its last meeting of the year this Thursday evening at 8 o'clock, according to Mrs. G. R. Elzey, publicity chairman. An important phase of the program will be the presentation of the second-grade Harmony Band by Leo Hall. "Holy Moses" is the title of a playlet by Sr. M Antoinette's all-girl high school group.

Sr. M Arsenia and her science students will display their projects entered in the State Science Fair.

Election and installation of officers for next year will occupy an important period during the evening. Then this year will be brought to a close with a gay square dance by Sr. Terrance's eighth-grade students.

South Style Show Has 115 In Cast

The sewing department of South will present its annual style show May 16 in the school auditorium.

The show is to be under the direction of South's sewing teacher, Mrs. Ruth Phipps. There are 115 pupils participating in the show, which will consist of several scenes, each scene having its own narrator. The scenes will vary from very casual to very dressy outfits and will show all of the latest colors and styles of this season.

New Officers To Be Installed Fri.

Corpus Christi PTA will "close its official doors" at the next meeting, to be held Friday, May 10, in the school hall, at 8 o'clock in the evening.

Major business to come before the meeting, according to Mrs. Charles J. Haag, publicity chairman, will be the installation of new officers for the 1957-58 school year.

Mother's Day

There is a delightful intimacy in writing, as there is in thinking, ABOUT MOTHER. Maybe that's because when we speak about mother it is mostly about OUR MOTHER. "Maybe" is a weak word here. The two little words IT and IS should be capitalized—clearer, isn't it, what is meant? For MOTHER looms large in the life of everyone.

• • •

She Is Gone?

Mother gone? MY mother IS gone. But, and this is the nub of the beauty which is intimately associated with MOTHER'S DAY — every day: perhaps, like you, there is another MOTHER close to me. The same with you, likely — the wife who sustains us men likely is the mother of one of more children, making her, in a beautiful sense, OUR mother.

• • •

When We Were Little

Remember when you tagged along, holding tight to MOTHER'S skirt as she walked in the course of her household duties? Or maybe when she walked through the garden, you holding on tightly, either to garment or hand? Remember? Too callous? No, fellow, no man is THAT callous. Maybe you don't want to appear soft, but let me tell you there is beauty in decent "softness"—and MOTHER, if living, will rejoice quietly in recognition of your offering.

• • •

The Clouds Took Her Picture

Yes, the clouds photographed MOTHER one day and has carried her likeness ever since, so that in the evening sundown artistry called clouds we can see her likeness, reap of the gentle sweetness which was MOTHER, bathe our soul in the glory of her presence, then be impatient for the next Mother's Day to give proper homage to the one in the world who lifted up where others would have pushed down. From each of us . . . .

We hail you on this Mother's Day . . . MY . . . MOTHER!

Minister, Singer Coming To Livingston Church

Howard Correll

Rev. R. O. Fraley

Rev. Levon A. Shaum, pastor, Livingston Methodist Church, Livingston-av at Third-st, has announced that a visiting speaker and a visiting singer will participate in a "Secret of Life Campaign" beginning May 8 and continuing through May 19. The pastor said that services will be held every evening except Saturday during the announced period. The special speaker will be Rev. Robert O. Fraley of Asbury Theological Seminary, Wilmore, Ky., while the singer is "anchored" in the United States and is "on the go" in the work he took up upon conversion — presenting Christian values in churches rather than that upon the operatic stage, which was his earlier and highly successful calling, it was stated. Rev. Fraley is a graduate of Augsburg College, Minneapolis, Minn., and received his master's degree at Asbury Seminary.

A native of Ontario, Canada, the singing evangelist retired from operatic interests to devote full time to singing music allied with Christian philosophy, Rev. Shaum told the Leader.

CONKLE'S HOLLOW HIKE

The Central Ohio Hiking Club of the YMCA will enjoy a hike and picnic at Conkle's Hollow on May 12, under the leadership of Hazel McQueen. The group will meet at the YMCA at 1:30 p.m. for the trip by bus.

Council Meet Set: Tonight

Jim Wagner, secretary, has announced that the May meeting of the Council of South Side Organizations is scheduled to meet this Thursday evening at 7:30.

The meeting, as is the custom, will be held at the South Side YMCA, 864 S. Third-st. Secretary Wagner said there will be important business before the Council, one item being the plans for the Fourth of July Program.

An interesting program is reported, with John Phillips of the Juvenile Bureau conducting a question and answer discussion.

S. Hi To Give House To Symphony Concerts, May 14

The Columbus Symphony Orchestra, with Evan Whallon conducting, will present a pair of concerts at South High School Tuesday, May 14, according to an announcement by the symphony group. The audience for the first, at 9 a.m., will be the South High students. The second, at 10:15, will be for students from nearby junior high and elementary schools.

These concerts, it was stated, are made possible by a grant from the Music Performance Trust Funds of the Recording Industry, administered in this area by the Columbus Federation of Musicians, Frank B Lane business representative. Grants from these funds have also provided about half the 70 concerts which have been given in schools during the year by small ensembles of string, woodwind, and brass instruments.

Other ensemble concerts have been subsidized by the Young Associates group of the Columbus Symphony Orchestra and by individual PTA's. Plans for next season include an expansion of these activities in the schools of Columbus and Franklin County, it was said.

At the South High concert of May 14, soloist will be a 17-year-old violinist, winner of the Columbus Symphony's Young Musicians' Competition of last February. He is Thomas Dumm, son of Mr. and Mrs. Harry R. Dumm, 82 Oakland-av and he studies with George Hardesty, concertmaster of the orchestra.

Mother's Day Observance

Mother's Day will be recognized at South Methodist Church, according to a program sent to the South Side Leader. The observance will take place this Saturday evening at 7:30, and will take the form of a play called "Motherhood." A corsage will be presented to the oldest and the youngest mothers present.

Six Local Women Win Clocks

Each of the winners, it was understood, received a clock as a token of victory in the contest. Winners locally are Mrs. James Clevenger, 242 Sycamore-st; Mrs. Adam Keeney, 429 Hanford-st; Mrs. E. J. Kerscher, 373 Frebis-av; Mrs. Harold Sharp, 1244 S. 4th-st; Mrs. J. R. Winel, 352 E. Moler-st.

An Orchid for Mother! Mothers, bless their hearts, are the dearest, most affectionate and sweetest people in the world. And modern mothers are no different from the mothers of yesterday — they love to be remembered. The most precious gift for them is one of flowers, which combine fragrance, sentiment and loveliness all in one. Give your mother a lovely plant, beautiful roses or cut flowers, or a corsage to wear to church. Wouldn't she love an orchid? Don't forget to wear flowers yourself in her honor.

Our best wishes to many who have been ill — Walter Ruck, Paul Baughman, John Groves, Kenneth Crum, Mrs. Robert Keener, Mrs. Dorothy Clouse, Robert Slemmer, Mrs. Marcia Dennis . . . also Mrs. Dorothea Plants, Paul Miller, Dennis Gollihue, Mrs. Clara Tipton and Blanche Klein. Our congratulations to Mr. and Mrs. Leroy Jury and to Mr. and Mrs. Fouch who have baby boys, and to Mr. and Mrs. Lyle Ward and Mr. and Mrs. William Hannan who are lullabying their new baby daughters . . . birthday greetings to Mrs. Holderle of 30 Gates, and to Louise Whitacre who will be 13 on Mother's Day.

In Passing

Esther Weakley

Don't poets know
Better than others:
God can't be always everwhere,
And so invented mothers.
Sir Edwin Arnold.
(1832-1904)

These poets can pay tribute to mothers better than I can, so here are some "Mother" poems:

PIONEER MOTHER

She must have known that there was no returning
From dread monotony of sun-scorched plains.
From league on league of desert sands. Her yearning
Thoughts of home drowned in torrential rains.
In cold, red skies and twilight's bitter gray,
Storm-beaten trees in melancholy sway.
Across the arid waste, she followed, hearing
Wild birds call beside a stream; nearing
Day by day the spot that told its worth:
Where she could plant her roses in the placid earth.
Jean Comeans Long.

MOTHER

The love-lit eyes that met my baby glance
Contained the universe! When she would croon
"Our silver swing is but the crescent moon."
We seemed to swing, the sole inhabitants.
And ever after when the circumstance
Found her not there, the very walls seemed hewn
Of bleakness! The familiar, soothing tune
Of home was lost, and all was dissonance.
And now that she is gone, such passion fills
My heart for all the stars and breadth of space!
And dear heart touching tenderness that spills
From souls. And all the flowers seem to trace
Their loveliness for her! My heart by stills—
For in the universe I see her face.

THE HAPPY MOTHER

She loves her shiny kitchen best of all:
The blue chintz curtains and the cooking ware
In yellow tints against the cupboard wall;
The fragile teacups; baby's oak high chair.
In lace-frilled apron, crisp and starched and white,
She stirs a creamy lemon-butter cake,
Then humming to herself, her face alight,
She puts a chocolate custard in to bake.
A vase of scarlet roses on a stand
Reflects itself upon the crystal pane;
All things become transformed beneath her hand,
In this enameled, feminine domain.
The roast is done and biscuits fit for kings
Are browning while the copper kettle sings.
H. P. Stoddard. Reprinted.

CLAY HILLS MOTHER

Once, her eyes were as brown as an autumn leaf,
Her lips as red as a late summer rose.
She was tall and slim as a young creek willow.
Her skin was smooth and white as snow.
Today at seventy, her eyes have the ageless
Light of a soul in whom memories still blaze.
And upon her face rests a calm serenity
That comes to those who have known want and pain.
Yet of one who has found peace in the simple things of life.
That had to do with faith in God, clay rock soil, and rain.
Myrtle L. Reeder. Reprinted.

Happy Homecomming At St. Leo's; Prizes Said Numerous

At a recent meeting of the Spring Homecoming Festival committee, Mrs. James P. Sergi, 292 Thurman-av, this year's festival chairman, announced plans to make this the "biggest festival ever sponsored by the members of St. Leo's Parish."

The event will be held on the school grounds Friday and Saturday evenings, May 24 and 25, from 5 to 11 p.m. A dinner will be served on both evenings from 5 to 9 p.m. On Friday evening a complete fried fish dinner will be served and on Saturday evening Italian spaghetti will be the fare. Prices will be $1.25 for adults, 50 cents for children, or $3.50 will feed a family consisting of father, mother, and two or more children.

Generous door prizes will be awarded hourly on both evenings, it was stated. On Saturday evening, May 25, a 1957 Bel-Air Station Wagon will be awarded.

The various stands to be found on the grounds both evenings and the chairman in charge of each are: antiques and white elephant stand, Mrs. Lillian Pritchard and Mrs. Joan Pope; doll stand, Mrs. Robert Ellifritz and Mrs. Anthony Smigelski; pizza and sandwich bar, Mrs. Robert Burkey and Mrs. Charles Schneider; ice cream, pop and candy, Ralph Stedman and Paul Baumann; fancy stand, Mrs. John Flowers and Mrs. Anton Kolas; fish bowl, Mrs. Joseph Schwartz; ham stand, Frank Muetzel and Frank Neubeck; fish pond, Mrs. Arnold Plageman and Miss Gertrude Hummell; grocery basket stand, Morris Diamond and James McGinnis; cake stand, Mrs. James McGinnis and Mrs. Morris Diamond; novelty stand, Thomas Cahill and Thurman Krivida; large grocery basket award, Mrs. Marcel Padilla and Mrs. James Sergi. And for something completely different this year, there will be three rides for young and old, under the supervision of Mark Houenstein and William Hanf. Others on the committee are Mrs. Joseph Zubovich, Henry Webb, Mrs. Edmond Reis, Mrs. Robert Sweeney, Stuart Jones, Mrs. Julio Alexander, Leo Ries, John Riah, Thomas Guth, Andrew Theado, Leo Hummell, Charles Schneider, Quentin Contosta, Mrs. Leo Herderick, George Kellner, Francis Kempf, George Miller, Mrs. William Derr, Mrs. A. J. Fontaine, Mrs. Stuart Jones, patron and publicity chairman.

Mrs. Rebecca Spires is chairman of the fish dinner on Friday evening, and Mrs. Clifford Lewis will serve as chairman for the spaghetti dinner.

The festival committee in a statement concerning the extensive planning which has been given to the affair, expressed the thought that there will be an unusually large number of people attending to greet friends and take advantage of the drawings and the extra good food which will be served. The affair is wide open to all who might find joy in good eating, the committee said.

8 Additional 'Walkers' Needed To Volunteer

With the majority of volunteer marchers already enrolled for United Cerebral Palsy's annual house-to-house march on May 14 Women's Division chairman Mrs. Robert Gulcher has issued a request for eight area chairmen and additional volunteer walkers in all sections of the county.

The success of the Golden Deed Crusade, as this year's march to obtain funds to aid cerebral palsied children has been termed, depends upon obtaining the necessary number of men and women to call upon their neighbors, Mrs. Gulcher said.

"We ask only for two hours of a person's time to make the crusade go over the top," said Mrs. Gulcher. "Except for a briefing session, which will precede the actual crusade, no other time demands will be made upon the volunteers."

Volunteers are needed for the area Frebis to Refugee-rd between Fairwood and High-st. Volunteers should contact Mrs. Olan Burt, Southeast division chairman, 227 Preston, CL. 2-5505.

Schiller Park Equipment Is Now In Use

Schiller Recreation Center has "beat the season" with its extensive play paraphernalia, according to a report issued late last week. The statement indicated that the Center had erected all of the Center's swings, sliding boards, and teeters on May 1, not to be locked up again until the end of the season.

Although the play equipment will be available at all times from now on, instead of only during the Center's official open hours, it was requested that special emphasis be given to the fact that there is supervision only during the period beginning at 3:30 p.m. and ending at 7 p.m. on week days. This will be in effect every week-day until the summer sessions of playground activities officially opens.

Announcement will be made in advance of the opening of the summer schedule, but in the meantime the limited hours without supervision will be in effect.

Bob Feller To Headline Clinic On Baseball At Jet Stadium

The Columbus Recreation Department in cooperation with the Columbus Jet Baseball Club will sponsor a unique baseball clinic at Columbus' Jet Stadium at 11:30 a.m. on Saturday, May 11.

Former Cleveland Indian's pitching ace Bob Feller, who will be in Columbus as part of Motorola's Youth Sports program of which B. F. Goodrich is a co-sponsor, will headline the clinic. This youth baseball event is open to all boys and girls who play amateur baseball of any type in Central Ohio as well as their coaches and parents. It is hoped that the youngsters arrive at the ball park in team groups with their coaches and parents as supervisors. Harold Cooper, Columbus Jets general manager, has offered the full facilities of Jet Stadium for this event.

The day's activities will be climaxed by a regulation high school baseball game between Columbus North and Chillicothe at 1:30. During this game Feller and Hank Gowdy, Jet Youth activities director and former major league star, by public address microphone will explain the "rights and wrongs" and fine points of the game as it is being played before the thousands of youngsters, coaches, and parents who are expected.

In addition to Feller and Gowdy, other baseball notables, including former Jet Pitcher Dick Hoover, now a member of the Columbus Police Department, will be on hand to take part in the program, which will kick off a full season of amateur baseball in Central Ohio.

It is stressed that while the clinic is sponsored by the Columbus Recreation Department, all boys and girls who play amateur baseball of any type in Central Ohio, their coaches, and parents are invited. Several bus loads are expected from all over the area.

There is no fee or obligation whatsoever attached to this event believed to be the first of its kind in local sports history, it was stated. All youngsters, coaches, and parents are urged to be at the ball park promptly at 11:30 a.m. when Bob Feller takes over the public address microphone.

Feller will actually spend two days in Columbus, arriving the morning of Friday, May 10, on which day he'll visit Columbus Children's Hospital, The State Schools for the Blind and Deaf, and other places to meet with youngsters who will be unable to attend Saturday's clinic.

Also on Friday's busy schedule will be press, radio, and television interviews and visits with officials of the city, county and state.

For further information on this mass youth baseball clinic anyone may call Jet Stadium at CA. 4-1175 or the City Recreation Department.

Arts, Crafts Class Soon

An arts and crafts workshop will be held at Schiller Recreation Center May 15, 16, 17 and repeated on May 20, 21, 22 according to an announcement at the center. This is a special training program for all recreation leaders, Scout leaders, and church workers who deal with youth or adults in any kind of a craft program. It will be presented by a representative of Binney and Smith Company, makers of craft products.

Because the course can accomodate only 40 people in each session it was said interested persons should register with the Columbus Recreation Department, Room 124, City Hall immediately. There will be no registration fee for the course, but participants must be present for the full time each day, or a total of 15 hours for the three-day course. Hours of the course are from 3 to 9 p.m. each of the days for which the course is scheduled.

Mary Circle of Thurman Avenue Methodist Church meets at noon today for a dessert luncheon at the church. Hostesses are Mrs. S. L. Copeland, Mrs. Anthony Christ, and Mrs. Raymond Irion.

Though we don't plan to give full details just yet, we will start mentioning the 1957 Fireman's Ball, to be held June 7, at the Ohio State Fairgrounds. If you have a fireman friend he'll gladly tell you all about it, we're sure.

South High School's final PTA meeting of the current school year will begin at 7:45 on that date. The program will be one of community participation, presenting a variety of acts by various nationality groups and individuals, MC'd by Don Phillips, radio and dramatics teacher of the school. Vocalists of the Germania Singing Society and tiny tots of the Hungarian E&R Church dancing in native costume are two of the featured acts. Vocal, instrumental, and dancing acts will all add up to an interesting and enjoyable evening. A number of South High students will also be participating. Something typical of the following nationalities will be offered: German, French, Spanish, Early Roman, American, Italian, Hungarian, and Transylvania-Saxon. Admission (naturally) is free and the meeting is open to the public. During the business meeting preceding the program, installation of officers will be conducted by Mrs. Merritt E. Warner, president of the Columbus Council of Parent-Teacher Association.

Since the young man in this item has so many South Side relatives, we deem it appropriate to tell you about him. Nine-year-old Dennis Szabados, 2487 McComb-rd, Grove City, has been in bed since Christmas with rheumatic fever. The highlight of his day is the mailman's visit, so do include him on your card list, won't you? His maternal grandparents are Mr. and Mrs. Burns of Morrill-av.

We dialed our friend, Virginia Leonard, to try to get further details about the Beck Street festival to be held tomorrow at the school. Lots of "ding-dings," but no Virginia! So all we can tell you is that there will be a festival and "yrs truly" will be one of the freaks in the side show! Don't let that keep you away, for Beck has always had super-dooper affairs and we're sure this year's offering will be no exception.

One of the weddings that will take place this Saturday is that of Violet Mary Alibrando, 1205 Miller-av, and Donald Allwein, Lebanon, Pa. Corpus Christi will be the scene of the 10 a.m. nuptials.

Our friend, Cecil Welch, 1220 Wager-st, is getting a chance to do a lot of "showing around" these days. His young Dutch friend, Jan Floris, arrived in New York from Holland last week, so Cecil is getting to show him our country at last. We are hoping to get together with Cecil and Jan real soon, ourselves. Cecil tentatively had planned a bus trip to Michigan last week-end so Jan could see the tulip festival there, in "transplanted" Holland. The house on Wager-st is suddenly "alive" for all winter, just Cecil "held the fort." Now, in addition to Jan, Cecil's dad, Carl Welch, has returned from California, where he had been visiting his daughter.

WSCS Circles of Oakwood Methodist Church that meet between time of this edition to next week's wordage: Susannah Wesley, May 10, 7:45 p.m., in the home of Miss Emma Edwards, 1002 E. Whittier-st; Ethel Hall, May 14, at 1 p.m., Mrs. Harry Schube, 1032 S. Rennington-rd, hostess; Bennett Circle, May 14, 8 p.m., in the home of Mrs. Arthur Wood, 872 Linwood-av.

Again, a HUGE reminder to South High alumni that the reunion will be held a week from tomorrow, May 17, at the school. The same show will be given twice, and will trace highlights of the school's history since 1920. The program committee has been Nancy Whitmer, chairman, Kitty Webb, Shirley Unverzagt, Don LaRue, Bob Dean, and some one whose name I've momentarily forgotten. Doing research to get ideas, we came upon some quiet "smile" things, and we'll use one of them today. (We feel we could write a book on South now, after scanning old "Optics", et al.) Seems the first play given in the, then new school, in 1924, had a two-day run. On opening night a transformer "goofed" and there were no lights. Frantic scurrying produced enough candles to proceed and the band equal to the occasion, blared out with "South High Will Shine Tonight, South High Will Shine!" There is a possibility that Kermit Blosser, former Bulldog coach, will be present and Don Frontz is contacting various athletes of his three-year South era. (Quite a few of the boys in that time went on to coaching careers, and one new reads their names in the high school doings of Central Ohio.) What WE want to see is the basketball game (?) though we have not decided who to root for. Do not forget the three-way benefit: seeing former classmates, a variety show and dance, and the fact that the dues help our alma mater, both as to needed items and scholarships. Do attend, if at all possible.

Guess we've checked off all our items for the week, so till next edition—tis

Help In Remodeling From Manuals, Parsons Library

If you're thinking of remodeling this spring, the Parsons Branch Library has helpful manuals which will not only give you ideas for modernization projects, but also step-by-step instructions for carrying them out, according to Librarian Margaret Bausch.

"Book will tell you how the older house can be brought up to date or how a good house can become a better one," Miss Bausch said.

One very comprehensive book of that type is "Mr. Fix-It's Complete Book of 1001 Ways to Repair and Improve Your Home", by Daniels. Another useful manual is Samuel Paul and Robert Stone's "How to Improve Your Home for Better Living." This guide, a complete handbook of home modernizing, gives ideas and instructions for remodeling every room in the house.. Also especially helpful are Emanuel Stier's "How to Make Your Home Worth More" and "Remodeling Guide for Home Interiors" by James Dalzel.

Other available handbooks includes "Home Improvements You Can Do", by Louis Hochman; "How to Finish Attics and Basements", published by Arco; "Good Taste in Home Decoration," by Macmillan; "How to Paint and Wallpaper," by Hardy; "Popular Mechanics Home Plumbing Guide"; and "How to Build Patios, Terraces, Barbecues, Walks, Fences, Awnings and Gates" by Hochman.

The library also has many helpful books which outline techniques and tools for home repairs and maintenance.

Parsons Branch reminds juvenile patrons of the Saturday morning Story Hour. Ten o'clock is the time.

Mother's Day Recognized

Mothers will have charge of the morning services Sunday, according to an announcement by Rev. Jacob Swisher, pastor of Pilgrim Holiness Church, 996 Oakwood and Kossuth-sts. in recognition of Mother's Day.

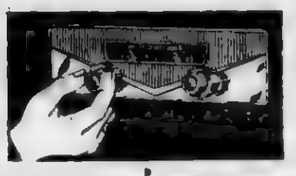
Recitations by children will occupy an important part of the morning's program, the pastor said, with special attention to the oldest mother present, the youngest mother, and the mother who brings most people, her own or others. These will receive potted flowers.

On the following Sunday, Pastor Swisher said, Mrs. Margaret Hankins, former missionary in the British West Indies, will be the speaker at the morning service.

Brownies Meet

Brownie Troop 329 of Thurman Avenue Methodist Church held its regular meeting Friday, with the flag ceremony conducted by Ellen Sells, Linda Stoltz, Lyasa Morris, and Trepea Willis.

Several Brownies told stories to their troop with illustrations, using their flannel boards.



Good Citizenship Awards have been given Sue Hardwick and Tressa Willis.

Happy birthday wishes go to Linda Stoltz who treated her Brownie friends with cake and soft drinks. Candy treats were given by Tressa Willis and Barbara Bay. — Reported by Mrs. Donald Salser.

Emmett Andrews

Emmett Andrews of Roosevelt Junior High School broke his own school record in the 100-yard dash of 10.7 seconds while participating in a triangular meet with Starling, Crestview and Roosevelt. The meet was held May 1 at Central High School. He ran the event in 10.4 seconds.

Andrews for the past two years has been a mainstay in the Roosevelt squad. He has consistently been a winner in the three events in which he specializes. These events are the 100 and 220 yard dash and the high jump. He now holds the school record for all three events.

Clean U, Paint-Up

Congratulations to organizations and individuals for the busy activity of last week, with the beginning of a special week to call attention to the festering sores in some places, the scattered debris in others, and a general let-down in civic pride in others. Let's be clean-minded: let's keep up our property—might be some one would want it if it were given a coat of paint. Maybe the new appearance would make us want it even more. A run-down neighborhood is merely people who neglected to keep up that neighborhood. It's US, after all.

We'll Dig In Determinedly

We "dug in" before and we can do it again! Starting in the same hours as the Pearl Harbor tragedy America patriotically did an enormous job. It will be a bigger job this time. Even more heartbreak. That we will have to endure greater burdens is unquestioned. GOOD citizenship has built a good USA and can keep it that way!

A Gem Dropped In

Dear letter, go upon your way
Over mountain, plain, or sea.
God bless all who speed your flight
To where I wish you to be.
And bless all those beneath the roof
Where I would bid you rest;
But bless even more the one to whom
This letter is addressed.

Few healthy individuals appreciate good health.

The shopping center, to be one of America's most modern, is being constructed in two stages. When completed it will stretch 3000 feet along the west side of S. High-st. Which One's Real?

THREE BUDDIES, 18-month-old Stephen Pennington and his bulldog pals, look all the world like they could be tough on a moment's notice. Steve's English Bull, Lady Candive, is known in dog-world social circles, including the National Capital Kennel Show in Washington where this photo was taken. Answers to "Which are Real?" are given below.

THESE LITTLE DOLLIES walk and talk, but only one eats ice cream. Answer below.

WHITE FROST, a miniature pedigreed white Pekingese from Cobham, England, romps with a toy playmate. Puppy was seven weeks old and weighed one pound when photo was taken. Which is White Frost? See answer below.

(United Press Photos)

TOY TRACTORS too, are modeled after real ones like above, but there's no mistaking which is real and which is toy as Richard Behr and his father from Dubuque, Ia., prepare to drive away on new 1957 Farmall 450 tractors. Answers: Top—Real Lady Candive is at right; Center right—White Frost is at left; Center left—The dolly on the left is a real live girl.

Spring Festival Of Gas Ranges

Sponsored by the American Gas Association during the months of April and May, the Spring Festival of Gas Ranges is expressly designed to highlight the many advantages of modern gas ranges. Appliance dealers everywhere are staging special displays and demonstrations of the newest models, which feature such work-saving improvements as top burner heat control, extra-wide broilers and automatic oven clocks. Homemakers are cordially invited to visit these informative presentations and see the newest developments in gas cooking.

STOPPING SQUEAKS

To eliminate minor floor squeaks, use a dust-type graphite gun, commonly sold for lubricating door locks. Squirt a little of the graphite between loose, creaky boards.

The development of printing is the cause of much wasted paper.

To Present Flag

Southway Unit No. 144 American Legion Auxiliary is to make a Flag presentation to Amvet Village Girl Scout Troop, at Mifflin High School, May 15 at 7:30 p.m.

Those taking part in the ceremony will be the unit president, Mrs. Dorothy Joyce; Americanism co-chairmen, Mrs. Marie Hanf; sargeant-at-arms, Mrs. Louise Goodall; color bearers, Mrs. Dorothy Denman and Mrs. John Ledesma; color guards Mrs. Mary Barnhart, Mrs. Betty Crozier, Mrs. Therrsa Hicks and Mrs. Mary E. Kaiser.

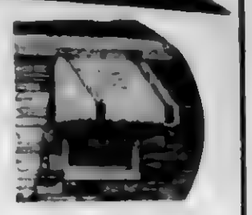
MORE LIVING SPACE

One of the simplest ways for the homeowner to add year-round living space to his home is to enclose a back or side porch. The cost is much less than would be involved in complete new construction. Present porch posts often may be used as part of the framing and the electrical wiring may be already in place too.

Style Show By Children At St. Stephen's Community House

This picture might well be titled "Little Misses Catch a Lot of Hearts When They Give a Style Show." For that is exactly what they did—they put on a style show at St. Stephen's Community House — a pre-Easter style show it was, too, with a lot of people attending to see just how good a big group (there were 41 in the show) of little lovelies could do in showing older folks how how to "wear clothes just right." This is was stated, is just one of many kinds of work carried on at St. Stephen's Community House, which is located at 379 E. Barthman. The reporter wanted to get the names in the order of their sitting, but he soon found himself with too big a job—they'd sit still a short time for photography, but the reporter had not figured in their calculations. We hope they'll put on another style show soon.

Cerebral Palsy



The East Side Auxiliary No. 8 of United Cerebral Palsy has announced a square dance for the benefit of cerebral palsy victims May 11 from 9 to 12 at the K. of P. Hall, 697 S. High-st. Jim Wagner will be the caller and door prizes will be given.

Tickets may be purchased from any auxiliary member or at the door the night of the dance. Dance chairman is Mrs. Al Kurelic, 2775 Dover-rd.

Anyone interested in "walking" on May 14 in the door to door canvass for Cerebral Palsy in the south end, call Mrs. Jerry Caldwell at CL. 8-7239.

Mildred Stewart, owner, reports that many new ideas were developed for milady's hair do.

B. F. GOODRICH is helping to sponsor a "Help the Youth Baseball Program" and is offering autographed "BOB FELLER" baseballs for a low price and then part of the money is turned over to the local youth baseball league of the purchaser's choice. DOR-O-BEL GIFT CO. has changed locations. They are now located at 901 S. High-st. Many new lines of ceramics and costume jewelry have been added to their already complete line of fraternal organization gifts and items. Business starts with the ads, but must continue through in store tie-ins. H&S are to be complimented on their displays, both past and present.

HOME OWNERSHIP

Foundation for a Growing Community

STEPS of PROGRESS

This is one of a series of messages designed to point out why this community is truly a wonderful place in which to live. Reflecting the steps of progress in our area, these advertisements are sponsored by local business and professional men who are appreciative of the loyalty, cooperation, and patronage of the loyal citizens whom they serve. Each message is a tribute to a group or organization having complete faith and confidence in the future progress of this community.

IT has just occurred to us that one of the basic reasons why this community has been so progressive in recent years is due to the large number of home owners among its citizens. So, today, we pay tribute to the far-sighted citizens who have established their confidence and faith in their community by wisely investing their money in a home of their own.

Home owners are proud of their individual accomplishments in building, buying, or modernizing a home of their own. It gives a sense of security for the family that ranks second only to their religious faith. This confidence reflects itself in a happy, growing prosperous community life and certainly this attitude exists here. No wonder ours is a community of civic pride . . . small wonder that so many want to own a home in our midst. Friendly neighbors, good churches, good business firms, are all a part of the inducement to own a home. We have them all.

We salute, therefore, the home owners of our community. Your contribution toward the economy, the pride, the enjoyment of living in a community such as ours is an invaluable asset. We commend you on your faith in yourself, your family and your home town. You are aiding in the building of a solid community foundation.

Roof Line Adds Size To House

One of the most successful design techniques of Ned H. Abrams, prominent California architect, is to make a small inexpensive house look larger than it actually is by accentuating the roof line.

Abrams, of Sunnyvale, Calif., has accomplished this in the compact ranch house, right, by placing the carport at the front and sweeping the low pitch roof over it.

The house, now being erected in the rolling hills overlooking San Francisco Bay, has three bedrooms, and sells for under $12,000.

Architect Abrams, one of the San Francisco area's leading home designers, prefers asphalt shingles because of their economy, durability and color.

From the viewpoint of color, Abrams says he likes to use "nature's tones," such as the deep brown asphalt shingles used on the house shown. "These colors come from the earth," the architect says, "and are more restful."

He pointed out that in California near the ocean there are few trees. "This is the reason we like to use deep colors on the roof. Light pastels tend to be too bright in California's intense sunshine."

Abrams added that in some mountain areas where trees are plentiful the light pastels of asphalt shingles are good. "A light roof color keeps the house from looking like it's cowering among the trees."

Other exterior features of the Abrams house are wood siding stained in redwood tones, a sheltered entranceway under wide eaves, and a covered terrace at the rear.

Inside, the wide entrance hall leads to a 20 by 15 foot living room separated from the kitchen by a snack bar. The kitchen is on the front of the house to permit ready access from the living room to the outdoor living area at the rear.

The overall design, Abrams says, was aimed at offering as much open planning and casual, outdoor-indoor living as possible in a small, low cost home.

Additional information, including study plans, blueprints and specifications can be obtained from Ned H. Abrams & Associates, 575 Britton Ave., Sunnyvale, Calif.

How To Gear Workshop To Home Jobs

Having decided to join the growing fraternity of do-it-yourself OHI craftsmen, where do you start? The answer of course, is start by selecting and equiping an adequate place to work, a shop area for your do-it-yourself activities.

In selecting the physical location for your shop, don't skimp on space. Take every inch you can spare. It will pay off later, and you'll be glad you allowed enough. As a bare minimum, six by twelve feet will suffice, but with stationary power tools, a ten by twenty area is a closer to the ideal.

After choosing the spot, think next of floor, walls, ceiling, electrical outlets and lighting. Asphalt, rubber or cork tile are best for the floor. Walls can be finished pretty much to taste, but wood paneling or a sound-deadening insulation board are always good. Allow yourself plenty of electrical outlets — 115 volts, properly grounded — particularly in the main work areas of your shop. Overhead lighting — preferably fluorescent — is best and again provide for plenty to prevent eye-strain on close work.

In selecting tools made a good choice of the hand variety your first consideration. Buy them individually or as a "kit," several good ones of which are available by reputable manufacturers. Perforated hardboard panels provide a convenient way of storing hand tools right on the wall for easy reach.

Portable electric tools such as the quarter inch drill and six or eight inch saw may be your next step.

When you select a stationary type power tool you know you're really in the shop "business." A hint — to save both money and space, investigate the popular multi-purpose units, which will keep your investment to a minimum and leave more room for other shop activity.

Buy Good Plants

If the weatherman ever stops tipping his sprinkling can so the gardens can dry out, many of us will be looking for plants to set out. Some care should be exercised in selecting plants whether they be cabbage, broccoli, tomatoes, peppers, or others. Well grown plants will be somewhat blocky in appearance rather than tall and thin. The leaves should have a good light green color (not yellow.) Yellows resistant cabbage plants should be used if yellows is a problem in your garden. Resistant Golden Acre and Marion Market are two good early cabbage varieties which are yellows resistant.

Handle Gently

Proper handling of the plants prior to and during transplanting can make a difference of up to 10 days in the time required to grow to maturity. Handling and transplanting of your plants gives them a shock by disturbing the root system. It may take up to 10 days for the plant to recover from this shock, depending upon the severity of it.

Methods of Growing

Several methods of plant growing are used by the plant growers supplying the Columbus area. We will classify them by the way they are delivered to you when you purchase them

BARE ROOT is by far the most common method of marketing plants. The plants are removed from the flats at the time of purchase. Although there may be some soil adhering to the roots, they are essentially bare root because of the great amount of root disturbance. These are usually the cheapest priced plants.

BLOCKED PLANTS are grown in a flat the same as bare root plants, but are blocked a week to ten days before sale so that all the roots are growing in a two-inch square block of soil. Blocking is accomplished by cutting between the plants with a knife which causes branching of the roots.

BANDED PLANTS are grown and marketed individually in two-inch bands of paper, wood or composition material. With this method there is little, if any, shock to the plant in transplanting

POTTED PLAINTS are grown in small pots, and as with banded plants, there is little shock to the plant. Peat moss pots are now available at most garden stores and should be good for the home gardener growing his own plants, since the pot can be planted with the plant, giving no shock to the plant at all. Plants grown by the latter two methods will cost more than the others but may be worth the extra cost.

A second planting of lettuce, beets, radishes and carrots should be made about two weeks after your first planting

Q. I planted peas and lettuce late in March and they still haven't come up. Do you suppose the seed was bad, or what was the matter?

A. Don't blame the seed too soon. You didn't say where you obtained your seed, but we will assume it was from a reputable dealer. Most seed supply houses test their seed for germination percentage, and will sell only good seed.

The recent cold wet weather which we have had is most likely the culprit in this case. These conditions were very poor for good germination, and may have caused the seed to rot or be slow in germinating. Dig up a few of the peas to see what has happened. Even the best seed has a hard time of it when it is cold and wet. Seed treatment is pretty good insurance for the early garden.

Seven-Step Plan Builds Good Lawn

Here is a tested seven-step method for building a new lawn:

(1) **Soil Preparation:** Dig up or rototill the top soil to a depth of four to six inches. Then pulverize the soil with a sharp rake, removing all stones and debris. If soil is poor, apply two or three inches of humus or peat moss.

(2) **Plant Food:** next, apply a complete lawn fertilizer, one which is specially formulated for this purpose. Apply 30 to 40 lbs. per 1000 sq. ft. distributing evenly by hand or with spreader.

(3) **Seed Bed:** With spade or rototiller, turn under the humus, lime and fertilizer. Rake thoroughly to form a level, mellow seed bed, then roll.

(4) **Seeding:** Use only the best quality seed and be sure it is suited to your soil, climate and growing conditions. Apply three to five pounds per 1000 square feet, sowing half in one direction, the other half at right angles.

(5) **Compacting:** After seeding, rake lightly so as to cover seed not more than one-eighth inch. Then roll, to bring the seed in contact with the soil

(6) **Watering:** After rolling, water with a fine spray daily, or oftener, if lawn shows signs of drying out

(7) **Mowing:** While the lawn is young, do not cut it shorter than two inches. Once established, maintain grass at a height of 1½ inches.

To perk up a run-down lawn, take these simple steps:

(1) Rake off dead grass, weeds and leaves.

(2) Rake or dig up bare spots, apply lime, if needed; add some humus, and apply a complete plant food specially formulated for lawns, at the rate of three pounds per 100 sq. ft. Fill in all depressions to make a level surface. Rake, then roll; to assure a good, firm seed bed.

(3) Use best quality seed and sow it evenly. Rake in gently, covering seed with thin layer of soil.

(4) Roll lightly to bring seed in close contact with soil and to level out humps and low spots.

SAW EASIER

In using hand saw or hack saws you can cut with less effort if you apply pressure only on the cutting or forward stroke. Lift up slightly when drawing the saw back. This method will also prevent wearing down the cutting teeth needlessly.

PRE-PASTED WALLPAPER

One of the most important developments for do-it-yourselfers is pre-pasted wallpaper. Application time is cut to a minimum. The two-step procedure: dip strip into water and apply on your wall

Columbus Votes Down Proposed Daylight Saving

Columbus voters indicated their preference for Eastern Standard Time on Tuesday, by voting down the proposed time change, nearly two to one.

Returns from the city's polling places indicated voters' opinion of the city charter amendment, which would have required daylight savings time during the summer months, was 21,173 for and 40,781 against. Clocks would have been set ahead one hour on Sunday if voters had approved.

At least five other cities within a 60 mile radius of Columbus, Marion, Delaware, Circleville, Greenfield and Zanesville, had indicated they would follow Columbus' decision.

Ohio Senate State Government Committee has recommended a change in the state constitution to put all of Ohio on Eastern Standard Time. Approval of the legislature would place the question on the ballots for voters to decide.

Final approval would knock out daylight saving time in the cities now permitted to set their own time under home rule charter provisions.

The Gall Brothers, Harriet Siefert Borror, the Findley Twins, Marilyn Day, sports figures, the Byrd Sisters and many others will be on hand at 8 p.m. as the curtain goes up for the first show. John Sittig, of the Columbus Board of Education, will be in charge of the technical part.

Mercy Expansion Seen Assured; Study Plans

South Side Leader

25c Per Month By Carrier

$3.00 Per Year By Mail

Vol. VI, No. 9 — Columbus, Ohio, Thursday, May 16, 1957 — Total No. 269

Addition To Include More Beds, Operating, Delivery Rooms, Dietary Department

Expansion of Mercy Hospital facilities, long in the making, and much needed by the community, according to those intimately familiar with the increased load the hospital has long carried, will oome n the near future, according to announcements of plans for the needed and hoped-for expansion of plant and equipment.

According to Superintendent Charles B. Beard, the program was delayed for the simple lack of adequate funds.

Situation Corrected

At the September election last year, this lack of funds was somewhat corrected, although it has required a number of months to reach the point where actual building can be envisaged by Mercy's management and board.

This first use of the money provided for by the election through the authorization of bonds is to be for physical plant expansion and equipment. The reason for the issuance of bonds to be retired through taxes is that there is much more lucrative investments available, an expert in this field commented, and the people seemed to agree that this had to be corrected. .

The expansion of Mercy Hospital will require the use of approximately $381,400 of the money made available through the election. Although plans have not been available for newsmen, it is understood that a wing carrying the plant eastward on Southwood is contemplated.

30 Beds

Although at the moment exact figures are not definitely known, it is believed that the estimate of 30 new beds for patients will be provided for. These rooms, Superintendent Beard told the writer several months ago, are urgently needed, and be told of the frequency of people needing hospitalization being carried from one hospital to another, with no beds available. This has been confirmed in other hospitals of the city, it has been learned.

Of course, with more rooms there will be more patients, and with more patients there will be need for more equipment—"more of everything," as a hospital official in a nearby city exclaimed during a recent visit we made there.

Dietary Room

In addition to the expected 30 beds in what will be known as the

Wants Are Told

Scoutmaster Grant Martin, son of Mr. and Mrs. John G. Martin, 1060 S. High, stopped in the other day to tell about his Boy Scout Troop 77 of St. Paul E&R Church. Grant is a conscientious young man and I am glad to pass along his urgent need for some things. He wants tents and other paraphernalia to permit the boys to go on over-night hiking trips—to let his boys experience the deep delight of a night in the open when the heavens seem whispering beautiful inspiration to all who will look and possess. Rev. Paul C. Kaefer is pastor of the church. The Scouts meet every Monday evening in the Mueller-Helm room of the church.

Friend Going Away

Rev. Ray W. Huff, pastor of Thurman Avenue Methodist Church, who had planned on retiring this summer at Conference, is not retiring, but HE IS GOING AWAY. There's a news sotry about Ray in the news columns on this page. I believe. I envy him his Florida haven. He has picked out a good place for a good fellow to move to—maybe when I'm old enough to give up I'll joint him there in Orlando. However, he has warned me that there will be no sleeping room . . . but that won't deter. He can move out, can't he 'Bye, Rev. and Mrs. Huff. May every fluffy cloud that passes over you sing silently of a multitude of good wishes from all of us here to you two there.

Then there are other goodbyes. That these are different in measure lessens none the sense of loss. I speak of the women of the school PTAs here in the South Side. We are nearing the summer vacation period, and our friends are to be silent—insofar as we are concerned. School will be out. No PTA meetings to be held until after the middle of September. We have had the fullest cooperation with PTA publicity chairmen. We shall look ahead to next fall and the rush of PTA activities. Where else could so many people be together and all be so nice?

Thurman-av Methodist Pastor To Go To Florida

Rev. Ray W. Huff, pastor for the past five years of Thurman Avenue Methodist Church, has announced his early departure

Rev. Ray W. Huff

for Florida, where he and Mrs. Huff will make their future home.

There has been in the pastor's mind, over quite a spell of time, an idea to retire and just enjoy the leisurely life of Orlando, Fla., where the pastor and Mrs. Huff soon will be ensconced. With the ending of the imminent Methodist Conference, Rev. Huff will have finished his ministry here.

Good Idea

While retirement seemed a good idea, the pastor-going-away decided that he had better have —well, retirement and some work-to-do. He thought that maybe partial retirement would not be so boring. At the moment there was a vacancy in a small church just outside Orlando. Rev. Huff said, and he was offered the church—and gladly received it after having talked with a number of people who had retired — and wished themselves back in limited activity again.

Final Service Here

Thurman Avenue Methodists will hear their pastor-of-five-years in his last sermon here on Sunday, June 2. After that, departure plans are not certain, although he agreed that it would take place sort of suddenly—why, the car's loaded, we might as well get along—that sort of departure. He has promised this writer a card if his leisure does not possess him completely, and we'll try to keep Thurman Avenue congregation advised of a friend's doings.

Rev. Huff had a "preparatory" life for the ministry. He had worked as a personnel man in industry, taught school, was assistant secretary in a Chamber of Commerce. None was satisfying, he said, finally compelling him to turn to the ministry, where he has found constant delight in giving of himself and his energies to people who needed such service.

In his 31 years in the ministry, Rev. Huff filled pulpits in these Ohio cities: Penrock, Athens, Bowersville, Forestville, Sabina, and then to his present charge.

The retiring pastor's new charge is a small church just outside of Orlando, where burdens are not so numerous even though they may be important. He thinks he can do more good handling a little charge and having some time for healthful recreation, of which it is said there's a lot in Florida.

Added transportation facilities, proper zoning, and community improvement will be targets to be achieved by the association, Schoonover said.

A membership drive, scheduled to begin with tonight's meeting, will seek to gain support from the entire area. Captains in each area will recruit workers to cover their section, in the solicitation for new members.

Young Miss Terri Roxanne Donovan 297 Markison-av, had and exciting birthday for this, her fourth year. On May 2, Terri appeared on Aunt Fran's TV program, her birthday was the third of the month, and on the fourth of May, several of her friends gathered to help celebrate her new age. The little friends were; Kathy Bailey, Gary Roshon, Holly and Larry Richter, Steve Wallace, and her little brother, Timmy Donovan.

Happy birthday greetings to Bob Hoptry, 280 Southwood, who has a May 19 natal day.

Susannah Circle, of Thurman-Av. Methodist Church, will meet at 8 p. m., May 21 in the home of Mrs. Delemer Allen, 535 Reinhard-av. Mrs. Leroy Hoover will assist the hostess.

League of Women Voters in the South Unit have two meetings in the offing, one the regular unit meeting and the other a county-wide one. The regular meeting will be held May 23 in the home of Mrs. Fred R. Grumley, 1186 S. 22nd-st, at 8:15 p. m. The annual meeting will be held May 28 at Riverside Methodist Church. Since we will have another week to remind unit members, we'll give further details next week.

After May 18, Lucille Antoinette Maciore, 615 E. Moler-st, will be answering to the name of Mrs. George Fulsion III. The nuptials will take place at 10:30 a. m. in St. Leo's Church.

An "uppance" in years takes place for these youngsters this week . . . Rodney McKinster, 232 E. Markison-av, May 19; Tim Stith, 33 E. Moler, May 16; Rhonda Embrey, 1743 S. Fourth-st, May 21; Mike Kochenderfer, 158 Hinman-av, May 19; Helen Foreman, 1540 S. 4th-st, May 20; Patty Greenlee, 1509 S. 4th-st, May 18; Michael Maynard, 1421 S. High-st, May 18; Barbara Bogdanowitz, 1300 S. Pearl-st, May 21; and Kathryn Mason, 1357 S. High-st, May 17. (Just happened to remember, we've been meaning to tell you, should you want your child (or children) to be on our list, call us at HI 4-1051, or send a postal listing the names to 1411 S. 6th-st. Youngsters enjoy birthdays, even though us "oldsters" would just as soon forget ours!)

Many happy years of wedded bliss are wished for newlyweds, Mr. and Mrs. Robert Cox, who exchanged their vows in the Gates-Fourth Methodist Church Apr. 13. (The former Jeri Williams is the granddaughter of Mr. and Mrs. John Mallory of the ABC Carpet Cleaners, to give you the South Side connection.) The young couple now lives in Panama City, Fla., where Robert is stationed.

Two of the Cloverleaf Clubs of St. Anthony's Hospital will be holding meetings within the next week in this area. The two are numbers 16 and 21. Leaf 16 will meet May 19 at 7:30 p.m. for cards and dessert, in the home of Mrs. John Corcoran, 857 Mohawk-st. Leaf 21 has a May 20 meeting date, an 8:30 meeting time, also for cards and refreshments, in the home of Mrs. Robert Miller, 401 Forest-st.

Don't forget South High's PTA meeting to be held this evening at 7:45. Various nationality groups will present dancing, singing and instrumental acts. These nationalities will be represented: German, French, Spanish, Early Roman (don't know any early Romans, but do know lots of "late Roamers"), American, Italian, Hungarian, and Transylvania-Saxon. No admission, of course, just come and enjoy the evening. Parents of elementary children could bring their little ones, as a practical demonstration of "who helped to make the U.S.A. the great country it is, don't you think? We plan to take the seven- and nine-year-olds; then we'll come home and show them on the world globe where the countries represented are located. It's surprising how they learn to take to geography and history that way. Such a chance isn't often available, so better take advantage of it when it is.

Here's our ailing list for the week, and we wish all the persons on it the speediest recovery possible, Judy Ryan, 816 S. 17th-st, who underwent an appendectomy in Mercy Hospital last week; Joseph Albert, 317 Reeb-av, who was in St. Anthony's, but is now home, though unable to work in his barbershop at the present time. Alice Kusan, 321 Reeb-av, one of Mr. Albert's daughters, is on the inactive list due to back trouble, so she, too, is on the ailing list. Mary Claar is not her usual bubbling self these days, we regret to report. Her home address is 640 Lathrop-rop-av, for the card-minded ones.

Congratulations to Mr. Drenning, of Barrett Jr. High, who won a trip to Mexico as the result of a recent contest. (We were sending all our votes to loved Opal Dwyer, who made a very nice showing, we thought).

Guess we'll have to send birthday greetings to June Robertson a month early, as she will be in Massachusetts when June 20 rolls around. Darn it, we're not fond of losing our favorite people that way! Another couple who will be "un-Ohioing," and whose absence will leave a big void, is Ethel and Harry Messer, who will be locating in Florida.

Since we got to meet so many of the fine women at Beck Street School last Friday, we can offer personal congratulations to the new officers who were installed at last night's PTA meeting. The officers are Mrs. Frank Claffey, president; Mrs. Homer Dillon, first vice-president; Neal Greenfield, second vice-president; Mrs. Sam Glines, secretary; George Moffitt, treasurer, and Mrs. C. Middendorf, Mrs. Caudill, Mrs. Cotterrill, Mrs. Ware, Mrs. Ferrice and Mrs. Campbell, council representatives

Guild 33, South Methodist Church meets at 10 this morning in Henderson Hall.

Mothers Club of Southwood Church of Christ will install its newly-elected officers on May 28.

Post, Auxiliary In Armed Forces' Day Program

On Saturday, May 18, Southway Post No. 144 and Auxiliary will take part in the Armed Forces Day Program to be held at the Columbus General Depot from 11 a.m. to 5 p.m.

The public will be able to see in Building 11 a booth set up by Franklin County Council of the American Legion and Auxiliary showing the various activities and different phases of their program. The display will also include how money is used in rehabilitating our veterans from funds derived each year from the American Legion Auxiliary's annual poppy sale.

Parking will be at Gate 5, just east of Town and County Shopping Center, and at the North American Aviation parking lots across Fifth-av, from where shuttle buses will carry visitors into the Depot. Maps and programs will be distributed to guide the public to the displays and events.

All Legionnaires are requested to wear their Legion caps.

Big Dose, Small Capsule

At a meeting Sunday in connection with University affairs, at Wesley Foundation, I heard Dr. Alfred Garrett, Ph.D., of the University faculty, say some mighty interesting and timely things. This gem flowed: "Chance favors the prepared mind." Therein lies a significance which ought to bite down into the consciousness of every person having his future still ahead of him.

Blessed

I feel particularly blessed in being in the South Side. That's because I am deeply indebted to music for much of the delight of living that has reached into my life. There's SO much music—various schools have been having festivals. Merchants go along with civic affairs although often at expense to themselves. They have been responsible for many happenings in the South Side. Wherever and whenever possible, let's shop South Side — with our public-spirited business people. It's a mighty good section of the town.

Typo is SO strange! Really, now! Last week the frolicsome little pieces of type, jumping around, caused us to say that Mrs. James P. Sergi was chairman of St. Leo's Homecoming. That job (and it's a hard one) belongs to Mrs. Sergi's husband —James P. Sergi, that is!

Independence Park on Maumee River is one of the most popular recreation areas in northwestern Ohio.

The officers are Mrs. Richard Donovan, president; Mrs. Edward Stewart, vice-president; Mrs. Ricky La Rosa, recording secretary; Mrs. Fred Weiss, corresponding secretary, and Mrs. Barbee Frances, treasurer.

Remember our item about Ralph Lemmon last week? Well, it wasn't enough for Ralph to have a broken ankle; that weekend his brother Ronnie came down with the measles! Another name for the ailing list is that of Orla Hysell, 1482 Lockbourne-av.

Though it would be belated, we are sure an anniversary card would be much appreciated by Don and Marianne Baughman, who exchanged vows on May 14 several years ago. Their address is Box 252, Yoba Nigeria, British West Africa. And we just happened to remember that Don has a May 27 birthday too, should you care to include that greeting.

Dorothy Stutz Menzer, a longtime South Side resident, is honing to see many of her friends at 901 S. High-st, site of her new "Dor-O-Bee" Gift Shop. Dorothy specializes in all Masonic organization jewelry as well as the general gift items. Her phone number is HI. 4-5222.

The South Side Settlement Links annual luncheon will be held tomorrow at Gates-Fourth Church at 12:30 p.m. Mrs. Raymond Kuehner will preside at the meeting and Mrs. Paul Starrett will be luncheon chairman. Mrs Norris E. Lenahan will install these officers: Mrs. Lloyd B. Hall, president; Mrs. Ralph Howell, vice-president; Mrs. Jay Lawyer, recording secretary; Mrs. H. Eldon Miller, corresponding secretary, and Mrs. Homer J. O'Donnell, treasurer. Board members to be installed for a three-year period are Mrs. S. S. Goff, Mrs. James Stewart, Mrs. Raymond McGlaughlin; Mrs. C. E. Whitney, and Mrs. Marshall Houghn.

The Christian Crusaders, the young choral group that is endeavoring to raise funds to attend a convention in Colorado, will be on Sally Flowers TV program tomorrow night...This is the same group that is sponsoring a spaghetti dinner, this Saturday, May 18, at the Woodmen of the World Hall, 586 S. Third-st. The dinner is from 5 to 8 p.m. with tickets $1, children's 50 cents. Where to get tickets? From any of the members. Two of them can be reached by calling HI. 4-1051, Don and Priscilla Dicke by name.

Now this is getting news the hard, cruel way! A card from Findley's, Ed and Bill, tells us that Bill has a back injury that is not responding to treatment, so they will be unable to participate in the program to be held tomorrow night at the South High reunion. We certainly hope Bill's back improves for we've heard those ailments are really painful. Do hope to see lots of the South High alumni there. Bob Jelly's orchestra will play for the dancing, following the class get togethers and program. See your former classmates, view a show that features South talent exclusively, and dance, all for $1 alumni dues. (Guests cost extra). Now how often do you get as big a bargain for so little money THESE days? See you tomorrow, hm? Till next edition then, 'tis

'Klatsch' Is Prelude To PTA Meeting

Stewart Avenue PTA will meet Thursday, May 23, at 7:30 p.m., with the social hour, a "coffee klatsch" in the auditorium. A business meeting will follow at 8. The invocation will be given by Mrs. Jo Ann Daugherty, kindergarten teacher of Stewart Avenue School, who will read the prayer.

Carl Brown, son of Mr. and Mrs. Harry Brown, 1019 City Park-av, will give the "Pledge of Allegiance."

Mrs. Sheldon Cox, district vice-president, will install the new officers for the coming year. The sixth grade graduating class will entertain with songs under the direction of Miss Thelma Whitehurst, teacher at Stewart Avenue School. Gifts will be presented to the graduating class by the PTA. Mrs. Richard R. Chambers, publicity chairman, said.

The Will To Live

Nothing ages men more— actually shortens their lives—than helpless and hopeless surrender to the belief that they are old and decrepit. The will to live and do is the greatest asset which any man may carry into old age. And some philosophers have even said that an old age is largely a matter of will.—H. W. Haggard, M.D.

In Passing

By Esther Weakley

Does anyone build covered bridges now?
They used to mark the country here and there,
Not leaping streams, wide open to the air
With gallant masonry arched like a brow
Above the writer's eye. You hushed, somehow,
Your chatter as the horse-hoofs plodded in,
Thumping the boards, all shadowy but for thin
Bright rays the loosened shingles might allow.
A child could lean from out the carriage seat
And see through ill-set floors the river's trend,
The shaken dust; knee-deep, a docile cow,
Or, far ahead, a picture framed and neat;
The sunny outer world at shadow's end—
Does anyone build covered bridges now?

Jennie Pendleton Hall.
Reprinted.

Answering Jennie: They probably don't build them now, but according to a magazine article I read recently, several of them are still being used in central Ohio. I'm a little ashamed to say that my gang and I didn't know there were so many covered bridges still standing, till we read the article. Perhaps a good motto for Ohioans would be "See Ohio First." Many of the covered bridges are in Liberty Township, according to the article, and are on good county roads.

En passant—As of this date (May 8)) spirea has taken over, reminding us of the late snows that covered the bushes not long ago. Spirea is beautiful and brave — considering the cold nights . . . Watching the impressive funeral services for the late Bishop Ready must have reminded watchers of all faiths, that "the good men do lives after them" . . . I'm that proud! Hazel Roberts (Yost, Florist — and she is welcome to this plug) told me I must have a green thumb because by all the rules, some of my house plants that are blooming shouldn't even be living. That is high praise from an authority, and a nice gal, besides.

Quote—The easiest way to tell the difference between young plants and weeds is to pull up everything. If they come up again, they're weeds . . . Peace would be reached more speedily if every plan to bring it about didn't start so many fights . . . A minor operation is one performed on somebody else . . . Children need models more than they need critics . . . Most of us can see the wrong we have done, but not the wrong we are doing . . . Vacation: a brief period of recreation preceded by a period of anticipation and followed by a period of recuperation. Unquote.

Strong Silence

"Joe," one golfer remarked to another on the links, his voice full of marvel, "as long as we've been playing golf together I've never heard you swear."

"Yes, it's true I don't cuss," spoke up the other golfer thoughtfully, "but I'll have to admit when I slice I spit, and the grass doesn't grow any more wherever I spit."—Smiles.

Library Offers Books On How To Drive And Live

Appalled by the high toll of deaths due to highway accidents —more than 40,000 last year— numerous safety groups and other organizations throughout the country are conducting campaigns to improve the driving habits of United States motorists.

A number of excellent manuals which give tips for safe and sensible driving can be obtained at the Parsons Branch Library, according to Librarian Margaret Bausch.

Paul Kearney's "How to Drive Better and Avoid Accidents," a recent book, is planned for the average driver and the new driver. The book explains how a car works, suggests tests and safety measures, and gives advice on driving problems, such as how to get out of a skid, and others.

Two other helpful titles are "Driving Today and Tomorrow," by Margaret Hyde, a book for teen-age drivers; and "Sportsmanlike Driving," a driving manual which was published by the American Automobile Association.

Information especially for the woman who drives a car is given in Charlotte Montgomery's "Handbook for the Woman Driver."

Other books include "How Shall We Drive?" by James Watts; "If You're Going to Drive Fast," by Ray Sherman, with a foreword by Captain Eddie Rickenbacker, "Exploring Auto Mechanics," by Harold Glenn, and "Driving Today and Tomorrow," by Margaret Hyde.

Remember, safety is everybody's job.

Mercy Expansion—

(Continued from Page 1)

East Wing, there will be a dietary department, three operating rooms, with additional delivery rooms.

An ordinary reporter has some trouble in thinking of the big terms involved in this enlargement of Mercy Hospital. However, it was indicated that Mercy Hospital will transfer or convey the new addition to Franklin County, which in turn would grant the hospital a 50-year lease at one dollar a year.

Involvements

This indicates involvements to be ironed out by the principals, which seemed to be on the way to accomplishment through the cooperative efforts of all concerned.

Of course, as it was stated, it is all in the lap of the county prosecutor's office, whose chief counsel, Earl Allison, has startéd study and consideration of details of the program, and who will, it was said, work in harmony to expedite the achieving of the desired purpose: the setting up of additional hospital facilities to care for those who need it.

The same course of procedure will be followed with every hospital in the jurisdiction needing and justifying expansion, according to statements at the time of the September special election.

CLEAR THINKING

A college professor of logic was attempting to teach his young son the principles of clear thinking and the necessity for defining all terms. He pointed to a wall clock which had just struck the hour.

"Now if I were to take a hammer and smash the clock," he said, "could I be arrested for killing time?"

"No," said the lad without a moment's hesitation. "It would be self-defense."

The professor frowned. "How do you figure that out?"

"Because," answered the boy, "the clock struck first." —Wall Street Journal.

Use Right Words

There is a great difference between the right word and the word that is almost right. For instance, you can call a woman a kitten, but not a cat; a mouse, but not a rat; a chicken, but not a hen; a duck but not a goose; a vision, but not a sight.

Every line of history inspires a confidence that we shall not go far wrong; that things mend. —R. W. Emerson.

5 From South High In TB Semi-Finals

Six students from this area—five from South High and one from St. Joseph Academy—are among the 22 semi-finalists in the Tuberculosis Society's annual "TV Spotlight TB" television script-writing project on tuberculosis.

They are Elizabeth Howard, 318 E. Beck-st; Ruth Cooper, 1230 Ann-st; Dick Foltz, 1671 E. Whittier-st; Julie Warner, 1182 Kelton-av; and Stephanie Lando, 1023 Geers-av, South; and, from St. Joseph, Diane Noltemeyer, 1390 S. Champion-av.

They will be guests at WBNS-TV May 25 when a board of judges will select the six final winners. Top winner among the six, and his teacher-adviser, will be awarded a two-day all-expense plane trip to CBS studios in New York City and to the National Tuberculosis Association.

All six will be guests of WBNS TV for a day's "behind the scenes tour" and their winning scripts and accompanying TV artwork, made into slides, will be shown on WBNS-TV during the summer months.

In addition, on May 25, the student whose art alone is judged outstanding will be awarded a $350-art scholarship by Columbus Art School.

Southwood's PTA Dates Installation

The last Southwood School PTA meeting for the season will be held next Thursday, May 23, at 1:30 p.m. in the Southwood School auditorium, Mrs. Paul Mason, publicity chairman, has announced.

"Looking Ahead To A New Year" is the theme to be followed during the new school year. Mrs. Sheldon Cox, vice-president of District 2, will install the recently elected officers of the PTA for the coming year. The new officers are, president, Mrs. Charles Dayton; vice-president, Mrs. Ray Conkle; second vice-president, Miss Ruth Chapman; secretary, Mrs. Franklin Dunkle; treasurer, Mrs. Charles Ringhiser; council representatives, Mrs. Walter Hiser, Mrs. Ralph Denney, and Mrs. Elmer Marte; alternates to council: Mrs. Charles Trump, Mrs. Kenneth Alexander and Mrs. Earl Sturgill.

Following the installation the kindergarten pupils will present a program under the direction of their teacher, Mrs. Colleen Jameson.

Refreshments will be served.

To relieve the fatigued feeling at the end of the day, take a "break" after doing a strenuous cleaning job.

Special Family Rates At St. Leo's Homecoming Dinner

With your choice of meals of either fish on Friday, May 24, or real Italian spaghetti on Saturday, May 25, available at St. Leo's homecoming, corner of Bruck and Hanford, there will be other features. The family shown above are contemplating what their table will look like when they attend the festival and can all be served for only $3.50.

They are, left to right, Paul, Patty Lynn, Donna Mae, Mr. and Mrs. Kempf, baby Tommy, Mary Jo, Francine, and John—all members of the Kempf family that will be enjoying the special family rates.

According to Mrs. Stewart Jones, publicity chairman, any mother, father, and two or more children may be served at the special family rate and then enjoy the many varied events that will be taking place during the evenings of festivities.

Regular prices are $1.25 for adults and 50 cents for children. There are many door prizes, which will be awarded hourly, and on Saturday, May 25, a 1957 Bel Air station wagon will be awarded. Last week it was erroneously stated Mrs. James P. Sergi was general chairman, but really, Mr. James P. Sergi is the one that is attending to the many facets of arranging and making this the biggest homecoming ever.

A full page ad appears in this issue of the Leader giving in detail the complete picture of events taking place Friday and Saturday, May 24, and 25. The monies raised by this event will be used to pay off the costs of the new school building. This school building is now accomodating approximately 550 children and has added more beauty to an already beauty spot of the South Side.

Don't forget the dates and the many features to be enjoyed, says Mrs. Jones, such as meeting your old friends and participating in the drawings and partaking of the gastronomical delights as provided by St. Leo's Homecoming committee.

Gra-Y Leagues End Season

The South Side Branch YMCA Gra-Y Leagues finished their last week of regular play with only two Tuesday make-up games left to go.

Deshler continued to dominate the Tuesday League with a 21 to 1 margin over the Heyl Leopards. A seven-run first inning and six-run second inning allowed the Lions to coast the rest of the game. Dick Smith and George Harrison did good jobs for Deshler. Mart Borst and Rocky Roshon did likewise for Heyl. Reeb lost a close one to Livingston 9 to 7 following a last-inning spurt by the Wildcats. Good teamwork was the outstanding help in the win for Livingston, while Tom Lutz and Jim Rinehard played good games for the Shooting Stars. The Beck Bulldogs played heads-up ball to beat the Heyl Buckeyes 7 to 2. Harry Strauss and Bill Weber played good ball for Beck and Bill Foraker and Russell Hanf did a good job for Heyl.

Finished

Thursday brought the finish of this league with the Lincoln Park Grays going undefeated by giving an impressive 30 to 3 win over Stewart. Errors on the part of Stewart helped make the task easier for Lincoln Park. Southwood was sure to win as the Panthers played the Eagles. The game was won in the last inning, 4 to 2, by the Panthers. Steve Kovaleski was the main spurt in the last inning, when he knocked in the winning run. Glenn Goldsberry and Tom Flockins did good jobs for the Eagles. Siebert played a good all-around game to win over the Lincoln Park Scarlets, 7 to 5, to take the second-place spot from the Scarlets. Ted Selvege knocked a home run from the Kool Kats to put the game on ice.

Pvt. Breckner Finishes Course

Breckner was trained to drive the army's medium tank and passed the tank gunnery proficiency test. He entered the army last December.

Starters' Pa's And Ma's To Get Peek

The Livington Avenue School PTA has planned at meeting at 10 a.m. May 23 in the school auditorium intended to better acquaint parents with kindergarten and first-grade work, giving a look-se ahead of the September school opening.

Mrs. Valerie Myers, kindergarten teacher, and Neal Greenfield, principal, will discuss the topic "Pre-School Prelude to School Success."

Mrs. Carl Dodge, parent-education chairman, says baby-sitting services will be provided for children during the meeting.

COME ONE
COME ALL

Saint Leo School was opened in September, 1904 as the first free parochial school, being operated entirely from parish funds. The first enrollment was 150 pupils. As the parish grew enrollment increased proportionately. Today we have an enrollment of 475 pupils. In 1953 an addition to the school building was erected, giving us 12 classrooms, meeting rooms and other much-needed facilities. This addition together with renovation of the old building cost $110,000. This indebtedness is now being liquidated by the generous and sacrificing help of our people. The annual Festival is a very important factor in the reduction of our debt.

Monsigner F. J. Schwendeman

Saint Leo Parish extends a cordial invitation to all our friends, and in a particular way to our former parishioners to attend our Spring Homecoming Festival. We trust that this occasion will birng many old acquaintances together in the familiar surroundings of their former parish. We are proud of our accomplishments in these past years in bettering our facilities. We have been able to do this only with the generous support of our people. I know that all members of the parish join with their Pastor in the hope that we may greet many, many old friends on May 24th and May 25.

Superintendent Charles B. Beard of Mercy Hospital has reported a rush of inquiries concerning the regulations or requirements for attending the clinic to be conducted on two separate days, with Health Commissioner Dr. Ollie M. Goodloe and Dr. J. H. Drayer, deputy health commissioner, presenting lectures on the proper, the safe way to handle foods. The first clinic will be held next Tuesday afternoon at 2 o'clock. No requirements are made for attendance, the Superintendent said—just attend, without expense and without reservations. Those actively responsible for the clinic on May 21 and again on May 28 are pictured above. Left to right, they are Superintendent Beard; Dr. Drayer; Miss Christine McKeever, chief dietician; Dr. Goodloe. The lectures are such that every housewife, every person having to do with either cooked or uncooked foods will find a wealth of of information helpful in eliminating bacteria and virus. Representatives from institutions are particularly desired, it was said, along with housewives who want to increase the probability of having a healthy family.

Handymen Turn To The Paint Brush

Along about this time of year, many homeowners decide that one or more of their rooms could stand a "change of scene", or at the very least, a fresh bright renewal of the present color scheme.

And so simple have manufacturers made the job with their new and improved ready-mixed paints and new methods of application that most "amateur handymen" can readily wield the paint brush themselves with very satisfactory results and at a considerable saving of money.

If you follow a few basic steps, the job of wall painting can be done correctly and in a surprisingly short period of time.

First the floors should be covered with newspapers or a drop cloth to catch any paint splatters that occur as you paint the walls. Then remove all of the electrical switches and outlet plates. If the switches and plates are to be painted, paint them separately on a newspaper.

Trim around the doors and windows first. For protection, speed and efficiency, use either masking tape or a trim guard. Be sure to wipe off any smears on wall surfaces with a rag to prevent lap marks from showing later on.

Whether you use a roller or a brush, spread your paint on evenly, with sweeping to-and-fro strokes. If you prefer using a brush, use a 4 or 5-inch brush to apply the paint. Start each stroke where the paint is dry and work toward and into wet areas.

Start at an upper corner of the wall and paint an easy arm's length across, parallel to the ceiling. Then work down from ceiling to baseboard. Continue the same method across the wall, working in strips a yard or so wide so you can come back and paint into an area you've just painted.

For baseboards, begin in a corner of the room. First apply paint to the center of the board, then work toward the edges. To make your cleanup job easier, protect the floor with a drop cloth, and use masking tape or hold a trim guard or paint shield against the wall at upper edge of the baseboard.

THIS WEEK SHOP FOR — FRUITS — Homegrown rhubarb, pineapple, oranges, grapefruit, strawberries. VEGETABLES — Carrots, asparagus, canned tomato juice, frozen peas. MEATS Chuck, ground beef, veal.

Carrots

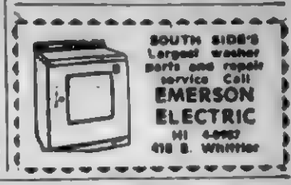
"Eat your carrots — they're good for you." This statement is frequently heard at the dinner table. Carrots get the nod from nutritionists for their supply of carotene which the body converts to vitamin A. They are a most economical vegetable and so easy to prepare. If your family likes carrots raw, this cuts your food preparation time and retains more of their minerals and vitamins.

Early colonists introduced carrots to American soil. The work of scientists has improved upon varieties making the carrots of today an important vegetable.

SELECTION — To be at their best, carrots must be: Crisp and firm; clean and fresh in appearance; smooth and well shaped; bright orange in color.

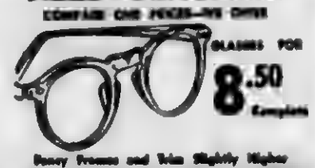
Avoid carrots with these traits — Oversize, usually indicates a large, hard, pithy core; deep green "shoulders", an indication of bitter flavor; thick mass of leaf stems— a clue to a large, tough core.

Today most of our carrots are packaged. Very often this is done in the field, insuring the maximum in freshness and nutrition.



USE—Carrots are a vegetable-of-all-trades. Serve them raw or cooked, alone or with meats, fruits, or other vegetables. Shredded carrots are a good "joiner" with other fruits and vegetables for tasty salads. Try these combinations: shredded carrot, chopped apple, seedless raisins, salad dressing. Grated carrott and crushed pineapple in lemon-flavored gelatin. Grated carrot, lettuce, tomato, cucumber, Roquefort or Blue Cheese and French dressing.

Grapefruit



Eating quality of grapefruit is still excellent. The re-greening which many of the grapefruit on the market have undergone detracts from their appearance. However, this does not affect the eating quality. Better get your fill before the season ends.

Canned Food Prices

Canned food prices will increase in the near future. On May 1, canners will pay 5 per cent more for cans. This will probably be followed by another advance in July. In addition to this, other canning costs are increasing. Therefore, it seems almost certain that canned food prices will go up.

STEPS of PROGRESS

This is one of a series of messages designed to point out why this community is truly a wonderful place in which to live. Reflecting the steps of progress in our area, these advertisements are sponsored by local business and professional men who are appreciative of the loyalty, cooperation, and patronage of the loyal citizens whom they serve. Each message is a tribute to a group or organization having complete faith and confidence in the future progress of this community.

A Tribute to MEN OF VISION

WE doff our hats to the civic groups of this community. Through them have come many accomplishments which have made this one of the outstanding communities of the state.

In paying tribute to the civic minded men of our city, we well realize that this work is being done by busy men . . men whose family, church, and business demand a terrific amount of their day, leaving little time for recreation and other things.

Yet, these same men, busy as they are, find time to devote to their community in order to make it a better place in which to live. They contribute their efforts and money unselfishly that our people might enjoy life a little more . . . that our community might be a little more progressive . . . that our children might have a few more advantages and possibilities.

Such devotion — such belief in others, merits acclaim . . . and to these scores of civic minded men in this area, we publicly say thanks. Your efforts have not gone unnoticed. That which you have contributed . . . time . . . talent and loyalty . . . money . . . all have been essential in the splendid growth of this community. We are grateful for men with vision . . . this is a better locality because of you and progress has followed the innumerable, and many times thankless, jobs you have done in the interests of the place you call home.

To the individual members of the various civic organizations in our midst, our genuine thanks for a job well done.

Church Softball Leagues Open Season On May 6

The South Side Branch YMCA Church Softball Leagues began Monday, May 6, with two junior games and one intermediate game, the intermediates playing one game on Monday because of the overflow of teams. In that intermediate game, Oakwood Methodist came out on top of Washington EUB 14 to 6 behind the heavy hitting of Steve Comer and John Fritz. The two junior games had Thurman Methodist over Oakwood Methodist 24 to 11 and Livingston Methodist bettered St. Leo by a 19 to 15 score. In the Thurman-Oakwood game, Whitt and Ison came out with three hits each for Thurman, while Salyer and Gaylord Miller did likewise for Oakwood. Bryden of Oakwood was the big hitter of the game with four base hits. John Klingersmith came through for Livingston with three hits, including a home run, to aid the winning cause over St. Leo.

Girls' League

The Girls' League on Tuesday started off very fast and furious, with St. Leo doing the most damage with their 44 to 1 win over Oakwood Methodist. There were no stars for either team, as one can easily see. In other games, St. Paul Evangelical and Reformed won a close one from Southwood C of C by a score of 18 to 17. The game was almost lost and would probably have been if Miss Walston of St. Paul had batted again, due to her three home runs before. Corpus Christi put its home run hitter to advantage and used Sandy Ashbaugh's three homers in an 18 to 8 win over Thurman Methodist.

The Wednesday Junior League showed Ohio Avenue EUB the way to a 30 to 18 win over St. Paul Lutheran behind Bill Rundio's six hits, including a home run. Ross Worch gave some good feeling to St. Paul with a beautiful shoestring catch. Oakwood Methodist won over St. Paul E&R with the help of Waltz's two home runs, one in the third inning and one in the fifth. Tom Reich smacked a double for St. Paul E&R. Bill Diebert and Gary Hahn connected for home runs to help St. John E&R beat Gates Fourth Methodist 13 to 10 despite Ricky Frazer's four hits. St Leo overpowered a husky Emmanuel Lutheran team 23 to 8 behind good hitting from the whole St. Leo team.

Intermediate

The Intermediate League posted one close game on Thursday night as Southwood C. of C squeezed by a newly organized St. Paul Lutheran team, 18 to 17. Home runs highlighted the slugfest, with five by both teams. Houck and Worch pounded one apiece for St. Paul and Day, Meadows and Dickie did likewise for Southwood. Hungarian E and R had some hard luck on its first night of play, losing to St. Paul E&R 21 to 4. St. Paul hit freely as is indicated by the score. Emmanuel Lutheran found no trouble in playing with seven men as they overpowered Livingston Methodist 19 to 10. Gramlick and Weatherington each hit home runs for Emmanuel. Seventeen strikeouts by South Methodist's Cook led the team to an 11 to 7 decision over St. John E&R. Cook also helped his own cause by poking out a home run along with Bill Pell. Flovin and Elerick came through with home runs for St. John E&R.

Seek Return Of Inactive Nurses

The Central Ohio League for Nursing is planning to offer a refresher course for nurses who have been inactive for several years and who would like to be of service to their community. The course will help these nurses to gain information on medications, treatments, and nursing needs of patients. Local hospitals in the Columbus area will offer clinical nursing experience as part of the course.

All hospitals in the Columbus area are in need of more nurses at the present time. It is estimated that by 1960 there will be approximately 1,000 more hospital beds in Columbus, increasing the demand for nursing service.

Any inactive nurse interested may send name and address to Lottie Minto, executive secretary, District No. 12, Ohio State Nurses Association, Room D, Southern Hotel, or call CA. 4-2628 for further information.

Take It Easy, Pal

Rather proudly a western farmer was telling relatives about the fortitude with which he had endured the rigors of the past winter.

"Snowbound for three weeks," he said. "Low on grub and fuel. Yet, in 30-below weather, I battled storms and tended to my chores. Had to keep a stiff upper lip, I did."

"What else could you do, Pa?" put in his quiet little wife. "And with all those icicles hanging to your moustache?"

Poor Insurance

A rich asbestos manufacturer built a fine house just across the street from the minister of the local church. The manufacturer and his family then proceeded to enjoy themselves in what seemed to the minister to be a very worldly fashion and not once did he see them in church on Sunday.

But the minister was never known to speak ill of anyone. He only said to his wife:

"Dear me, they must have great faith in asbestos."

An elderly and somewhat innocent couple were vacationing aboard one of the big luxury liners. The wife, who took a lively interest in fellow passengers, remarked to her husband:

"Did you notice the huge appetite of the man opposite us at dinner?

"Yes," replied her husband drily; "he must be what they call a stowaway."

Service Is To Be Aim Of M-F Citizens' Group

The regular meeting of the Marion-Franklin Citizens Association will be held at Marion-Franklin High School this Thursday evening at 8 o'clock. Responsible officials of the group have urged residents within the former Marion Local School district to attend.

The new organization will be a "voice of the people," according to Joel R. Snyder of Marion-Franklin Citizens Association. It will be influential in the development of the former Marion Township sector of the city, according to Jack Schoonover, president of the group. Added transportation facilities, proper zoning, and community improvement will be targets to be achieved by the association, Schoonover said.

A membership drive, scheduled to begin with tonight's meeting, will seek to gain support from the entire area. Captains in each area will recruit workers to cover their section, in the solicitation for new members.

The Fairwood-Innis Association, which recently conducted opposition to the low cost rental apartment units which were to be built in that vicinity, has indicated they will dissolve into the Citizens Association when the body considers its responsibilities ended. The Fairwood-Innis Association, with the aid of the new Citizens Association, last week submitted a protest petition to City Council bearing 7,657 signatures, almost 3,000 more than needed to delay the slum and expressway relocation project until Aug. 18 at least.

Paint Works Wonders For Many Homes

The next best thing to building a new home is decorating an old one. New paint can make old rooms look bigger, cheer up dark corners, lend fresh life to furniture, draperies and rugs.

Today's small homes can be stretched out a size or two by careful color selection. Paint a very small room a very light color. Use pale neutrals or pastel shades. Light blue, for example, makes a room look much larger. And when you're matching drapery, rugs or furniture, pick lighter colors that match to make walls march right off into space.

Interior decorators and psychologists have pooled their knowledge and come up with color suggestions that can bring restfulness to bedrooms, sparkling freshness to kitchens and new beauty to dreary rooms.

There are several ways to start thinking about color. You may start with a basic drapery or rug color, and select complementary colors. Or you may have a north or south exposure that needs cheering up or toning down.

In the living room particularly, many homeowners select colors that harmonize with the color of their rugs. If your rug is gray, for instance, ideal color combinations are dark brown, yellow-green or shell pink walls.

If your rug is green, paint walls lemon yellow, light gray or light- or pastel green. For tan rugs, platinum blue, peach or light tan are matching colors.

If your furniture or draperies are mostly gold color, start your painting with dove gray walls; or select plum or straw yellow. Blues, light browns and peach go well with rust fabrics. In general, the idea is to find colors that contrast well with your basic shades, or are complementary.

Paint children's rooms with bright, cheerful reds, yellows and blues. Give them their share of color fun right from infancy. Use bright, plaid bedspreads, dress up the furniture, paint floors and walls light pastels or shades, never dark colors.

STRENGTH FOR THESE DAYS
from The Bible

... With men it is impossible, but not with God: for with God all things are possible.—(St. Mark 10,27.)

There is no limit to God's love for us, His children, or to His power to help us in all mortal troubles large or small. Therefore we overcome all fear and anxiety when, through faith, we ask His blessing and then place our complete trust in Him.

Confining

The spirit is confined—and it's an unfortunate confining. Here I am in the time of year when my spirits soar and hopes grow for the early maturing of the "good old summer time." Yet, for some reson, the spirit seems bound by iron fetters—as I try to reach up in spirit to the top of the thermometer and laugh happily because of the heat, something binds me and forces upon my attention the fact that I don't REALLY want that—except as a conversation, or writing, piece. Well, far be it from me to argue with the Muses. I bow humbly, and go on with what the Muse (disagreeable thing) calls my mistake.

Anereait

An airplane flew from the Pacific Coast to New Jersey in three hours and 38 minutes last Sunday. Some of us who remember five days' travel one way from here to Los Angeles or San Francisco can't understand the full values to be attributed to this modern accomplishment. Does it bring closer the semi-destruction of the human race? Are we standing in the door to the Future with fear in hour hearts? Might as well learn to survey life-shorteners with philosophical mien, or be faced with danger of nervous breakdowns.

Have a Pill, Sir?

That may be a frequently heard question if a British scientist has really found an effective antidote to radiation from chemical. Let's hope the pill is successful before we begin to inhale too much radition from the A-bomb factories.

Let's Get Started

With the coming of summer many churches will have vacation Bible schools. We would like to feature some of these and if the information concerning them can reach us early, ahead of time, we will be able to do a better job. Pastors and vacation Bible school directors, a little help here, please, so we CAN do a good job.

Thanks

Thanks for the kind words written by a number of our local neighbors—PTA and church publicity representatives, mostly. I love every word you say. However, lest I get a "big head" as a result of your kind words, let me say that it is my job to do the best I can in all phases of news in the community. Deep down there is gratitude in my heart.

Thanks for the Seasons

Although extreme heat and extreme cold are equally distasteful to me, my prejudice against cold weather cannot be allowed to warp my thinking in the situation. True, cold weather, especially the bitter cold, is a bane and a quantity of punishment which should not be wished onto anyone. However, there is something to be said about cold weather and its desirability. Not that I know what it is that's "to be said" for cold weather. I'm just granting that there is something to be said, but best by others who have their likes and dislikes under better control than I. Oh, I grant you that under certain conditions snow is so beautiful! But, pleas, if you have any control over it, let me have green lawns and roses and the other flowering evidence of the glory which is essentially Summer Nature. Away, Winter!

Good Dance In Good Cause At Onized Club Saturday

A benefit dance in behalf of the retarded children of Columbus, otherwise known as ARC5 of the Columbus and Franklin County Council for Retarded Children, will be given this Saturday evening, May 25, at the Onized Club House, 740 Jenkins-av, according to officials of the organization. The dance will begin at 8 p.m. and continue until midnight, it was stated. Tickets will be 75 cents per person, and there will be refreshments and door prizes, the committee of officers said.

Officials actively promoting the occasion are Mrs. Dorothy Grinstead, president; Mrs. Helen Hutchinson, vice president; Mrs. June Compton, secretary; Mrs. Avanell Dreyer, treasurer.

Beginning in September last year the Board of Education furnished the Council with classrooms in the old Mt. Vernon-av school building, and part of the proceeds from this dance will be used for workshop materials or linoleum for the school, which the group reported as being necessary.

The group reportedly has set this slogan for the dance: "Come dance your way to happiness while you help those who need help most."

Council To Decide Vote On Project

Columbus City Council Monday night studied the possibility of calling a special election to decide whether the 385-unit Terrace Gardens housing project will be constructed at Fairwood and Innis-avs in the former Marion Township.

Referendum petitions bearing more than 7000 signatures were presented to Council. The petitions were certified by City Clerk Agnes Brown Cain.

Council now has 30 days to set a date for an election or repeal the ordinance which zones the land at Fairwood and Innis-avs for the development.

Councilman Glenn L. Myers said a group of "prominent citizens" are planning a campaign to defeat the referendum.

"These people feel the growing use of referendum powers by citizens will eventually result in a meaningless operation of Council," Myers stated. "And if this continues, we'll see something like this happen on any matter that comes before Council.

Councilmen indicated they prefer a special election in order to settle the matter as soon as possible. Council President O. J. Fillinger asked the clerk's office to determine the cost of a special election and how much it would cost to put the matter on the November ballot.

It was estimated that a special election would cost about $30,000.

That Ol' Swimmin' Hole . . . It's Poison, Dr. Goodloe Says

Every open body of water in central Ohio—rivers, creeks, lakes and quarries—is contaminated with a multitude of diseases and other filth and is unfit to be used for swimming, Dr. Ollie M. Goodloe, Columbus health commissioner, announced with official opening of the swimming season only a week away.

Too much sewage and industrial wastes are dumped into the waters, he said, for them to be safe. "Our tests show every body of water in the vicinity is dangerous," he reported.

Artificially constructed swimming pools, most of which hold their official openings on May 30 (Memorial Day), are the only really safe places for youngsters to swim, Dr. Goodloe said, because each has water purifying equipment, and is regularly inspected. Each provides guards with life saving and first aid certificates.

Dr. Goodloe urged that parents teach their children five factors for safe swimming:

1. Swim only in supervised areas.
2. Never swim alone or within two hours after a meal.
3. Never dive into unfamiliar water.
4. Come out before you are tired.
5. Don't go into water deeper than your shoulders.

Bad Luck, Rain Delays Two Leagues In Schedules

Church Softball

The South Side Branch Inter-Church Softball leagues opened their second week of play with some bad luck. The weather gave only the Wednesday Juniors and Intermediates chances to play, as rain made for the postponing of the Monday Junior teams and the Girl's League on Tuesday.

St. Leo won its second game in the Wednesday League by defeating Oakwood Methodist 11 to 4. Baumann of St. Leo led the hitting with four out of five, while Drury hit three out four for Oakwood. In other Wednesday games St. John E&R put one over Emanuel Lutheran 24 to 4. St. John's cause was helped with Bill Diebert and Dave Oty completing a two-man triple play. Ohio-av EUB won a slug fest from St. Paul E&R, 28 to 15. Jim McMahan turned in a good hitting and fielding job for Ohio-av. Adams pitched a four-hit ball game for Gates-Fourth Methodist to lead them to a 20 to 2 victory over St. Paul Lutheran. Larry Incaho hit a home run with two on for Gates-Fourth.

Fast and Furious

The Intermediate League showed some fast and furious action in its second week of play. Washington-av EUB won from Hungarian E&R 13 to 12 in the last inning after trailing the Hungarians the whole game. Alex Komives had a good day at the plate for Hungarian E&R with two hits. Jacob hit a home run for Washington-av. South Methodist won from Southwood Church of Christ 16 to 6 by taking advantage of Southwood's wild pitching. Larkin O'Neil hit a home run with none on for South Methodist. St. Paul E&R won its second game of the year from Livington Methodist by a score of 9 to 3. The score was tied until the fourth inning, where St. Paul picked up three to put the game on ice. Home runs by Brixner and Flovin led St. John E&R to a 23 to 10 win over Oakwood Methodist. Balling and Elerick both had three hits apiece for St. John. Oakwood had one bright spot with a double play.

Gra-Y Softball

The South Side Branch YMCA Gra-Y Tuesday League came within two games of finishing the season last week. The Thursday League ended earlier because of not hitting all the earlier spring rain.

Deshler finished the season with a perfect five won and no loss record by defeating Beck 6 to 2. Paul Dolby and David Oty both had two hits for the Lions. The Beck Bulldogs came close to tieing up the game in the last inning with the bases loaded, but Terry Treneff struck out the last batter to retire the side. The Livingston Wildcats lost a close one from the Heyle Buckeyes 4 to 3. Reeb won its first game of the season by really putting on the steam and beating the Heyl Leopards 14 to 0.

The closing party for the Gra-Y Softball Leagues will be Thursday, May 23, at the South Side "Y" Park. Supper will be served following a free recreation time. The program will headline Don Clark of OSU football fame and Bill Hess, the tackle coach at OSU. They will be the speakers and hand out the sportsmanship awards to the best team from each league and also to the individual from each team who will be voted the best sportsman by his teammates.

Insurance Man Tells Of Policy

Wayne Fancher came in a few days ago with what he called "a new policy which recognizes motorists' need for greater financial protection against the grim and mounting hazards of today's traffic." Agent Fancher represents the State Farm Automobile Insurance Companies of Bloomington, Ill., which Fancher said, has stepped into greater leadership by making the new policy available to motorists in this community and throughout the country.

Fancher said the policy provides for payment of the first $1,000 of medical expenses resulting from an automobile accident injury, plus 80 per cent of additional medical expenses up to total payments of $5,000 for each person injured. He said the protection covers every member of the insured's family living in his household.

In Passing

By Esther Weakley

CAREER WOMAN

Her penthouse overlooks the glowing night.
The harried day she wishes to forget
Seems pleasantly remote, here at this height,
As nervous fingers flip a cigarette.
This should be dream fulfillment —as a child
She longed for the great city, far away.
There is a bitter phrase of Oscar Wilde
About success — she thinks of it today.
Darkly she watches firelight burn blue
And thumbs the magazines out of a rack;
Now from the picture window's framing view
The towers are flimsy cardboard, painted black.
Then suddenly there flashes through her brain
The shimmering silence of a western plain.

Helen Frith Stickney, in The Lyric.

This verse is on a treasured Mother's Day card from my younguns:

For all the times you scrubbed my ears,
Spanked my pants and dried my tears,
Patched my clothes and troubles, too,
This comes with loads of love to you.

Flowers are a beautiful chapter of a wedding story. They are details which every guest notices and remembers; they are remembered by the happy couple all during their life together. Flowers are the symbol of happiness and love. We give attention to every floral need at the wedding, and individually style the flowers to enhance the dresses of the attendants and the bride. Call us for an appointment for an estimate wihtout obligation. We prefer to go over the details of the wedding with you in person. Estimates over the phone are not satisfactory.

Married on May 4 and now living in Evansville, Indiana, is Miss Dorothy Garrigan, daughter of Mr. and Mrs. Ed Garrigan; also married on May 4 was Miss Mary A. Walters, daughter of Mr. and Mrs. Lee Walters. Exchanging their nuptials the same day were Miss Patricia Hinson and Phillip Meteer. Cingratulations to these couples and to Miss Rosina Fritsch and George Schlecht married May 11, and Miss Mary Paul and Robert Lehner whose beautiful wedding took place May 18.

Get well wishes to Dollie Anderson, Elsa Snyder, Mrs. Ray Dailey, Mrs. John Shuster, Catherine McClure, Mrs. Herbert Loechler, Dick Williamson, Abe Cohen, Alma Schrader, Dorothy Burke, Mrs. Celia Beidel and Mrs. Lee Walters. Explore Kitchen For More Space

Do you wish for more storage space in your kitchen? If so, perhaps you need to look critically at your present kitchen and at the space you already have for areas that can be used more adequately, suggests Lois Deneke, Ohio State University extension home management specialist.

As you look for more space in your kitchen, check to see if you have a large amount of dead air space in cupboards. If you do, you may be able to provide more storage by adding more shelves, dividers and/or partitions. The great amount of waste space above the top of articles stored on a shelf can be avoided by placing shelves closely together. The backs of doors may serve as the support for peg boards, small racks and gummed tabs with hooks for light weight articles, says Miss Deneke.

Unused wall space also may exhibit a peg board to hold small kitchen utensils, such as measuring spoons, can openers and pot holders. Vertical sectioning of a cupboard may permit more storage for bulky items like trays, lids, flat pans and platters. Sectioning of drawers may relieve cluttered storage of sharp, irregular shaped or bulky items, and also it may give room for a sliding half-drawer.

The home economist also suggests questioning yourself on the way you're using your present storage. Are the items which are within easy reach used often enough to justify occupying that convenient space? Are you wasting storage space with utensils and supplies you seldom use?

Now that the month of May is fast drawing to a close it is again graduation time. Several boys and girls from our community will be among the members of the four graduating classes from Madison Groveport schools.

On Tuesday afternoon, May 21, promotion exercises were held on the Groveport Elementary School auditorium for the 56 members of the Groveport and Edwards schools kindergarten classes. The following youngsters from our area received their diplomas: David Bowman, Ronnie Wringler, Karen Dildine, Debbie Norris, David Hanson, Christie Milless and Bobby Haden. They will enter the first grade at Brice Elementary School next fall.

Many thanks to Myrna Coleman, Linda Stickel, Louise Milless and Grace Norris for helping to make the Cerebral Palsy drive Tuesday, May 14, a big success. I was very happy to turn over $31.33 to the group.

The May meeting of the Edgewater Park Fire Department Auxiliary was held Tuesday evening, May 21, in the fire house. Hostesses for the evening were Mrs. Elorence Foster and Mrs. Alcy Haden.

This coming Sunday, May 26, will be Loyalty Sunday in the Asbury Methodist Church. A pot-luck farewell dinner will be given, honoring Rev. and Mrs. Ford. Each family is requested to bring a well-filled basket and table service. Coffee will be furnished. All members are urged to attend this occasion.

All of the men and boys of the Asbury Church interested in playing softball are urged to attend the organizational meeting tomorrow night, Friday, May 24, at the Community House at 7:30 p.m.

St. Leo's Homecoming Festival Starts Tomorrow Night For 2 Nights Of Fun

At five o'clock Friday evening the playground at St. Leo's Church will be bustling with activity as the annual homecoming festival gets under way. According to Mrs. Stewart Jones, publicity chairman for the affair, there will be fun and activity for every member of the family. . .

St. Leo's is located at the corner of Bruck and Hanford-sts, and starting at 5 p. m. Friday, a fish dinner will be served costing only $1.25 per person or a whole family may eat for only $3.50. The family can consist of father, mother, and two or more children.

There will be novelty games, kiddie rides, refreshments, pizza, sandwiches, variety of stands, and numerous door prizes. A 1957 Chevrolet Bel Air station wagon will be on display and it will include such features as two-tone finish, 185 h.p. turbofire motor V-8, power glide, automatic transmission, air flow heater and defroster.

The revenue derived from this affair will be used to reduce the debt on the new school building. Saint Leo School was opened in September 1904 as the first free parochial school, being operated entirely from parish funds. The first enrollment was 150 pupils. As the parish grew, enrollment increased proportionately. Today the school has an enrollment of 475 pupils. In 1953, an addition to the school building was erected, giving additional 12 classrooms, meeting rooms, and other much-needed facilities. This addition together with renovation of the old building, cost $110,000, it was stated.

Monsignor F. J. Schwendeman, pastor of St. Leo's, has stated "Saint Leo Parish extends a cordial invitation to all our friends, and in a particular way to our former parishioners, to attend our spring homecoming festival. We trust that this occasion will bring many old acquaintances together in the familiar surroundings of their former parish. We are proud of our accomplishments in these past years in bettering our facilities.

"We have been able to do this only with generous support of our people. I know that all members of the parish join with their pastor in the hope that we may greet many, many old friends on May 24 and 25."

Thomas J. Lowery, assistant pastor, says: "Just a word to the young foulks. You have not been forgotten in our plans for our spring festival. The committee made a special effort to provide entertainment for the young people. There will be games, rides, and contests you will enjoy. So come along with your parents on May 24 and 25 and have a good time."

Saturday evening at 5 o'clock, a spaghetti dinner will be served with the same prices prevailing as on Friday and will be prepared especially for this occasion by a group of ladies who make it a point to prepare true Italian spaghetti fit for a gourmet. Don't forget the dates, and join the parishioners of St. Leo's and help reduce the debt on the new parish school."

Leader Carrier Finds Joy In 'Team' Seneca Boating

When all of his South Side Leaders are delivered and other routine chores (including school), do not make demands upon him, Phillip Feldmeier, son of Mr. and Mrs. Otto Feldmeier, 1357 Studera?, is likely to join up with two companions and be themselves away to Seneca Lake for some fine boating.

Philip has 275 Leader subscribers on his route, and the circulation manager attests to his attention to his business. Philip is a member of a team, the team being composed of two of his school friends, Tom Herbert, 16, of 1805 Cole-st, and Larry Nicholson, 18, of Cambridge, O.

The team of three find outlets for their energies by using three boats on the lake. There are two 10-foot "runabouts" and one eight-foot hydroplane, the latter being purchased last year as a racing affair. However, the boys say, they just use it for cruising around now, since Seneca forbids racing.

What about break-downs, or other troubles? Well, they are fortunate, the boys say, since one of them is the son of a good mechanic. And what more could one want when a motor won't work?

Identification is easy, it was said, because all three boats are painted red and white, but with a different design on each boat.

The boys like fishing, they say, and their fathers have fishing boats which the boys say they use when they want to fish. They haven't told us what happens when dad wants his boat just when the boys want his boat. We thought it just as well not to ask the question.

DIABETES — NO NEEDLES OR INSULIN — Mrs. M. Murphy had Diabetes for 30 years and used Insulin once or twice a day for 7 years. She was free from Diabetes in less than three (3) months, without the use of Drugs or Insulin or any kind of shots or pills. After the first two weeks of taking Diabetes Medicine she experienced no more unnecessary thirst, nor hunger, nor craving for sweets. She no longer needs to use needles or Insulin, and feels better than she has for 25 years and eats the same now as any other healthy person does. Anyone who is interested may call her for reference at CL. 3-6007. She will be glad to talk to you.
Dr. Philipp Barhorst, O.D., has Reg. U.S. Pat. Off., Washington, D.C., dated February 29, 1956, numbered KK 120906 and March 17, 1956. Reg. number AA 258632 Drugless, Non-Insulin Diabetes Medicine or Tonic.
NO DRUGS, NO NEEDLES, NOR ANY KIND OF SHOTS OR PILLS. You can be free of Diabetes in less than 3 months.
No money until you are SURE of being free of Diabetes. The first two weeks after taking Diabetes medicine patients are no longer unnecessarily HUNGRY, THIRSTY or have craving for sweets. Because our body must make Natural Insulin, then you can be free of Diabetes—Diabetic.
If rules are followed strictly you will need no more needles or insulin.

Barhorst has an entirely different VIEWPOINT of FITTING GLASSES. Glasses ALONE will not keep people from going BLIND. It is necessary to KNOW the CAUSE of the Eye TROUBLE to overcome it which brings up the condition of the HEALTH to IMPROVE the EYES.
There are many people PARTLY BLIND, glasses do not make them SEE better. Did you ever hear of a Doctor who has a MEDICINE you DRINK, that MAKES YOU SEE BETTER, and brings your Eye sight to where you can SEE at a DISTANCE, and READ FINE PRINT. It does not have DRUGS, and is WITHOUT NEEDLES, or any KIND of SHOTS, PILLS, or KNIFE that will make them see again at a distance or small print, in less than 3 months. Shadeville's Oldest Resident Owns Fiddle Believed To Be More Than 200 Years Old

Chase Miller is an exceptionally unusual man.

The fact that he is 92 and the oldest living resident in the small village of Shadeville is interesting in itself. But there is something much more unusual about this gentle, alert old man.

You see, Chase owns a violin. Not just an ordinary violin but one that is different, one that his father, Wesley Miller, bought many years ago when Chase was just a little boy. Chase recals that it was well over 80 years ago that his father paid "just a few dollars" for the ancient, second-hand violin in a Columbus pawn shop.

Through the years the violin has brought many hours of pleasure to the Miller family and their friends.

The Old Days

In the old days a "fiddling man" was a mighty popular person. Surely, many of today's oldsters recall — with nostalgia, no doubt — the old time "house dance" when the only music came from a fast fiddle, and neighbors and friends from miles around would gather for an evening of dancing, with maybe just a little "jugging" between dances whiles the wives were busy jawing in a corner.

It was old Wesley, "one of the finest fiddlers in these parts," who taught young Chase how to nestle the fiddle and with gently persuasion produce music that set eager feet to tapping.

Chase Takes Over

And after Wesley Miller passed away, Chase took over the fiddle full time and for many years people who knew Chase knew his fiddle.

It's been more than 20 years now since Chase has played the fiddle at a house dance. For some reason the radio and automobile took all the flavor out of the old time house dance.

A widower now for the past five years — his wife Louella died in 1952 — Chase lives with his two bachelor sons, Harry and Howard, both in their early fifties, in a small house at 6246 Canal-st. The three men do their own housekeeping and cooking.

Chase has two daughters but they are married and living away from home. One, Mrs. Norma Reisel lives in Groveport and the other, Mrs. Blanche Vaughn lives in Lockbourne.

Back to Point

But back to the point. What is it that makes Chase and his violin so unusual and different?

It's this. Inside this violin, when one holds it to the light just right, a small yellowed label with old fashioned print can be seen. The label reads: *Antonius Stradivarius, Cremenus Faciebat Anno 1737*

It doesn't take much for one to realize that the label seeks to imply that the violin was made by the famous Italian violin maker, Stradivarious 220 years ago in a town now known as Cremona.

And practically everyone, including Chase, knows that a genuine Stradivarius is worth thousands of dollars . . . as much as $65,000 in some cases.

Doesn't Care

Chase also knows that there are many imitations circulating around. But the fact is that Chase isn't too interested in finding out if his fiddle is the real article or not. For even if it is a genuine Stradivarius it wouldn't make one sniff of difference to Chase, 'cause this violin belonged to his father and has been in the family for many years and nothing could make old Chase part with it.

Experts Went It

For years now a famous violin company in Baltimore, that somehow got wind of the violin has been trying to induce Chase to let them borrow it to make tests to find out if it's the real thing. But Chase is afraid it might get hurt or lost, and besides like he said, he doesn't care what it is. It belonged to his father, old Wesley.

People who know Chase well, agree with him. What difference does it mak if it's real or not? Chase doesn't need the money, and furthermore does not want it. But the violin, well it belonged to his father.

Six months active duty for all new National Guardsmen has been ordered by the War Department. Heretofore, new members of the guard could volunteer for active-duty training. The new order makes such training compulsory.

MEMORIES of yesteryear are brought back to 92-year-old Chase Miller as he fondles his prized fiddle. Miller was born just across the river from Shadeville two weeks before Lincoln was assassinated. He has lived in these parts all his life.

Poppy Days Group Ready: May 24, 25

Organization of a large corps of women and high school girls to distribute memorial poppies here on Poppy Days, May 24 and 25, has been completed by the American Legion Auxiliary, general chairman Mrs. Ralph Hedrick and Mrs. Royden Carter of the Veterans of Foreign Wars has annuonced.

The Poppy Days workers, all unpaid volunteers, will be on the streets throughout the day Saturday after going through buildings and plants Friday, offering poppies to be worn in memory of those who died fighting in the service of their country, it was said.

"The response to us in the past year has been most gratifying. Volunteer workers go into the hospitals and homes where veterans are still fighting their long, painful battle against wounds and illness, bringing them comfort and cheer."

Live Disposal Unit

The fancy questionnaire a household appliance company used to survey Iowa housewives brought out equally fancy replies. To the question, "What make of garbage disposal unit do you use?" one woman wrote: "Four hogs."

Perilous Primrose Path

"Hard work never killed anybody," said the father.

"That's just the trouble, Dad," returned the son. "I want to engage in something that has the spice of danger in it."

Eminent Organist To Play New Organ In Dedication

South Church of Christ, Disciples, at Woodrow and Bruck-sts, will employ a recital by an eminent organist as its dedicatory program Sunday evening, according to the minister, C. D. Mulkin.

Rev. Mulkin informed the South Side Leader that the recital will be given by Robert M. Bingham, well-known Columbus organist, as part of the dedication service.

This dedication service does not stand alone, the minister explained. It is, instead, one of a series of affairs leading up to the celebration of the 50th anniversary of the organization of the church. This will come later this year, the pastor said.

Saturday evening's program is given as follows: "Hark! A Voice Saith All Are Mortal," Bach; "When Thou Art Near," Bach; "Dreams," Wagner; "Ave Maris Stella," Grieg; "Londonderry Air," Irish melody; "Nautilus," McDowell; "Serenade," Romberg; "In An Old Cathedral," Faschini; "The Lord Bless You and Keep You," Lutkin.

The minister said that the starting time is 7:30 Sunday evening.

Y Park Proves Enticing Spot On Sunday Afternoon, With Play and Christian Services For Old And Young

A visitor to Y-Park commented, "If I lived around here, I would seek for an elixir which has eluded mankind's effort to find it, and, having achieved youth again, I would hurry over to join the South Side YMCA so I could participate in living my spare time at Y-Park."

Since the visitor lives away from this area, and since "elixirs of life" are not available our friend promised to return before summer's end and drink in the beauty that is Y-Park.

The Y-Park is operated by South Branch YMCA, which always has something going. This is illustrated by the photograph of the line of people who were entering—one of the "houses" for Sunday afternoon worship. This was not unusual. In fact, it is a constant occurrence. Religious observances are as natural there as—well, as natural as the YMCA. They who absorb the spirit of the place are confirmed YMCA people or the parents of YMCA young people.

System is a must in a place like Y-Park—indeed, a necessity. For those who are part and parcel of the YMCA are busy—something always going on. And these "goings-on" must not overlap—and they do not.

The religious motive, it has been said, is the "why" of a YMCA and the widespread use of the facilities of Y-Park by members and friends of the Young Men's Christian Association. The smaller group in the picture is composed of some of the younger people getting the needed drink after a play spell.

From OG's Notes

By OLIVER GEDEIST
Walking in the Garden

Christians frequently sing a song which becomes greatly meaningful to me when I walk in our garden "while the dew is still on the roses" Early morning, with sunshine, dew, and gentle breezes, the fragrance of [illegible] which have burst upon the sight with the passing of the night. The poetry of the song referred to is made real by the beauty of the garden with new-born petals reflecting the early morning's sparkling dew. I'm glad C. Austin Miles had poetry in his soul and shared it with hundreds of millions of us . . . Walking in OUR garden early in the day, we visualize the loveliness of the Mt. Olivet area which is made responsible for "He speaks, and the sound of His voice . . ."

Teaching the Young

Elsewhere in this issue of the South Side Leader is a feature the subject of which is a kindergarten group belonging to the family St. Paul's Lutheran Church. Notably in the thought picture, Pastor John O. Lang was busy with a group of little fellows and I did not get him "in the picture"—the photo, that is. However, he's in the "picture" in another sense . . . he's a man of strong convictions . . . for the editor he's an adversary, and a respected adversary, too, with incisive phrases, cutting words—he's a soldier true and faithful in the cause he espouses as a Christian minister. For me, I like to think of him as a "happy warrior"—a happy adversary.

Getting to the action, the Reeb Shooting Stars won their second game of the year, defeating Beck 11 to 8. Napoleon Hagwood hit a home run in the first inning with one to start the Shooting Stars on their way. Ray Gray hit a triple for the Bulldogs and showed some good fielding.

A 12-run second inning gave Livingston all they needed to finish the season with a win as they beat the Heyl Leopards 16 to 1. Bob Miller hit a home run and two singles and Henry Frazier poked two triples to lead the Wildcats to their third victory. Fred Tomlinson and Jim Robinson played a good game for the Leopards.

THIS WEEK LOOK FOR:

FRUITS — Strawberries, pineapple, rhubarb, canned peaches, pears, plums.

VEGETABLES — Asparagus, cabbage, new potatoes.

MEATS — Veal, round steak, turkeys, chicken.

Vegetable News

Vegetable counters are showing signs of summer. First in the vegetable parade is asparagus, now in peak supply in central Ohio. Quality and price are now at their best.

New red or white potatoes from Florida, and the long white ones from California, perk up May and June menus.

Solid green heads of cabbage from Florida and South Carolina make tasty cole slaw. Have the shredded cabbage cold and crisp, then mix gentle with a good quality tart salad dressing just before serving. Shred or cut cabbage into your tossed salads, too. New green cabbage makes an excellent, inexpensive cooked vegetable if steamed only four or five minutes.

For interest in your salads look for crisp new leaf lettuce, romaine, escarole and endive. Since greenhouse tomatoes are now better in quality and price, they are a colorful choice for salads, suggesting summer time in your menus.

Veal

During May, June and July, veal is in peak supply, best in quality, and lowest in price. So, if you and your family are looking for variety in the main course, you might consider veal.

The lean meat of true veal is fine grained, soft, moist and light pink in color. The fat, if any, is milky white and is found on the outer surface of the lean. Veal is never marbled with fat, as is beef. The bones of veal are soft, and when cut, are dark red on the surface.

The best guides to quality veal are the purple "U.S. Inspected and Passed" stamp for wholesomeness, plus the "Federal Grade' stamp and the packer's brand name.

For top flavor, veal should be roasted, braised or stewed to the well-done stage. Allow 30-35 minutes per pound for a 4½-pound roast in a 325 deg.ee oven. A meat thermometer should read 170 degrees F. when done. Use no water and roast in an uncovered pan.

Rhubarb Pie

For a real spring tonic, try this rhubarb pie recipe—

3 tablespoons quick cooking tapioca
1½ cups sugar
¼ cup salt
2 tablespoons grated orange rind
4 cups fresh cut-up rhubarb
1½ tablespoons butter
Pastry for 2-crust 9-inch pie.

Mix together tapioca, sugar, salt and orange rind. Mix dry ingredients lightly through rhubarb. Pour into pastry-lined pie plate. Dot with butter. Cover with top crust that has slits cut in it. Sprinkle top crust lightly with sugar. Bake at 425 degrees F. about 10 to 15 minutes. Lower temperature to 325 degres, then bake 30 minutes or until done. Serve slightly warm

Dear Son

By Joseph Martell

Chittlin' Switch, Monday

Dear Son:

We received your letter the other day and keep on writing often because we all want to know how you're getting along in the navy.

You remember me writing you that your cousin Sludge Poozer, got married a month ago? Well, I'm convinced his wife is no cook. I spent last week-end at their place and Sunday morning I saw his bride trying to open an egg with a can opener.

Little Cheddar embarrassed us to no end the other day when the preacher came to call. The preacher asked Cheddar if he knew what was in the Bible and Cheddar told him he knew everything that was in it. When the good preacher asked him to tell what was in it Cheddar said: "A picture of me when I was a baby; one of my sister's curls; a pawn-ticket for Paw's watch and a recipe for home brew.

Once in a while your Aunt Lizzie and I go to the county courthouse to watch the trials. We're not interested in the law but the place is air-conditioned. Jeb Gooch was on trial for attempting to shoot his wife. The judge pointed out that it was liquor that made him hate her; liquor that made him aim it at her and pull the trigger. Jeb replied: "You're right, your Honor! It was the liquor that made me miss her too."

You remember that girl you used to go with from Snod's Gulch? Well, you'd never know her she's gotten so fat. In fact, she finally got so big she had to put on a corset to get into a girdle. She was supposed to get married last week and Mondy the Chittlin' Switch Daily Bugle printed this item in the society column: "The bride wore a full length dress and white veil and carried a bouquet of roses. The groom didn't show up."

Uncle Lushmore cooked Easter dinner for us. We had baked ham. Lush put it in the oven at 8 a.m. and took it out at 1 p.m. Every half hour he'd pour a fifth of rum over the ham as he said it made good gravy. After 12 fifths of basting and tasting, Lush went to bed for three days. Paw drank all the gravy and joined him.

Paw and I aren't speaking. At Sunday meeting the parson asked the people if there was anyone present in the group who would let his wife be slandered to stand up. Paw rose and I was that embarrassed. When the preacher asked him why he'd allow his wife to be slandered, your Paw said: "I'm sorry, I thought you said 'slaughtered'." Paw is now sleeping in the shed.

Your loving,
Mom

Body Of Boy Unrecovered

A visitor in Columbus over the week-end was heard to say, when the car in which he was a guest turned from High-st into Greenlawn, and saw the great number of people, including officers, keeping a watch for the body of David W. Oliver, drowned, "This is a city of great heart."

That was his comment upon a tragedy which had occured Saturday, when 13-yead-old David W. Oliver, son of Mr. and Mrs. David W. Oliver, 175 E. Livingston-av, was drowned in the Scioto River while fishing. With police and auxiliary police watching for the body, hundreds scanned the river with rapt attention, seemingly actuated by the same motive one expressed when asked why he was interested. His reply: "Don't his papa and mama want to know about his body?" Watchers left little room unobserved for many blocks along the river.

Late Tuesday there was still no report of the finding of the body and officials would not hazard a guess as to the probability of the body coming to the surface and being rescued.

In Passing

MEMORIAL DAY

"Lest we forget," here are some poems to remind us.

ELEGY FOR A DEAD SOLDIER

Underneath this wooden cross there lies
A Christian killed in battle. You who read,
Remember that this stranger died in pain;
And passing here, if you can lift your eyes
Upon a peace kept by the human creed,
Know that one soldier has not died in vain.

FALLEN HEROES

Today we honor those who fell,
Our freedom to preserve.
Yet nothing that we do or tell
Can justly, rightly serve.

With sombre thought we meditate
And prayerfully make this plea:
May we never have to decorate
The graves of World War Three.

Robert Preswick.

UNKNOWN SOLDIER

I think that he resembles every man:
The man in every man whom no one knows;
The man who never has quite voiced his woes.
And knows he never will, and never can;
The man who feels he has a perfect plan,
Yet knows that he can never quite disclose
His dream, nor understand the budding rose.
So it has been since this brave world began.

The Unknown Soldier: he will never be
Revealed to any man; the inmost heart
And mind of man we cannot comprehend.
We are not blind, and yet we cannot see;
We only grope, and apprehend a part.

So it will be, I think, until the end.

H. P. Stoddard. Reprinted.

THE WASTE OF WAR

We are the songs that were never sung,
Pictures that never will be;
We are the ghosts of the stately ships
That never will sail the sea.
We are the wraiths of a million kites
That will never, never be born,
And we are the shadowy whispering rows
Of unplanted fields of corn.
We are the thousand glorious things
That living hands would have done—
But we perished there on the battle field
Between a sun and a sun.

Clarfield Elementary School Students Build Models To Learn World Neighbors

CAUGHT IN A SOMBER moment of study, four young students of Clarfield Elementary School admire their handiwork. Sixth-grade pupils of Mrs. Rita McCabe and Mrs. Margaret Kranaskas, the pupils participated in a joint class social project, in an effort to better understand our world-wide neighbors and their living habits, the students constructed miniature models of dwellings, buildings, bridges and famous places throughout the world. Left to right are: Jessie May Holley, 11, daughter of Mr. and Mrs. Lucian Holley, 1621 Evergreen-rd; Gary Cremeans, 13 son of Mr. and Mrs. James Cremeans, 3202 Lockbourne-rd; Carolyn White, 12, daughter of Mr. and Mrs. Harry White, 1370 Clarfield-rd; and Paul Martin, 12, son of Mr. and Mrs. Emerson Martin, 3366 Groveport-pk.

Newsman Goes Visiting To St. Paul's School

A telephone call recently developed a line of thought and wondering, and this was followed by the newsman's visit to the basement of St. Paul's Evangelical Lutheran Church, 322 Stewart-av, to see first-hand about the "school" we had learned existed there. The first person met was Mrs. C. Paul Brobst, who was in charge of a group of youngsters, as shown in the picture. And, when we peeked in through a slight opening in the door, the children were lying stretched out on the floor—relaxation which we wished we could join. Why this kindergarten—this Christian kindergarten Well, Pastor John O. Lang seems to believe in "saving" early, and this was echoed by Mrs. Brobst, who outlined some of the philsophy, this word is the reporter's only) involved in the school. Marked with deep earnestness, Mrs. Brobst's six items seem to cover the field, purpose of this kindergarten and for other classes in this school. By the way, Mrs. Brobst has taught in the public schools as well as in private religious schools. As we went along Rev. John O. Lang came along leading a group of young fellows, but we never did get to see him and the boys again that morning . . . there'll be an "Again," we hope.

But we are looking at this class, this school, from the teacher's position: One of the tenets incorporated in the list of items provided to present a full idea was this: To give the child all kinds of experiences that will help prepare him for entrance into formal school life . . . to teach him to live happily and harmoniously with others . . . to develop in him a sense of pride in his school and church . . . but wait, let's get the No. 1 in the list compiled for the reporter: "To lead him to trust and believe in Jesus as his personal Savior from sin."

Twenty-seven children will "graduate" on Tuesday, June 4, at 6:30 p.m. Some of the features on the program are these: a typical daily worship service; a dramatization of the story "The Baby Moses," with simple costumes. Mrs. Brobst is the daughter-in-law of Rev. H. N. Brobst, pastor of St. Matthew Lutheran Church. Her husband is a teacher in Everett Junior High School. Their two children are Carol and Norman. Exercise, rest, study with a purpose: to prepare the youngsters for living, fully, completely, usefully, and according to God's will — that just about covers the writer's interpretation of all the good things that are being built into the fiber of these youngsters' thinking.

Methodist Ministers At Lakeside Anuual Meet

Several Methodist ministers will be present at Hoover Auditorium at Lakeside, O., next Tuesday, June 4, when the Ohio Conference of the Methodist Church opens its 19th annual conference. Bishop Hazen G. Werner will preside at the annual affair.

Ministers attending the conference from the South Side Leader area are Rev. Levon A. Shaum, pastor, Livingston-av Methodist Church, Third and Livingston; Rev. S. R. Martin, Gates-Fourth Methodist Church, 1234 S. Fourth-st; Rev. Carl E. Hicks, Oakwood Methodist Church, 684 Oakwood-av; Rev. Walter C. Peters, South Methodist Church, Morrill-av, at Sixth-st; Rev. Ray W. Huff, Thurman-av Methodist Church.

All the local Methodist ministers attending the pastors meeting will be subject to change at the discretion of the presiding bishop, except Ray W. Huff, who will leave, with Mrs. Huff, for Florida, where he will live a semi-retired life, but pastoring a small community church as a means of continuing activity in retirement. Heavy burdens are to be lightened, but the soon-to-move pastor thinks 100 percent retirement would be worse than a heavily-burdened pastorate.

More than 1400 Methodist ministers will be in session, it was announced. The other Methodist Ohio Conference is the North-East Ohio Conference, which will meet at Lakeside, June 23.

Goodrich, Foreign Grocery, Hoermle's Appliances, and Tom Sharp, Leader ad manager, are all involved in this broadcast, where people of the community can "have their say" at the mike during the broadcast beginning at 9:15 a.m. It was said that the radio does not wait for people—it starts on time.

4 Reasons Why:
YOU SHOULD KEEP YOUR GAS FURNACE PILOT ON THIS SUMMER...!
You will find it wise to leave on the pilot light in your Gas Furnace during the summer months. The cost is small, and there are many practical benefits:

LONGER LIFE FOR YOUR HEATING SYSTEM
The small amount of heat from the Gas pilot keeps heating equipment dry during the summer months. This prevents rust and prolongs the life of your equipment.
HEAT WHEN YOU WANT IT
You can take the edge off chilly summer days with a touch of the finger. Using your heating system for just a few hours helps to rid your house of dampness, too. You also have instant command of your heating system for cool days in late spring and early fall.

A MORE COMFORTABLE BASEMENT
The slight amount of heat generated by the gas pilot maintains a gentle updraft in the chimney. This helps ventilate the basement and dry the air, reducing dampness and increasing your comfort.
NO WAITING FOR WINTER HEATING
With the pilot light on, you're all set in the fall. You avoid the inconvenience of having to wait to have your furnace lighted.

Yes, if you heat with GAS, it will pay you to keep your furnace pilot on this summer....

The "Skate," America's most recent atomic submarine, has special significance for one Frebis-av family, for their son is attached to that ship. Louis Kleinlein, 335 Frebis-av, was home a short while ago, between assignments at Key West, Fla., and the new one at New London, Conn. Louis was an instructor at the Key West Sonar School. He reported to the Connecitcut port in time to witness the launching of the Skate, May 16. Louis is a South High graduate of 1947.

The birthday list is a little skimpy today, but wishes are just as warm for these younsters, William Osborne, 2234 S. High-st, June 4; Barbara Zwilling, 41 W. Markison-av, June 4; Janet Quidor, 302 Markison-av, June 2; Gregory Bailey, 301 Markison-av, June 2; Patricia Foreman, 1540 S. Fourth-st, May 31; Donnie Bush, 2041 Studer-av, May 31; Patty Trigg, 1291 S. High-st, June 3.

Don't forget to mark June 11 on your calendar for that's the date of Mercy Hospital's annual strawberry festival. Time is 5 to 9, on the hospital's lawn. We'll remind you next edition, too.

Mrs. Agnes Merritt, 654 Wilson-av, merits congratulations for being elected second vice-president of the Ohio Federation of Business and Professional Women's Club, at the convention held May 17-19, in Cleveland.

Mr. and Mrs. David Hamilton made a trip to Bluefield, W. Va., recently. The journey was not a pleasant trip, however, as it was for the purpose of attending the funeral of a cousin, Mrs. Branham. The residents of 1522 Wagerst have had some pleasant news since, though, as the long-legged bird has visited in Ottawa, O. and deposited a little girl in the home of the Hamilton's son, David, Jr. David, a 1945 South High graduate, and an engineer in the Sylvania Corporation, reported to the home folks that Diane Marie made her debut on May 16. Needless to say, Grandma Hamilton wants to get to Ottawa as soon as possible to see the youngest grandchild!

The Moose Entertainers will participate in festivities at Chillicothe Veterans' Hospital per usual, on Decoration Day.

The birthday we're acknowledging now happened on Monday of this week, but DO send a card, won't you? It is the May 27 birthday of Mrs. Hoffman, 229 Southwood-av, and regular readers will remember that Mrs. Hoffman underwent amputation of a leg not so long ago. Keeping her spirits up is necessary, and a birthday or "cheery" card would help. Thanks.

The Christian Crusaders, singing group, is slated to appear on Gene's Canteen, June 1. This is the group that's endeavoring to raise funds to go to Portland, Ore., for a convention to be held there.

Donna Mae Sinacola, of 1625 E. Livingston-av and a South High graduate exchanged her marriage vows in Alvito, Italy, last Monday, May 27. Her husband is Felix Conini, who is serving in the Italian army in Caserta, Italy.

This Saturday will be a special one for Carletta Hicks and S/Sgt. Norman Bentley, for it will be their wedding day. The very best to our young friend and her husband-to-be.

For the lovers of the terpsichorean art, don't forget June 7 and the Firemen's Ball, to be held at the M and M building at the Ohio State Fairgrounds. For $2 per person, there will be dancing to Cincione's 20-piece band.

A short time ago we wrote about Joe Albert's illness, and now we're happy to report that his barber shop at 317 Reeb-av, is once more open for business from 9 a.m. to 6:30 p.m. We're sure his customers will be happy to hear the good news.

It's "happy birthday time" for Mary LaRue, so we'll send wishes winging her way.

What we're sorry to report is the illness of one of "favorite-favorite" people, Rev. Willie Davis. At the time we wrote, he was hospitalized. Rev. Davis is the minister of Southwood Church of Christ. For the card-minded, his home address is 1460 S. Fourth-st.

Anna Martha Deri, 492 E. Markison, and Steve Ambrose, Jr., have selected June 1 for their wedding date. The nuptials will occur in Corpus Christi Church at 11:30 a.m.

If one of the PTA-active South High women seems to be hatless these days, we'll tell you why . . . her Easter topper blew into a sewer during a gusty spell! Isn't funny is it, M.K.?

Here's another little saga that happened elsewhere in Ohio but it could happen here. A young woman was spending some happy time fishing, and was having difficulty landing her catch. A nice stranger offered to help her with it, then after the fish was landed, floored her with "Now, may I see your fishing license?" Yes, she'd neglected that minor detail, so the helpful stranger caused her to be about $15 lighter in the pocketbook area!

That seems to do it for this session, so our usual reminder that our phone is HI. 4-1051. Till next week then—tis,

THE GADABOUT.

OES Meeting To Be Monday

Luncheon at 12:30 will be an interlude at the meeting of the O.E.S. Hospital Circle Monday, June 3, at Dorst Hall, YMCA, 40 W. Long-st, according to an announcement early this week. A business meeting will be held at 1:30.

This is to be the last meeting of the group until September, it was stated, and officials have expressed a hope that all representatives will be able to attend.

While this is the last meeting of the summer, it was said, the spreading of "love and sunshine" among ill Masons and Eastern Stars will continue.

Quick cash can be obtained at spring cleaning time by using a Classified Ad.

Eastern Stars Meet June 6

Burma Chapter No. 471, Order of Eastern Stars, will meet Thursday, June 6, at 7:30 p.m. This will be men's night and there will be initiatory work. Mary K. Robbins, worthy matron, and Ralph Robbins, worthy patron, will preside. The affair is reportedly open to all Eastern Stars.

DIABETES — NO NEEDLES OR INSULIN — Mrs. M Murphy had Diabetes for 30 years and used Insulin once or twice a day for 7 years. She was free from Diabetes in less than three (3) months, without the use of Drugs or Insulin or any kind of shots or pills. After the first two weeks of taking Diabetes Medicine she experienced no more unnecessary thirst, nor hunger, nor craving for sweets. She no longer needs to use needles or Insulin, and feels better than she has for 25 years and eats the same now as any other healthy person does. Anyone who is interested may call her for reference at CL. 2-6087. She will be glad to talk to you.

Dr. Philipp Barhorst, O.D., has Reg. U.S. Pat. Off., Washington, D.C., dated February 28, 1956, numbered KK 130906 and March 17, 1936 Reg. number AA 258633 Drugless, Non-Insulin Diabetes Medicine or Tonic

NO DRUGS, NO NEEDLES, NOR ANY KIND OF SHOTS OR PILLS. You can be free of Diabetes in less than 3 months.

No money until you are SURE of being free of Diabetes. The first two weeks after taking Diabetes medicine patients are no longer unnecessarily HUNGRY, THIRSTY or have craving for sweets. Because our body must make Natural Insulin, then you can be free of Diabetes—Diabetic. If rules are followed strictly you will need no more needles or Insulin.

Barhorst has an entirely different VIEWPOINT of FITTING GLASSES. Glasses ALONE will not keep people from going BLIND. It is necessary to KNOW the CAUSE of the Eye TROUBLE to overcome it which brings up the condition of the HEALTH to IMPROVE the EYES

There are many people PARTLY BLIND, glasses do not make them SEE better. Did you ever hear of a Doctor who has a MEDICINE you DRINK that MAKES YOU SEE BETTER, and brings your Eye sight to where you can SEE at a DISTANCE, and READ FINE PRINT. It does not have DRUGS, and is WITHOUT NEEDLES, or any KIND of SHOTS, PILLS, or KNIFE that will make them see again at a distance or small print, in less than 3 months. No MONEY UNTIL YOU ARE SURE you SEE DISTANCE and SMALL PRINT. CA. 8-2331

A Little Boy Dies

Must flowing waters continue to take a toll each year from the youthful population, leaving heart devastation behind? Is there not some provision available which would guide youthful feet into safer places for fishing? Or, is it in the order of things that unmatured and impulsive youth must suffer the penalty of carelessness? Is there not some available warning which will deter risk-taking on the part of the youngsters who like to do daring things? If only they could anticipate the empty hearts, the broken hearts left behind . . . Must it ever be thus?

Wet Grounds Slow Games

There was a small amount of competition last week as wet grounds made for the postponing of the two Junior Leagues and the Girl's League. The Intermediate League was the only one having a chance to participate in the South Side Branch YMCA Church Leagues.

St. Paul Evangelical and Reformed continued its victory string by defeating St. Paul Lutheran 14 to 8. "Tiny" Watters helped the cause by slamming a home run in the sixth inning with two men on. Southwood Church of Christ also looked good as they won over Oakwood Methodist. Southwood's Dan Bayes and Frank Meadows came up with three hits each to help lead the way to their second win of the season. Emanuel Lutheran is still represented only in the win column as they beat South Methodist 12 to 6. A five run first inning was too much for the South Methodist team to make up. Everythong seemed to go wrong for Washington-av Evangelical United Brethren as they lost to St. John Evangelical and Reformed 15 to 1. Hinkle hit a homer for St. John among their many hits of the evening.

Annual Rose Show Sunday

Sunday, June 2, is the date of the 19th Annual Columbus Rose Show, to be held in the new Whetstone Park Recreation Building, 4015 N. High-st. The show will be open to the public from 1-7 p.m. Admission is free.

There are 108 classes for specimens and arrangements in the show. Except for a few special classes, anybody is welcome to make entries in the show. There are some classes open only to new exhibitors and others for gardeners with just a few rose bushes.

There will be 35 different trophies awarded to winners in various classes, the Columbus Rose Club, sponsor of the show, has announced. Entries will be made from 8-11 a.m., says Harold H. Allen, show chairman.

One of the most coveted is the Ezra C. Anstaett Plaque, awarded for the Queen of the Show and open to all exhibitors. This beautiful plaque, designed by Mark Russell, prominent local artist and charter member of the Rose Club, has been awarded each year since 1945, and is permanently displayed in the home office of the American Rose Society here.

A major trophy will be the Portland "City of Roses" National Trophy, open only to members of the American Rose Society anywhere in the United States. This is the first time that has been put in competition away from Portland. It should bring entries from a number of other states.

Another national contest will be the Old Masters Trophy of the American Rose Society. The Fisher Memorial Trophy, in memory of the late Fabert F. Fisher of Worthington, is open to all exhibitors. The Columbus Park of Roses special class and trophy is open to all exhibitors.

This Whetstone Park Recreation Building is out on High-st, just north of where the drive turns which leads back to the Columbus Park of Roses. The Park of Roses will be open, with a musical program by the Xavier Male Chorus in the afternoon, and visitors will be able to see both the big rose garden and the show in one afternoon.

Local Woman In Hospital

Mrs. Adelaide Self, 513 Cline-st, was reported by a son, Raymond, to be in Mercy Hospital. The reason for hospitalization is that last winter a fall is believed to have caused a dislocated hip, which eventually sent her to Mercy. She weathered it out until just recently, when she entered Mercy, the son said.

Raymond told the Leader reporter that there are six children, ranging in age from eight years to 18 years—a house full of lonesome people, one gathers from talking with Raymond.

The reporter also gathered that a woman, mother of six husky fellows, is lonesome for those lonesome boys and a husband, at home.

Raymond said his father is a carpenter, belonging to Carpenters' Local No. 200.

Lions Club Installs Officers Following Lunch Monday; Charged With Responsibility For Carrying On Good Works

South Side Lions had as their most important item after the usual noon luncheon the installation of new officers. Held in the Fiesta Club dining room, the group pictured above were inducted, taking the obligation to serve faithfully, as all Lions know they will. It was observed during the ceremony of induction that perhaps more people are interested in the Lions Club here than throughout the United States, because of the helpful activities which constantly engage the local Lions organization. Among these activities is the assistance to vision for people unable to provide necessary eye glasses. Then follows in importance the contribution to schools items which cannot be provided by the school organization, items which are shown in these pages today and which occur with great frequency. Officers taking the obligation Tuesday of this week are, from left to right, Stewart Jones, tail-twister; William Finley, director; Lou Whitacre, second vice-president; John Hancock, director; Frank Neuback, president; Edward Finley, past president; Jack Alton, first vice-president; Clovis Loudenslager, third vice-president; William Cook, Jr., treasurer; William Cook, Sr., financial secretary; Frank Zimpfer, secretary; George Miller, Lion tamer.

Shortly after this issue of the Leader is out the editor will also be out . . it's vacation time and . . . we need a salt-water bath mixed up with New York City sweat. The first will be nice, the second — O, well, one has to put up with some things to enjoy those of greater moment.

Better 'Adam' Wanted

It surely is to be hoped that if warring nations go a-warring to the extinction of the race of man, the next "Adam" will bequeath better sense to his future progeny than did the Adam of our beginning. Why not start a fund for the preservation of our errors as "how-not-to-do-it" for our successor race? Of course, we musn't forget that millions of years may precede the next race of man—or whatever it may be called. A bit of reflection suggests that it is better if we give our money to some good cause which our highly civilized society has created through indirection.

Pews, Chancel Furniture New: Ohio-av EUB

New pews and chancel furniture have been installed this week in Ohio Avenue EUB Church, 1013 S. Ohio-av, and will be used in the services this Sunday, the pastor, Rev. Glendon Herbert, has announced. The church is colonial in design and was built in 1926. The pews installed at that time were so strictly colonial that they were uncomfortable and the cause for complaints.

The new pews are both comfortable and attractive, it was said, being finished in mahogany and white. The chancel will have a new lectern and pulpit, new altar and reredos, paneling and front screens, according to the pastor.

The sanctuary has been redecorated and new lighting added the pastor said. The new carpeting will follow the installation of the pews. This remodeling climaxes a series of improvements in recent months which provided a youth center called Fellowship Hall and provided a new kitchen for the church.

These improvements have been under the direction of the board of trustees, Robert Stevens, president; Ralph Long, Edwin Bornshine, Harold Harmon, Homer Valentine, John Wine, and Paul Brown.

The three choirs of the church will sing for the last time this season in the morning services next Sunday. Rev. Herbert will preach on the topic "Deliver Us From Evil" in a continuation of a series on the Lord's Prayer.

Graduates will be recognized and church officers will be installed in both services at 8:30 and 10:30 a.m.

"POSITIVELY NOT FOR RESALE"

Dear Son

By Joseph Martell

Chittlin' Switch Monday

Dear Son,

While you're away in the Navy we know you'll want to keep up with all the scandal here in Chittlin' Switch.

Zed Tench, the one with the 28 children, went to court the other day to divorce his wife. He told the judge that they hadn't been married a week when he began to hate her and he wanted the divorce due to incompatability. When the judge asked him how he could call his marriage "incompatable" and have 28 kids, Zed told him he thought he'd eventually lose her in the crowd.

Your brother, Clem, the weak one, is taking a correspondence course in athletics and receives 50 pounds of equipment a day. I can't honestly say the course is doing him a bit of good but we have the best developed mailman in Chittlin' Switch!

Not too long ago, Pyorrhea Snodgrass, the snooty girl from the Four Corners went to the city to take a business course. She came back to the Switch and got a job in a law office. The first day on the job the lawyer called her in the office and told her that as soon as he drew up his briefs he'd give her some dictation. Pyorrhea said: "I know exactly what you mean. I have the same trouble with my stockings."

Little Cheddar isn't doing too well in school. You could say he's slightly on the backward side. One of the questions he had in a test at school the other day had to do with what Lincoln was famous for. It seems that "building the Lincoln Tunnel" is not the right answer. Everyone knows it's the Lincoln Highway.

Also, the judge was trying a woman for putting poison in her husband's morning coffee. She was found guilty. Just before he passed sentence he asked her if there wasn't one moment when she felt sort of sorry for him. She said "Yes, your honor. When he asked for the second cup."

The other day Ned Poozer the mailman brought us one of those engraved wedding invitations inviting us to Lettie Goon's wedding. It was the first one we ever got and we're puzzled by the letters "RSVP" in the lower left hand corner. None of the neighbors knew what they stood for either. We finally brought it to Sol Goldberg who runs the hockshop because he's been to Brooklyn and he'd know. He said they meant: "Remember Send Wedding Present."

Must stop here and looking for a letter from you soon . . .

Your loving,
MOM

THE CHAPEL ROAD

The chapel road is wise and still,
And pious people say
That every flower that blossoms there
Has learned the way to pray.

So holy is the chapel road,
The old folk tell the young,
That every tree bows down its head
When Angelus is rung.

The pagan roads dance into town,
A laugh in every clod,
The chapel road is still and wise.
It knows the way to God.

Mary C. Haughey, in
The American Album of Poetry.

Speaking of roads. A few weeks ago, coming from Portsmouth we saw a winding road lined with dogwood, redbud and other lovely things so we (Pop and I) decided we weren't too old to live dangerously and follow the road. It wound up in somebody's corn field but it was fine while it lasted, and we even saw a deer. It was a road full of curves and we never knew what to expect while we were going around the curves or when we had made them safely. Going around them was thrillingly hazardous but the views were always worth it.

Quote—Policeman to driver of long new car: "Look, lady, if you can't park it all, park as much of it as you can" . . . It's hard for a fellow to keep a chip on his shoulder if you allow him to take a bow . . .

Peach trees in bloom again,
Pink petals blow
Down across the pig-pen . . .
Beauty wasted so! Unquote.

Mail—From my favorite shut-in: "The doctors went into a huddle and looked grave (as all the stories have it) and told me I'll never walk again. They don't know me very well, do they? They think I won't, but I know I shall" . . . From Columbus: "We just returned from a week in Maine. We and the sea gulls had the shore alone. It was peaceful and quiet—and not as expensive as it will be when the season opens. The natives in the little Cape Cod towns are getting ready for the 'summer people.' You never saw so much painting and beating rugs and airing bed clothes" . . . From Charleston, W. Va.: "If you want to see West Virginia at its best, you'd better come down while the rhododendrons are in bloom."

Since June is the traditional month for brides and bridegrooms what better way to highlight the first column of June 1957 with recognition for a June couple of 60 years ago? Mr. and Mrs. William Perry, 1249 Oakwood-av, exchanged their vows 60 years ago on June 6, in Union County and have been Columbus residents for 51 years. They are the parents of Mr. and Mrs. Lucy Crawford, 1443 E. Whittier-st, and Stewart Perry, 1251 Oakwood-av. The anniversary celebrants will be honor guests at a family dinner.

Burma Chapter 471, OES, will observe men's night this evening at 7:30 p.m. Initiatory work will be given. All Eastern Stars are invited.

Several May birthdayites deserve belated "howdys", so greetings to Gertrude Ramey for her May 24, natal day; Jeanie Straub, for the May 30 "upponce" in years (and we understand her brother Eddie had a May birthday too, so we'll include him on our list). Another brother-sister birthday-"occasion" was that of John and Judy Kaiser, Oakwood-av. John's birthday was the 30th day of the month and Judy's the 31st. Judy Johnson, a little playmaye of the Kaiser children, also had a May 31 birthday. Little Miss Johnson is a Studer-av resident.

Two Cloverleaf clubs will be meeting in this area within the week. They are Leaf 16 and Leaf 23. Leaf 16 will have Mrs. John Corcoran, 857 Mohawk-st, as their hostess on June 9, at 7:30 p.m. On June 11, at 8 p.m., Leaf 23 will meet in the home of Mrs. Frank Scholl, Jr., 822 Heyl-av, for cards and dessert.

Lots of Camp Fire, Blue Bird and Horizon Club news to report about today. The Bluebirds' Flyup occurred first, May 19, so we'll report it first. The event was held in St. Paul's E&R Church and Rev. Paul Kaefer gave the invocation. Leaders and the girls who "flew up" were Mrs. William Oursler, Janice Alexander, Lynn Mitchell, Maryann Rice and Jenny Dayton. Mrs. Richard Butler, whose girls were Peggy Bair, Christine Butler, Sandra Haynes, Sharon Hinson, Diane Lewis, Vicky Montoney, Donna Parker, Mary Riffle and Carol Anthony.

Mrs. Ware had these girls to go one step higher in Camp Fire work: Creola Moore, Gloria Jean Gore, Lynda Henderson, Necca Martin, Sharon Ware, Emma Garner, Rosemary Gore, Carolyn Reese, Janis Craig, and Phyllis Armstrong. Mrs. Lucille Ball's girls were Linda Carr, Barbara Brooks, Kathleen Sohngen, Patty Hall, Sara Gill, Diana Fraley, Janet Bland, Donna Smales, Mary Lou Ellingker, Lannette Sparks, Mary Jane Storts, and Donna Russ. Five girls participated from the group of Mrs. Richard Chambers. They were Martha Bronson, Linda Schwartz, Gayle Wright, Sondra Maxwell, and Darlene Jacobs.

On May 24 the Wa-We-Ton Camp Fire Girls, the Jolly Bluebirds, and the Ka-O-Ka Horizon Girls participated in a camp-out at Camp Wyandott, under the leadership of Mrs. Edward Barber. Mr. Barber, Mrs. Ray Ward, Mr. and Mrs. Wittenmeir and daughter, Joan, were also part of the group participating in the camp-out. The Jolly Bluebirds who attended were Mary Catherine Connors, Kandy Hayworth, Janna Coate, Elaine Abbitt, Nancy Barber, Susan Drum, Joyce Harris, Cindy Lors, Carol Essex, Cheryl Rosser and the adults, Mr. and Mrs. Bill Pendleton.

The Wa-We-Ton Camp Fire Girls were: Diana Oty, Janet Herrel, Billie Chapman, Joyce Redmond, Karen Boquist, Sharen Boquist, Cheryl Suter, Sally Lewis and guest, Saundra Mays. Ka-D-Ka Horizon Girls were Shirley Sazer, Judy Hanson, Judy Girard, Cathe Igel, Connie Barber, Judy Sager, Barbara Schoenberger Diane Wittenmeir, and guest, Mary Ann Schmitz.

Ruth Circle of Gate-Fourth Methodist Church will have a 6:30 p.m. potluck dinner at the church June 11. Mrs. William Farmer will preside at the business meeting. Hostesses for the evening are Mrs. Leola Green and Mrs. Elsa Olds. There will be no meeting in July or August.

Our kiddies birthday list for this week has these names on it: Deborah Blair, 1385 S. Sixth-st, June 7; Susan Doyle, 12 E. Reeb-av, June 10; Lisa Edwards, 78 E. Merrill-av, June 10; Patrick Stewart, 330 Morrill-av, June 8. Barbara Davis, 1460 S. Fourth-st, June 1; Betty Ramey, 186 E. Jenkins-av, June 8; Karen Hiser, 28 W. Welch-av, June 12; Marilyn Ruddock, 345 Sheldon-av, May 30; Susan Dennis, 20 Morrill-av, June 4; Thomas Lloyd, Hanford-st, June 11; Catherine Cordell, 1770 S. Fifth-st, June 7; Hubert Moore, 160 Hanford-st, June 4; Dixie Trimble, 248 Fornof-rd, June 8, and Carol Weaver, 73 Morrill-av, June 9.

Trudeau Guild 10 will meet next Wednesday, June 12, in the home of Mrs. Wallace Oakley, 333 Frebis-av. The losing side of the sales tax contest will treat the winning side to a planned potluck dinner.

Oakwood Methodist Church WSCS groups that meet within the week are as follows: Esther Circle, 11:30 a.m., June 11, at the church for a casserole luncheon; Bennett Circle, 8 p.m. June 11, in the home of Mrs. D. D. Eyster, 2770 Eastminster-rd; Jessie Lee Circle, June 12, at the church for a 12:30 casserole luncheon. Marcy Circle, June 12, at 6:15 p.m. for a casserole dinner at the home of Miss Pat Franks, 1071 Linwood-av.

One of the South High graduates who will change her name shortly after receiving her diploma is Carol Ann Stevens. She will exchange her June 8 wedding vows with Hubert Blevins in St. John's E&R Church at 2 p.m.

New South Side residents to be welcomed into Columbus' friendliest part of town are John and Rose Graham, 1477 S. High-st.

Birthday greetings to Mary LaRue, who deserves a medal for coping with a certain Don, the Gadabout's "Kid" brother! (He razzes me unmercifully, so I get even this sneaky, snide fashion!)

The "show must go on" axiom applies to lots of things even charity-type affairs, so Mrs. Joseph Spiker believes. Despite the aches and pains she'd sustained a few weeks ago in a nasty fall, she still will be working diligently at the Mercy Hospital strawberry festival June 11. (She didn't know we were going to report about her, but we think she deserves special notice for continuing right on.) She told us about one special service that should appeal to diabetics, for there will be diabetic icecream and cake and diabetic sweetening for the strawberries for those folks who would have to by-pass the festival otherwise (if you are one who needs the special service, just let the guild worker know and she'll gladly oblige you). Mrs. Spiker told us this fact had not been emphasized in the other publicity releases, so pass the word along, won't you? There will be other features available to all at the festival, such as "Celebrity Packages" and entertainment. The place . . . Mercy Hospital lawn, 5 to 9 p.m. June 11. In case of rain, the festival will take place on the 12th.

Peggy Shields, 737 Hanford-st, has reason to believe that her June 9 birthday this year is the best ever. Her husband, Mike, will be getting ready to sail from Germany and shortly after his arrival in this country will be eligible for a discharge. Peggy has arranged to take her vacation at the time he is being discharged, so the young couple will be enjoying the Florida-style hospitality for a few weeks before returning to Columbus.

One of our earlier items was concerning the May-24 birthday of Gertrude Ramey and while we were writing the later parts of the column we learnd that once again she has been ailing. Do send her a card won't you, at 1721 S. Third-st?

Circle III of Trinity Lutheran Church will meet June 11, at 7:45 p. m. in the home of Mrs. George L. Conrad, 939 City Park-av. Mrs. Dorothea Conrad will be the assistant hostess.

Mary Schmitt., 419 Zimpfer-st, will be a year older when the calendar is turned to June 11.

The men's class of Southwood Church of Christ will treat the ladies' class to a strawberry shortcake social tomorrow night at 7:30. This will be the last meeting until fall.

The Christian Crusaders will be singing on Gene's Canteen this Saturday . . . they postponed their appearance last week, too late for us to correct our copy. (That group! They've been collecting scrap iron and rummage . . . we've got the most-cleaned-out basement in town!) This Friday, June 7, they will hold a bake sale at Penney's Town and Country store in the evening hours. Oh yes, they're also picking and selling strawberries . . . ah for youth and energy.

We seem to have used all our items for today, so we'll end with our usual reminder that the phone number is HI. 4-1051, and we'll be glad to hear from you. Till next edition . . .

Floral arrangements for funerals have kept us busy this week. We are sad when customers and friends lose loved ones, but we are glad we can do our part to soften the blow by making their floral offerings as beautiful and fresh as possible. Flowers express the love and sympathy you have for the bereaved—say for you that which we all find so hard to put into words. Call us the next time you need flowers. We will do our best to please you.
Not many of us will reach 101 birthdays, but we congratulate one wonderful lady who has — Mrs. Martha Matthews, the mother of Mrs. Robert Gambol of Gates Street. Birthday greetings also to Madelaine Sanderell, Mrs. Gale Keyes and to Mrs. Rosina Schlecht. Get well wishes to Mrs. Mary Arnett, Mrs. Virginia Dunn, Rev. Willie Davis, Perry Christian, Evelyn Geimeschardt, Mrs. Jesse Kinser and Mrs. Opal Dwyer. Also to Mrs. Grace Miller, Mrs. D. B. Byrd, Mrs. Rita Kern, Robert Nichols, Isabell Elliott, Lorel Duncan and little Richard Campbell. Congratulations to Mr. & Mrs. Lowell Cary who have a new baby daughter. Anniversary greetings to Mr. & Mrs. Vernon Smith, Mr. & Mrs. Max Borst and Mr. & Mrs. Joe Castorino.

Korean Veterans Told How To Be Sure To Get Bonuses

All Ohio veterans of the Korean conflict who receive bonus checks were cautioned today by Director Chester W. Goble of the Korean Conflict Compensation Fund, as follows:

(1) That all checks issued by the commissioners of the sinking fund on the Korean Conflict Compensation Fund may legally be endorsed only by the person to whom the check is payable.

(2) That the checks are payable at par through any bank within 60 days of the date on the check.

(3) That in case the check is undeliverable to the person to whom it is addressed, it will be returned by postal authorities to the Korean Conflict Compensation Fund in Columbus.

(4) That in cases where the veteran who filed his application has died prior to endorsing the check, it is necessary to return the check to the Korean Conflict Compensation Fund in Columbus, and for the next eligible next-of-kin to file an application on the next-of-kin Form No. K-2.

(5) That the checks will be paid by the treasurer of the state only if endorsed personally by payee. If payee cannot endorse by writing his name, he may endorse by making his "X" mark. Endorsement by "X" mark must be witnessed by two persons who must also write their names and addresses below such mark.

(6) That anyone cashing an Ohio Korean bonus check should know the payee personally because he guarantees the endorsement.

DIABETES — NO NEEDLES OR INSULIN — Mrs. M. Murphy had Diabetes for 30 years and used Insulin once or twice a day for 7 years. She was free from Diabetes in less than three (3) months, without the use of Drugs or Insulin or any kind of shots or pills. After the first two weeks of taking Diabetes Medicine she experienced no more unnecessary thirst, nor hunger, nor craving for sweets. She no longer needs to use needles or Insulin, and feels better than she has for 25 years and eats the same now as any other healthy person does. Anyone who is interested may call her for reference at CL. 3-6087. She will be glad to talk to you

Dr. Philipp Barhorst, O.D., has Reg U.S. Pat Off., Washington, D.C. dated February 29, 1956, numbered KK 130908 and March 17 1956 Reg. number AA 238512 Drugless Non-Insulin Diabetes Medicine or Tonic

NO DRUGS, NO NEEDLES, NOR ANY KIND OF SHOTS OR PILLS. You can be free of Diabetes in less than 3 months

No money until you are SURE of being free of Diabetes. The first two weeks after taking Diabetes medicine patients are no longer unnecessarily HUNGRY, THIRSTY or have craving for sweets. Because our body must make Natural Insulin. Then you can be free of Diabetes—Diabetic. If rules are followed strictly you will need no more needles or Insulin

Strawberry Festival At Mercy Hospital, June 11, Has Pre-Trial With Four Little Misses Shown

Four little ladies are shown here enjoying a pre-Mercy Strawberry Festival, and it is expected that a great number of people will enjoy the hospitality of Mercy Guilds June 11 when the annual Mercy Strawberry Festival will be held. The little ladies shown above are, from left to right, Misses Susie Ruzicka and Sheryl Ann Ruzicka, daughters of Mr. and Mrs. Gus Ruzicka, 528 Greenlawn-av, and Misses Vickie Lee Morgan and Deborah May Morgan, daughters of Mr. and Mrs. Robert Morgan, 1610 Vendome-dr, all of whom will be back to get more strawberries at the strawberry festival scheduled for Tuesday, June 11, or, if rained out, the following day. Guild members believe this will be the best-attended in the history of Mercy's strawberry festivals. The hours are from 5 to 9 o'clock. Superintendent Beard and Miss McKeever and all the staff will have their hands out in greeting, as will the Guild workers who will be happier in proportion to the work they are called upon to do in serving strawberries and . . .

Pentecost To Commemorate Congregation's Founding

On Pentecost Sunday, the birthday of the Christian Church, St. Paul's Lutheran Church, 322 Stewart-av, will also observe the 136th anniversary of the founding of the congregation and the 39th anniversary of the dedication of the present church building. The pastor, Rev. John O. Long, will speak at 8 and 10:30 a.m. on "A Glad and Happy Birthday." Holy Communion will be observed. On Sunday afternoon, June 9, the annual congregational picnic will be held at South Y-Park on Rohr-rd. Festivities will begin at 2:30 p.m. A fellowship picnic supper will be held at 5 p.m. and 6 p.m. there will be a vesper service with the Rev. John O. Long speaking on "Godly Men, the Trees in God's Orchard." The daily vacation Bible School will open Monday, June 10, at 9 a.m. and will continue through Thursday, June 20. Children between the ages of three and 14 may enroll. The Concordia, "Our Beautiful Savior," series of lessons will be followed. Mrs. Michael Farr, Jr., 1735 Franklin-av, will head the school. There will be no tuition but a daily offering will be taken. All children are welcome, the pastor said.

Fast, Furious Y-Church Ball As Leagues Continue Drives

CHURCH SOFTBALL

The South Side Branch YMCA Church Leagues continued fast and furious with 11 teams participating in three days. Intermediate games were not scheduled because of falling on Thursday, Memorial Day.

Monday had some high-scoring games to its credit as the juniors came back after two weeks of rain. Washington EUB won over Oakwood Methodist 25 to 3 in a home-run free-for-all for Washington. Mike and Bill Jacobs got two apiece and Darrel Sowers came through with one to lead the EUB team. The closest game of the day was between St. Leo and Thurman Methodist, St. Leo coming out on top 8 to 5. Mike Diamond got two hits for St. Leo and Mullens hit a homer for the losers. Livingston Methodist got carried away and beat St. Paul Lutheran 52 to 0. There were seven home runs for Livingston, John Klingersmith getting four and Charles Dutton three.

The girls' league started again, having also been slowed up by bad weather. Southwood C of C gave Gates-Fourth Methodist a hard way to go as they scored 43 runs to Gates-Fourth's 8. Ruth Walston hit the home runs for Gates-Fourth and Jean Flovin hit one for Southwood. St. Paul E&R defeated Corpus Christi 17 to 1 with Jean Merchant playing a good game for the winners. St. Leo continued to win as they beat Thurman Methodist 17 to 2. Home runs by Applegate, Baumann, and Ebelberger helped pave the way for a win. Oakwood Methodist beat St. John E&R 12 to 9 behind some heads up playing of Christy Rehl.

In the Wednesday Junior League St. Paul E&R and St. John E&R came to an 18 to 18 deadlock which was called on account of darkness. Gary Hahn hit two home runs and a triple and Macklin hit a three-bagger for St. John. Jim Buel poked a triple for St. Paul. Gates-Fourth Methodist won over Emmanuel Lutheran 11 to 1. Charles Mathias and Mike Rickard played a good game for Gates-Fourth. St. Leo overpowered Ohio Avenue EUB, 17 to 2 behind Tim Reis' four hits. St. Paul Lutheran came out on the short end of their score 22 to 0 as Oakwood Methodist had a slug-fest. Jim Siders and Bob Drury hit home runs for Oakwood.

A Rose Is A

Our photographer was in attendance at the Third Annual North American Rose Show . . . just looking. And this is part of what he saw: Mrs. Marilyn Shuster, 1304 S. 18th-st, and a rose. And won't you agree that it must have been a nice rose show?

South Side Community Servants Honored

Need 160 Women To Help In United Appeal Drive

More than 60 women are needed on the South Side to work in the United Appeal, according to South Side chairman Mrs. Robert Frost, 756 E. Whittier.

In order to complete recruitment and obtain enough workers for the annual house-to-house campaign, recruitment should be completed before the middle of the summer, Mrs. Frost said.

"We cannot hope to have a successful campaign in this or any other area, unless we have the workers to head the individual sections. Our need at this point is definitely a great one. If we can't get women to work, our chances look slim. A successful campaign depends upon the strength of the workers and without that strength we stand little chance," she said.

Emphasizing the job of the women in the campaign, she cited them as the "backbone" of the successful solicitation in the past. "This is a job strictly for the women. They know almost by nature how to handle the house-to-house calls. Many other areas in Franklin County have either completed their recruitment or it is almost complete.

Women from the South Side may volunteer by calling Mrs. Frost at Hickory 3-5392 or by calling the United Appeal headquarters.

Seven South Side agencies have been allocated $115,308 in United Appeal-Community Chest funds for 1957. These agencies served 5,616 persons in the past year.

Practical Nurse School, 1414 S. High St., which served 36 persons, received $3,595. St. Stephen's Community House, 379 Barthman-av, served 1,300, received $26,180; South Side Day Nursery, 255 E. Reeb-av, served 59, received $18,770; Lincoln Park Nursery, 1700 S. 20th-st, received $11,016; South Side Settlement House, served 700, received $19,735; South Side YMCA, 864 S. Third-st, served 2,223, received $31,668; and the South Side Community Center of the YMCA, served 296, received $4,344.

Lincoln Park Day Nursery closed on April 1, 1957 and the unused UA-Chest funds, amounting to $7,000, were added to the allocation of South Side Day Nursery.

The announcement was made by the United Appeal in poster form as a part of the "Thanks to You" Week report to givers on the use of gifts to last year's UA drive. Nearly 17,000 poster reports were distributed to all firms for bulletin board use.

It is reported that one out of every three people in Franklin County benefit from health, welfare and recreation agencies supported by United Appeal contributions.

Two Harts, Ocean Apart Stack High Kegling Scores

Jerry Hart

Pfc. Bob Hart

This news item is a few weeks old, we admit. However, since it was necessary to wait for a picture for each of the brothers, we held the story until the two brothers could be presented together in what appears to be a duet of kegler king pins—one each side of an ocean.

Home Now

The two principals in this story are the sons of Mr. and Mrs. R. E. Hart, 398 E. Whittier-st. One of the boys is Pfc. Bob Hart, who has been stationed at Marine Headquarters at 29 Palms, Calif., and who was reported as being featured by his score in the Mojave Desert Inter-Service bowling tournament this year.

Pfc. Hart won the singles with games of 195, 162, 211, for a 568. Then, teamed with a Lieutenant Miles Yetter, Bob was half of the team winning the doubles, his scores being 193, 170, 201, for a total of 564. Hart's 1768 for nine games gave him an average of 196. Then he came home, and, his term being ended, it is understood that he is not returning to the service.

The Other Hart

Now, let's go home . . . to the Hart home, that is, where another and younger Hart was keeping the record high here while brother Bob was "showing the Marines." Now, we'll introduce Jerry Hart, a member of the Junior Schiller League, who shows that good scoring is something of a family trait. Jerry won the Junior League top spot last year, and he came back to repeat the performance this year. He won with a 162 average. He also won the Schiller Junior headpin for high series with a 295. His games were 98, 98, 99.

Dick Schumacher won high game in the Headpin with a 112. Jerry's Parson Recreation team took second place in the league, while Ace Plumbing took first place.

NEW TERRACE-GARDENS HOUSING SITE—New site selected for construction of the housing project is bounded by Alum Creek-dr, on the right, (camera is pointing due north), New York Central Railroad at the bottom, Norfolk and Western Railroad at the left just out of the picture, and the Benjamin Franklin Hospital, under arrow. The site includes 47.6 acres. Shuttle bus service to Livingston-av would be provided, builder Harold Zieg said. (Photo made possible through courtesy of SAC Aero Club, Price Airport.)

Columbus city council on Monday rescinded its rezoning of the Fairwood and Innis location that had been planned for the 385-unit Terrace-Gardens Housing development for persons displaced by slum clearance and expressway programs.

The Fairwood-Innis area was restored to its former residential-agricultural zoning after Council received word that a new site for the housing project had been selected.

Council received letters from Preston Davis, chairman of the Development Committee for Greater Columbus, and Harold Zieg, builder of the project, stating that a new location on Alum Creek-dr south of Benjamin Franklin Hospital had been approved.

Zieg announced Friday that negotiations for the new site, which includes 47.6 acres, were completed after an exhaustive survey of all possible alternate locations was made.

William Neno, chairman of the Fairwood-Innis Citizens Association that petitioned to defeat the original site, said the zoning fight "is an awakening of former Marion Township residents as to their civic responsibilities as residents of the city of Columbus."

Neno also said that he would recommend that the association not oppose the new site.

The new site, which has already received FHA approval, is bounded on the north by the hospital, Alum Creek dr on the east, New York Central Railroad on the south, and the Norfolk and Western Railroad on the west.

Scattered residents in the area have indicated that they will not oppose construction of the project.

Nursing Homes Visited By TB X-Ray Cruiser

Life at homes for the aged usually has a pleasant leisurely sameness.

But last week Elliott's Nursing Home, 1381 S. High-st, buzzed with a new kind of excitement.

The Christmas Seal X-ray cruiser pulled up at its premises, and residents eyed the big shiny green bus, and its white-coated young men with frank curiosity.

Elliott's was among nine homes for the aged scheduled for visits by the Tuberculosis Society's clinic on wheels. Forty-five additional homes will be served during the next five weeks, including Goodrich Home, 632 Linwood-av.

Mrs. Elizabeth Kirkpatrick, 99, a bed patient, was the oldest to be X-rayed at Elliott, with Mrs. Maggie Shrum, 90, runner-up.

Ambulatory patients are being X-rayed aboard the Christmas Seal X-ray cruiser, parked as close as possible to each rest home. Bed patients will be served with special accessory portable equipment carried in the cruiser.

The flag is pictured being presented by the club's chaplain, Darlene Adkins, and assistant chaplain, Delores Haupke, to Wilbur McKnight, head teacher and club faculty adviser, as members of the club look on. The club also contributed to YMCA World Service to help make YMCA club programs possible to boys and girls of other lands that are less fortunate. Funds were raised through participation in the annual YMCA salt water taffy sale.

Nash Accepts Challenging Post With New Experimental School

An opportunity that every teacher dreams of but few receive; a chance to put into practice the newest ideas in teaching philosophies has been won by Robert L. Nash, 42 Deland-av, principal of Barrett Junior High School.

Nash, a former teacher at West High School, has been given the coveted post of principal of a campus laboratory junior high school, now under construction at Illinois State College, Dekalb, Ill. The $2,000,000 building will be ready for occupancy in 1958.

In his new role as associate professor of the college, duties next year will include supervision of the building and equipment, as well as decisions on curriculum and school policy.

Now enrolled in Colorado State College, Nash is completing work there on his doctor's degree. His work will be finished on Aug. 15 and on Sept. 1, he will report to his new assignment.

Robert L. Nash

Nash served as teacher of history and journalism at West High School from 1936 to 1945. Since then he has been principal of McGuffey, Indianola, Ninth Avenue, First Avenue and Olentangy Schools. He has been principal of Barrett for the past three years.

The most challenging assignment of his career his new position will offer the opportunity of action research. Modern developments of teaching will be tested with some ideas discarded and others improved upon.

Plans are for the establishment of a dual core program, with one core organized around history and English subjects and the other, science and math. An overarching theme will emphasize one basic subject at a time, with study on the contributions each core makes.

There will be no startling differences in school curriculum, but emphasis will be given spec-

Just by being in the building they save the expense of checking attendance and following up absence. They also save the class teachers the extra work of repeated instruction for absentees and their make-up. Their record of attendance and punctuality is an example of good school citizenship.

The Gadabout

Priscilla La Rue Lennox

Ilona Sue Deri, who entered the double numbers for the first time on June 6 (hope your 10th birthday was extra-special, Ilona) will be divided in loyalty when the Buffalo baseball team comes to town soon. Ilona is a rabid Jets fan, but has to root for Buffalo when that team plays here because her uncle, Mike Kuma, is a player for that team. And while we're writing about Ilona, we'll tell you that she and her folks celebrated her birthday with a festive "dinner out." The Deris are residents of 1280 E. Kossuth-st.

Our ailing list today includes Rev. Davis and Dick Guyer, 1823 S. Eighth-st. Mrs. Guyer has been a patient in White Cross Hospital.

Vacation Bible school time again. We'd gladly list all those in this area and we'll tell you of the one we know about at this time. Southwood Church's VBS will start next Monday, June 17, time 9:00 to 11:30 a.m.

Last Tuesday, June 11, the congregation of the Gates-Fourth Methodist Church held a farewell for Rev. and Mrs. S. R. Martin. Rev. Martin had served the church for the past four years.

Melva Lenox rates birthday greetings, as do Byron LaRue and Dorothy Kite.

Golden wedding anniversary congratulations are extended to Mr. and Mrs. Charles Elliott, 346 Sheldon-av, who attained their half century of wedded life on June 10. The Elliotts celebrated the event on June 9 by attending a dinner in their honor, held in Urbana. However, their main way of celebrating the event, will be by traveling to California in August, and this is the gift of their twin daughters, Isabelle and Evelyn. The Elliotts preferred this to an open house, and we hope they have a wonderful trip.

Trudeau Guild 25 will hold a family picnic next Sunday, at the South Side "Y" Park.

Belated birthday greetings to Martha Thomas, who had a late May natal day.

Carl and Scott Snyder, 175 Deshler-av, are two fortunate young lads this summer, for they are spending their vacation time in Florida. Their maternal grandparents took the youngsters to the peninsular state.

June still reigns as the bridal month and we find these couples exchanging their vows in the near future: Mary Martha Sigrist, 617 S. Ohio-av, and Charles Joseph Gartner, 523 S. 18th-st, have chosen June 15 as their wedding date. The ceremony will take place in St. John the Evangelist Church. June 14 is the date chosen by Elizabeth Thomson and John Kuhn to exchange their vows. Miss Thomson, 697 Kelton-av, is a graduate of South High School and Bethesda School of Nursing in Cincinnati. Mr. Kuhn, a West High graduate who attended the Moody Bible Institute in Chicago, is a chaplain's assistant in the army. The Livingston Methodist Church will be the scene of the 7:30 p.m. wedding.

The kiddies' birthday list for this week includes the following youngsters: Richard Traphagan, 395 Sheldon-av, June 18; Firman Titus, 157 Hanford-st, June 18; Teresa Stephens, 1585 S. Fourth-st, June 13; Billy Burton, 1725 S. Sixth-st, June 15; Billy Bennett, 130 Hinman, June 15; Stephen Jenkins, 1522 S. High-st, June 15; Doris Oursler, 42 W. Markison-av, June 17; Alex Binder, 349 Sheldon-av, June 13; Jack Grubb, 378 Sheldon-av, June 15; Sue Ditty, 277 E. Jenkins-av, June 17; Robert Cassady, 19 E. Innis-av, June 17; Douglas Bates, 26 Southwood-av, June 14; Roger Riley, 46 Reeb-av, June 14; and Clara Overdier, 58 E. Woodrow-av, June 18.

St. Ann's guilds that are scheduler for meetings in this area are Guilds 53, 48, and 38. All three have 8 p.m. meetings this evening. Guild 53 will meet in the home of Mrs. Norbert Baker, 934 Wilson-av; Guild 48 will meet in the home of Miss Marjorie Meyer, 607 Fairwood-av. Guild 38's will be Mrs. E. Heider, 723 18th-st.

Mary and Martha Circles, Gates-Fourth WSCS will meet at 10:30 a.m. today. A casserole luncheon will be served at noon.

Since the Fennell family (who formerly lived on Innis-av) had been such long-time South Side residents, we know these items will be of much interest to their many friends. First, Mr. and Mrs. Tom Fennell became the parents of a little girl on June 6. They named the new one Terry Lee. June 6 was the fifth wedding anniversary of Tom's brother and sister-in-law, too, so congratulations to Mr. and Mrs. Bill Fennell, Wager-st residents. On June 7, "Libby" Fennell exchanged wedding vows with Tom Kridler in the South Church of Christ. Lucy Fennell, youngest of the family, graduated from North High School earlier in the week to help keep things popping in the Fennell household! Donna Fennell Minick was able to be in on all the "hectiness" for she journeyed from Lincoln, Neb., to witness the graduation and wedding. (We hear that Bill stubbed his toe, and could we suggest it happened when he helped hide Libby's and Tom's car after the wedding ceremony?))

The South Unit of the League of Women Voters will hold their last meeting of the current season this evening at 8:15. South Unit and East Evening Unit will combine forces to hear reports from those who attended the annual meeting and the state convention. There will also be a discussion of the current Ohio Legislature. The units will meet in the home of Mrs. Ralph Dwork, 492 S. Drexel-av.

St. Paul's Lutheran Church will be the scene of a wedding on June 16 when Barbara Anne Stroh, 599 Hanford-st, exchanges vows with Rev. Mr. Eugene Bensch of Dayton, O.

Circle 13, of St. Francis School of Nursing, will meet at 8 p.m. June 20, in the home of Mrs. Raymond Fischer, 1042 Linwood-av.

"This week" birthday greetings to Buss and David Leonard, 515 Forest-st.

Susannah Wesley Circle of Oakwood Methodist Church will meet at the church on June 21, at 6:30 p.m. for a family casserole dinner.

Cloverleaf clubs 1, 2, 4 and 25 will hold meetings in this area, within the week. Leaf 1 will meet on June 20 in the Virginia Hotel for an 11:30 luncheon. Mrs. Jacob Schwab, 1505 Miller-av, will be hostess. Leaf 2 will meet at 8 p.m. on June 18 in the home of Theo Miller, 690 Mithoff-st, for cards and dessert. Mrs. Polly Zuber, 1088 Siebert-st, will be the hostess for Leaf 4, at a picnic at Blacklick Woods on June 19, at 6 p.m. A picnic luncheon will also be Leaf 25's way of holding a June meeting the 18th of the month. Hostess will be Mrs. B. C. Brokaw, 1278 Wilson-av.

That exhausts our list of items for this week and now gathering of news gets rougher. You, gentle reader, could help by letting us in on your vacation doings and summer guests. Remember us, won't you, and call us at HI. 4-1051? Till next week then, 'tis

President Tom Sharp Tells Of Greater Service Made Available Under New Name

The name of a long-time group of public-spirited business men has been changed as a result of action of the membership of Steelton Merchants last week in the regular monthly meeting.

At the time the name was selected in 1941 it was considered satisfactory as defining the area which provided the great majority of business men members. However, it was said that with the passing of years and the continued growth of the area, and with members coming far beyond the boundaries of the area known as "Steelton", it was necessary to change the name to imply the larger area belonging to the modern organization.

Industry

Industry also developed into a factor which had to be considered. Industries participated in public events along with Steelton Merchants and representatives were given seats in the organization. With this factor prodding, it was deemed time to make the change of name which had been long discussed.

At the June meeting of the Steelton Merchants Association the organization voted to change the name to incorporate others waiting for admission and industrial organizations which also have been willing when the circumstances made them able.

The New Name

At the meeting last week the organization legally changed the name of the group to South Side Business and Industrial Association, with all officers and committees going over under the new name.

South Side Business and Industrial Association will sponsor an auction sale early in the fall, when buyers may bid on items desired and buy at substantial savings, according to President Tom Sharp, who said that funds raised will be devoted to sending children to camp, assist junior league baseball teams, and for other helpful activities which have been conducted by the organization under the previous name.

Stag Party

President Sharp said that an invitation has been extended to all merchants and industries to associate themselves with the organization to give impetus to plans for such subjects as parking lots and traffic problems.

The annual stag party for members of the organization has been announced for early in August, according to Sharp, who said it will be held at the Pitty Pat Ranch.

'Honorable' Awards Conferred In TV-TB Script Contest

Left to right: Nick Meandl, Fred Shafer, Julie Warner and Stephanie Lando.

Four South side high school students won honorable mention recently at the formal judging of the annual "TV Spotlights TB" television script-writing project.

They are Julie Warner, 1182 Kelton-av, South High; and Diane Noltemeyer, 1390 S. Champion-av, St. Joseph Academy, for excellence of combined script and artwork. Cited for outstanding art alone were Stephanie Lando, 1023 Geers-av, and Sam Traikwovich, 595 S. Sixth-st, both of South High.

Fred Shafer, Bexley High, was awarded the two-day plane trip to CBS studios and the National Tuberculosis Association, New York City, for best script and art combined. A $350 art scholarship went to Nick Merrick, West High, for a series of three suggested TV slides on tuberculosis.

Other finalists were: Marcia Mynark and Connie Zeier, St. Joseph Academy; Lynn Tyler, Worthington; Jim Gordon, Upper Arlington; Joan Tumeo and Bonnie Crum, East.

An original 300 entered the health education project, sponsored by the Tuberculosis Society, WBNS-TV, and Columbus Art School.

The work of the seven finalists — 20-second television spots and illustrative art made into slides, will be aired on channel 10 all summer.

Julie Warner's slide featured a football player running offensive against "TB." Her script reads:

"Take the offensive against TB. Put him out of the game before he has a chance to score against you. The stakes in this game are high. They involve your health and happiness and perhaps your life. The TB Society is on your team, ready to help by providing information on tuberculosis prevention and offering free chest X-rays. Get yours today!"

Diane Noltemeyer drew a picture of a fugitive with suitcase running away from two billboards, labeled "TB Education" and "X-Ray." The script says:

"Want to banish TB worry? Don't run away from the facts! X-ray is a safeguard for your future. And it doesn't cost you a thing. So don't be TB X-ray shy! Run out to the nearest Christmas Seal X-ray Cruiser and get a free chest X-ray today!"

CHARLES L. WEST

Funeral services will be held at 3 p.m. Thursday at Held Funeral Home for Charles L. West, 69, 1082½ Parsons-av, operator of White Spot Restaurant, Stewart and Parsons, for 20 years.

He is survived by his wife, Lottie; brothers, Thomas of Barberton; Fred, 1004 S. Champion; sisters, Mrs. Anna Mae Walters of Bedford, O., Mrs. Catherine Andrews of Parma Heights, O.; several nieces and nephews. Burial will be at Green Lawn Cemetery.

Repeat Leniency To Aid June Rush For Licenses

Judge Roscoe R. Walcutt of the probate court announced that the practice of the past two years will be followed this year and the marriage license desk will be open Thursdays and Fridays during June until 7 p.m.

This is done, it was stated, in order that applicants for licenses may not be subjected to the inconvenience of delay which comes from crowded conditions during the month of brides and roses. There were 427 licenses issued during May, and in official circles it is anticipated that the number will be materially increased in June.

Applicants will assist the department, and materially reduce delay if they will have blood tests properly certified, consents of parents executed according to law, where one or both the parties are minors, and certified copies of divorce decrees where one or both the parties have been divorced. Also, it is well to remember that the law of Ohio requires a five-day waiting period.

ial subject areas. The school will have access to college facilities in such fields as art and music, and staff members will be teachers with an experimental interest.

An elementary laboratory school has been in operation on the campus for a number of years.

Ideal conditions of the new school include class sizes restricted to 25 students, with a maximum enrollment of 300 students. Students will not be specially selected but will include all living in the normal school district.

A charter member of Hilltop Kiwanis Club, Nash also helped to organize and serve as first secretary of the Hilltop Community Council and while teaching at West was organist and choirmaster of Hilltop Lutheran Church.

A GUIDE LINE

Brothers too ofter are not noted for super-kindness to each other. Today I want to comment upon the action of a brother in saving his brother's life by donating one of his own healthy kidneys. He had to go to court to get a permit to allow him to make a happy sacrifice, but fortunately the judge okayed the boy's request—it was the only way to save that ill brother. May Leonard Masden, 19, of Shepherdsville, Ky., always have a happy heart and may Leon, who "borrowed" the kidney, have long and useful life. The rest of us could practice "being that way."

• • •

TWO EXTREMES

Two parallels in widely different environments were found in New York and in Pensylvania mountains — downtown streets where one looks up to the skies and sees as much sky as could be seen looking up through a chimney. Difference: in the mountains great boulders had only recently fallen—right where car tracks are left, hundreds of them a day. One thinks, one does, about being "there" when a big one falls. Guess narrow downtown streets are safest.

WHY TRAGEDIES?

The tragedy involving two of our South Side neighbors last week imposes a heavy pall of sorrow in our hearts for the parents of the son who lost his life and for the boy whose hand "did the wrong thing" and saw his friend fall with his body torn. If only a friendly gene could be attached to each one of us maybe heartbreaking tragedies might be averted. But where could be get the gene?

HAPPY SUMMER

This is my time of year. Although there are hours when I would have it a little less warm, it is the time when we need no overcoats, may let the furnace go out, and a time when we can get out into things without shivering and shuddering and being coldly miserable. Not that summer is perfect: it isn't. But its heat has not the horror of the cold which steals into the marrow of our bones and sends us scurrying for the fireside—or the register or radiator. While snows and freezing may delight most of the younger gentry, it never can produce a beautiful vari-colored rose, nor a modest petunia, nor a sweet pea. nor can a snow-covered earth produce the majesty of the green forest nor the glory of honeysuckle as it spreads its aroma near and far. We tolerate winter; we happily welcome summer, even if it is too hot!

School Transfers Include Miss Chapman, T. J. Quick

Three major changes in local school administration have been announced by Supt. Harold H. Eibling of the Columbus school system following action by the Columbus Board of Education.

He has been acting principal of Barrett several weeks, while Principal Robert Nash was on leave in connection with securing his doctorate in Colorado.

Upon Nash's return it was announced he had accepted a position elsewhere. The board of education has made Principal Quick's temporary appointment permanent.

Siebert and Stewart Elementary Schools will have Eugene Kirby, administrative cadet, as principal. He is a graduate of OSU and will receive his master's degree at this summer's end.

Services Held For Youth Killed By Shotgun Blast

Funeral services for Ronald Wood, 16-year-old son of Mr. and Mrs. David Wood of 761 Deshler-av, were held Monday at 1:30 p. m. in the Held Funeral Home, with service being conducted by Rev. Lester King of Wilson Avenue Christian Church.

Young Wood was killed instantly last Thursday afternoon when a shotgun in the hands of his friend, Arthur Stockdale, was unintentionally discharged while Wood and another neighbor, Tim Lewis, 15, 1132 S. 22nd-st, were standing nearby, according to the two boys.

Young Stockdale allegedly was showing his father's gun to the two boys when it was discharged. It was said that the youth, after showing the unloaded gun, went to the basement for shells to show how the gun was loaded, a seemingly safe thing to do, since the gun, according to the boy's father, automatically locked when a shell was inserted, while "pushing the safety button makes the gun ready to fire," it was stated.

South High Senior

Wood was a senior at South High School, his junior year just being completed. Survivors are his parents; two sisters, Donna and Bonnie; and grandparents, John Wood of Jackson and Lulu Wood of Columbus.

Burial was in Forts Lawn Cemetery.

Pet Show Tomorrow Night At Schiller Park

One of the big events of the summer playground season is the annual pet show, which will be held this Friday evening at 6:30 at the Schiller playground, according to an announcement. Awards will be presented to children and their pets in the following classifications: prettiest, best costumed, most unusual, most obedient, best performer, cutest, best-groomed, smallest, largest, and the most affectionate.

Boys and girls, it was stated, should go to the nearest playground and register their pets in the desired classification. A registration card will be given each registrant, which is to be taken to Schiller on Friday night. At Schiller a number will be assigned to each of the children as a means of identification.

Judges will be selected from all sections of the South Side, and the pet show will be held on the bandstand.

A special feature of the evening will be the traveling zoo, which will be on display at Schiller starting at 6 p.m.

There will be no admission charge, it was stated.

Library's World Traveler Summer Reading Club Unveiled

Miss Margaret Bausch, Parsons Branch Library chief, shows how the World Traveler Summer Reading Club will function for some 10,000 Franklin County youngsters. Prospective members are, left to right, Eileen Swiger, 8, and her sister, Margaret Swiger, 9, daughters of Mr. and Mrs. Rufus W. Swiger, 777 Beech-st; and Linda Gretsky, 6, daughter of Mr. and Mrs. Lewis Gretsky, 878 Beech Street. All three attend Siebert School. To enroll in the club, youngsters age 6 to 14 must read four books, after which they will receive a cardboard imprint of a traveling case. For each additional book read during the summer youngsters will receive their choice of any one of 28 colorful luggage stickers representative of two dozen foreign countries and steamships, airplanes, buses and railroads. The membership card will bear the child's name and age, date of enrollment and date of completion. Earning a well-stickered traveling case will provide an incentive to summer reading, library officials believe. The club enrolled its first members on Monday, June 3 and continues until the fall, with "cut-off" dates varying at the Main Library, its 11 neighborhood branches, bookmobile stops, and county station libraries.

Old Trowbridge Place Still Most Unique Home In Area

MR. AND MRS. EVERETT BALL are shown puttering about the grounds of their home. The house is made of telephone poles, constructed in a vertical position. The Balls recently remodeled the interior with pine paneling.

THE BALL'S SON, Ronnie, with wife, Rosemary, and infant son, Mark, try out one of the several stone love seats scattered through the grounds.

MRS. BALL rings the bell atop Lookout House for her 20-month-old grandson, Daniel Lee, son of Mr. and Mrs. Billie Fox.

High on a small bluff just south of the city on Groveport-pk, is one of the most unique places in this area. Originally built by the late Jay Trowbridge, founder of the Trowbridge Storage Co. in Columbus, as a summer retreat, it is now the home of the Everett Ball family.

Everything about the place is out of the ordinary, including the house. Made of telephone poles the house would probably be considered a log cabin. It differs from the usual in that the logs or poles are constructed vertically. It is built along the lines of a Cape Cod cottage with a veranda type porch looking out over the north appoach.

Trowbridge, who loved stone masonry, built the cabin in 1927. He used the rolling grounds surrounding the house as a workshop for his stone working hobby.

With rocks and stones from practically every state in the union he built a large rock garden, reputed at one time to be the most beautiful private gardens in the country.

In the garden he built, all of stone, a large pond, a wishing well house, a miniature Niagara Falls, a small stone bridge, a large love seat, a fountain tower with colored lights, and sundry stone ornaments. Overlooking the garden he built an octagon shaped lookout house topped with a bell tower. The large bell in the tower came from an old Columbus fire house.

To the rear of the cabin he built a stone steakhouse where summer meals were prepared for festiv occasions. Near the steak house is a handmade 18-foot all cement tree bearing his initials.

Scattered through the grounds are several stone towers and love seats.

The Balls, who bought the place in 1950 from Dr. Paul Carroll, Trowbridge's grandson, are restoring the grounds and have remodeled the cabin.

Ball operates the big Walnut Gravel Co.

Many a janitor would rather sleep than heat.

Fish Game Rule Changes To Be Heard

Proposed changes in the fish and game seasons and bag limits for the 1957-58 seasons will be heard by the Ohio Wildlife Council at the annual state-wide fish and game hearing which will be held on Thursday, June 27, in hearing room No. 2, Ohio Departments Building, Columbus. The meeting is scheduled to get underway at 9:00 a.m.

During the hearing, farmer and sportsmen representatives and the public in general will make recommendations concerning the establishment of rules and regulations for the forthcoming hunting and fishing seasons.

At a banquet of firemen, recently, the chief proposed the toast: "The ladies! Their eyes kindle the only flame which we cannot extinguish, and against which there is no insurance."

Reports From Lincoln Playground

Lincoln Playground opened Wednesday, June 12. There are three leaders on the playground, Clyde Trumbull, Harold Scheiderer, and Rosencamp Noble. Many exciting events have been planned for the summer months.

The playground opened with the raising of the Flag. In the afternoon a freckle contest was held. Rosemary Sanko and Delmon Robinette were awarded certificates for having the most freckles. Wednesday, June 19, at 2 p. m., these winners went to the sectional contest at Schiller Recreation Center.

The Traveling Zoo has been scheduled to stop at the playground Friday afternoon at 4 o'clock.

Little League Baseball teams are now being organized at the playground. Any boy who has not signed up for Little League and would like to join, please come to the playground and sign up with one of the supervisors. Also, if there are any fathers who would like to work with the Little League teams, come to the playground and see the supervisors.

Deshler Playground News

Deshler Playground, located at Deshler Elementary School, opened Wednesday, June 12, with the first annual freckle contest. Winners, by an outstanding margin, were Sandra Leonard, 1392 Miller-av, and George Harrison, 1120 Lockbourne-av. These two young people will represent Deshler Playground at Schiller Playground Friday, June 21, in the South Sectional Freckle Contest.

Wednesday at 4 p. m. the second annual pet show was held at Deshler Playground.

Little Jet League Baseball begins this week with 12 teams filling out the league. This is four more teams than last year. Several parents are aiding in the operation of the league, and any others who are interested will be warmly welcomed, according to leader John Winzeler. Any boys 8-12 who are not on a little league team and desire to be should contact the playground leader as soon as possible, Winzler said.

John Corbett, age 7, of 1306 Lockbourne-rd, became the first boy to qualify for the A.A.U. certificate of physical proficiency through participating in the playground physical fitness program. This program will be carried on throughout the summer for boys and girls.

Several boys and girls made paper mache hats for Father's Day gifts in the arts and crafts class at the playground. Plans for the summer include gimp work, painting, crayon and pencils drawing, and preparation for the lantern parade

Leaders at the Deshler playground this year are Jane Van deWalle, 593 Berkeley-rd, a junior in education at St Mary's of the Spring, and John Winzeler, 4037 Lockbourne-rd, a junior in physical education at Ohio State University

Smith-rd Playground

The Smith Road Playground, which opened Wednesday afternoon, June 12, has become increasingly more active and fun by the hour. The number of members is now 121, and it is hoped that this number will soon be topped. George Thompson and Miss Jane Kenneweg are the playground leaders.

The daily activities include a story-hour, active and quiet games, arts and crafts and sports such as softball, baseball and volleyball.

A special event was the freckle contest held last Friday evening at 7 o'clock. The winners were those between the ages of eight and 12 who had the most freckles on the face and neck. Belinda Deible, 1067 Innis-av, took first place for the girls and Danny Walsh, 1113 Smith-rd, won for the boys. They entered a sectional contest at Schiller Park Wednesday evening, June 19. The winners of this contest will participate in a city-wide meet.

The next special event will be a pet show at Schiller Park Friday, June 21, at 6:30.

The playground is open regularly from 12:30 to 8:30 p.m. Monday through Friday. All are welcome, parents and children alike. Registration is required in order that children may be contacted concerning sports events, and their parents in case of accident.

Attention, all boys between the ages of eight and 12, not playing Little League baseball: If you would like to play, contact George Thompson at the playground as soon as possible for Little Jet League.

The Gadabout

Priscilla LaRue Lenox
HI. 4-1631

Five weddings will be taking place on June 22, so we'll start by naming those young folks who will be embarking in a new phase of life. Patricia Ruth Coleman, 8 Hanford-st, will exchange her vows with Jean O. Lindenof Buckeye Lake. The wedding will take place in the Fourth-st Methodist Church. Imogene Burgess, 1552 S. High-st, and Harry Briner, of Springfield, O., will be married at 7:30 p. m. in South Methodist Church and Virginia Ann Scofield, 1359 Oakwood-av, has also chosen June 22 to become Mrs. Donald S. Kirkpatirck, at 10:30 a. m. in Corpus Christi Church. Carleen Jo Sidebotham, 1484 Studer-av, will exchange her vows with Jack C. Deppner, Miamisburg, O. Eleanor Jean Gavin, 236 Southwood-av, and Walter F. Koch, 1584 Berkeley-rd, will have the wedding rites performed in St. Leo's Church.

Cloverleaf 26 of St. Anthony's Hospital will meet at 8 p. m., June 26, in the home of Betty Edmister, 1500 Miller-av.

Group B, Ohio State Mothers' Club, met last Tuesday in the summer home of Mrs. J. E. McMahon, Ebright-rd and Rt. 33. Assistant hostesses were Mrs. A. H. Bergoner, Mrs. Floyd Foster, Mrs. Louis Saille, and Mrs. Otto Vick. Mrs. John Anthony, 537 E. Moler-st, is the new chairman.

This will come as a surprise to Mrs. William J. McLaughlin, 235 E. Mithoff-st, for her children called the Gadabout and asked that we wish her a happy birthday. That's a nice thing for the youngsters to do. Her birthday was an event of June 14, but a happy wish is good anytime.

Three of the five Rothwell children, Clarence, Bobby, and Tommy, partook of Mt. Carmel's hospitality together, when they had tonsils and adenoids removed on June 9. Bob and Tom came through with flying colors, but Clarence was quite a sick lad. The Rothwells reside at 1370 S. 5th-st.

Roseanna Sergio, 1180 Gilbert-st, spent her vacation visiting a sister in Connecticut.

Father Time gives a new year to these youngsters within the week: David Ruddock, 345 Sheldon-av, June 24; James Dolan, 29 Kingston-av, June 24; Diane Ellis, 225 Southwood-av, June 24; Gerald Darnell, 1690 S. High-st, June 24; Donna Beal, 1592 S. 4th-st, June 26; Rhoda Womeldorf, 32 Woodrow-av, June 26; John Abahazie, 145 Welch-av, June 22; James Ditty, 277 E. Jenkins, June 23; Donna Wolfe, 1350 S. High-st, June 24; Glenn Goldsberry, 1562 S. 6th-st, June 23; and Gary Harber, 224 Hinman-av, June 20.

The week of June 3 was a big one for former Frebis-av resident Don Thebde. On June 3, the young son of Don and his wife made his debut and on June 9, Don received his college degree. Don's little son is the 19th grandchild of Mr. and Mrs. Ebert, lifelong Southsiders.

Bill and Marge Hoptry, 280 Southwood-av, spent their vacation by fishing in the southern part of the country.

Mr and Mrs. Albert Kuhnheim, 522 E. Sycamore-st, move into that group of select "Golden 50" members next Wednesday, June 26, when they attain a half-century of wedded life together. The very best wishes are sent their way.

Mr. and Mrs. Wilbur Wuellner, 1212 Linwood-av, are attending the national convention of plumbing contractors in Dallas, Tex. They will return home via New Orleans, La., planning to spend a few days there.

Helmut J. Maier, 686 Ann-st, is one of the recent graduates of Massachusetts Institute of Technology. He will be associated with the Esso Standard Oil Company of New Jersey.

The Williams family of 229 Southwood-av, rate congratulations on two scores this month. Ben and Kate, popular owners of Southwood Market, were married 20 years ago, on June 13, and young Benny attained his 12th year on June 17.

Ronnie Berger, 615 S. 6th-st, has a June 23 birthday and Bonita Metzger, 1215 Ann-st, will celebrate her natal day June 25. Received a fine letter from Johnny Rogers, 393 E. Gates-st, and would like to share it with you. An injury at birth caused John to have cerebral palsy This affliction has not daunted John, however, and he is in the business of selling greeting cards, magazine subscriptions, book matches and advertising. Should you need anything in this line, won't you call him at HI. 4-5668? Oh yes, he also has wrapping paper, stationery, notes, and gift itmes. We'll try to remember to remind you of him again when the "club" season is with us. If you have need of him now, please call, won't you? John also told us that his mother, Mrs. Fred Rogers, will be having a birthday on June 22, so we certainly want to send her birthday greetings, and hope that it is a fine one.

The Dean family, of 33 E. Jenkins-av, find June an important month. First, "Dad" Norris Dean was 75 years "young" on June 15, then on June 29, Mae and Virgie will achieve 20 years of married life. The 29th is also Virgie's birthday, so that's a two-way celebration.

Do you know where I'd like to be today? Over at the Jets Stadium open house for women! We're baseball fans around here (Jet fans, that is) and their recent upsurge has us very happy. I do so hope that Columbus fans will be interested enough to help keep the Jets functioning in our city. With a home-owned club and Columbus folks heading it, we have a team that deserves all our support. You know, really, there are so few things that a husband and wife share as a common interest . . . mama goes to her clubs, papa to his. So, wives, become baseball fans, how about it? Maybe it's too late to go to today's 11 to 12:30 affair, but go to a game real soon, won't you? See you there!

Shirley Rose, 1360 Linwood-av, not only changed her name on June 15, but she also changed residence. On that date she became Mrs. Robert Hall, and she is now a resident of Point Pleasant, W. Va.

Mr. and Mrs. Denver R. Anderson, 69 E. Columbus-st, rate belated congratulations for their nine years of married life on June 12.

Billy Ebert, son of druggist Howard Ebert, is wished a happy day when his natal day "pops" up on the 22nd of the month

Five more birthdays to acknowledge are those of Gordon Bartee, 1823 S. High-st, on June 24; Gerry Baughman, 1575 S. 6th-st, on June 27; Peggy Grady, 635 Morrill-av, on June 28; Larry Bayes, 47 E. Welch-av, on June 22, and Sharon Coffman, 1155 Faber-av, June 23.

Mr. and Mrs. G. E. LaRue, ("Pop" to three Columbusites, the Gadabout included) returned to Columbus for the summer from Melbourne, Fla. Mrs. LaRue will be studying at Kent University for five weeks.

St. Mary's Dads' Club will sponsor a round and square dance in the school auditorium this Saturday from 9 p. m. to midnight. George J. Maurer is chairman of the event, which is open to the public.

South High graduate Theodore Huter will join the rank of young-marrieds this Sunday, when he bestows his name upon Elizabeth Jane Luedtke, of Toledo, in St. Paul's Evangelical Lutheran Church, Toledo.

Little old Tommy-toe Lenox achieves his tenth year next Monday, June 24.

The male readers of this column (we hope there are some of the stronger sex who peruse our wordage) will particularly find this offering on the amusing side. Last Sunday, at Trudeau Guild 25's annual picnic at the South Side Y Park, our friend Lana Itskin and the Gadabout decided to get reckless and indulge in a little "teeter-tottering." The board was right in the middle and what happened? The Gadabout was 'way up in the air, couldn't come down! Lana then deposited her purse on the ground, which she'd been holding. You guessed it, we were then able to see-saw away at a more balanced rate! (One thing we didn't have nerve to do, and that was to try the super sliding board at the park, but Ida Lochowsky and Isabelle Coslett indulged in the sport. Yes, we had lots of fun there.)

Don't see anything more to write about, do let us in on your happenings, won't you? Till next time, tis

Country Home Opens For Senior Citizens Outing

"London Ridge," the country home of Mr. and Mrs. Earl London on Cherry Bottom-rd, near Hoover Dam, is to be the setting for the first summer outing of the season for members of the Senior Citizens Recreation Center. Some 150 of the members, all of whom are 60 years of age and up, had signed up a week in advance in their enthusiasm for the opportunity to have the day out of doors. Mrs. May London, an enthusiastic charter member of the center, is the hostess, with the cooperation of her son and his family.

Outdoor games, hiking, fishing and boating are suggested as the day's activities, with a simple sandwich lunch. Mrs. Oliver DeLong heads the Wednesday outings committee, and Ezra Davis, 807 Thurman-av, is chairman for transportation.

To accommodate the large number who wish to participate, Davis has been busy lining up the family cars of the various Senior Center members, also the City Recreation Department bus, and some church transportation. The caravan will load at the Senior Center quarters in Old Memorial Hall at 10 o'clock for the day in the country.

JOSEPH ADOLPH

Joseph Adolph, 97, died Sunday at home. He was a retired employe of the Jeffrey Manufacturing Co. Survivors are a son, Edwin J., of 451 E. Whittier-st. daughter, Mrs. Florence Scheible of Detroit, Mich.; seven grandchildren; 13 great-grandchildren; one great-great-grandchild.

Requiem High Mass was sung yesterday, Wednesday, at 9 a.m. in St. Mary Church, and burial was in Calvary Cemetery. Rosary was said at the funeral home at 7 o'clock Tuesday evening.

A South Side soldier, Private French A. Adams is receiving eight weeks of basic combat training with the 4th Armored Division at Fort Hood, Tex.

Adams, son of Mr. and Mrs. D F. Adams, 1473 Deshler-av, is a 1954 graduate of South High School.

Ag Engineers To Show Hazards Of Tractor Misuse

A team of agricultural engineers, equipped with a special tractor, will demonstrate the hazards of tractor misuse at the Franklin County Fair on Aug 17.

Part of a state-wide drive to reduce tractor accidents, the demonstration is sponsored by the Ohio Agricultural Extension Service, Standard Oil of Ohio, Ohio Farm and Home Safety Committee and the Ohio Farm Equipment Association.

If you can't think of any other way to flatter a man, tell him he's the kind that can't be flattered.

Said the raindrop to the particle of dust: "This settles you."

HARD LIFE

Mosquitoes were unknown in England 500 years ago. Well, how would you like to be a mosquito trying to pick up a living in an age when everyone wore suits of armor?

The difference between prejudice and a conviction is that you can explain a conviction without getting mad.

'Y' Church Softball Leagues Improve With Washington EUB Winning All

Games continued on schedule in the South Side Branch YMCA Church Softball Leagues, with each team improving as the leagues progress. Leading in the Monday Junior League in Washington EUB, with three wins and no losses. The Girls' League finds St. Leo in first with four wins and no losses. St. Leo is also ahead in the Wednesday Junior League with five wins and no losses, and in the Intermediate League, Emmanuel Lutheran is on top with four wins and no defeats.

Alone In First Place

Monday of last week in the Junior League had Washington defeating St. Leo, 10 to 7, to take first place all alone. Mike Jacobs hit a home run for Washington in the seventh to save the day. Thurman took a close one from Livingston Methodist, 18 to 17, helped out by a home run by Mullins of Thurman Methodist. Oakwood Methodist knocked off St. Paul Lutheran 14 to 10. Dick Roberts got four hits for four times at bat for the winners. The Monday Intermediate game proved to be a runaway as Southwood Church of Christ defeated Washington, 24 to 0. Dan Bayes got four hits for Southwood.

In the Tuesday Girls' League, St. Paul Evangelical and Reformed blanked Oakwood Methodist 18 to 0 behind the pitching of Linda Junk. Jeanne Merchant had a perfect day at the plate for the winners, getting three for three. St. John Evangelical and Reformed squeezed past Southwood Church of Christ, 7 to 6, on a home run by Bonnie Lupfer in the sixth inning. St. Leo continued its win streak as it beat Corpus Christi, 29 to 9. Gates-Fourth was forced to forfeit to Thurman-Methodist when not enough players were on hand to start the game.

Leo Riding High

Wednesday, the Junior League showed St. Leo still riding high, defeating St. Paul Lutheran, 27 to 9. Gates-Fourth overpowered St. Paul Evangelical and Reformed, 30 to 13, in a slug-fest. Terry Inscho hit two home runs, one grand slam, for Gates-Fourth, and Wally Rueckel got four for four, including a triple, for the losers. Oakwood Methodist came out over Emmanuel Lutheran, 15 to 10, in a hard-fought, well-played game. St. John E and R bettered Ohio Avenue EUB 13 to 2, with help from Butch Campbell's fourth-inning home run.

Best Played Games

The Thursday Intermediate League displayed the best-played games of the season. Oakwood Methodist defeated St. Paul E and R, 7 to 6, behind excellent pitching by Guy Cory. Emmanuel Lutheran won a tough one from St. John E and R, 7 to 4. Bob Bateman collected a single and double for Emmanuel and Dick Brixner knocked a triple for St. John. Livingston out ran St. Paul Lutheran, 16 to 11. Hoover hit a home run for Livingston in the third inning. South Methodist just managed to squeeze past Hungarian E and R in extra innings, 7 to 6. Larkin O'Neil's single scored the run from second in the ninth inning. Zabo got a triple for Hungarian E and R.

THE MAN WHO MUST ALWAYS BE RIGHT

In almost all walks of life, in all studies, professions and businesses, mistakes can be made. In our business, however, mistakes are impossible, otherwise lives are in jeopardy. Bring all your prescriptions to any of these neighborhood stores where you get the finest of drugs and the greatest of care, supported by knowledge and long experience. These are the things that count in intricate or even simple prescription work. And unless you get them you get less than the best and less than the doctor expects. Here patient and doctor alike get the satisfaction and the safety that good medicines properly put together can afford and it is cheaper in the end to bring prescriptions to these neighborhood stores than to go shopping for them somewhere else.

Eddie McCloud Receives 'Wings' On 17th Birthday; Dad Gives OK

LIKE FATHER, LIKE SON — Lawrence P. (Mac) McCloud, above left, puts his official okay on his son's birthday present. Eddie McCloud, right, celebrated his 17th birthday Wednesday, June 12, by passing the test for his private pilot's license at Price Airport on Refugee-rd. "Papa" McCloud, a CAA flight official at the field and a flying instructor for the past 15 years, gave his son the flight check. Eddie, who took his first flight at the age of three weeks, has been handling the controls of airplanes since he was seven years old. He started logging his time on his 16th birthday, the day he first soloed and has since logged 60 hours. His mother, Mrs. Nora McCloud, was his first passenger Wednesday, following the flight check. The McClouds live at 1234 Williams-rd. Eddie will be a senior at Marion-Franklin High School next year.

Dear Mr. Hartley:

This week United Appeal has been observing "Thanks To You" Week— a Thank You report to givers through various media on the vital services their gifts are making possible.

As a fitting climax to the week, we want to say "Thanks To You," Hartley Publications, for your unstinting help throughout the year to United Appeal and its member agencies

Your public spirited efforts in our behalf is a constant source of condidence and inspiration to both the volunteers and staff who work towards the betterment of community welfare. The line of communication you make possible provides an indispensable link between the agencies and the public they serve.

Please relay our appreciation to all your staff

DOCTOR'S O.K.

Milwaukee, Wis. — It was one of those times in a family—when practically all members were sick —that Donald Laine, 4 thought it best to add the family's woes to his prayer. This was how it went: "And, please, God, make my daddy better and my sister better and my mother—well, she went to the doctor today so You won't have to do much for her."

WHO'S EXPLOITING WHO?

If you wish to be miserable, you must think about yourself, what you want, what you like, what respect people ought to pay you, and what people think of you.

Local Man Leaves Glass Co. Job He Held For 53 Years

John Leslein

John Leslein has retired from Owens-Illinois Glass Co. On Monday, June 24, he ended a career in the glass industry that started on New Year's Day, 1904, and carried through three ownership periods.

An amazing thing about Leslein's record is that the entire 53 years of his working career were spent in the same plant.

When he started, the plant was owned and operated by the Winslow Glass Company, with home offices in Mathews, Ind. In 1927 the plant was sold to the Berney-Bond Glass Company from Carlon, Pa. In 1930, Owens-Illinois bought the plant and has operated it since that time.

Everything

John has been everything from a handyman to a supervisor in his more than five decades with the company, and has seen the plant manufacture many types of glass products, from patent medicine bottles and hand-blown milk bottles to glass construction block and television bulbs. He has watched the plant grow from a small, modest beginning to a multi-million dollar operation. He saw the labor force jump from 80-100 employees to 1500.

In fact, John Leslein is an expert on the history of the plant and its locale.

He was born in the family home at Frankfort and Third-sts, Oct. 23, 1884, and has lived his entire life in south Columbus.

John was married to Clara Lill in 1914 and since her death in 1939 he has resided with his "ba-

Hurt On Way To Observe Birth Date

Mrs. Clara Nolan of 1543 Parsons-av is confined to her apartment with severe facial contusions, the result of a fall on the sidewalk in Circleville Saturday.

Mrs. Nolan was on the way to Kentucky to celebrate her 81st birthday, June 22, when she stepped out of the automobile to the sidewalk but, because of failing eyesight, failed to see that the sidewalk was not where she was alighting.

Mrs. Nolan, a neighbor said, has lived on the South Side "for 50 years and has been constant in helping others." She also told the Leader that Mrs. Nolan feels lonesome, now that she is under the necessity of being confined for a while, and hopes there will be visitors.

A neighbor said Mrs. Nolan's motto has always been "Others first, Lord."

Mrs. Nolan probably will be confined for some time, it was said.

To Be Missed!

Miss Ruth Chapman

Principal of Southwood Elementary School, Miss Ruth Chapman's transfer brings sorrow to many while being grateful that the popular Southwood principal is receiving a promotion in her chosen work. Last week's announcement from the Board of Education disclosed that Miss Chapman had been transferred to the principalship of Oakland Park Elementary School. Miss Chapman lives with her mother at 236 E. Jenkins.

Fireworks, Baseball Slated For July 4th

A committee report has been made to the Council of South Side Organizations showing a falling-off in contributions out of which the annual Fourth of July celebration costs are paid. According to Secretary Jim Wagner of the Council of South Side Organizations, the contributions are far below the amount usually donated for this purpose. Secretary Wagner has made a public appeal for immediate contributions to make possible the always popular celebration.

Contributions should be made to the Council of South Side Organizations, care of Jim Wagner, South Side Branch YMCA.

Program Varied

This year's program will vary somewhat from immediate past programs. As usual, the celebration will be held in South View Park, with fireworks providing entertainment.

The program will start at dusk and continue into the evening. Fireworks in the park on the Fourth of July have always drawn a crowd and it is expected that this year's crowd will be one of the largest in the history of the celebrations.

Contributors

Contributions are used to defray cost of July 4 programs and Halloween parties.

A list of contributors for the celebration has been issued by the office of the secretary of the organization showing contributions by the following members of the business community through Friday, June 21.

Swift and Company, J. E. Powell, the Kroger Company, the Hartley Printing Co., Buckeye Stamping Co., Rev. Ray W. Huff, Reiner's Bakery, Buckeye Steel Castings Co., Robert A. Thurn, Harmony Glee Club, J. Leukart Machine Co., Inland Products Company.

American Aggregates Corp, South Hi "We Wash It" Ldy., County Engineers Office, J. Fred Schmidt Packing Co., Kimball Glass Company, Columbus Grove No. 10, Druids, Loyal Order of Moose No. 11, Corner Food Shop, Johnny's Barber Shop, Parkview Pharmacy, Pollack Paper Corp., Short Cleaners, Seaman Auto Supply, Federal Glass Co., Kossuth Jaeger, Concordia Circle, Abe's Southern Mkt., Majestic Bakery, Heil & Scheiderer, Brown Steel Co., Held Funeral Home, Automotive Parts, Emerson Electric, Kuhn Department Store, Majestic Paint Co.

Parents To See Progress Of Children

The South Side Community Church School will hold its program for parents and friends Thursday evening, June 27, at the St. Paul Evangelical and Reformed Church, 225 E. Gates-st, at 7:30 p.m. Crafts and projects of the school will be on display and the program will start promptly at 8 p.m. Everyone is invited to attend the program.

The school will close its second week of operation on Friday, June 28. It is sponsored jointly by Gates-Methodist, South Congregational, St. Paul Evangelical and Reformed, Thurman Methodist, and the South Side Branch YMCA.

Woman's Call Brings Police To Frustrate Theft Effort

A theft attempt at Cussins & Fearns Co. lot was frustrated last Thursday evening when an unidentified woman called the police department and reported unusual activity at the firms place at 1685 Parsons-av. The name of the woman making the call has not been made available, although officials of the store have expressed gratitude for the alert woman's call to police.

One arrest was made by Cruiserman Robert H. Overfield, who also fired at another suspect as he fled. The shot apparently failed to hit the target.

Taken in was Gustav Longhenry, 32, who gave his address as 558 Scott-st, and who, according to Officer Overfield, "was standing in a pick-up truck taking auto batteries from a companion inside the store's car accessories' lot, which is inclosed with a 10-foot wire fence."

Police said that 17 batteries were loaded on the truck, and officers believe they were stolen.

Clown Parade

Schiller playground has announced a clown parade, Friday, June 28, at 6:30 p. m. Judging will be for the funniest, most unusual, the fattest, the smallest, the prettiest, and the best performer.

It is an open affair, it is said, and contestants will be welcomed.

Couple Say Moving Cost $6,900 Loss

Police were told Thursday evening of last week about the loss of $6,900.

Reporting the loss were Mr. and Mrs. John Taylor, 195½ E. Moler-st, who reportedly told police they believed the loss was sustained while they were moving from their former home at 1717 Dewberry-rd to their present Mole-st address.

A trunk and a metal box containing the money had been pried open, according to Taylor, who is 67.

Laying It On Hard

A lot of grown-ups will have to do a lot more attention-giving to their male offspring here in Columbus. Reason is the stiffened legislation holding parents responsible for their under-18-year-old offsprings found on the streets between 11 p.m. and 4:30 a.m. Could be that papa and mama could get into jail and have to pay heavy fines. True, emergencies and legitimate business under authority of parents may exempt the latter from punishment. But it's just as well not to use ordinary type alibi to get "out from under."

A Pretty Story

How can a deaf mother and father know when the baby awakens at night and cries for sustenance? Not being so afflicted, it never occurred to me to ask the question. But news stories tell of a totally deaf couple in Dallas, Tex., who have solved the problem. The husband and father, an electrician, made an electronic gadget which flashes brilliantly until the sleepers are awakened. A case of "necessity is the mother of invention."

Ouch! It's Tough

Los Angeles wants its yards kept neatly. It wants it so much it has enacted laws allowing imposition of a fine up to $500 on home-owners who refuse to cut their lawns. Other musts under the same law: Keep houses painted, lawns watered, and grass cut. Let's see — I've lost my enthusiasm for Los Angeles.

A Young Man's Ordination

There'll be much joy in the hearts of a church full of people Sunday evening when Martin Luther Evangelical Lutheran Church is host to ordination ceremonies for a young man who graduated from South High School, with a lot of satisfaction for Rev. Henry Oestreich, pastor. There's a story in this issue about the ordination —as there ought to be.

Arrangements for the Dads also include an American League baseball game. Other entertainment will keep them busy with activities while the Mothers take care of the business of the convention, it was said.

Golden Age Club's Date

Schiller Park Golden Age Club will meet Tuesday, July 2, at 1:30 p.m. at Schiller Recreation Center. An interesting program is being planned, it was said. The program will include "get-acquainted" games and a film, "Coral Wonderland." This film is an underwater trip through a fantastic wonderland.

At the close of the program there will be an instruction period in leather craft for those who indicated an interest in this activity at a previous meeting.

Hard Swing, But Umpire Shouts 'Out'

In the Tuesday night Slow Pitch League at Southview diamond, Ernie's Cafe rallied to defeat Plank's 12 to 11 behind the superb pitching of veteran Ray Lett, long-time Columbus athlete and manager.

The deciding factor was in the last of the ninth with Plank's at bat There were two outs and tieing runs on first and second. Carl Green, Plank's 325-pound first baseman, was the batter. A power hitter with 52 RBI's and 26 home runs he was all set to win this ball game for the South Sider. The shrewd pitcher, Lett, finally worked a full count on Green.

Then Lett pitched an arching knuckle ball. The anxious Green swung with the power of a Mickey Mantle, only to be the first strikeout victim in the league's history.

Ernie's Cafe is still the only undefeated team, with one game remaining against Debil's Cafe in the first round.

What's Happened To The 'Hoop Rollers'?

Today's youth is missing something — namely, the lost art of "hoop rolling." Gone, it seems, is yesteryear's boyhood thrill of maneuvering a hoop in intricate turns and slides through an imaginary obstacle course.

It hasn't been too many years ago that the "barefoot set" made an annual spring forage to the town junk yard in search of discarded baby buggy wheels, a large one for speed and a small one for maneuvers.

And do you remember the work and sweat it took to remove reluctant spokes and hubs? And those smart-aleck buggy manufacturers didn't make it any easier when they reinforced the rubber tires with a wire cord. A wise kid soon learned it was easier to burn the tire off. Of course there were always some sore-head neighbors who objected to the burning rubber smell.

And then for the stick. No problem there. In those days it was easy to find pine lathing, the kind they used in plastered walls before the era of rock lath and dry walls.

And once the "T-square" was made, came the trial spin to test the hoop for balance and speed. Of course speed largely depended on a good pair of bare feet, the more calloused the better.

And oh the joy you got to see an alarmed adult scoot for the safety of a tree at your approach.

It's only right to give consideration to the "purist group," those who advocated the "true and original" form of hoop rolling, supposedly dating back to the Victorian age.

This form of hoop rolling involved a large barrel hoop and a short hand stick and achieved a certain degree of popularity among the fair set. It is for this reason that most "T-square hoopers" refused to have anything to do with it and were often heard to snicker when a "Victorian" rolled by.

HOOP CATS ARISE!—Randy Butler, 10, of 1310 Oakwood-av, and Ronald Wagenbrenner, 12, of 802 Mithoff-st, revive the lost art of hoop rolling. Friends of the two boys were mystified at their doings. They had never seen such strange contraptions.

Schiller Entertains Pet Show Exhibits Friday

Some of the South Side's most unusual pets, ranging in size from baby catfish to an English bulldog, paraded across the bandstand at Schiller Park last Friday evening before an estimated 500 applauding spectators.

The cue of youngsters leading or carrying dogs, cats, birds, fish, or what have you (including a three-legged dog) stretched nearly a fourth across the park. In turn all had their moments of glory as they were introduced to the judges.

Some dogs stretched out, shook hands, or begged. One parakeet counted to four for the audience and the fish performed antics in their glass bowls.

Costumes on pets ranged from pink bows on cats to a cowboy outfit, complete with holsters and guns, on a dog.

Individual winners in various classifications are given below, the exhibitor's home playground being given for each entry:

Prettiest, Marsha Frye, 360 Siebert, bird, Schiller Park; best costumed, Barbara Tratt, 75 E. Whittier, dog, Schiller; most unusual, Cheryl Kolman, 356 S. Hampton, rabbit, Fairmoor; most obedient, Sandra Sarchet, 1366 Oakwood, dog, Karns; best performer Delman Robinette 1745 S. 20th parakeet, Lincoln; cutest, Karen Conrad, 862 Miller-av, dog, Main; best-groomed, Judy Raymer, 901 Eastmoor, boxer, James Road; smallest, Mary Jo Butts, 1245 S. Fifth-st, dog, Schiller; largest, Joyce Clark, 350 E. Gates, st, dog, Schiller; most affectionate, Teddy Oder, 1164 Miller-av, English bull, Deschler.

The Gadabout

Priscilla LaRue Lenox
HI. 4-1051

Happy June 30 birthday to Mrs. David Hamilton, a resident of 1522 Wagner-st.

Since news is so much harder to gather in warm weather, forgive us if the wordage occasionally sounds like a diary of the Gadabout and family . . . gotta string words together somehow!

Don and Mary LaRue, with the two "characters" should be thinking of returning home about now; they've been in North Carolina since last Sunday, visiting friends they made while Don attended the University of North Carolina.

St. Ladislaus members will be holding a festival this Friday and Saturday at the school, 277 Reeb-av. A fish dinner will be served Friday from 5 to 8 p.m. Saturday's offering is a 2:30 matinee and a hot lunch on Saturday evening. Many kinds of stands and children's rides will be featured.

Wedding congratulations to these young folks who have recently been married: Caroline (Held) and Donald Weiland, both St. Mary's graduates. Another newly married couple is former South Sider Carolyn (Wiggins) and Charles Bauer, who exchanged their vows on June 15. They enjoyed the traditional Niagara Falls honeymoon and visited in Canada. The third couple we write about has our best wishes, but we don't know the bride's former name! Anyway, she's now Mrs. Jack Launer, and since we've known Jack since he was knee-high to a grasshopper, our wishes are as warm as if we'd known them both. Jack's Cincinnati wedding brought his sister, Isabelle Rausch, home for a few days. Isabelle is now a New York City resident, and it was our telephone "reunion" that gave us news of the wedding.

The sick list today includes Viva Fenice, who is at her home, 727 S. Sixth-st, convalescing from an operation.

"Birthday cake" time is appropriate for these youngsters: Brenda Messer, 164 Morrill-av, June 28; Brent Nance, 301 E. Moler-st, June 29; Carolyn Hunt, 251 Markison-av, June 28; Harry Short, 1644 S. Fourth-st, June 30; Gary Sturgill, 234 Sheldon-av, June 30; Jimmy Waugh, 195 E. Moler-st, June 27; Beverly Oursler, 42 W. Markison-av, July 3; Judith Quidor, 302 Markison-av, July 2; Charles Brown, 210 Hanford-st, July 2.

Happy birthday and anniversary to Mrs. Paul Howard, and, of course, Paul, for one-half of the wishes. Jacqueline had a June 22 birthday and the preceding day, the 21st, she and Paul attained the first year of wedded life.

Newly elected officers of the League of Women Voters are Mrs. Cye Landy, Mrs. Alvin Scodel, Mrs. Phillip Jastrom, Mrs. Alva Tuttle, Mrs. Seymour Gorchoff, Mrs. Robert E. Lynch, Mrs. Clifford Allen and Mrs. Frazer D. Punnett.

Summer-time brides and grooms were given by Mrs. John Zimpfer

The Martin Luther Ladies' Aid Society will convene during the months of July and August. The members will meet again Sept. 25.

Are these: Irene Bray, 890 Elizabeth-av, and Jerold Fee, 104 Thurman-av. The wedding will take place this Saturday, as will the other two weddings we are about to mention. Shirley Ann Whitman, 837 S. Lazelle-st, and Thomas Bates, 1843 N. Fourth-st, will exchange their 9 a.m. vows in St. Mary's Church. Donna Lee Sherard, 1009 E. Whittier-st, will become Mrs. Blaine B. Hunkins at a 2:30 p.m. ceremony in Indianola Church of Christ. Mr. Hunkins resides at 2332 Neil-av.

Mr. and Mrs. Kenneth C. Kimberley have certainly spent more than their share of time in hospitals these past five years. Between them, they've been patients at least 12 times, and Mr. Kimberly is just home again from the hospital. He was in Mt. Carmel and is thankful that he escaped blindness, which was a danger. We know he'd love to receive cards, so do send them to 600 Sheldon-av, won't you? Mr. Kimberley's nephew, Thomas Bendure of 803 Stewart, was in Children's Hospital with a leg injury. At the time we received the information he was in Room 340, should you also like to remember him.

A week at Buckeye Lake is the happy lot of "Grandma" Donahoe and Edna Albrecht. The Schrader family are also a part of the vacationers.

July 3 will be the wedding day of Carol Makroczy and Dale De Bolt, both South High graduates.

Didn't mean to slight Paul Baughman's June birthday when we mentioned his wife's (Gerry), but had forgotten their natal days were "neighbors."

Residents around Jenkins-av and Eighth-st are able to renew acquaintances with former South Siders, Frank and Jean LaRue, who are co-owners (with Ted and Barbara Jones) of the Jean-Marie Grocery and Carry-Out. The four have really fixed the place up nicely, 'til it fairly gleams. Stop by and say hello. They'll be glad to see you.

Didn't get to find out all the details last Sunday, but do want to report we saw George Cunningham and his family at church. We said, "Hi, home for a vacation from Connecticut?" and he said "Yes," so perhaps those of you who have known the Cunninghams could find out if they're still in town, and at least give a "howdy." (These long, involved sentences come about when we're racing a deadline that's approaching SO fast!)

Well, the kids made a goal! The Christian Crusaders didn't reach their Portland, Ore., goal, but what they're about to do seems more exciting anyway. They're going to Florida, then flying on to Jamaica. They will be attending a church conference there and perhaps singing. We'll report on them more fully next week, for two reasons, (a) deadline and (b) we'll know more about it.

Sandy Yates of 140 Mithoff-st is planning to leave today for a visit to California. Sandy is a recent South High graduate. Ruth Feil, 447 Stanley-av, a soon-to-be Barrett student, recently underwent a tonsillectomy in St. Anthony's, but is beginning to feel pretty chipper now, we're glad to report.

Now this is the way NOT to celebrate a birthday, we'd be a-thinkin' . . . Mrs. Clara Nolan, 1543 Parsons-av, attained her 81st year last Saturday, June 22, so was going to spend Sunday visiting relatives in Kentucky. While enroute, a stop was made in Circleville, and there Mrs. Nolan fell and injured herself. She is now home, and we're certain she'd be delighted to receive cards and visits.

Guess that's the output for this time, so do call us at HI. 4-1051. Till next time then, tis

Ladies' Aid Sees 3 Films

Three films, "The House I Live In," "Major Religions of the World," and "This is Our Earth," were shown at the regular June meeting of the Martin Luther Ladies' Aid meeting.

The Aid made plans for a tea to honor the ordination of William Mercer, a member of the Martin Luther congregation. He will be ordained July 7 at the Martin Luther Church, and the tea, which will follow, will be held in the church's Sunday school room.
